DESERET EVENING NEWS: TUESDAT, APRIL 19, 1904.

might have been seriously damaged. The blaze was caused by a workman leaving a charcoal fire pot, containing live coals, Ga the toof. A heavy wind, which came up about 10 o'clock, fanned the flames, and sparks were seen to fly sky-ward from the roof. An alarm was quick-ly turned in, and the apparatus from stations No. 1 and 2 responded in short order. The blaze was extinguished by a hand chemical. The damage amounted to only about \$5. While the firemen were working at the building, a second alarm came in from Tell Me Who Needs Help

while the hremen were working at the building, a second alarm came in from box 315, at Sixth West and North Temple streets. No. 4 responded. The fire prov-ed to be some rubbish which was ignited by a locomotive. While the firemen were engaged in putting out the fire, a third alarm came in, but it was from the same runes. We demes was deme.

alarm came in, but it was from the same cause. No damage was done. Chief Bywater stated this morning that he desired to warn the citizens of Salt Lake that it is unlawful to burn. In the open air, within the fire limits of Salt Lake City, any hay straw, leaves rub-bish or any other substance, and he pro-poses to see that the ordinance is rigidly enforced, without fear or favor. I have found the cured ones fair. F. R. McNamee is at the Wilson from Delamar, Nev.

H. H. Harder of St. George is a guest at the Kenyon.

James Hope, who yesterday pleaded guilty to grand larceny, was this morn-ing sentenced by Judge Hart to one year in the state prison. Hope robbed an old man named Anderson of the sum Mrs. J. H. Greene of Mackay, Ida. among the Wilson's guests.

F. J. Hagenbarth returned this afteroon, from an extended business trip into southern California.

J. E. Cosgriff has gone to St. Anthony in connection with the scheme to establish a new bank at that thriving center.

James Leary has selected an agent at Denver for the United Stock Growers' association, and is now in Kansas City establishing an agency there.

P. L. Wearn of Mackay, Ida., is at the Knutsford, accompanied by Mr. and Mrs. C. B. Van Nortrand, Mr. Van Nortrand is interested in Idaho mines.

C. W. Aldrach is at the White House from Clear Lake. He reports that the inflow of imimgrants from the east continues, and the country in that section of the state is prosperous.

Just a Postal. That is all. Just a Postal. That is dit. No money is wanted-from you-nor from him. I ask only a postal card, and I ask it as an act of humanity. I will send him my book. I will arrange with a drussist near by that he may take six bottles br. Shoop's Restorative. He may take it a month at my risk. If it succeeds, the cost is \$500. If it fails, I will pay the druggist myself. And the sick one a mere word shall declie it. Could I meet you-for even ten minutes -I would forever convince you that I have what these sick ones need. More than that, they must have it, for most of them en never get well without it. But I can meet only a few, so I take this means to convince you. I let you take it a month to prove what it can do, and you can pay, or I will pay, just as you uccide.

through the river channel. That is a fact I think no one who is acquainted the circumstances will attempt to deny and with the exceptions of four or five years the lake has reached compromise point. Hence there has been no lapse of the rights of the canal companies through their inability to beneficial use of the waters of Utah lake between these two points as before stated. With the exception of few years the lake has reached compromise point; besides a great deal of water has usually ran to waste down Jordan river into the Salt Lake and as there is no better way of judg-ing the future other than by the history of the past, I would ask all reasonable minded people if there is anything in the history of the past that will warthe belief that the same humid conditions will not prevail in the future that has prevailed in the past, and that the lake will again reach promise point notwithstanding the fact that a great deal of the water that used into the lake is now used for strigation purposes in Utah and Wasatch counties. In order to meet this new condition the five canal companies to farther increase the storage capacity of the lake and to secure a maximum amount of water through the irrigating season, have spent \$50,-000 in establishing of a pumping plant with a capacity of 400 cubit feet in order that water that has heretofore run to waste down the Jordan river may be stored for beneficial uses.

SOUTH JORDAN'S

POSITION STATED

Canal Company Stockholders Set

Forth Their Side of the Irri-

gation Question.

NOT WISH TO OBSTRUCT.

Maintain They Simply Desire to Pro-

tect Certain Rights Acquired in

Utah Lake Waters.

West Jordan, Salt Lake County,

canal may be more thoroughly under-

see your way clear to allow the space

The stoc, holders of the South Jordan

canal have been severely criticized in

the newspapers of Salt aLke City for

what some people choose to call stub-

bornness and they have styled us "ob-

structionists." Now, the real facts in

the case are these: The South Jordan

Canal company does not wish to ob-

struct the proposed improvements upon

Utah lake and Jordan river and they

have never attempted such a thing or

do they intend to do so; but the com-

pany has acquired certain rights in the

lake which they are determined to pro-

tect if they can. In the first place the

court decreed all of the water that the

lake will discharge at what is known

second feet and upon the testimony of

experts it decreed the capacity of the

several canals using water from the

Jordan river to be 828 second feet, but

in order to get the amount of water necessary to fill the canals to their full

napacity it would necessitate raising the

lake one or more feet above compromise

point, which the companies have never

attempted to do nor under the present

arrangements is it likely that they will do so. But aside from the primary uses

as compromise point, which is 506 cubic

for this letter.

Our position is simply this, The South Jordan Canal company is entitled to one-fifth of all the water which Utah lake, will discharge between low water mark and compromise point and one-fifth of the water developed by the pumping plant and that may hereafter be developed by increasing the capacity of the pumping plant, and un-der the new conditions that would be created by the carrying out of the government scheme we would get at no time no more than one-fifth of 300 feet. Hence the stockholders claim that their rights and privileges are worth 80 sec. ond feet of water delivered to them free of cost, and that they would be willing to accept 80 second feet if the stockholders desiring more water would subscribe for 45 additional second feet which would insure the South Jordan canal 125 second feet, with 7,600 acres hand to irrigate would be one see ond foot per 70 acres for the entire amount of land under the canal, with 20 per cent for seepage and evapora-tion in transit, which is none too much for the actual needs of the farmers residing under the canal now.

If the South Jordan canal accepts 60 second feet in lieu of its primary rights, means that 60 second feet would be the maximum amount of water that the company would get at any time for their primary rights and that the additional amount that may hereafter be developed would be divided prorata among all the canals, whether it be new canals that may be taken out upon higher level, or by the extension of the present canals beyond their present cor porate limits, with no assurance of any idditional water beyond their 60 second feet which we accept in lieu of our pri-mary rights. Therefore we claim that the present canal companies should have a prior claim upon all the water if it would ever recede to the point where it would not furnish any more than what is necessary to irrigate the land under the present canals, and that if anyone has to suffer in periods of drought, which we may hereafter ex-pect it should be those who acquire new rights in the proposed reservoir. Now, if the community will devise some means by which subscriptions can be taken for any amount beyond 45 second I believe the South Jordan peo will be willing to do the square thing and fix a basis for our primary claims which would be just and equitable to all parties concerned and satisfactory to the whole state.

There is one more point that we do ot feel entirely satisfied upon, and that is this: If the proposed improvements are carried out 1,000 second feet of water will be developed which, it is claimed, will water 70,000 acres of land or furnish one second foot of water for 70 acres; that is, one second foot of water for 70 acres will be furnished at the head of the respective canals nllowing nothing for losses in transit. We claim that it would take 25 per

East Jordan meetinghouse when Mr Newel was present and assured the people that their rights in Utah Lake would be respected and protected, and the committee instead of protecting the rights came forward with the proposition for the canal companies to surrender one-half of them. At first they said that if the companies ask for more than 40 second feet they would kill the scheme; but when they saw that there was no possible chance to get the companies to accept 40 second feet they said that it may go through on a basis of 50, and now they say they will give us sixty. To us it looks as though this committee is attempting to accomplish by diplomacy what they ought to acomplish by fair dealings. By the way, they were only appointed as a tempor ary committee to act as an emergency committee until such time as the stockholders of the several canal companies could be called together and appoint a permanent committee, to act as an agent between them and the government in relation to the proposed improvements in the Utah lake. Now as matter of fact the stockholders have never had a chance to appoint a committee that in their judgment would represent their interests before the government agents. Now if such a com-mittee could be appointed, and they would take up the matter of adjusting the differences between the individual stockholders in the companies before they undertake to adjust the differences between the companies themselves, I think that harmony could be brought

out and a basis could be agreed upon that would be satisfactory to all parties concerned. And again for this com mittee to say that the South Jordan i entitled to only 53 second feet if they had their just dues. We look upon this statement as an absurdity and as an attempt to misrepresent the actual facts.

1903 was one of the driest season: that we ever experienced. The South Jordan, according to the commissioners report, averaged 78.64 for a period of 164 days from March 4 to Oct. 15 and for the months of May, June and July which is the period when the farme need the water most, we averaged 94.1. second feet. There has been but one or two years in the entire history of canals when we have not received more than 60 second feet in the early part of the In the latter part we do leason. require so much, therefore it would be nuch better for us to have 90 second feet in the first part and be closed down to 30 second feet in the latter part.

Much more could be said in defense of the position taken by the South Jorian Canal company but these are some f our ideas somewhat crudely ex-And Mr. Editor, as time bessed. pace is valuable I shall close, trusting hat you may see your way clear to permit this to go before the public in the olumns of your most valuable paper, I ubscribe myself,

Yours most respectfully, JOSEPH HIBBARD.

LOOKS GOOD FOR CROPS.

Weather During the Week Was Ideal For Seed Planting.

According to the weekly crop bulletin ust issued, the weather conditions were favorable during the week for planting and germination of seed. A few scattered showers were beneficial. Spring grain is nearly all planted and beet planting is under good headway, Garden truck, lucern. der good headway, Garden truck, lucern, fall grain and the range were growing finely. Apricot, apple, plum, cherry and peach trees were blooming, generally, ex-cept over the northern counties, where the buds were sweiling. Only slight dam-age was reported by frost. The range is furnishing abundant feed, and nearly all stock has been turned out. Rain would be heneficial over the southern portion of the state. f the state.

MRS. MAJOR'S FUNERAL.

Funeral services over the remains of the late Virginia F. Major will be held at Layton tomorrow (Wednesday) at 1 o'clock, under the direction of Bishop David Layton. Friends of the family are invited to attend.

GRANITE STAKE AMUSEMENTS.

The pleasing drama, "Under the Magnollas," will be presented in the Granite stake tabernacle romorrow night by the stake dramatic association. A general invitation is extended.

All the old folks of Granite stake will be entertained in the stake tabernacle m Wednesday afternoon, commencing on wednesday arternoon, commencing at 2 o'clock, when the drama above named will be presented. The invita-tion includes all those over 70 years of age, without respect to color or creed. Those wearing badges will be permitted to ride free of charge on the streetcars. The members of the Granite stake imusement committee are expected to Thursday at 8 p. m., when Eliza R. Snow and her works will be discussed.

JOHN STROCK DEAD.

Old-Time Resident Succumbs to a Complication of Troubles.

John Strock, for 40 years a resident of this city, died last night at the home of Mrs. Cook, his deceased wife's sister,

Mr. and Mrs. E. E. Prussing of Chicago are at the Knutsford. Mr. Prussing is interested in the Shoshone Falls Irrigation project and has just returned from an Idaho trip.

General Manager G. T. Odell has returned from a northern and southern trip, and reports agricultural conditions as bright and promising for the spring trade in agricultural implements.

The offices of the Stock Growers' association and the Utah Wool Growers associations will move tomorrow, from the fourth floor of the Deseret News annex to the fourth floor of the Constitution building.

Mrs. C. E. Allen will leave the middle of May for Berlin, accompanied by her daughters Helen and Elizabeth, and the two little boys. Miss Esther and Miss Florence Allen are expected to join their mother after the college commencement season

The Wilson hotel celebrates its first anniversary tomorrow. The year has been very prosperous, but Proprietor Wey expects even a more prosperous twelve-months, with the continued as-sistance of Mr. Wood, Mr. Dusenberry, Miss Sullivan, Mr. Vail, Mr. Warren and Mr. Browning, the heads of departments, who have been in the house since its opening.

LATE LOCALS.

State Supt. of Schools Nelson is in Ogden today on school business.

Mrs. Emma J. McVicker will entertain the Cleofan tomorrow afternoon at 2:30, The state board of corrections is holdng its regular monthly meeting at the state prison today.

A company of "Mormon" Elders left today for European points, where they will do missionary work.

The Sons of the American Revolu-tion will hold forth in banquet this evening, at the Commercial club, "Under the Magnolias," by Opie Reid, and dramatized by S. H. Love, will be presented in the Sugar House ward

hall this evening. The performance begins at 8 o'clock. There will be a meeting of the princi pals of the city schools in the teachers' assembly room at the city and county

ullding tomorrow afternoon at clock. The committee on teachers and school work of the board of education held a meeting this afternoon at 3 o'clock to consider the employment of teachers

in the schools for the coming year. Joseph E. Krauss, a locomotive fireman of this city, has filed a petition in bankruptcy. His liabilities are fixed at \$1,806, and his assets at \$2,868, largely promissory notes that are uncollect ble.

Word has been received in this city of the marriage at Chicago of Miss Blanch Aldrach, the actress, and daughter of C. W. Aldrach of Clear Lake, Utah, to J. J. Dunlap, a theatrical manager. Mrs. Dunlap will shortly pay a visit to her home in this state.

A farewell party in honor of Elder 'Jule" McMurrin, who leaves Friday or mission to Great Britain will be given n the Third ward meetinghouse tomorrow night. A good program has been prepared and Elder McMurrin's friends are cordially invited to be present.

The Utah Light & Rallway and Bell Telephone companies have united thei service on 40-foot poles along Ninth South street, from State street to Eleventh East. The telephone line has been extended from Springville to connect with Leland, and from Bingham Junetion to connect in this city with the headquarters of the Utah Sugar company. This gives the main office con nections with all of its southern plants,

About 15 property owners residing on First street met with City Engineer Snow this morning and discussed the show this morning and discussed the plan for paving that street. It was the sentiment of the majority of those present that macadam should be used in the paving instead of asphalt. It is the intention of the city officials to comply with the wishes of the residents

in that respect.

vacate and the court ordered the writ of ejectment which was placed in the sheriff's hands under the above circumstances. I respectfully state that there are two sides to a complaint, and I think Mrs. Majors should be grateful for the benefit she and her two sons have received at my expense all win-

Trusting the readers of the article of April 18 will plainly see that I am asking for my rights, which I consider belong to me, I am, respectfully FRED TAYLOR.

SOUTH TEMPLE PAVING.

Petition Presented by Property Owners For Refund of Excess Assessment.

A petition was presented to the city council last evening, signed by President Joseph F. Smith, trustee-in-trust of the Church of Jesus Christ of Latterday Saints, and 16 other property owners on South Temple street, between Eagle Gate and Fourth West, in which the council is requested, and petitioned not to compromise or settle outside of the courts, the penalty imposed upon the contractors for their failure to complete the South Temple street paving within contract time. The petition, which was referred to the municipal laws committee with the city attorney associated, is as follows: We the undersigned, owners of prop-

rty between the Eagle Gate and Fourth West streets on South Temple street, abutting upon the pavements constructed by the City Street Improvement company in 1903, respectfully request that you do not compromise, o settle outside of the regularly constituted courts, the time penalty imposed by the board of public works on the contractors and deducted from their final estimate, at the time of settlement We, your petitioners, demand that the whole amount, viz., \$4,750, and the balance of the sum collected in excess of the actual cost of this pavement, be refunded to the abutting property own ers at as early a date as possible. It is now nearly a year, since the pavement was completed, and about two since the paving tax was paid, and this excess of cost rightfully belonged to your petitioners.

BUSINESS NOTES.

Today's local bank clearings amount ed to \$725,112.11 as against \$460,108.86 for the same day last year.

The Deseret National bank directory declared a three percent quarterly di vidend this morning, amounting to \$15 000, payable at once.

The contract for the interior wood finish of the Federal building has been let to the Sierra Nevada Lumber com-pany for \$20,000. The company is starting in now on the order, so that when the building is far enough along, the taterior work can begin without delay.

Judgment for Plaintiff.

Judge Lewis today rendered judgment in favor of plaintiff in the case of Albert Fisher vs W. H. Gardner, Jr. Worth Gibbons, and Henrietta Ann Mc-Laughlin for the sum of \$708 and also for the restitution of a certain lot sit-nated in Park City, which had been withheld from plainiif by defendant.

Decree of Foreclosure.

A decree of foreclosure of a mechana's lien was rendered today by Judge Hall in favor of plaintiff in the case of C. J. Higson and W. Rossiter vs C. R Wells, et al. The amount of the judg-ment is \$338.40 and the property for e-closed is a part of lot 4, block 62, plat D, Salt Lake City survey,

Child Adopted.

Sidney Hecker appeared before Judge Hall this afternoon and legally adopted Edward Messinger, the 7-year-old son of Mrs. Hecker by a former husband.

GRAND DUKE CYRIL OF RUSSIA, WHO WAS INJURED IN THE EXPLOSION OF THE BATTLESHIP PETROPAVLOVSK.

The Grand Duke Cyril, who was first officer of the battleship Petroparlovsk and was wounded when that vessel was blown up off Port Arthur, is the eldest son of the Grand Duke Vladimir, brother of the late czar. The present heir to the throne is Grand Duke Michael, the reigning czar's brother. He is a consumptive. After him comes Grand Duke Vladimir, Cyrifs father, and after him Cyril. Cyril is twenty-seven years of age and will in no event succeed to the throne unless his present feelings change, for he is very much in love with his cousin and will marry her. The Greek church forbids the marriage of comsins, and as the czar is the supreme head of the church Cyril could not, if married to the woman he loves, become the ruler of Russia.

This is the second divorce case in which Sugar these parties have figured. In the first United States Steel Fid Ex. Western Union which was filed several months suit ago, Mrs. Ovard was the plaintiff, That suit was dismissed without prejudice by her upon March 14, and this one was instituted today by Mr. Ovard.
