**IMPORTANT TO THE TRAVELING PUBLIC.**—It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating that the Chicago & North-Western Railway is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been relaid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kanaback Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Stennett, General Passenger Agent, Chicago.

### Local and Other Matters.

**THERMOMETER** 74 degrees F in the shade at 1 p.m. to-day. Cloudy.

**From Mount Pleasant.**—Bishop Seely, of Mount Pleasant, Sanpete, is in town. He states that the people there have nearly finished harvesting an excellent crop of grain.

**Cooler.**—The atmosphere has been considerably cooler to-day than for a good while past, the thermometer showing ten to sixteen degrees lower than the late average temperature.

**Will Leave.**—It is expected that Elder Joseph F. Smith will leave England for home on the 15th of September, with the company of Saints that will probably sail on that date.

**Lady Typist.**—We have had for a considerable time three young ladies in the employ of this office, as compositors. They have become considerably proficient in the business, generally making good clean proof.

**Duller Than Ever.**—The complaint of the day, among all classes, especially the merchants, is that "business is getting duller and duller." Perhaps hotel keepers are an exception to the rule, the large number of visitors in town making it somewhat brisk in that line.

**"Two Hours at Home."**—The Kennedy family's entertainment of "Two Hours at Home" gave great satisfaction to a select and appreciative audience last night, the "Auld Scotch Songs" being rendered with sweetness, power and pathos, while their histories and connecting anecdotes were told with excellent effect.

**Gone to California.**—Mr. Fred. Anderson and wife, for many years residents of this city, left this afternoon for San Francisco, where they intend to stay probably for six or twelve months. The reason of the removal is the hope of improving Mrs. Anderson's health, she having been an invalid the past two or three years.

**Theatre.**—On Friday and Saturday evenings there will be good times at the Theatre, when the grand English opera company appear in the beautiful operas, "The Bohemian Girl" and "Maritana," and the music and drama loving public will have the opportunity of seeing and hearing such talented artists as Misses Rosewater and Beaumont, Mrs. Seguin, and Messrs. Castle, Carleton, Penks and Hall.

**Indians in Town.**—Tabby and a number of his band, and Kanosh and some of his adherents, are in town to-day. They visited and looked through the printing department of this office, being much interested with the, to them, wonders of the "art preservative." Some of them are large, stalwart fellows, Tabby himself being a person of goodly proportions. Kanosh is a mild mannered and gentlemanly Indian, long known to many of the citizens.

**Broke His Leg.**—This morning Andrew Anderson, of Seasons, was engaged in hauling hay, when his team became fractious, causing him to be thrown from the top of the lead to the ground. One of the wheels passed over his right leg breaking it to a short distance above the ankle.

He was brought to town and the injured limb was set by Dr. Benedict.

**Harper's Monthly** for September contains the following illustrated articles, "Gloucester and Cape Ann," "The Mountains," "South Kensington Museum," "Yellowhammer's Nest," "Recent English Caricatures," "Tournament of the Middle Ages," "Song of Deborah and Barak," "Stone Age in Europe," "A Dream of Auld Weather," "The Colonel," "Art's Exchanges," "Grandpa Derfinger's Will," "First Century of the Republic," "Guthrie," "A Shopper for Proxy," "To a Butterfly," "Will and Wisdom as Sea Haylans," "Back the Windows," "Can We Speak English?" "Easy Chair," "Drawer," and Scientific, Literary, and Historical "Record."

**That Fashion.**—The fashion among the ladies of wearing the upper part of their skirts tightly towards the rear, discovering the contour of the hips, seems to be on the increase. Some of them carry this practice to such an extreme that should they fall it is probable they would be in the same predicament as a young lady on Sacramento Street, San Francisco, recently, who tripped over, but, owing to her lower limbs being so tightly bound together, by conforming to this fashionable way, she writhed and struggled and twisted upon the sidewalk, and was utterly unable to regain a perpendicular position until she had fallen upon her feet by a stalwart bystander, who came to the rescue of the little slave of fashion.

**Music.**—The new song and chorus, "The Old Church Yard in the Lane," or "Daring Minnie Gray," new song and chorus, Words by J. T. Rutledge, music by Charlie Baker. A fine song with an easy arrangement in the key of C.

The new song and chorus, "The Old Church Yard in the Lane," new song and chorus, Words by J. T. Rutledge, music by Charlie Baker. A fine song with an easy arrangement in the key of C.

## Would You Answer Yes or No?

Two songs composed by Chas. E. Pratt, conductor of the De Matrik concert troupe and dedicated to the young men and women of Salt Lake City, by Sherman & Hyde, San Francisco.

May be had through Calder & Careless.

**Co-operation.**—By letter from Cedar City, we learn that the Co-operative Sheep Herd Association of that place, recently declared a dividend for the past year, amounting to fourteen per cent. in wool and twenty-five per cent. in lamb, making a total to shareholders of thirty-nine per cent. on capital invested.

This result is not quite so large as that of former years, yet it is very good and should be satisfactory to those who have invested in the concern.

**Received.**—Plain Directions for the Care of the Sick, and Recipes for Sick People, a work of 72 pages, illustrated.

**Plain Directions for Accidents, Emergencies, and Poisons,** a work of 126 pages, with illustrations.

These useful little books are published by the Mutual Life Insurance Company of New York, who will furnish them, gratuitously on application.

**RAILROAD TO MONTANA.**—A few weeks since Mr. Richardson, on behalf of the Utah Northern management, submitted a proposition to the Directors of the Union Pacific for a route to Montana, extending the former to Montana.

This idea thus advanced appears to have met with a favorable reception, and at a meeting of the Union Pacific Directors, held in New York last Friday, it was determined to send a surveying party over the line of the proposed route from Franklin to Helena, charged with the duty of reporting the best practicable route, with an estimate of the probable cost of the enterprise.

A previous calculation, based upon a reasonably accurate survey, had put the average cost of the proposed route at eight dollars and fifty cents per mile. It was suggested that the Utah Northern would supply half the means for this construction, leaving the Union Pacific to supply the other half, secured by a first mortgage lien, the entire direction of the extension from Corinne to be under the control of the Union Pacific.

The rivalry existing between the Union and Kansas Pacific for the carrying trade of the Western slope, as well as that of the Orient, has been made the rapidly developing trade of Montana an item of real importance. This trade, we all know, is becoming every day more important. A country so full of agricultural and mineral advantages will not consent to be isolated as we are at present. The most important markets of the country.

This condition of things is fully appreciated by St. Louis and Chicago merchants, who are offering the most liberal inducements for the extension of a road through Northern Wyoming into the eastern belt of Montana. While no immediate advantages would result to Helena from such an extension, yet as a factor in the general development of the Territory, it is of inestimable importance. The chief reliance, however, of this part of the Territory is upon the proposed extension of the narrow-gauge, and whether it is accomplished by uniting with interests with those of the Union Pacific, or by its own resources, matters but little to the general public. We want a road, and we will not stop to consider, in view of the paramount importance of its coming. — Helena Herald, Aug. 20.
