

BASEBALL MEETING AT BUTTE TODAY

Utah-Montana League Will Probably be Organized by Tomorrow.

DELEGATES ARE ON HAND.

Representatives of the Organization Will Include Helena, Butte, Great Falls, Pocatello, Salt Lake and Ogden.

Butte, Mont., Dec. 4.—A meeting of baseball enthusiasts will be held in this city tomorrow to discuss the proposition of organizing a ball team for the coming year. It is proposed, if found practicable, to organize a Rocky Mountain League to include the cities of Great Falls, Butte, Helena, Pocatello, Ogden, Salt Lake, and any other cities in this territory wishing to enter the league. Telegrams have been received from the cities named which will have representatives at the meeting to be held in this city.

The result of the meeting at Butte today will be looked for with a great deal of interest by local devotees of the national game because it means a big thing for the sport in this city and in the leagues formed in the last two seasons have been anything but successful and the result of last year's efforts proved a severe blow to the game here. There are really only two cities in Utah which will support a ball team, namely, Salt Lake and Ogden but it is expected to expect two teams to keep up interest and satisfy the demands of the fans.

Schaefer's opponent was the young Canadian expert, Leonard Howison, and the veteran player beat the young aspirant, 400 to 357, Howison made a few mistakes in his play, but Schaefer played with a nerve and skill throughout the game.

WEBSTERS DEFEAT QUIRKS.

The Webster and Quirk of the school league met on the gridiron yesterday afternoon and indulged in a warm fight for possession of the pig skin and the Webster won by a close score of five to nothing. The line-up was as follows:

ON FIRE.

An exploding lamp; the clothing in a blaze; a paragraph in the paper telling of horrible suffering from burns. Tragedy in this story moves a man to tears. But for women who are daily being consumed by the smoldering fire of disease there is little sympathy, little understanding, little healing.

WESTERN LEAGUE MEETING.

Delegates Decide to Retain Its Organization Practically as Heretofore.

St. Joseph, Mo., Dec. 4.—The Western League has decided to retain its organization practically as it was last year. It was announced after the meeting today that there may be some change in the league but it is very doubtful. The meeting of managers was called at the residence of W. T. Van Brunt, of the city and of Thomas P. Burns of the Chicago Springs, the owners of the franchises of these towns. The action taken by the Western League in forming the American association, taking some of the cities of the Western League, was calculated to ruin the league. In the new arrangements begotten in the Western League, the managers at other points, with the result that the meeting today satisfied the old organization and accepted the suggestions of President Hickey, Geo. Gibson of Kansas City, and George Johnson of St. Paul, Mr. Tebeau attempted to secure the retention of the league by the Denver franchise by offering to himself, but failed. He was elected president, but according to the statements of the managers tonight, James H. Manning of the Kansas City franchise, the Denver franchise will go to some other city. It is understood that Mr. Tebeau will be taken back to the league although there is some question. James Whitfield of Kansas City will be elected president, succeeding Mr. Hickey.

Invitation to Roosevelt.

New York, Dec. 5.—The President of the International Olympic committee, Baron Coubertin of Paris, has written letter to President Roosevelt asking him to accept the honorary presidency of the Olympic games to be held in Chicago in 1904, says the Paris corre-

spondent of the Tribune. The letter has been given to Ambassador Porter for transmission to the President.

Jack Grim Manager.

Spokane, Wash., Dec. 4.—Jack Grim, ex-manager of Portland's baseball team, has been engaged to manage Spokane's team in the Pacific Northwest league next year. Grim stated today that he had already secured most of his men and expects to have a star team in the field.

LONG DISTANCE RIDING.

New York to Chicago on Horseback in Seven Days.

New York, Dec. 5.—According to the World, Theo. Molokton, once a crack horseman of the German army, will attempt to break the world's record for long distance riding by traveling from New York to Chicago in seven days without changing horses. Molokton, who was for years a member of the first regiment of the German riding artillery, said: "The record of the world is now held by a cavalryman in the German army, who rode from Berlin to Vienna in eight days and a half. From New York to Chicago the distance is greater but I propose to make trip on one horse and do it in seven days. I have engaged one of the greatest horsemen in New York and propose to test his mettle. I will not leave horseback until we turn up in Chicago except for the necessary time required for resting and feeding."

Golfers Coming West.

Chicago, Dec. 5.—Ex-Champion Willie Smith, David Ball, Alexander Smith, Ernest Martin and Alexander Martin, golf professionals, left last night for California to fill engagements on the Pacific coast links. Willie Smith will locate at Pasadena and will be assisted by his assistant and club maker, David Ball. Willie Smith will also be assisted by Alexander Smith and Ernest Martin. They will also be assisted by Ernest Martin and Alexander Martin. They will also be assisted by Ernest Martin and Alexander Martin.

For Sammy Harris.

Eddie McBride, the well known Buffalo sporting writer, takes the following fall out of Harris for still claiming the featherweight championship for his man: "Sam Harris still claims that McGovern is featherweight champion of the world and that Corbett will never gain the title. That might be true, but it is the public who make champions and Young Corbett will be considered the leader of the featherweight class until some other man defeats him. This latest statement of Harris is about on a par with his statements of McGovern on billboards and lithographs as the banner feather and lightweight champion of the world. He never was lightweight champion and he could no more make champion weight than he could fly."

McCoy in London.

Kid McCoy gave them the old-time American "v" yesterday in London when he met and defeated three men in one night. But outside of Jack Scates, the English champion, who were they? The report calls one Jack Macdonald of Boston, and the other Dave Barry of Philadelphia. They must surely be champions as no one ever heard of them in this country. It begins to look as if the Kid was about to play the British cousins by sending to America "stiffs," giving them another name and then knocking them out in London. Yank Kenny is over there. Can it be that one of this pair is "Yellow" Karp? Or is Kenny planted in some out-of-the-way place that soon be visited by the versatile Kid? Surely the ways of the prize ring are becoming mysterious and dark in this enlightened age.

Footballists Banqueted.

Moyle to take steps against the health ordinance recently passed by the city council requiring the books used in the public schools to be thoroughly fumigated before passing them from one pupil to another. Every member of the committee was present together with Superintendent Christensen, Superintendent of Buildings William Pinney and Dr. E. W. Whitney, medical inspector. Six tables were loaded with a bounteous spread, to which about ninety of the old folks sat down, and we believe, did justice to the roast turkeys and other luxuries. A nicely prepared program was rendered, which was much appreciated by the old folks. In the evening the young people enjoyed themselves in the dance.
