Papers sent to subscribers by mail have the names stamped upon them, with figures opposite to indicate when the subscriptions will expire. For instance, *John Smith, 4-11-7*, means that John Smith's subscription will expire on the 4th day of the 11th month of this year, or November 4th, 1887. Subscribers will please notice the figures on their papers, to see that they have their proper credits, and also to know when to renew their subscriptions, the rule being to stop the paper when the subscription expires.

GENERAL NEWS.

Touching Incidents Relative to John T. Raymond.

UNIONIST LEADER HISSED.

Further Developments of the Big Steal.

THE TEXAN DROUTH IS BROKEN

Great Fire — Another Strike Threatened—The Railroad Row, Etc.

By Telegraph to the NEWS.]

Raymond at Rest.

NEW YORK, April 13.—When only a few weeks ago, the funeral of Samuel Colville, the late manager of the Fourteenth Street Theatre, took place at the "Little Church Around the Corner," John T. Raymond standing in the churchyard, said to his friend, Fred Molder, the playwright, "Well, Molder, I guess I'll be the next." Today his own funeral was held at the same church. The attendance was enormous, both of professionals and outsiders, and immediate friends. The plain cloth-covered coffin was almost hidden from sight by the heaps of floral designs. By telegraphic instructions from Mrs. Langtry at Richmond, a large wreath was presented in her name. "For Papa," a pretty little design, was from the only surviving child, a little daughter. The service at the church began at 10:30. Rev. Dr. Houghton read the burial service of the Episcopal Church. There was no service. Upon the conclusion of the ceremonies the remains were taken to Greenwood Cemetery and placed in the receiving vault.

Steamer Ashore.

PARIS, April 13.—A dispatch from Dieppe says the packet steamer *Victoria* is ashore on the rocks near the city. She stranded during a fog. Several of her passengers attached life buoys to their bodies and then jumped overboard, and were carried out to sea. The others have been safely landed.

The *Victoria* at the time of the accident had ninety passengers and the company owning her believe all were saved.

Chamberlain Hissed.

LONDON, April 13.—Chamberlain, while traveling to Ayr, was met at Kilmarnock station to-day by a crowd who insisted that he should make a speech. In complying with their request Chamberlain said that for the first time in its history the liberal party was allied with men whose hands were stained with blood, and was assisting them to carry out an obstructive policy in Parliament. The unionist views regarding Ireland were unaltered. Chamberlain was frequently interrupted in the course of his speech, the hisses of his opponents exceeding the cheers of his supporters.

The Express Robbers.

CHICAGO, April 13.—The Chicago *Daily News* special from Morris, Ills., says: All evidence in the trial of brakemen Schwartz and Watts for robbery and murder of the express messenger Nichols were completed this evening. The testimony against the prisoners has been purely circumstantial. The arguments begin to-morrow. The case will probably be given to the jury on Saturday.

Infected Cattle.

LANCASTER, Pa., April 13.—Secretary Edge of the state board of agriculture, and Dr. Bridge to-day killed five cattle infected with pleuro-pneumonia on the farm of John Frye, of Manor township. The supervisor have been instructed to keep all cattle off the highways.

The Czar.

ST. PETERSBURG, April 13. — The royal family have abandoned the proposed journey to the Crimea, owing to grave reports from the interior. Two hundred and sixty political arrests were made at Odessa on Easter Sunday. Five persons were surprised in a cellar engaged in filling bombs.

THE R. R. ABSTRACTORS.

Five Days More to Return Goods.

PITTSBURG, April 13.—The accomplices of the railroad thieves are resorting to threats to intimidate the Panhandle railroad officials. Two more arrests were made shortly after midnight. John Barth and C. W. Smith, supposed to be implicated in the robberies were surprised at their homes. Barth was discharged from the Panhandle a short time ago and has since been working on the Baltimore & Ohio. John Nimmo, chief of the brotherhood of brakemen on the Panhandle road, says that he has been employed on the Panhandle road the past four months. During that time he has never seen anything crooked among the employes.

THE BROTHERHOOD,

he said, will employ counsel to defend the prisoners and if possible establish their innocence. If proofs were shown of their guilt, however, the brotherhood would assist in their conviction. It was the intention also to proceed against the company for damages if the charges against any of the men under arrest are not sustained. The United States authorities have decided to proceed against the plunderers for breaking into government bonded cars.

The Pennsylvania company announced to-day that five days would be given people having in their possession goods stolen from the trains in which to return the same. No questions will be asked and no further investigation will follow if the

of the road. Assistant ... torney Fagan stated that th... least 106 informations, cont... average of three persons ea... detectives speak of the prob... that some of the firemen and ...gineers are among the guilty ... men.

Detective Gilkeson, asked about this, would not deny nor confirm it. He said, with a smile, that the engineers and firemen were a fine body of men, and would not be arrested in connection with the present difficulty.

Sawdust Swindlers.

NEW YORK, April 13.—The den of a gang of sawdust swindlers in full operation was raided here to-day and the gang, four in number, Jos. Little, W. J. Brown, Geo. W. Lessen and George Platt, were locked up. The police seized over $2,000 in new bank notes, genuine, and many express packages of alleged bogus money, and six dry goods boxes filled with addressed stamp envelopes, most of them to southern and western points.

Some Weather.

SANTA FE, April 13.—A heavy fall of snow in Central New Mexico has put the ground in fine condition for spring planting. The protracted dry spell had alarmed farmers and stockmen. Ranges will be greatly improved by the snowfall, as the grass will get an early start. Stock is in fair condition, but was beginning to suffer from drouth.

SAN ANGELO, Texas, April 13.—The drought which has prevailed for so long a time in Western Texas is at last broken. There was a heavy rainfall throughout this section last night, which began after dark and lasted during the entire night. Telegraphic advices from distant points show that the rain was one of the most general that has fallen here in years. The confidence of farmers and stockmen is

FULLY RESTORED.

DENVER, Col., April 13.—It has been raining here yesterday and to-day. Reports received show it to be general throughout the state. The rain is of the greatest value to farmers, who have been ready for spring plowing for some time, but were unable to do so on account of the dry condition of the ground. The small amount of snow which fell in Colorado last winter did not moisten the ground sufficient to start the grass this spring; consequently, stock have been suffering considerably during the past few months because of the scarcity of grass and water. The present rain is worth thousands of dollars to the farmers and ranchmen.

The Chicagos Win.

CINCINNATI, April 13.—The St. Louis club went into to-day's championship game badly handicapped. Carruthers and Foutz were both disabled and Boyle was put into the pitch. After one disastrous inning he changed places with Foutz, and the latter pitched a strong game despite his lame arm. Fully 8000 people witnessed the game. Following was the score:

St. Louis	0	0	1	0	2	0	0	0	—	3
Chicago	2	1	3	0	0	0	0	0	—	6

Germany.

BERLIN, April 13.—The Berlin *Post* publishes a spirited article to-day on the relations between Germany and France. Referring to the French cavalry evolutions at Luneville, in the department of Meurthe-et-Moselle, it says: "These and similar military preparations along the frontier bear the character of provocations, and appear to proceed entirely from a wish to aggravate and alarm Germany."

The Railroads.

CHICAGO, April 13.—Members of the central traffic association, passenger department, continued in session today, revising their rules to fix the new law. Differences of opinion on essential points were so marked, however, that but little progress was made.

The Panhandle road has made the same rates on freight from Pittsburg to Keokuk and Burlington as it makes to St. Louis, as the quarrel between the eastern and western lines has resulted in the abrogation of prorating, and the

LOCAL RATES

are changed to and from Chicago. This results in all the western business from Pittsburg being diverted from Chicago. The Lake Shore road which is a competitor for Pittsburg business, and only connects with the Chicago lines, is threatening retaliation against the Panhandle.

The committee appointed by the Western Passenger Association to prepare a report regarding excursion rates, submitted one to-day. It directs that special rates shall be given to state fairs and large conventions and gatherings, such as Knights Templar, Odd Fellows and Grand Army of the Republic. The Association is now considering whether these excursions shall be conducted on the old

CERTIFICATE PLAN,

or thrown open to the public on the date when such conventions shall be held.

MONTREAL, April 13.—The general passenger agents of the Canadian railway and steamboat companies now in session here, to arrange summer excursion tariffs, have telegraphed the minister of customs that the proposed new regulations with regard to the admission of travelers' baggage from the United States to Canada are likely to seriously impede, if not altogether stop tourist travel to Canada. They request that the regulations in question be not put in force until such time as the companies interested in international travel have an opportunity of expressing their views to the government.

The Josephites.

CLEVELAND, April 13.—At last night's session of the Latter-day Saints' conference at Kirtland, Elder R. M. Elevin of Nebraska City, preached about the second coming of Christ. This morning there was the usual testimony meeting, which was followed by the ordination of an apostle. In the course of the exercises, which were very impressive, Elder W. W. Blair, of Iowa, spoke of what he referred to as the "Great apostacy which lies in the west." He asserted that the Utah church would be destroyed, and said that he now saw signs of its breaking up. The four apostles appointed are Joseph Luff, of Independence, Mo.; G. T. Griffiths, of Kirtland, O.; Jas. W. Gillen of Lamoni, Ia., and Herman C. Lmith, of California.

The National Opera Co.

CHICAGO, April 13.—The Chicago *Daily News* Omaha special says: The National Opera Company, which completed its engagement in this city last night, and which was to have left for San Francisco immediately after last night's performance, is still here. The male members of the company have been amusing themselves during the day by playing foot ball on the platform of the Union Pacific depot, while the ladies have spent their time in the Wagner sleeping cars, playing cards and reading novels. The Union Pacific road refused to transport the cars containing the scenery and stage fixtures without receiving in advance $8,400. Superintendent W. C. Hayes, of the Wagner Sleeping Car Company, further embarrassed the company by refusing to allow his cars to be moved without the payment of $2,600. Manager Chas. E. Locke telegraphed to Washington Connor of New York, and at 4 o'clock this afternoon received in reply a dispatch authorizing Mr. Hayes and the railroad company to draw on him for their money, and at 8 this evening the 29 cars of the opera company went out as sections one and two of the overland passenger.

Another Strike Threatened.

PITTSBURG, Pa., April 13.—The war between the stove moulders and manufacturers has reached Pittsburg, and from present indications there will be a general strike within a few days. The manufacturers have formed an alliance known as the Stove Founders' National Defense Association, which will conduct the warfare on the part of the manufacturers. To-day members of the Defense Association in this city received a confidential circular from D. M. Thomas, secretary of the Defense Association, which states that patterns of the boycotted St. Louis firm, Bridge, Beach & Company, will be sent to all manufacturers in the country, and that on a certain day the firms will be notified by telegraph to have moldings made from the same. The molders in this city say they will refuse to mold from these patterns, and that any attempt to force them to do so will precipitate a strike in all the foundries of the country. The general executive committee of the National Defense Association is now in session at Cleveland, arranging details for the coming fight.

Canadian Affairs.

OTTAWA, Ont., April 13. — Various informal proceedings in connection with the opening of the sixth Parliament of Canada took place this afternoon. The governor-general's speech will be delivered to-morrow. It is understood that a hope will be expressed by him for an amicable settlement of the fisheries question, but nothing more will be said of the present state of the fisheries affairs, except that the assurance will be given that steps have been taken to protect the Canadian in-shore fisheries.

It is definitely stated that the Dominion government will ask for an appropriation to build a canal at the Sault Ste. Marie on the Canadian side, to connect Lakes Huron and Superior. It is understood that the desire of the government is to have an uninterrupted Canadian way from Lake Superior to the Gulf of St. Lawrence.

The Venezuela Frontier.

PANAMA, April 13.—A Venezuela news agency thus summarizes the situation of affairs respecting the British Guiana frontier question with Venezuela: "The English have taken possession of all the territory up to Bornia and Amacuro, thus depriving us of the entire dominion on the Orinoco River. The Venezuelan government claimed that the territory should be evacuated, but the British minister claimed that this action of his government was correct. The answer was made to him that this action violated the treaty of 1850, which stipulated that neither party would exercise jurisdiction beyond Pemar, and that if prior to the getting of the boundary commissioners matters were not placed on the same footing on which they stood in 1850, friendly relations would be interrupted and Venezuela would protest.

S. P. Officers Re-elected.

SAN FRANCISCO, April 13.—At the annual meeting of the stockholders of the Southern Pacific Company, the following officers and directors were elected to-day for the Central Pacific Railroad: Leland Stanford, president; C. P. Huntington, vice-president; E. H. Miller, jr., secretary; Timothy Hopkins, treasurer; Charles Crocker, C. F. Crocker, W. V. Huntington.

For the Southern Pacific Railroad: Chas. Crocker, president; C. F. Crocker, vice-president; Timothy Hopkins, Charles Mayne, W. V. Huntington. N. T. Smith, L. L. Wilcutt.

The earnings the past year show a net increase of more than $15,000,000 over last year. The old directors of the branch lines were all re-elected.

Mexican Constitution.

CITY OF MEXICO (via Galveston), April 13.—A joint committee of Congress has reported in favor of the repeal of the amendment to the Constitution forbidding the immediate reelection of a President, and it is generally believed in political circles that the measure will pass through Congress and go to the state legislatures for their ratification. The *Partido Liberal*, which reflects the views of the administration, takes significant ground regarding the proposed change, and cautions congressmen not to act on any supposition as to the sentiments of President Diaz, but rather to act on their own judgment as to which is the best policy for the nation.

Fatal Fire.

PANAMA, April 13.—A fire took place yesterday at Imperator, one of the stations of the canal line. It destroyed a machine shop belonging to a contracting firm. Loss estimated at $200,000. Two lives were lost.

Castaways Picked Up.

NEW YORK, April 13.—The steamer *Flamborough* from Bermuda, brought the captain and twelve seamen and Mrs. Wanamaker, a lady passenger, of the steamer *Saragossa*, abandoned at sea. The *Saragossa* left Baltimore for Fort Antonio on the 18th ult. She was abandoned on the morning of the 22d in a severe gale, and sunk soon afterwards. The castaways were picked up exhausted, after being in the life boat twenty-seven hours, by the bark *Bachelor*, and transferred to the tug boat which landed them at Bermuda, where they took passage on the *Flamborough*.

CORRESPONDENCE.

ITEMS FROM IDAHO.

SAMARIA, Oneida Co., Idaho, March 28, 1887.

Editor Deseret News:

Not having seen anything in your most valuable paper from this little village of late, I take the liberty of writing a few items, which I hope will be of interest.

The Sunday School is in a flourishing condition under the superintendency of Thomas Thorpe. Our Mutual Improvement associations are well attended and are carried on under the supervision of Brother David Jenkins of the Young Mens', and Sister Mary D. Williams of the Young Ladies' Relief Societies and primary meetings are under prosperous headway, with Sister Mary D. Davis as the president of the former, and Sister Annie Camp of the latter. Meetings on Sundays are well attended, and a good spirit is felt throughout our Priesthood meetings. Improvement seems to be the feeling of the people in general, and for the population I think we cannot be excelled by any for a numerous and bright set of little ones. "Blessed is he that hath a quiver full of them."

The weather is fine at present, thus giving the farmers a good chance to get in their crops. There is an abundance of snow in the mountains, which causes the farmers to smile whenever their wistful eyes are cast in that direction.

The deputy marshals have not forgotten us yet, for on Tuesday morning at 4 a. m, Bishop Jonah Evans' house was searched from cellar to garret, but they retreated without their prey, feeling somewhat crestfallen. They told Sister Evans that they would be so busily engaged from then until court time that they could not come again until after court. This was said without Sister Evans hinting that she desired them to call again.

A genuine treat was had by the writer yesterday in Malad City. It was to see the pleasant face of Brother John Williams, of that place who had lately arrived from the Detroit penitentiary, where he served a term of imprisonment of about one year for honoring God's laws. Brother Williams is a man that has toiled hard in order to support his family. He is, I would judge, about 60 years of age. He feels well, and he in company with his co-prisoners did a great amount of good while in prison in showing by example that they were truly what they professed, staunch Saints of the Most High. He also stated that while there he heard enough sectarianism to last him the rest of his life, thereby he was led to discover in part how thousands of our poor friends in the east are deluded in regard to the true plan of salvation. He said he had not felt to shed one tear while he was going or coming from the prison, only when he thought of his dear little ones, as we are told by the Savior that when we begin to see these things we may know that His second coming is nigh at hand. To-day men are imprisoned, womens hearts torn asunder, and children driven to the four winds, as it were, and what for, it is for the testimony of Jesus." Men may devise plans to punish us in the flesh but they cannot take that knowledge of God the Eternal Father from us that it has taken years to obtain.

SAMARITAN.
