Meetings were held at 2 and 7:30 p. m. A large number of the citizens of this end of the county attended. Prof. Biddle spoke on the poultry business, showing the possibilities of the market and the money to be made in this line by proper care in handling. Prof. Northrop occupied the first portion of the evening meeting his topic being, "The Prospects of Fruit Growing in Utah." He advised the organization of fruit associations for the selling of the products. The fruit market was almost unlimited. He illustrated the proper way to plant trees, and their care as to pruning, watering, etc. He advised that only sugar beets and like crops be grown between the trees and that cereals, grasses and lucern be not planted.

Said that deep soil was the only soil for dry farming, that the land be plowed in the fall, left open over winter, that it be cultivated in the spring to keep the moisture and then in the fall plant your winter wheat, thus raising a crop every two years. Predicted that all our cereals would be grown on the dry farms and that our wasted land would be used for more valuable products, such as fruits, beets, etc.

GEO. BRADSHAW, MINERSVILLE, UT.

LOTTIE PLYER, 220 25th ST. OGDEN, UT.

PETER OHLIN, Superior Addition, North Salt Lake.

Ex-Publisher of the Western Poultry World, Denver, Colo. writes: "I think your treatment is simply the greatest on earth for stomach trouble. I suffered tortures and weighed only 125 pounds when I consulted you and commenced taking treatment, and got well and weighed 150 pounds when I was cured. I am a standing ad for you here. I mail my photo, and separate card. Kindly return it after using same as you see fit for the benefit of other sufferers. Respectfully yours, M. Van Buren."

Mrs. Austin says: "I have been a very sick woman for nearly two years. I was almost crazy with my head, could not sleep, had terrible dreams, was weak and tired all the time, bloated up and was in constant pain, and doctors simply did nothing for me. I went to Drs. Shores. I can truthfully say that Drs. Shores have done wonders for me and I am improved in every way, sleep better, feel easier, and look better, and no praise can be too strong for the splendid treatment Drs. Shores have given me. Respectfully, Mrs. Sarah Austin."

Mr. Bradshaw writes as follows: "I began taking your treatment for Catarrh and Stomach trouble, which was troubling me to such an extent that I was constantly hawking and spitting, and there was such a gnawing sensation in my stomach that at times I was quite unfit for work—but since taking your treatment I feel quite different—the hawking and spitting is no more—and my stomach feels fine. I feel that I owe you one of my photos. Thanking you once more, Yours respectfully, George Bradshaw."

"Lottie has been ailing for some time," says her mother, Mrs. C. Plyer. "She had Catarrh dreadfully and became very weak—had trouble with her stomach, could not enjoy her meals, and was very restless at night. I took her to see Dr. Shores and placed her under treatment. Since then she has improved every day and now we find all her old troubles are gone—no more Catarrh, no more distress, she eats well, sleeps soundly and to all intents and purposes is absolutely well and cured."

Peter Ohlin says: "I have suffered for years with Catarrh and a very bad stomach trouble. I had no appetite, had to be very careful what I ate, for everything felt like lead in my stomach. I would belch up gas, had pain in the bowels; head stopped up; rashes in the ears; was despondent and discouraged, and generally run down. Today I feel perfectly well and cured, and am proud to add my name to the list of Drs. Shores' cured patients."

What "Weakness" Is and How We Cure It.

So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to the normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely original and scientific, and has been proven absolutely effective by thousands of tests. We are convinced that by no other method can full and permanent restoration of strength and vigor be accomplished.

VARICOCELE.

Absolutely painless treatment that completely investigates our method. It is the only thoroughly scientific treatment for this disease being employed.
