WE WANT TO TELL ALL BEE KEEPERS

IN THE WORLD, HOW TO MAKE their own hives with reversible frames, and so that the lower ones can be examined without removing but two upper frames. It costs less than 40cts., has no rabbits or bevels, can be made with hammer and hand-saw, at the rate of 10 a day. It is a perfect practical hive and will winter more perfectly than any other made. We want to tell you how to raise queens and have them fertilize from any stock and laying in 2 days after hatching. How to make foundation comb machine and all at a trifling cost, and how to prevent dysentery, spring dwindling and foul-brood and briefly everything pertaining to "the Honey-Bee and its Home." Full, complete and illustrated, and will save you many times the price. Send 50 Cents for it at once, or send \$1.00 for "Our Deseret Home [Honey-Bee Home]" a monthly Home, Farm and Bee-Journal and the above book free. Address: DES. HOME CO., Box 543, Salt Lake City, Utah. d s & w oam 3m.

Orders by Mail or Express promptly attended to.

NEILSON & EGGINTON.
Salt Lake City.

BEST BAKING POWDER.

INTERESTING TESTS MADE BY THE GOVERNMENT CHEMIST.

Dr. Edward G. Love, the present Analytical Chemist for the Government, has recently made some interesting experiments as to the comparative value of baking powders. Dr. Love's tests were made to determine what brands are the most economical to use, and as their capacity lies in their leavening power, tests were directed solely to ascertain the available gas of each powder. Dr. Love's report gives the following:

Name of the Baking Powders:	Strength: Cubic Inches Gas per each ounce of Powder.
"Royal" (absolutely pure).....	127.4
"Patapsco" (alum powder).....	125.2*
"Rumford's" (phosphate) fresh.....	122.5*
"Rumford's" (phosphate-old).....	32.7*
"Hanford's None Such," fresh.....	121.6
"Hanford's None Such," old.....	84.35
"Redhead's".....	117.0
"Charm" (alum powder).....	116.9*
"Amazon" (alum powder).....	111.9*
"Cleveland's" short weight (oz.).....	110.8
"Sea Foam".....	107.9
"Czar".....	106.8
"Dr. Price's".....	102.6
"Snow Flake" (Groff's, St. Paul).....	101.88
"Lewis's" Condensed.....	98.2
"Congress" yeast.....	97.5
"Pearl".....	93.2
"C. E. Andrews & Co's" (contains alum).....	78.17*
"Hecker's".....	92.5
"Gillett's".....	84.2
"Bulk".....	80.5

*In his report, the Government Chemist says:

"I regard all alum powders as very unwholesome. Phosphate and Tartaric Acid powders liberate their gas too freely in process of baking, or under varying climatic changes suffer deterioration."

Dr. H. Mott, the former Government Chemist, after a careful and elaborate examination of the various Baking Powders of commerce, reported to the Government in favor of the Royal brand.

ESTRAY NOTICE.

I HAVE IN MY POSSESSION:

A. D. LONG,

District Poundkeeper.
Panguitch, July 25th, 1884.

D. M. OSBORNE & CO.,
MANUFACTURERS OF
REAPERS, MOWERS
— AND THE —
OSBORNE No. 11 TWINE BINDERS.

The OSBORNE MACHINES have been sold largely throughout Utah and the adjoining Territories for several years. Read the following Testimonials from the Farmers of Utah:

D. M. OSBORNE & CO.,

GENTLEMEN—We, the undersigned, were to-day present on the farm of our neighbor, Richard Howe, to witness the working of one of your No. 11 TWINE BINDERS, and we take pleasure in stating that, although the binding was done in short barley, it was done to our entire satisfaction. The draft is light and the binding apparatus so simple that any boy in his teens can readily understand and operate it. It binds every bundle. It cuts clean and we confidently believe it will save its cost over hand binding.

With honest motives, we would say to our brother farmers, buy an OSBORNE No. 11 TWINE BINDER and you will never regret it. We could ask for nothing more perfect.

J. H. HOWE,

G. C. WATTS,

E. D. SMITH,

SIMON WEBB,

A. H. FAWLKS,

SAMUEL SMITH,

GEO. F. SMITH,

WM. BOYCE, JR.,

WM. ADDISON.

The above Machines can be seen at our Warehouse,

119 & 121 EAST TEMPLE STREET,
SALT LAKE CITY,

— AND AT OUR —

AGENCIES THROUGHOUT THE TERRITORIES.

D. M. OSBORNE & CO.
