NEW YORK, 20.—To-morrow's Sun will say Folger, nominated for Governor at Saratoga yesterday.

DALLAS, Texas, 20.—Capt. Payne of Oklahoma notoriety, who was arrested August 29th, for trespassing on Indian Territory lands, and has been in custody at Fort Reno, passed through here to-day en route for Fort Smith, Arkansas, where he will be tried in the federal court.

PHILADELPHIA, 20.—The trial of Thomas A. Connelley, Benjamin Wiley, Christian Price and H. L. Granderson charged with conspiracy to defraud the government in the United States District Court this morning.

NEW HAVEN, 20.—The Republican State Convention met this morning with Marshall Jewell as permanent chairman. He made an eloquent address, and then the usual committee were appointed.

MINNEAPOLIS, 20.—There was a sharp frost throughout the State last night. Corn is half in shock and the balance beyond the reach of harm. Vines were cut down, but the loss from this source is not serious.

CHICAGO, 20.—A war on rates, both passenger and freight to the northwest is thought to be imminent among the Chicago and Western, Milwaukee St. Paul, Chicago, Burlington and Quincy, and Chicago and North Western.

CHICAGO, 20.—In the convention to nominate a Judge of the Court of Common Pleas, No. 4, Ames Bridge was renominated. A few members of the minority withdrew and passed a resolution declaring the nomination irregular, and requesting all republicans opposed to machine rule to support the nomination.

CHICAGO, 20.—A special dispatch from Indiana says the citizens had hard work to save the town from serious losses of property will result if gales of wind should occur.

PITTSBURGH, 20.—Following is the result of the amalgamated Iron and Steel Association district meetings to-day, at Pittsburgh, Wheeling and Youngstown, on the question of reconciling the demand for an advance and accepting the old rates: Pittsburgh 81 for, 21 against; Youngstown 48 for, 52 against; Wheeling 17 for, 18 against; total 144 for, 53 against. This virtually ends the strike which has lasted 116 days. The estimated loss to the men in wages is between \$3,000,000 and \$10,000,000, while that to manufacturers is only their contract.

ST. LOUIS, 20.—The executive committee of the Iron Manufacturers' Association and representatives of the Amalgamated Association met this afternoon, and upon the presentation of the old scale by the latter it was signed by the manufacturers. The fires will be lighted immediately.

ST. LOUIS, 20.—The fate of the Stewart building at the corner of Broadway, Chambers and Field streets, in which the wholesale business of A. T. Stewart & Co. was transacted for so many years, has at last been decided. It is not to be converted into a hotel as has so often been rumored of late, but it is to be transformed into a large number of offices for business purposes.

THE KHEIVIE.
The British and American rifle teams drilled at Coney Island last night, at the invitation of the officers of the Fourteenth regiment. One hundred and seventy persons were present at the dinner, including the British consul, Henry Ward Beecher and others. Fifteen hundred spectators were present during the afternoon, listening to the concert, etc.

NEW YORK, 20.—A Times Washington special says: The growing impression about the cause of the President's visit to this city is that he has gone in order that a respectable distance may lie between him and New York State till the republican convention shall have completed its work.

OMAHA, 20.—Daniel Wrinklin and John Keyser, laborers, this afternoon found a bottle in an old house, and, supposing it to contain whiskey, drank the contents, which proved to be bedbug poison. Wrinklin died in one hour, and Keyser is in a dangerous condition.
