

RUBE SMITH VS MANTELL AUG. 15

Preparations All Made for Sullivan-Thompson Battle Tomorrow Night.

AT OGDEN SAUCER TRACK.

Large Delegation Going to Junction City from Salt Lake—Special Train on Rio Grande at 6:30.

Manager R. A. Grant of the Sullivan-Thompson contest scheduled to take place tomorrow evening at the Ogden saucer track, came down from the Junction City yesterday afternoon to close up some details here connected with the bout. Before leaving he made the announcement that he had secured a match for Aug. 15 between Rube Smith, the hard hitting and speedy welterweight of Denver, and Mantell. The men are said to be evenly matched and the contest will undoubtedly attract a great deal of attention. When the pair comes together there will be a number of Denver fight fans at the ring-side as Rube is very popular in the Colorado metropolis.

SULLIVAN-THOMPSON.
Manager Grant says he looks for a record-breaking crowd at the Sullivan-Thompson twenty-round bout tomorrow evening. The lightweights have let up on their training and are doing only light exercise to keep in the splendid condition they have worked up. There is a growing feeling among lovers of the game that Sullivan is going to meet his match when he faces Thompson. The latter has been working hard every day at the Salt Lake and the speedy, hard-hitting light-weight declares he is in perfect form for the contest. He is confident of winning from Thompson and says the bout will last from fifteen to twenty rounds. Thompson is equally confident but does not underestimate his opponent, a fact shown by the strenuous training of the Chicago boy.

The fight gives Sullivan an excellent chance to make a great name for himself in the pugilistic world. Now that he has cut loose from a manager who did him more harm than good he will be able to secure many good matches. If he can defeat Thompson and will then put himself in the hands of a manager in whom the sporting public has confidence, there will be nothing in the way of his getting on with all of the top-notchers in his division of the game.

STUBBORN CONTEST.
The bout tomorrow night promises to be a stubborn affair and Manager Grant says that those who fail to witness it will regret it. The preliminary events began at 7:30, immediately after the arrival of the trains from Salt Lake. The main event is scheduled to begin at 8 o'clock sharp. Tom Painter will referee the contest, which is to be twenty rounds to a decision, unless one knocks out the other. Straight Marquis of Queensbury rules. A special train leaves Salt Lake over the Rio Grande at 6:30, but the regular train leaves at 5:50 and a number will go on this train as the excursion tickets are good for either train. It is expected that about 300 local fight fans will see the contest and there will be a number from Brigham City, Bunka, Bingham, Park City and other towns. The main preliminary event will be between Bob Watkins and Kid Jones, colored men. They are matched to fight eight rounds to a decision. After the main event the special train is scheduled to leave Ogden at 1 o'clock sharp so that those who go from Salt Lake may get home while the street cars are running.

BIKE RACES TONIGHT.

Iver Lawson and Frank Kramer to Fight It Out in Sprints.

Manager Chapman has arranged for a splendid program of bike races at the saucer track this evening and the usual big crowd of race fans will undoubtedly be on hand. They will see Iver Lawson and Frank Kramer fight it out in the sprints tonight and some speedy going may be had. The program consists of a half-mile open professional, five-mile lap and half-mile invitation. The amateurs will have an Australian pursuit and a mile handicap.

HORSE RACES AT OGDEN.

The following program of horse races will be run off at the Ogden track tomorrow afternoon:
First race, \$50 cup—F. T. Toot, Noonday, G. Teade.
Second race, \$40 cup—Lady Brooks, F.

Sleep And Rest

Every movement of the body consumes energy. So does mental effort. Energy is supplied by the nerves. It follows that physical or mental exhaustion simply means an over-draft on the nerves. Nature restores energy through rest and sleep. You cannot sleep with tired nerves. Dr. Miles' Nerve sooths the irritation and restores nervous energy.

"Although I have lived nearly 75 years, I have been up against testaments for publication, but the unrequited excellence of Dr. Miles' Restorative Nerve, as a medicine for inherent insomnia, intensified by long residence in a high altitude compels me to recognize its superiority over every other medicine I have ever used for nervousness and sleeplessness. I feel sure that the Nerve is free from injurious opiates found in most medicines for insomnia, and can conscientiously recommend it to the aged and nervous." MRS. W. H. At a meeting of the executive committee of the international regatta association it was decided to notify the regatta committee of the Jamestown exposition that it was inadvisable to hold the regatta on the proposed date. It was suggested to the management that if desirable a regatta might be arranged for September, but it is very doubtful whether this proposition will be reached.

A FISH STORY.

New York, July 22.—Officers and passengers of the Red "D" steamer Zula, just in from southern waters, brought to port a good fish story. It was while the steamer was crossing the bar at Tobago, near Maracaibo, and in a narrow channel, that the fish, a huge mero, was encountered. The steamer struck the fish, and according to a passenger, "the steamer careened to starboard from the force of the blow."

For a few minutes Capt. Bennett of the Zula thought the pilot had made a mistake and bumped into the mud in shoal water, but investigation revealed a big dead fish, the mero having been killed in the collision with the steamer.

The mero is good to eat, so the prize was turned over to the captain of a Venezuelan sloop, who towed it to San Carlos. The mero measured 20 feet in length, 34 feet in circumference, and weighed about 1,300 pounds.

On his arrival a temporary market was established and the fish sold at 20 cents. Venezuelan money, a slice. Some idea of the size of the fish can be obtained when it is said that the whole population of San Carlos, 200 all told, dined sumptuously on mero that day.

According to Director Spencer of the Aquarium, the mero is a food fish allied to the grouper and called by the Spaniards mero de la alta. It attains a large size and is found in southern waters, sometimes off the coast of Florida.

For this reason they have offered 25 cents per ton reduction in the freight rate and 25 cents per ton reduction in the price of coal additional for coal shipped during the months of July and August, and in store on Aug. 31, 1907, having received the authority of the interstate commerce commission to publish that reduced rate without giving the usual 30 days' notice."

G. B. BURHANS TESTIFIES AFTER FOUR YEARS.

G. B. Burhans of Carle's Center, N. Y., writes: "About four years ago I wrote stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of these symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
