CRITICAL ANALYSIS.

UNIVERSITY OF DESERET, Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from **Alum, Starch, Flour, Bone Ash, Ammonia and White Earth**; and that it consists essentially of Cream of Tartar and Bi-Carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

EVENING NEWS.

Monday, March 19, 1888.

TELEGRAPHIC NEWS.

Continued from First Page.]

To Exclude Foreign Labor.

MARSEILLES, March 18.—At a meeting of the workingmen today a committee was appointed to call upon the government and demand the exclusion of foreign workmen from the government dockyards, and the levying of a tax upon private employers of foreigners.

Gen. Boulanger.

PARIS, March 18.—General Boulanger today departed unnoticed for Clermont Ferrand. *La Liberte* says the minister of war has given Boulanger permission to reside in Paris. The protest committee met at Deputy Laguerres residence today and prepared and signed a manifesto to the electors of the department of Aisine and Bouches du Rhone, calling upon them to vote for Boulanger, representative of the public liberties, and democratic reforms at home and dignity abroad.

General Bragg's Banquet.

A banquet to General Bragg, United States minister will be given by American residents on Wednesday next.

The Cross of St. Stephen.

VIENNA, March 18.—An autograph letter from Emperor Francis Joseph to Count Bylandt Reydt, retiring imperial minister of war, is published. It contains a flattering acknowledgment of his services and an expression of regret at his resignation. The Emperor confers upon the count the grand cross of St. Stephen.

An Anonymous Pamphlet.

ST. PETERSBURG, March 18.—A pamphlet condemning in moderate terms Ruksio's reactionary policy and predicting internal disasters, is being circulated in the highest circles here. The pamphlet is remarkable for the elegance of its language. The police have so far failed to discover the authors.

No Blockade.

Traffic Manager White says all lines from the Missouri River to the Pacific Coast will be in the usual condition for business without delay. There is no blockade anywhere and all trains are in shape to move at once.

The Police Firing Buckshot.

DUBLIN, March 18.—At Drumlish, County Longford, on Saturday night, a fight occurred between two factions, numbering in all about 200 persons, most of whom were drunk. After fighting some time the combatants made a joint attack upon a publichouse. The police force, consisting of five men, tried to disperse both factions and drove them toward the barracks. The police fired six rounds of buckshot, injuring many persons.

Twenty-three Killed.

SAVANNAH, Ga., March 18.—A revised list of casualties in yesterday's accident near Blackshear, shows that 23 were killed and 34 injured. Of the latter ten are in a serious condition. All the wounded are receiving every attention.

A New Manager for the U. P.

ST. LOUIS, March 18.—Information has been received here that Thomas L. Kimball has been appointed Acting General Manager of the Union Pacific railroad, and that J. S. Cameron will take the place formerly occupied by Mr. Kimball.

A Decrease.

BOSTON, March 18.—A statement compiled from specials to the *Post*, from managers of leading clearing houses of the United States, shows the gross clearings of the week ended March 17 were $633,088,208, a decrease of 29.3 per cent. for corresponding period of last year.

Serious Complication in the Emperor's Condition.

BERLIN, March 18.—Serious reports concerning the Emperor's condition are again in circulation. The Emperor's despondency which has been increased by the change of the blue sky of San Remo to the severe frost and deep snow of Be lin causes great anxiety. Although he can speak, his voice is so thick and husky and his pronunciation of vowels so imperfect, that only those who have been constantly with him can understand him. Chaplain Koegel, after reading the service for the Empress Augusta in the palace this morning, went to Charlottenburg to officiate at the service for the whole imperial family in the castle chapel. Dr. Koegel's touching sermon drew many tears. There is still a foot of snow on the ground and it is impossible for the Emperor to venture out. Whenever Dr. McKenzie takes exercise in the garden of the palace he is followed at the desire of the Empress Victoria by two detectives.

A Blizzard in Europe.

BERLIN, March 18.—The whole northern and eastern portion of Germany has been visited by a severe snow-storm. There is so much ice there has been no communication with Sweden for ten days and with Denmark for six days. The Swedish envoys appointed to attend the funeral of Emperor William have not yet arrived in this city. Disastrous floods are reported throughout Hungary. Thirty villages have been ruined, and the town of Ozathman Neimeth partly destroyed. The towns of Bekes and Csaka are menaced and the inhabitants are struggling for their lives against the overflow of the river Koros, and many houses have fallen.

The Atchison's Ultimatum.

CHICAGO, March 18.—When the attention of vice president Smith, of the Atchison road was called to a statement of Postmaster General Dickinson, by a Chicago *Tribune* reporter today he said:

"We made no demand on the government for increased compensation in this matter. We could not under present circumstances entertain a proposition from the government even if one were made to run such exclusive trains, in consideration of such increased compensation, for the reason that to do so would be simply to encourage engineers in their disloyalty to the company. We assume that our obligations to move mails for the benefit of the public is no greater than our obligation to give passengers transportation along the line of the road. I think Postmaster-General Dickinson will admit the justice of our position when he has had time to think over the matter, as he certainly must know it is absolutely essential that employes should be loyal to their employer's interests, and that it would be suicidal to attempt to operate either government or railroad under any other condition, and therefore that we could not afford to employ and pay men for such service who were in open rebellion against the company."

"You will insist then that no mail trains shall move over your road unless they are part of the regular trains, or contain passengers and express."

"That is just exactly the position—You cannot put it in words that will be too strong. We propose to protect ourselves in this matter and we will not allow any one or any influence to subordinate our rights in the matter."

The Situation at Santa Fe.

SANTA FE, March 18.—The great strike on the Santa Fe road is the all-absorbing topic here today. Since the order came from Topeka last night discharging all employes of the operating department considerable uneasiness has prevailed and this has been increased this morning by the report that the Denver & Rio Grande engineers would quit tomorrow. No train of any kind has arrived or departed over the Santa Fe depot for 36 hours, and it is understood that the narrow guage will not again bring the mails. The people of this section were completely taken by surprise by the suddenness of the strike, and are wholly unprepared for a long continued interruption of intercourse with the outside world.

Frozen to Death.

WATERBURY, Conn., March 18.—The body of Mrs. John McGee was found in a snow drift at Ansonia this morning, frozen to death.

Is Life WOrth Living?

That depends upon the Liver, for if the Liver is inactive the whole system is out of order—the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirits are depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

I have tested its virtues personally, and know that for Dyspepsia, Biliousness and throbbing Headache, it is the best medicine the world ever saw. Have tried forty other remedies before Simmons Liver Regulator, and none of them gave more than temporary relief, but the Regulator not only relieved but cured.
