Third Company.—By telegram from New York we learn that the company of Saints which left Liverpool per steamship Wyoming on Saturday last, the 25th inst., numbers 735 souls. It is expected that the next company will leave Liverpool, September 3rd.

Another Drowning.—A sad accident occurred at Casia Creek on the 24th inst. A little daughter of Samuel and Mary Ann Woods, while playing with some other children on the bank of the creek, fell into the stream and was drowned. All that could be done to restore life to no purpose. The child was born April 20th, 1879.

Another Sudden Death.—It seems as if there was no end of sudden fatalities this summer. We have just received word of the death of Sister Emma Egbert, an estimable woman, and wife of John A. Egbert, of West Jordan. The event took place yesterday afternoon, and was as unexpected as it was sorrowful. We sincerely condole with the bereaved. See death notice in another place.

Obsequies.—Mrs. Fannie M. Little, whose sudden demise yesterday afternoon sent sorrow to the hearts of so many, was born April 24, 1830, at Freedom, Chittaugus County, New York, and was consequently in her 52nd year. Her parents were Isaac and Harriet Decker. She married Mayor Little in St. Louis, February 12, 1844, and has ever been a faithful wife and true mother. The obsequies were held at 4 p. m. today at the family residence in the 13th Ward, and were attended by many relatives of the deceased and a host of sympathizing friends, including members of the City Council and municipal officers. The services are in progress as we go to press.

Funeral.—The funeral services over the remains of the late Sister Maria W. Hall, were held at the family residence in the 17th Ward, this morning at 10 o'clock. Bishop John Finney, who conducted the meeting, after a hymn had been sung, offered up the opening prayer. Doctor Doremus then made a few remarks, after which Counselor D. H. Wells preached the funeral discourse. Remarks were then made by Bishop Edward Hunter and Elder Joseph Kingsbury, both intimate friends of the father of the deceased. The late Bishop N. K. Whitney. Many words of comfort and instruction were imparted by the speakers. The assembly was composed of the relatives and friends of the deceased. At the conclusion of the services, which closed by benediction by Elder Kingsbury, the remains were placed in the hearse and followed to the cemetery by a long concourse of carriages.

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, June 28th, 1881, Alderman Pyper presiding:

communication was received from E. W. Lawrence, chairman of the committee on a invitation of the Fourth of July celebration, inviting the Mayor and City Council of the City of Salt Lake to celebrate the 10th anniversary of our country's independence, on Monday, July 4th, 1881.

On motion the communication was received and the recorder instructed to acknowledge the courtesy and inform the committee that the Council would be unable to accept the invitation, on account of their presence being required at the ceremonies incident to the opening of the new park at Mill Farm, and their intention to participate in the Fourth of July celebration to be held there.

The police court report for May, was submitted, showing that 18 cases had been tried and disposed of, and \$415 assessed in fines, \$215 of which had been paid in cash and \$200 in labor. Accepted and filed.

The watermaster submitted his report of expenditures for the quarter ending May 31st, showing a total expenditure of \$819.85. Referred to the committee on claims.

The committee on water works reported that they had examined the quarterly report of the superintendent of water works and found it correct. They therefore recommended the approval of the report and the appropriation of the balance due the account, viz: \$25.24.

The committee on finance reported that they had examined the report for the month of May, and found the vouchers all properly signed and countersigned, and all correctly reported. They recommended therefore that the report be accepted and placed on file. Adopted.

The committee on public grounds, with the city attorney associated, to whom was referred the subject of drafting a resolution providing for the opening and dedication of the grounds recently purchased by the city for a park and the arrangement of ceremonies suitable for the occasion, reported a resolution in relation to the park and a programme of ceremonies for the opening of the park to the public. Report accepted and resolution laid over to come up in its order.

An appropriation of \$21,000 72 was made to take up several temporary bonds to be sold for the sale of the Market Lot, to pay the purchase money for the Mill Farm.

The resolution in relation to the city park was taken up and read and the park was designated and named "Liberty Park," and the resolution was adopted and referred to the committee on enrollment to be carried, signed and published.

The programme of ceremonies for opening "Liberty Park," to be held on the morning of Monday, July 4th, 1881, was read and decided upon, and it was agreed that the members of the Council be on the ground on that morning at 9 o'clock.

Adjourned for one week.

A Remarkable Feat.—

Brother E. H. Pierce, of Brigham City, writes an interesting account, to C. R. Savage, Esq., of this city, regarding a remarkable feat performed by an aged Scandinavian Sister named Anna Jensen, of Brigham City, who, having attended the Old Folks' Excursion a Call on Wednesday, became separated from her people, and by mistake boarded the wrong train and was brought down to Salt Lake. She discovered her error as the train pulled out of Ogden, but being unable to speak English could not inform the conductor. Arriving at Salt Lake she felt like "a stranger in a strange land," and the tumult and general excitement around the depot almost frightened her. After standing around the platform for some time, by signs and gestures she finally succeeded in making her position known to a kind-hearted person living near the depot. She was taken to his home, given a warm supper and a good bed, and after breakfast next day, was put upon the train and taken back to Ogden. She remained there until 2 p. m., trying in vain to find some person with whom she could converse. Becoming discouraged, she started for home alone and alone, she crossed the Ogden River on the railroad bridge and followed the track until she reached the Hot Springs from there she rode three miles, and reached Willard, 14 miles from Ogden, just as the sun was setting. A short distance north of Willard she met a brother who prevailed upon her to remain at his house over night. Next morning she reached home. Her family had been uneasy about her, and a son was in Ogden searching for her when she arrived. From Willard to Brigham City she rode about a mile, making four miles in all, having walked eighteen out of twenty-two, the distance between Ogden and Brigham. Sister Jensen is now in her 83rd year (only a few months younger than our venerable Bishop Hunter), and for one of her age the feat is truly remarkable. Bro. Pierce says he went to see her next morning and found her as well, apparently, as ever, except that she was a little foot and limb weary. She appeared happy and cheerful and spoke quite freely of her adventure, though at first in interpreter. She said she had no money with her, her husband had her excursion ticket, and she was afraid if she got on the train the conductor would put her off, so she thought she would walk home. When out a short distance north of Ogden, she knelt down by the side of the railroad track and prayed that God would give her sufficient strength to complete her journey. She then felt much stronger and walked faster than before without feeling weary. There were tears in her eyes when she told this. Bro. Pierce asks the question: "Have you any prizes remaining? If so, do you not think she is entitled to one?" Several prizes were awarded at the grove, to victors in walking matches, but was there a nice one that day that will compare with this? He adds that the family of which this aged sister is a member, has always lived on what is known as Tuffander corner, and thinks that the old lady will hereafter be known in Brigham City, as the "tough-overland-er."

Did Not See It.—Mr. Thomas Cooper, of the Sixth Ward, father of the two young boys who were drowned in the Jordan River on Sunday last, desires us to say that our informant was mistaken when he stated that giant powder was exploded in the river, during the first flood in the search for the bodies. He night's search for the bodies, but the request could not be granted, as it would have been contrary to law.

Good health is impossible when the blood is impure, or when it is thin and cold. Under such conditions one disease after another is developed. Boils, pimples, headaches, neuralgia, rheumatism, etc., are the result of impure blood, and the wisest course is to make the blood pure, rich and warm by the use of Ayer's Sarsaparilla.

CANT' PREACH GOOD.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See "Proverbs" and "Fables," in other column.

WHAT a Charm there is in a clear, smooth complexion! The ladies are fully alive to this fact and therefore use Glenn's Sulphur Soap, the most desirable purifier of the skin in existence. Complexions are entirely removed by it and local diseases of the skin disappear more rapidly through its influence than through that of any other external remedy. The fact is that most of the ointments, lotions and liquids recommended for diseases of the cuticle are not remedies at all or at most merely relieve without eradicating the malady sought to be cured. This is not the case with Glenn's Sulphur Soap which does its work thoroughly, removing every trace of an eruption. It removes every trace of old sores, ulcers, cuts, bruises and scabs, and is a reliable disinfectant of clothing or of any article.

This case countenance by contact is prevented by it, and it promptly relieves the twinges of rheumatism and goes.
