

# SECRETARY SHAW WILL TAKE ACTION

After Oct. 25 Deposits to Facilitate Gold Importations Will Be Discontinued.

## WILL AID NATIONAL BANKS.

Will Place \$18,000,000 in Them, on Approved Security, to Help Circulation.

New York, Oct. 22.—Secy. Shaw authorizes the announcement that on and after Oct. 25 deposits to facilitate gold importations will be discontinued. He said in connection with the announcement that the importations had exceeded his expectations and he believed that for the present America had quite its share, and he had no disposition to disturb conditions in Europe by a continuation of that method of finance.

Secy. Shaw also announced that he would stimulate national bank circulation to the extent of \$18,000,000 by creating approved securities other than government bonds for deposits already made, the bonds released to be used immediately as a basis of circulation without withdrawal from the treasury. He does not object to the assignment of the bonds to other banks than those now holding them, but to insure their use they must remain in the treasury and, in addition, the bank taking out the circulation must agree to retire the same before the 15th of March and the 10th of August, 1907. The banks will be required when taking out their circulation to make application for its retirement and the order for per cent of retirement from month to month will be determined by the treasury department.

In this way \$18,000,000 of additional circulation can be immediately issued and gradually retired during the spring and summer months. In this way also Secy. Shaw expects to demonstrate the limited form, the benefits of an elastic currency.

## THE CIRCULATION PLAN.

New York, Oct. 22.—Secy. Shaw's plan to increase the circulation by \$18,000,000 through the deposit with the government of approved securities of that value in place of government bonds is of interest to financiers as the government will bring to the money market in that it will be a demonstration of the benefits to be derived from elastic currency. An official source of the treasury department has said that this interest last night. He said the plan would bring good results as an object lesson in elastic currency. He thought that the working out of the plan would serve to demonstrate to Congress the advantages that follow the adoption of an elastic currency. Congress may also be influenced by the experiment to repeal the law which now limits the requirement of national bank circulation to \$3,000,000.

This official said his own bank would certainly take out all the circulation to which it may be entitled, under this plan, and he thought most other banks holding government deposits would take their share of the new circulation or would find other banks to which to assign government bonds in case they cannot for any reason take this additional circulation themselves. It was pointed out that almost any bank would have then in its possession, or could effectively obtain bonds to offer as substitutes as the government bonds which they have pledged as security for government deposits. Secy. Shaw's plan provides for an increase in circulation to the extent of \$18,000,000 of approved securities other than government bonds now pledged as security for government deposits. It is provided that the bonds so released shall immediately be used to take out additional bank circulation.

According to this report they are also coming from Routt and into Blaine counties. It is said that federal troops are watching the Indians and will keep them directly on their course to the government reservation in Utah.

# SKIN ERUPTIONS FOR 35 YEARS

Suffered Severely With Eczema All Over Body—Examined 15 Times by Government Board Who Said There Was No Cure—An Old Soldier Completely Cured.

## A THOUSAND THANKS TO CUTICURA REMEDIES

"For over thirty-five years I was a severe sufferer from eczema. The eruption was not confined to any one place. It was all over my body, limbs, and even on my head. I am sixty years old and an old soldier, and have been examined by the Government Board over fifteen times, and they said there was no cure for me. I have taken all kinds of medicine and have spent large sums of money for doctors, without avail. A short time ago I decided to try the Cuticura Remedies, and after using two cakes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent, two treatments in all, I am now well and completely cured. A thousand thanks to Cuticura. I cannot speak too highly of the Cuticura Remedies. John T. Roach, Richmond, Mass., Oct. 17, 1905."

## 100,000 MOTHERS Daily Tell Other Mothers

That Cuticura Soap is the best baby soap in the world for cleansing and purifying the skin, and that Cuticura Ointment is of priceless value for soothing and healing itching, torturing, and disfiguring eruptions. The application of Cuticura Ointment, preceded by a warm bath with Cuticura Soap, gives instant relief, and refreshing sleep for skin-tortured babies, and rest for tired mothers. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and without the slightest pain, dry without rub, and apply Cuticura Ointment freely, to allay itching and inflammation, and soothe the skin.

Cuticura Soap, Ointment, and Resolvent are sold throughout the world by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

It is extending and becoming a serious political problem.

## PICKED UP AT SEA.

Those Saved Saw Seventy-nine Men Drowned.

Mobile, Ala., Oct. 22.—The Mallory liner Colorado, which arrived in port today, had as passengers, Jose Melson, Chas. Olson, Chas. Anderson and Otto Christ. The four men were found on Sunday morning, 96 miles off Key West. Nelson says he saw 79 men drowned from a house boat which was wrecked off Long Key, Florida, in last week's storm. The four men were found by the Colorado's crew, standing on a raft, made out of six logs, and were in the water waist deep at the time. Melson said he and the other men were on a house boat at Long Key, when the hurricane struck them and blew the boat to sea. It soon went to pieces, and out of the 125 people on board, 79 were drowned, he says, right before his eyes. The other 46 were taken into Jacksonville, Fla. The men suffered terrible hardships. The men said that the loss of life was heavier off Long Key than any other place. The men were employed by the Florida East Coast railway on the extension work through the Florida swamps, from Miami to Key West.

## COLORADO CLERGY OBJECT TO "THE CLANSMAN."

Philadelphia, Oct. 22.—Under most usual conditions "The Clansman" was presented here tonight at the Walnut Street theater. The colored clergy of the city made a formal protest to Mayor Weaver against the production, claiming that "lynchings have been encouraged by the play." The mayor refused to take any action. About half an hour before the theater opened, Ninth and Walnut streets, where the playhouse is located, were packed with colored people. Director of Public Safety McKenna, who had witnessed the scene, begged the ministers to disperse the mob. A riot call was sent in and patrol wagons brought 50 policemen to the theater. The ministers surrounded McKenna and demanded that he stop the performance. McKenna addressed them, saying that he would endeavor to have the production discontinued, but that he was not a censor. This seemed to have a soothing effect and the crowd slowly scattered. Early in the evening a colored man attempted to create a disturbance in the theater. He was arrested, but the police had considerable difficulty in releasing him from the crowd in the gallery.

## HOME FOR ACTORS.

Chicago, Oct. 22.—A home for actors and actresses who have been unfortunate enough to be contracted by pulmonary trouble, is to be founded and maintained in Colorado. The plan originated with George M. Cohan, who announced tonight that he would subscribe \$500 in cash to start a fund and in addition to this, he'll give a special matinee performance each week as long as he appears before the public, the gross receipts to be turned over to the fund. Mr. Cohan will ask the leading actors and theater managers throughout

the country to co-operate with him in carrying out the idea. Peter McCourt of Denver has been requested by Mr. Cohan to select a site for the home, which is to be known as the "Players' Camp."

## TENTATIVE PLANS FOR SECY. TAFT'S IDAHO TRIP.

## ACTRESS FOUND DEAD.

Chicago, Oct. 22.—When the dead body of Mrs. Margaret Leslie, an actress, was found recently in a room in the Palace hotel, it was considered to be a case of suicide, but lately the police have been investigating to see if the woman was murdered. Today the coroner's physician declared that the woman probably was strangled to death. There is no clue to the murderer.

## V. P. FAIRBANKS TALKS.

"Let Well Enough Alone," Burden of His Speech.

Oklahoma City, Oct. 22.—"Let well enough alone," was the political trend of an address by Vice President Fairbanks to an enthusiastic audience of 5,000 persons who assembled here to hear him tonight despite cold, disagreeable weather. Vice President Fairbanks was introduced by J. L. Hannon, chairman of the territorial Republican committee, and the first president of the United States.

Vice President Fairbanks emphasized the necessity for the new state voters to elect as delegates to the constitutional convention men of capacity, men with an aptitude for constructive legislation and men who can fairly anticipate the necessities of the future. Speaking of corporations, he said: "It is indeed the highest degree important that in a great and growing state such as Oklahoma, there should be no undue restraint put upon capital in its upward and forward stride. It is positively correct and all public money should be used to the best advantage in the state. I know that to the people of this state, as well as to the people in their individual capacity and the community itself from any undue encroachments. The public A. I. be protected and corporations against any perversion or prostitution of these necessary instruments and agencies in the development of trade and commerce."

## PURE FOOD RULES.

In New York They Seem to Give Satisfaction.

New York, Oct. 22.—The rules and regulations to govern the enforcement of the pure food laws seem to give general satisfaction. This is certainly the case, if views expressed yesterday after a superfluous reading by various representatives of the branches of business affected are true indications. Confectionery interests are perhaps the most disappointed as the regulations fail to give information for which they have been waiting, namely what coloring matter they may legally use.

President Hoops and other officers of the National Confectioners' association said the commission will be asked to shed more light on their real meanings.

## A MOST WORTHY ARTICLE.

When an article has been on the market for years and gains renown every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best kn men in the world, a physician, writes: "I know of no other remedy so effective as Ballard's Horehound Syrup. I know of no other remedy so effective as Ballard's Horehound Syrup. I know of no other remedy so effective as Ballard's Horehound Syrup."
