

DEMANDS OF FRENCH MINERS

They Are, Shorter Hours, More Pay
And Pensions.

INVOLVE IMMENSE EXPENSE

Should a General Strike Take Place
Might Prove Question of Life and
Death to the Republic.

New York, Nov. 21.—The question of a general strike of the French miners, says the Paris correspondent of the London Times and the New York Times, is again causing anxiety. Since the reopening of the chambers the premier, the minister of commerce, and the minister of public works have been kept busy with audiences in which they formulated their opinions. The labor exchanges ring nightly with speeches by stump orators.

The miners' three demands—shorter hours, more pay and pensions—would, if granted, says the correspondent, involve an annual expense to the state of \$9,000,000 francs.

The dispatch says it is evident that the leaders of the miners take no real interest in a complete settlement. The men's demands, if granted, would inevitably cause the ruin of the majority of mine proprietors and shareholders. If the correspondent declares, the general strike takes place it will prove a question of life or death to the republic. The importation of foreign coal would result in violence on the part of the miners. What would be the conduct of the soldiers, so long as the object of the insurrection of the reactionaries and socialists?

The correspondent asks: "Can the government count on the troops?"

Union Picket Killed.

Chicago, Nov. 20.—The contest between union and non-union at the Allis-Chalmers machine shop in this city, where a strike has been in progress for several months, resulted tonight in the killing of a union man who was patrolling the factory district in disregard of the recent injunction issued by Judge Kohlsaat of the federal court. The dead man is supposed to be Geo. Trapp, and his slayer was Andrew Burkhauser, who recently came here from Baltimore.

Trapp, in company with another man, attacked Burkhauser and a second non-union man, and fell Burkhauser to the ground with a piece of gaspipe. While he lay on the ground, Burkhauser drew a revolver and fired at Trapp, the bullet striking him in the left eye. Death resulted in a short time. Burkhauser was arrested in a doctor's office, where he was having his head sewed up.

Replying to a message of condolence on the death of the late amir, and of congratulation on his own accession, Habibullah has informed the Afghans that he will follow in the footsteps of his father in all his relations to the world.

Afghan refugees from India are now

journeying to Kabul in large numbers though only those with passports are allowed to pass Jamrud, at the foot of the Khyber Pass.

SIX MEN SAID TO BE THE PRINCIPALS IN A MONEY TRUST.

These financiers, who control about \$1,000,000,000, are said to be the principals in what is practically a money trust in New York city. They have at their command 80 per cent of the deposits of the New York banks, and it is also said that they control the larger banks and trust companies in Boston, Providence, Philadelphia, Chicago, Cleveland, St. Louis, Kansas City, Denver and New Orleans, which gives them almost complete control of the money interests of the United States.

WILL MATHIS SURRENDERS

Closely Pursued by Officers, He Walks into
Town and Gives Himself Up.

He is Charged With the Wanton Murder
of Two Deputy U. S.
Marshals.

Oxford, Miss., Nov. 20.—Will Mathis, who is charged with the murder of two deputy marshals, Montgomery by name, walked into the little town of Oxford, twelve miles south of here tonight and surrendered to a justice of the peace and two citizens. Mathis has been closely pursued by a large posse with bloodhounds, and realizing that his capture was certain, the fugitive voluntarily gave himself up and asked for protection. He was turned over to the posse and started for Oxford, but it is understood at a late hour tonight that he will not be brought to this city. The officers fear mob violence.

When the news reached Oxford, the streets were immediately filled with people, and for a time there was great excitement. Bonfires were built and many threats of summary vengeance against the alleged murderer were heard on all sides. Addresses were made by the local officers and cool-headed business men, and at 11 o'clock tonight the excitement has subsided, and it is believed that the threatened lynching has been averted. The local officers announce that they will protect the prisoner at all hazards.

The two murdered deputies, brothers named Montgomery, went to Mathis's house to arrest him for alleged moon shining. On the following day the bodies of the two Montgomerys were found in the ruins of Mathis's house, which had been burned. The bodies of the two men had been taken to the Yocana bottoms, where last night he was released by the posse of citizens and officers.

Mrs. Mathis and three negroes are under arrest in Oxford, charged with complicity in the murders. Before a coroner's jury the details of the revolting crime. The negroes under arrest are George and Bill Jackson, brothers, and Orlando Lester.

The negro Lester states that Mathis induced the officers to spend the night at his house and shot them after they had gone to bed, the negro holding the coroner. The negro procured the gun for Mathis from Mat Owens, Mathis's father-in-law. The latter loaded the gun with buckshot before sending it to Mathis.

Mrs. Mathis has confessed to being in the house when her husband killed the killing. She left her father's soon afterward and Mathis, the negro says, taught the bodies of the slain men and pistols, pulled the bodies on the floor, placed a straw mattress over them and set it on fire. Mrs. Mathis and the negro Lester states that Bill Jackson, who left before the shooting occurred, tried to prevail on Mathis not to commit the crime.

Strikers' Terms Granted.

San Francisco, Nov. 21.—Two more machine shops and a foundry have granted the terms of the striking iron workers. Those are Meese and Gottfried, the California Machine Works and Kennard and Barry, foundrymen. They all have agreed to pay an increase of 25 cents an hour in wages to their employees to make up for the reduction in hours.

Trouble Over Buffalo Awards.

Buffalo, N. Y., Nov. 20.—Frederick C. Sisco, an attorney, is authority for the statement that Justice Childs has ordered the taking of testimony before a referee with respect to the legality of the Pan-American exposition awards. Sisco also says that the justice has issued an injunction restraining the exposition company from discharging any of its officials or agents until the case is settled. The ground for the action is the irregularity in the making up of the jury awards. The members of the jury resigned yesterday. It is thought possible that other dissatisfied exhibitors will follow the example of the one bringing the present action.

Favors Cuban Annexation.

New York, Nov. 21.—Lieut. Commander Lucien Young of the U. S. navy, has arrived here from Havana on leave of absence. He is captain of the port at that city, and has charge of all marine matters in Cuba. In discussing the relations between Cuba and the

United States, he expressed himself in favor of annexation, saying: "The economic conditions of Cuba at the present time are worse than ever in its history, even worse than at the close of the ten years' war. Its sugar is being sold at \$1.15 for 100 pounds, when it costs \$2.75 per 100 pounds to raise it; ten per cent of the tobacco crop is unsold and sweating in the barns. There is not a candidate booked for office in the senate or in the congress who could sign his name for a five dollar check."

"All the successful industries of Cuba are dependent on the United States and annexation is the only salvation of Cuba, for annexation means free trade with us."

Will Not Aid Marie Eastwick.

New York, Nov. 21.—According to the Press friends in this country will not try to aid Miss Marie Josephine Eastwick, the rich young woman from Philadelphia who was sentenced in London recently to six months' imprisonment for forgery. At least that is the wish of her relatives here. Her brother, Edward P. Eastwick, president of the Eastwick Engineering company, said he did not think any such action would be necessary. His father, he explained, is in London and will appeal to the home secretary for a pardon. Miss Eastwick, who is known favorably in New York society, as an expert "whisperer" of the stock exchange, and a member of the Canadian Pacific Railroad for \$500,000. The forgery was a clumsy affair and the act was discovered before the certificate could be negotiated.

"There is nothing to be done on this side," said her brother. "The court record shows she was mentally unbalanced when she committed the crime, and we expect she will be released from prison quickly. My father then will take her to a sanitarium for a long rest."

Pro Boer Meeting Broken Up.

London, Nov. 20.—Sir Patterson Nickalls, J. P., a prominent member of the stock exchange, presided last night at a pro-Boer meeting held at Maldstone, Kent. Several hundred toadies occupied the gallery for the express purpose of creating a disturbance. Immediately after Sir Patterson Nickalls, who is a liberal, commenced to speak he was interrupted by groans and songs. Finally a lot of rowdies stormed the platform and the meeting broke up in great disorder.

On the stock exchange today, the brokers' passed the time in singing "God Save the King," and in making various other demonstrations against the unpopular member.

Statement by Gov. Van Sant.

Minneapolis, Minn., Nov. 20.—The following statement was given out from Gov. Van Sant's office today: "Owing to the great interest of the people of the West and the great desire to see the attempt to consolidate the Great Northern and Northern Pacific railway lines resisted by Gov. Van Sant has concluded to invite the governors of the states having anti-consolidation laws similar to those of Minnesota, to join in an effort to fight the great railway trust."

It is understood that a conference of the governors is to be planned to consider the best methods of fighting the Northern Securities company, propositions in the courts and by new legislation if necessary.

YOUNG FARMER DISAPPEARS

Ed Jay of Pleasant Grove Was Lost
Track of Two Weeks Ago.

Ed Jay, a young farmer of Pleasant Grove, has been missing from his home for the last two weeks. He came to the city about two weeks ago with a load of potatoes, and says such men were at a lively stable on South State street, expecting to come for it later in the day, and he has not been seen by any of his friends since. A number of the latter, from Pleasant Grove, have been making a diligent search for him, but thus far they have discovered no clue to his whereabouts. He has on previous occasions shown symptoms of mental derangement and it is feared that he has gone insane. The police are assisting in the search for the missing man.

TRAVELING MAN IS LOST.

His Employer Comes West to Look
Him Up.

C. F. Des Camps of Detroit, Michigan, who has been representing the wholesale house of the F. F. Jacques Tea company of Chicago, has been lost track of by his house for some time and now Louis F. Jacques is in the city trying to get trace of him. Des Camps' disappearance completely baffles Mr. Jacques, for the latter states that the drummer was an excellent salesman, a man of family, and his accounts with the firm are perfectly straight. Des Camps was in Helena on November 6 and left the next day. Since then his whereabouts have been veiled in mystery. He was registered at the Kenyon on October 31st, and when he left he ordered his mail sent to Pocatello.

The chief business of the meeting was the election of officers. Geo. Mittendorf, Yale, '99, was chosen chairman, and M. Ogden, of Princeton, secretary and treasurer. The charge of committee which will have charge of the schedule is composed of Ogden, Princeton, Mittendorf, Yale, and W. B. Shoemaker, of Columbia. Cornell's application for membership was not officially received but it is understood that Cornell is desirous of joining if possible.

WHAT'S IN A NAME?

Depends upon the name, Scott's Emulsion is a name that has value. Maybe it doesn't mean much to you—but to the consumptive who has been strengthened and fattened, to the sickly children who have received good health, to the weak mothers and babies who have grown strong—to these Scott's Emulsion means something.

To all of them it has meant an easy and natural return to health.
