Depress and Disaster.

SAN FRANCISCO, 6.—A frightful
accident occurred this afternoon in a
saloon, whereby Thos. Mullen, a
cooper, was shot dead by Edward
Lacey, another cooper, in a drunken
frolic. Both men had spent the day
visiting saloons, and were much in-
toxicated. After taking a drink in
the saloon where the tragedy occurred,
Mullen felt a pistol in Lacey's
pocket, and told him to exhibit it,
when Mullen placed the muzzle in
his mouth, telling his friend to pull
the trigger. Lacey did so, and the
pistol was a self-cooper, and Mullen
fell dead. The two have been warm
and intimate friends for the last 11
years.

Galveston, 6.—In Galveston yester-
day the jury found C. D. Sharper
guilty of rape, and sentenced him to
penitentiary at 50 years in the peni-
tentiary. The crime was committed
on the person of Emma Clark, after
the death of her husband, Sharper
was living as husband.

Bridgeport, 6.—The hearing in the
Rose Clark case was in progress ses-
sion all day at Stratford. All sorts
of rumors are flying, and every one
gaining ground toward Norman
Ambler, former husband of de-
ceased, from whom she was divorced
two years ago. Ambler recently wrote
letters to de-ceased, urging her to
forget the past and live with him
again. She refused, being engaged
to a Mr. Lewis, cousin of her late
husband. Relatives of Lewis claim they
heard Ambler say Rose should never
marry.

The hearing in the Rose Clark
murder case is still secret. A num-
ber of witnesses were examined,
among them Dr. Matting who made
the post mortem examination. It is
now generally stated that no rape
was committed, which strengthens
suspicion toward Norman Ambler,
Rose Clark's former husband. Am-
bler, who was in this city for several
persons. Rose was also seen in
company with a man Sunday evening
after leaving Wm. Lewis's
house, and it is believed that he was
known, but it is suspected he was
Ambler.

Brighton Beach, 6.—J. P. West-
cott, sometime in the company of the
Island Club pool room, West Brighton,
is a fugitive, and short in his
accounts from five to six thousand
dollars.

San Francisco, 6.—A second murder
occurred this evening. Edward
Davis and Joseph Jeffcott, both em-
ployed in Woodward's Gardens, got
into an altercation, Davis attempted
to strike Jeffcott with a hammer,
when the latter drew a revolver and
shot Davis dead.

Frederick, 6.—Frederick Lauer,
a well known brewer and first presi-
dent of the U. S. Brewers' Congress,
is dead, aged 78.

Washington, 6.—A Commodore
English landed to be landed. The
Commodore, which it would be im-
possible for the marines now
camped near Pensacola to be moved
north at present, but the marines
him to move the camp further from
the infected district, if the quaran-
tine authorities would permit it.
He authorized him to inquire if the
marines would be allowed to pass
through the Gulf States, in case it
were decided to move them north.
There has not been yellow fever
among the marines since they were
sent to camp. No new cases of fever
yesterday among the naval forces;
one death in hospital, private Pen-
nington.

The Surgeon-General of the Marine
Hospital service received a dis-
patch this afternoon from the presi-
dent of the Board of Health at
Baltimore, stating that house to
house inspection had been discon-
tinued, and reporting that the fever
is getting worse at the Navy Yard,
there having been 24 deaths in the
last 24 hours. He stated also that
he was improving the cordon
around the Navy Yard wherever he
could.

Senator Gorman, of Maryland, and
a committee of the Board of Trade
of Baltimore visited the office of the
Surgeon-General of the Marine Hos-
pital Service this morning, to ask
that vessels bound for Baltimore
be allowed to pass the Cape
and be quarantined twenty days
before reaching Baltimore. Mr. Ham-
ilton told them the quarantine at
the Cape had been established at the
request of the municipal authorities
of Baltimore, and if the latter as-
sented the request of this delegation
he would lay the matter before the
Secretary of the Treasury, otherwise
he declined to have anything to do
with making a change.

Galatin, Mo., 6.—A large audi-
ence was in attendance to hear
the prosecuting attorney close for
the State in the James E. Evans
case. The majority of the audience
were in sympathy with the State. There
was enthusiastic applause accorded
to the speech. The balliff then
took charge of the jury, which re-
turned at 2.30. The prevalent idea
the jury will disagree or return a
verdict of murder in the second
degree. Court adjourned till 4
p.m.

Col. Shanklin spoke for the pro-
secution in the case yesterday
morning, consuming nearly all the
morning session. He was followed
by ex-Lieut. Governor Charles E.
Johnson, of St. Louis, for the de-
fense, who made an elaborate speech
occupying most of the afternoon.
His chief points were similar to
those of Col. Phillips yesterday, but
he was more concise and more
more confident. He counted but four
men who were engaged in the Win-
ston robbery, and that Frank
James was not one of them; that
the Liddell testimony was not reli-
able; that it was not properly corrob-
orated; that the State had been
closed with an impassioned appeal
for a verdict of acquittal.

It would be improper for me to
comment upon the case. The case
has been pushed with great energy. It
has been both prosecuted and de-
fended with great ability; perhaps
more so than in any other criminal
case in the history of the state.
"What effect does the acquittal
have upon Frank James, in regard
to the reputation from Missouri?
Are there not other indictments
here?"
"I believe so, for the murder of
Westcott, and the robbery of the
Blue cut robbery. He would still be
regarded as in the custody of the
State, so far as requisitions from
other States are concerned, yet but
what course will be pursued towards
him in the counties where the in-
dictments are found, I cannot say."

Scranton, Pa., 6.—By an explo-
sion of gas at Fairview mines this
afternoon, Donel Sargis, secretary
and treasurer of the Fairview Coal
Company, and John C. Blackwood,
were fatally injured.

Waterbury, Conn., 6.—Twenty
towns in Naugatuck Valley report a
famine for the crops here. Espe-
cially tobacco and buckwheat. In
Southbury thirty acres of tobacco
were destroyed. Corn, grapes and
melons are threatened.

New Orleans, 6.—H. Dudley Cole-
man & Bro., iron founders and ma-
chinalists, are suspended. Liabilities
\$250,000; assets \$100,000. The sus-
pension was caused by inability to
realize on investments. It is said
the firm will resume business.

Houston, Tex., 6.—The 254
gas struck the steamer *Lamp-
post*, increasing in fury as the day
advanced. The steamer was fre-
quently swept by seas of fearful
power. The wind blowing with ter-
rible violence and the sea rising to a
furious height, and threatening every
thing on board. At 11 o'clock the
steamer was at its height, and the
mercy of the elements. Great
waves were breaking over the ship,
and the crew were in a state of
panic. The ship was struck by a
large wave, and the crew were in a
state of panic.

San Francisco, 6.—A second murder
occurred this evening. Edward
Davis and Joseph Jeffcott, both em-
ployed in Woodward's Gardens, got
