### OGDEN NEWS.

OGDEN, UTAH, - AUGUST 1, 1901.

#### SOLD ADULTERATED MILK.

State Food Inspector Heiner Accuses Prominent Dairyman of Defrauding the Public.

County School Census Shows Small Increase—Death of Mrs. Silverstein—Deaths from "News" Business.

Last evening warrants were placed in the hands of Sheriff Layne for the arrest of O. B. Madison, proprietor of the model dairy, James Combs, proprietor of the Utah dairy and William Thompson, dairyman, on the charge of dispensing adulterated milk to the citizens of Ogden and Weber county. The complaints were sworn to by State food commissioner for Utah, Moroni Fisher, before Justice Parker J. Hall. The dairymen arrested are among the leading milk dispensers in the city and have a very large patronage. They have been selling milk for a number of years and have been considered reliable business men, and have prospered in the community. When it became rumored around the city that the men mentioned had been arrested on the milk charge, many people expressed their great surprise, and even doubted the truth of their being guilty of selling adulterated milk. Each of the dairymen are accused of selling watered or skimmed milk; that the Utah dairy's milk was too low in its cream content. One of the dairies is accused of using formaldehyde in the milk to prevent its souring.

Mr. Heimer has made a number of visits to Ogden late for the purpose of investigating the qualities of the milk sold in Ogden by the dairymen, and his visits convinced him that the people of Ogden were being swindled. He has made a number of tests required by law of the milk sold and found that it was wanting in quality. The law provides that any person guilty of selling impure and adulterated milk is guilty of a misdemeanor and shall be punished by a fine of not less than ten nor more than one hundred dollars for each and every offense.

#### MISSED HIS BUGGY.

Mr. Ives, the well known real estate man, who yesterday left his home at 10 o'clock and left it tied outside. He went in the depot a short time. Upon going out for his horse and buggy, in his great surprise he found the buggy gone. No trace of the buggy anywhere could be found. The matter was reported to Sheriff Layne, and a search was sent in all directions. Last evening it was discovered that the buggy was at Nelson and Felt's livery barn, where it had been taken by Mr. Nelson himself by mistake. A telephone message was received at the livery barn to go to the depot and get a horse and buggy. Mr. Nelson responded to the call, and on arriving at the depot found only the one horse and buggy and drove it to the stable, where the animal was well cared for until called by the owner last evening.

#### LEVAN.

Pioneer Day Honored—Death of Mrs. C. M. P. Christensen.

Special Correspondence.

Levan, Juab Co., Utah, July 27.—Pioneer day was fittingly celebrated in our small town.

The brass band serenaded the town from 6 till 10:30 a. m., when a meeting was held in the opera house, where an interesting program was rendered. Afternoon amusements consisted of dancing for the children and a baseball game between the married and single men, for a prize of a hat and ball, which was won by the boys. The day concluded with a ball in the opera house.

Semi-Centennial of the Settlement of Juab County.

Special Correspondence.

Nephi, Juab Co., July 30.—A very enthusiastic mass meeting was held in the large tabernacle last night, for the purpose of making preliminary arrangements for the mammoth celebration which will be held here Sept. 25th, it being the semi-centennial of the settlement of this county. Speeches were made by Mayor Grace, Bishop Parkes, Chas. Sperry and David Cadier, and heartily favoring the project. A committee of forty-three, with Mayor Grace as chairman, was appointed and is composed of the public spirited men and women of the community, the every good and worthy work. Deceased leave a wife and four sons to mourn his exit from mortality. He was one of the most successful fruit raisers in our valley and regarded by all as a good honest man.

#### Feeding to Fit.

is the problem with infants. The growling child ever changing needs, but a perfect milk can never go amiss. Borden's Eagle Brand Condensed Milk is the acme of substitute feeding. Send for "Baby's Diary." 71 Hudson St. N. Y.

## VERNAL.

PROSPEROUS COUNTY SEAT.

Thrifty Business People—Bonanza in Road Making Material.

Special Correspondence.

Vernal, Uintah Co., July 29.—Settled, by Utah valley people, in 1873, Vernal has made rapid strides to place itself side by side with its sister cities of the state. Every facility is offered here that was enjoyed in the old homes of the settlers, except the railroad and the lake; that the former will come in the near future is the great desire of the settlers here, and the latter will appear when the people build their reservoirs up toward the head waters of Ashley river, as contemplated.

The first and foremost of Vernal's many conspicuous marks of enterprise is the grand wide-spread big brick structure, with the superscription, "Public Schools," over its main entrance. It does honor to the people of Vernal.

The handsome brick and stone court house—set in the center of one of the spacious blocks looking cool and pleasant in its surroundings of grass plats—is quite a notable building, well adapted for doing the business of the county.

The Stake tabernacle, now in course of construction, will be a grand building. Mr. Andrew Berkley has the contract for laying some four hundred thousand bricks in its walls, and expects to have the work completed by October. Hugh Ross, Andrew Andebers and Albert Jensen of Provo are working on its walls. The roof will be put on this year, but the work on the interior will lay over for another season.

#### CHEAP ROAD MATERIAL.

Asphalt sidewalks are in order here, and preparations for extending them are under way. Mr. George A. Slough is at work on a contract to deliver asphalt to surface a portion of the main business street at \$1.19 per ton. A section of the work now finished shows excellent results; and with the nearness of the asphalt beds Vernal can furnish herself with the best of walks and roads at a very small cost.

#### NUMEROUS BUSINESS HOUSES.

Some nine houses are doing business here in the goods line. There is a new saddle and harness makers, R. Jensen, the winner of last season's prize for the best saddle at the Utah Fair, is here, and at this remote place receives orders from near the metropolis for his celebrated saddles. Butcher shops, drug stores, photo gallery, together with four saloons, make this a busy county town.

The success of the military post at Fort Duchesne, and the audacity paid the Indians, all help to augment the business done at Vernal, which is quite extensive. The Co-op. store does a great share of the business here.

#### DAIRY PRODUCE.

Mr. Parley Ford, graduate of the Agricultural College, Logan, is running the creamery here, and reports the output for July at 2,400 pounds of butter and 5,000 pounds of cheese, with a good market for all he can produce.

Notwithstanding the many resources of the Uintah valley some of its residents are moving to the Big Horn country in Wyoming.

Mrs. Rick's hotel has been crowded the past week. Her endeavor to please her guests meets with the patronage of the traveling public.

#### FAILURE IN HONEY.

C. C. Bartlett and Sons, who made such a heavy shipment of honey last season, report a failure in the yield this season, and claim that the presence of innumerable minute insects in the flowers of the lucern eating, with a good market for all he can produce.

#### INTERESTING FOSSILS.

Among the varied resources of Vernal are the fossil bones of antediluvian monsters found in a formation of blue clay on the ranch of Mr. Jean Daniels near Green river. He has now at his barn in Vernal several sections of the vertebra of the monster and a portion of the knee joint coupling, seventeen inches in width and forty-seven inches in circumference. This bone would, no doubt, be eight feet long. If all the fragments were found, these bones are supposed to be part and portion of a monster lizard with an unpronounceable scientific name, about twenty feet in height and some sixty feet long. The dimensions are only applicable to the animal. Mr. Daniels is anxious to give Prof. James E. Talmage free transportation to his antediluvian deposits. The doctor is expected here on a visit to the summer school which will open in a few days.

#### PIONEER DAY.

The 24th was spent at Winn's Grove, a spot well suited for the occasion. The shade of the grand old cottonwoods over dancing floor, stand and audience, together with the coolness of the day, made the affair quite enjoyable. The brass band, in their fine uniforms, under the able leadership of Prof. George Adams, delighted the assembly. The execution of a medley of patriotic airs, as moved the heart of one sturdy old rancher, that he handed a half dollar to one of the bandmen, saying, "That's worth fifty cents to me." R. S. Collett's oration was a splendid tribute to the Pioneers present and to the pioneers gone to their well merited rest. Many good speeches were made, interspersed with music and song.

Races on a splendid track within good view of the stand were held in order, in which Mr. Andrew Berkley's pacer and Mr. H. G. Soward's trotting horse were winners.

The finale was a ball game between the boys from the Fort and the Vernal nine, resulting in a victory for the Vernal team. The troopers from the Fort took their defeat all in good heart, and left for Fort Duchesne next morning well pleased with their holiday.

#### "NEWS" AGENCY.

C. B. Bartlett is now agent for the Deseret News at Vernal.

## LAKE TOWN.

Sudden Death of Charles H. Alley, a Most Worthy Citizen.

Special Correspondence.

Lake Town, Rich Co., July 30.—Elder Chas. H. Alley Sr., of South Eden (Lake Town precinct and ward) died very suddenly on Saturday last. He was apparently in his usual health—took dinner with his family—and a short while after complained of feeling a little uneasy in his stomach. He came to his house from his gardening and took a little soda, and on going out to work dropped down at the threshold of his door and expired. Funeral services were held on Monday at 2 p. m., and consoling remarks were made by Elders Wm. Gordon, Jos. Irwin, N. M. Hodges, J. W. Satterthwaite and Bishop Ira Nebeker. The latter stated that he had been Elder Alley's Bishop for thirty years and had ever found him true to the Church, always willing to assist in every good and worthy work. Deceased leaves a wife and four sons to mourn his exit from mortality. He was one of the most successful fruit raisers in our valley and regarded by all as a good honest man.

## LEHI.

Demise of Mrs. Sorenson—Outing of Sugar Factory Workers.

Lehi, Utah Co., July 31.—The funeral services over the remains of Sister Ellen Sorenson of this place were held today at 2 o'clock at the branch meeting house all of the speakers being old acquaintances of the deceased.

Sister Sorenson was born in Norway some seventy years ago, and at about the age of 39 years, she became a convert to the Latter-day Saint faith, immigrating to Utah ten years later, since which time she has been a resident of Lehi. Sister Sorenson was a very active worker in the Church, confining her labors to the Lehi few years principally to the Primary association. She leaves one daughter and a number of stepsons, together with a great many friends to mourn her departure.

#### SUGAR FACTORY WORKERS' OUTING.

The Utah Sugar company finished up running through its low grade molasses last evening, and tomorrow the employees are going to have an outing at the Saratoga resort. Great preparations are being made to make it a grand affair and amongst the notable features of the occasion is a match game of ball between the employees (Lehi vs. American Fork boys), a boat race, Mr. Drying and Mr. Slade being the contestants and a tug of war. Liberal prizes will be given in all contests.

Next Friday a match game of ball will be played in the city park between the Red Gales and Draper for a purse of \$200. Both teams are confident of winning and great interest is being manifested.

## IDAHO.

Weekly Crop and Weather Bulletin.

U. S. Department of Agriculture, Idaho Section, Climate and Crop Bulletin of the Weather Bureau.

Boise, Idaho, July 30, 1901.—Cloudless skies and high temperature were continuous throughout the week, the temperature rising to 107 degrees in some sections. On the 26th and 28th light showers occurred over a limited area of the southeastern part of the state and the temperature was slightly cooler than in the moderate abundance of the dates. In the elevated sections more than the average amount of high, drying winds occurred.

#### CROPS.

Fruit: In well cultivated orchards the fruit has stopped dropping and is making a growth sufficient to develop good quality. Early apples, pears and plums are in the market. Owing to the late freeze the southwest fruit district will produce a comparatively small shipment, but the crops of apples and pears are proportionately greater in the Payette and Weber sections than about Boise. Raspberries are coming into market in moderate abundance.

Hay and Grain: Haying is well advanced in all parts of the state, the second crop of lucern being mostly harvested throughout the southwest counties. The second cutting of lucern will be heavier than the first in all sections where water for irrigation is sufficient. A good third cutting is in prospect. The wheat harvest commenced last week with the outlook for nearly average yields. Hard wheat and slight below average for early sown spring wheat and oats. In the "dry farm" sections of Bannock, Bear Lake and Oneida counties the yields of grain will be exceptionally light, but irrigated grain and other crops in those counties give promise of good results. The weather has been unusually good for securing hay in good condition and for progress of the grain harvest.

Vegetables and Melons: A large crop of potatoes is now in prospect throughout the western counties and in sections of Fremont and Bingham counties; elsewhere limited yields are indicated as the result of drought; melons are plentiful and quality is good.

Stock: On the high mountain ranges the grass is more abundant than usual, but on low ranges it is exceptionally scarce. The condition of the stock varies with the grass on the range. On the high ranges the stock is fat and needs for shipment direct to market, but on low ranges its condition is poor. In some southeastern sections the scarcity of water has contributed to the poor condition of stock.

# WALKER'S STORE.

(Store Closes Saturdays at 6 P. M.)

WE HAVE BEEN PLANNING AND SCHEMING FOR DAYS TO MAKE Friday and Saturday of more than usual interest to our patrons, and in our anxious efforts to hunt and fish out the best things for them we have almost entirely lost sight of price. There are things here which your economy bump will insist on securing. May be slightly unpleasant to brave the heat, but when here, the Store is a restful place and the prices are cooling.

\$16.00 to \$18.00 Black Silk SKIRTS—\$9.75. 2 to 4 p. m. Saturday.

Fresh from the case 50 bright new skirts have just peeped out. Modish, dressy, full of skirt-style and goodness, not stock you've seen before. They're spic span new ones our buyer hastened on for this event. The price is much under what we had thought to mark them, even for this special offering, but for the sake of making things hum we cheerfully lay aside the profit. They are all of black taffeta, well made and finished with utmost care. Some are closely tucked from waist to flounce, flounce trimmed with many rows of narrow silk ruching; others show six rows of narrow accordion pleating extended from bottom of skirt upwards, terminating in silk gauze ruch; others still have two wide flounces of accordion pleated silk gauze or somewhat narrower flounce with applique serpentine bands; too many styles to describe them all, but they are all equally attractive. Never have we offered you a more favorable opportunity to attend to your skirt wants at so little cost; a BEST skirt may be had at the price you usually pay for a common one. They are for \$16 to \$18 retailing, \$9.75 but for this sale, 2 to 4 p. m. Saturday, \$9.75

GOOD SOAP ONE HALF. 2:30 to 6 p. m. Saturday.
