### FEDERATION COMMITTEES.

President Neils Assured Gathering That Labor Temple Will Be Built.

At the regular semi-monthly meeting of the Salt Lake Federation of Labor which was held last evening in the hall, the standing committees were appointed to act for the present year, and the reports of committees were received.

President A. H. Neils referred to the proposed Labor temple, and stated that it would be an assured fact in the near future.

The committees appointed were those on organization, legislation and arbitration as follows:  
Organization—P. E. Hart, N. T. Thurston, J. G. Wicks, R. Steiner.  
Legislation—A. E. Harvey, S. A. Burbanks, R. W. Jones, F. A. Westerlund.

Arbitration—B. W. Williams, R. E. Currie, L. J. W. Winter.  
The labor day committee reported that owing to the absence of a number of members of the committee, no action was taken in regard to the celebration at the last meeting. This is expected to be considered at a meeting to be held on Sunday morning in Federation hall.

### FINDS BAD MILK.

City Food and Dairy Inspector Puts New Ordinance to Work.

In the first day's crusade against milk dealers, Walter J. Frazier, city food and dairy inspector, secured several samples of milk yesterday which he took to City Chemist Harms to be tested. The sample contains formaldehyde and about 1,500 Store building.

There were several other samples taken out of milk wagons where the milk was above the maximum temperature allowed by the new ordinance.  
Frazier contained a five-gallon can of milk consigned to Salt Lake City by J. H. Wilcox of Farmington yesterday. He found that the milk had been watered and skimmed. Last Thursday afternoon, Frazier, city food and dairy inspector, went to Park city to investigate the conditions of the milk supply there. They found that the

shippers were not careful enough in having the milk covered while it is being shipped. The railroad and express companies also delay the shipment of milk and do not unload it as soon as it arrives in the city. Much of this milk is above the normal temperature.

Frazier advised wholesalers who are feeding milk to children to get a milk thermometer and if it registers over 60 degrees the milk should not be fed to babies.

### MISS LINDSAY RETURNS.

After an absence of three years in the east, where she has been following the dramatic profession, Miss Ruby Lindsay has returned to Salt Lake City. She is the daughter of the late John Lindsay, the well-known actor. Her return home, which was a surprise to her mother and friends, was due to her company suddenly breaking up on account of the hot weather at Davenport, Iowa, where she has been leading a troupe of a stock company for several months past.

During her absence Miss Lindsay was a member of a stock company at the People's theater in Chicago for over a year. She also traveled through the New England states during two seasons. She says she is glad to get back home again, though it is a little hard to recognize Salt Lake, as so many changes have taken place during her absence.

### HIS MIND NOT ON HIS WATCH.

So interested was he in his conversation with a friend that D. A. Gould, a laborer in the employ of Raleigh & Harmon, failed to be disturbed by the work of a Mexican as he was rifling his pockets and stealing his watch. It was not until Gould started to feed his horse that he found it had disappeared from the end of the chain, and then he remembered that while in the New England states during two seasons. She says she is glad to get back home again, though it is a little hard to recognize Salt Lake, as so many changes have taken place during her absence.

### SOCIAL AND PERSONAL.

Miss Edna Farnsworth was hostess yesterday at a large bridge tea given at the Country club, honor of Mrs. Leslie Woodruff and Miss Elizabeth Allen, the decorations being in palms and Shasta daisies and 12 tables played with others coming in to tea. Assisting the hostess were Mrs. L. H. Farnsworth, Mrs. Frank Knox and Misses Hazel Sappington, Margaret Harris and Helen Evans.

Miss Edith Holman entertains at luncheon this afternoon for Miss Cora Little, the table being prettily decorated and about a dozen guests present.

Mrs. L. C. Clive entertained at a luncheon today for Miss Bessie Brooks.

Ship "Leviathan" Meats. At Saltair are perfect. Cost same as in town. Quick service.

### HIS VIEW OF UTAH.

"Dick" Little of the Record-Herald, Chicago, writes of the trip of the Chicago Association of Commerce to this city two weeks ago in the following phrases:

In traveling the last leg of the journey homeward the trade delegation went eastward from Boise, Idaho, to Salt Lake City. It was Sunday in Salt Lake City, but there is neither Sunday nor Thursday off Tuesday or Saturday or night or day in any town in the new West when an inspecting delegation from the East comes in sight. The local committee was out in force and came aboard the train at Ogden to give the Chicago delegation safe conduct into Salt Lake City. The Salt Lake committee had a song which they sang all the way to Salt Lake City, in the automobile near the town, at Ogden, near the hotel, at the city hall, at the Commercial club and all the way back to Ogden. It was not the greatest song ever composed, but it was beautifully rendered. It went this way:

They say us Mormon boys ain't got no style.  
Got style all the while.  
Got style all the while.  
They say us Mormon boys ain't got no style.  
Got style all the while.  
Got style all the while.

The Chicago visitor did the conventional thing in Salt Lake City. The delegates heard the big organ in the Mormon tabernacle played and took a

opened at Brighton this week. The hotel is ready to receive visitors again under the management of Davis & Brighton, and the smoke is beginning to emerge from the chimneys of many of the cottages.

Mr. Richard W. Young and ex-Mayor Morris are already settled, and the Gates, Grants, Moyles, Ferrys, Brooks and others will be here within a few days.

Mr. and Mrs. Will Brighton have already opened their indispensable store. Mrs. C. P. Brooks has had the water from the Great Western mine tested and found to be absolutely pure. The likelihood is that it will be piped down to the cottages during the present season.

Mrs. Lucien Ray will occupy the Pyper cottage.
