### MONTANA'S NEW OUTLET.

clouds, while the sunrays scorch A FEW days ago we promised to with an Intensity 'peculiar to ele-with an Intensity 'peculiar to ele-wated regions. No arable land is to be seen on the route, but about seven or eight miles from the track near the Bouth Fork of Bnake River is a stretch of level, fertile country, where Bro. John R. Pool of Ogden with some fifty or sixty families has made a location, which is re-ported valuable and likely to be-come a large and likely to be-ment. The land is level and rich, timber is easy of access, water in abundance can be obtained for irrigation, and the presnects for mining in the status pathol to interval to the the sene and the store a large and the store and the store allow when the papers are diled out they should be forwarded to Hon. Ears B. French, Second Auditor of the Treasury, Washing-ton, D. C. The affilavit may be made before a large a justice of the Paces water in abundance can be obtained for irrigation, and the presnects for mining in the the store allow proved to the the treasury washing-ton. D. C. The affilavit may be made before a large and thrifty settle-duct proved to the the treasury washing-ton. D. C. The affilavit may be made before a large and the treasury Public, or any person water in abundance can be with an intensity 'peculiar to eleprespects for mining in the or Notary Public, or any person adjacent mountains becoming duly authorized by law to take acadjacent mountains becoming daily more inviting, a market for produce is almost assured. This place is about twenty miles north-east of Eagle Rock, but can be ap-promobed from the railroad at a point about fifteen miles north of Territory of Utab, } ss. Snake River in a Lost, a suitable place for passing over that treacher-Personally appeared before me, in and for ous and turbulent stream having the County and Territory aforesaid of been found by Brother Pool.

been found by Brother Pool. There are five hundred men at work on the railroad at Camas, ex-tending it farther northward. Camas is close upon forty miles north of Eagle Beck, and it is the in-tention of the company to push on to Bad Bock, about sixty-five miles further, which will take the line a few miles over into Montana, where it will stop for awhile to see what the Montana people will do towards helping it onward into the heart been found by Brother Pool. Said of in the County of and Territory of Utah, who being duly aworn according to law, de-clares that his age is jears, and that he is the identical person who was a in Company Capf. of the Mormon Batallion, fowa Infantry, and who was dis-on the day of 18 by reason of that he was last paid at on or about helping it onward into the heart of their Territory. The railroaders are mostly from Cache Valley, the graders being under the direc-tion of M. W. Merrill, of Rich-mond, and the laborers on construc-mond, and the laborers on construcaddress is tion under Themas E. Ricks, County of Territory of (or State, as may be) and my place of abode is of Logan, and W. D. Hendricks, of Lewiston. The track is being laid at the rate of about three-Signature of claimant. fourths of a mile a day, Mr. Washington Dunn, agent of Jay Gould. is highly satisfied with "Mormon" me labor on the road, and can make more advantageous arrangements with the representatives of our people than with any others, being able to depend upon their agreecompany ments and having proven by expe-Batallion rience that the work will be done know him to be the identical person to contract. The job is named in the foregoing declaration, and believe that he enlisted and ding to contract. The job is last year about enough money to buy every bushel of wheat raised in Cache Valley during the season. The newly-built part of the road is surprisingly level, and with the exception of the last five or six exception of the last five or six Sworn to and subscribed before miles, the cars pass over it with me this; day of scarcely a jar. Freight for Montana 18 is now received at Eagle Rock, and long trains of ox teams and prairie "schooners" make a continuous line of stifling dust from that point for many miles towards the oaths, and that the above is his signorth. But the railroad town is natur already on the move once more, and In witness whereof I have here-"all hands for Camas" is now the unto set my hand and official seal this watchword. The wagon firms of 18 George A. Lowe, Lowell & Co., Se-(Seal) bree & Co., and others of this city, are doing quite a lively business at the end of the road, although the route is growing gradually shorter and beautifully less, as the narrow fornia, or did not re-enlist, he gauge ralls are thrust forward in should state where and when he nefits that will scorue to tached service." Should there be the officers of the will be carried by The behands that will accrue to inched service. Bhould that by the others of the acturery into the Montana from the building of the any defect in the above, the auditor hall where the body of the Em-Utah and Northern will not only be will send a new form to the soldier, peror lay in state. The hall will be its connection with the great world provided anything is due to him. by means of mpid and easy access to the Union and Central Pacific raliroads, and the chesper and mfer transportation of merchandise, but

and in the winter months would be as e, there may be a million or two blockaded with snow. The road is now well stocked, admirably man-the reckless meddling of the irre-

aged and kept in thorough repair, and its superintendent, Mr. George W. Thatcher, of Logan, is an effi-balance sheet of the year. The frit-balance sheet of the year. THE country through which the Utab and Northern passes beyond Snake River to the new terminus, is a dreary and desolate waste. Greasewood, sagebrush and sand, great the eye of the traveler in end-less monotony after the river is passed, and guests of dry harsh wind carry the loose sand in chesking
