Frank Wallin Has Narrow Escape-Boys Escape from Reform School -Briefs and Personals.

Frank Wallin had a lively time shortly after 10 o'clock Saturday night with five negroes, but fortunately escaped with only a slash in his overcoat. Wallin, with a companion, was standing on the corner of Hudson , avenue and Twenty-fourth street, when the five colored men passed by. The young man with Wallin made the remark,

"See that black cloud passing by," The colored men were angered at the remark and returned to the corner, but Wallin's friend fled up the street. The colored men commenced to abuse Wallin, calling him vile names, which he resisted, striking one of them in the face, knocking him to the ground and jumped on him. The others came at him and he landed heavily on two more of them. One of the other negroes pulled a large knife and struck at Walin, but the blade only struck his over coat, cutting a long hole in the coat, Several gentlemen came along about that time and stopped the fight, other wise it is believed someone would have been killed. No arrests were made,

Squire Coop, the well known musi-clan, left Saturday afternoon for New York, where he will meet Miss Carmer Lesne, and the couple will be married there next Thursday. Miss Lesne was an Ogden resident for a time, but left for New York a few weeks ago. The announcement will be a great surprise to his friends. LECTURE BY ELDER GEO.A.SMITH At the Sunday school union meeting

held yesterday in the Ogden tabernacle, Eider George A. Smith spoke interest-ingly on the subject, "You Are Some-body's Ideal." The speaker said there is a disposition in the human family to conv the science of other to copy the actions of others, be they good or evil. We are imitators largely rather than originators. Environmen has very much to do in shaping the life of every one born in the world. The speaker illustrated this thought by reference to the nomadic life of the Arab, the American Indian and the South Pacific lengths. Arab, the American Indian and the South Pacific islanders, the former veil-ing the face and the latter totally in-different to all sense of modesty. It is well to have ideals that are good ones. George Washington is the ideal American because of his purity of life. American, because of his purity of life his love of country and his unselfish ness. President McKinley was another true and good American. His home life was an inspiration to his country-men and his devotion to his aged moth-er and faithful wife have idealized him in the super filter have idealized him Joseph Smith at who have have idealized him in the eyes of thousands. The Prophet Joseph Smith was an ideal for the Lat-ter-day Saints, for his life was devoted to the cause of God and the upbuilding of His kingdom upon the cast min to the cause of God and the uppulling of His kingdom upon the earth. Th speaker then showed how parents become the ideals of their children and emphasized the need of care on the part of parents, that their children might not contract habits that were not good Sunday school teachers, also, should

live lives of strict propriety. BRIEFS AND PERSONALS. The Game Keeper," one of the best plays on the stage, will be presented at the Grand Opera house tonight. Thursday evening "Rosemary" is the

attraction. A negro pawned a gun at Sam Dros-dowitz's place last week. Saturday evening he called to show the weapon to another colored man and ran away with it.

Officer Sam Thomas was given a delightful surprise party Saturday even-ing by about 20 of his friends. Tonight Elder B. H. Roberts will de-liver a lacture at the Weber stake aca-

demy on "The Witness of the Book of Mormon." Tomorrow night the married folks of the Fifth ward will have a dance and

supper at the ward hall. Energy all gone? Headache? Stom-ach out of order? Simply a case of torpid liver. Burdock Blood Bitters tion. OLD FOLKS' PARTY. An old folks' party will be given this week for all those over 40 years of age. All over the age of 60 years will be honored guests of the occasion. The will make a new man or woman of you. EASTDALE, COL. IRRIGATION ENTERPRISE.

Largest Frontier Ward - Wedding Anniversary. Special Correspondence. World

Although water for Irrigation purposes has in the past been somewhat limited we expect better things in the future, not-withstanding the almost total absence of show in the mountains. Despite the cold weather the farmers of the ward have been steadily at work on the new reser-voir and will almost finish it by spring. We expect also to have a good stream from another source which will more than double the irrigating facilities of the past. Although somewhat isloated and few in number, and to some extent deprived of the luxuries of life, we are not with-out life. The ward organizations are in fair condition, the day school is well at-tended and the people are sociable. Sanford Holman and wife recently cele-brated the sixteenth anniversary of their wedding, and the day was spent in song and speech and general festivity and feasting.

The district school is in a fair condi-tion. The higher department is closed ow-ing to the teacher having the smallpox. Two lower departments are doing well under the lady teachers, who are well liked by the pupils. There is considerable whooping cough among the children, and a disease some-thing like la grippe among many adults as well as children. Business is duil at present. Lots of snow and the prospects are that there will be no quarreling over water this summer.

of Mr. and Mrs. Joseph Woods has been quite sick for several days. A special election will be held here next Tuesday, for the purpose of voting on the proposition to bond the city for \$3,000 to irstall a waterworks system. It is es-timated that this amount will build the reservoir and bring the water to the con-tor of the city, and that \$25 per lot will take it from the watermains to various parts of the city. This is a move in the right direction and all progressive citizens are working for the success of the same.

LITTLE LYLE LYON DEAD.

Child Was Fatally Injured by a Colt on The 12th Inst.

Special Correspondence.

Poea, Summit Co., Feb. 12.—Little Lyle Lyons, the four-year-old son of Abraham and Jenef Lyons, died this morning. His death was caused by a colt running against the little fellow. He lingered for some hours after the accident. The par-ents have the sympathy of the whole ward. Lyle was a lovely little fellow.

This letter was written by the Hon. H. Mason, member of the city council, Jacksonville, Fla. When a man coughs like that, loses flesh, has no appetite and cannot sleep, it is time to worry and it is also time to be very careful to choose only the surest remedy to make strength, create appetite and stop the cough. This one sure, guaranteed

remedy is Vinol. Mr. Mason writes: "I contracted a severe cold which it seemed impossible to cure. It settled on my lungs, caus-ing a hard cough which kept me awake nights and soon weakened my system so that I was in a very bad condition. Vinol was recommended, and I began its use soon the cough stronged I alore its use; soon the cough stopped, I slept well, my lungs healed rapidly, my strength returned and I gained in flesh and health. In fact, this wonderful cod liver oil medicine restored me to a perfect condition, and I feel better and younger than I have for years. There is nothing like Vinol to cure a hard cough and to build up a run-down system." Vinol contains no oil or sickening drugs to upset the stomach and retard its work, and in all cases of throat, bronchial and lung troubles wherever old-fashioned cod liver oil and emul-sions will do good, Vinol is guaranteed to do far more good or we return your money. Try it on our guarantee. Druchi

And and a second second second second NO USE FOR LAWYERS.

State Engineer's Office, Salt Lake City, Utah, Jan. 25, 1994.-Notice is hereby giv-en that George C. Lambert. Jr., trustee for Salt Lake City Corporation, the Utah & Salt Lake Canal Company, the South Jordan Canal Company, eor-porations, whose postoffice address is Salt Lake City. Utah, has made application in accordance with the requirements of Chapter 100 of the Session Laws of Utah. 1903, to appropriate two (2) second-feet of the unappropriate two (2) second-feet of the unappropriate of the Session Laws of Utah. 1903, to appropriate water flowing in Wil-iow Creek, a tributary of Jordan River, in Salt Lake County. Utah, to be diverted by means of a gate in the side of the flime through which Willow Creek is now conducted over the Galena Canal and to be conducted through the said Galena Canal for a distance of about 27,490 feet from said point of diversion to the United States Smelter where the water will be used at all times during each year when prior generating steam, cooling jackets, granulating sides, etc., in Heu of that to be taken from said Galena Canal and stored in Utah Lake by the said city and canal companies. After having been so diverted and used the water will be re-turned to the natural channel of Jordan River at a point immediately west of said smeller. All protests against the granting of said smeller. There is a queer state of affairs in Wabworth county, Wis., one of the best counties in the state, and one in which there is a high grade of intelli-gence. It is claimed that in this county no criminal lawyer has an opportunity to develop his talent, there not being nough cases to practise on. The proscuting attorney has only enough busi-ness to keep him in his office a small time of each term. Most of the cases that come up are of such small importance that they are either dismissed, noiled, or continued. If a Walworth county lawyer wants to make court-rooms resound with his cloquence he must practise law in other counties, where the people are of a more quarrelsome nature. The only case on the Walworth docket that claims any great amount of attention was taken to that tribune! from Lake Geneva, where the defendant in the case is charged with throwing a woman off his front stoop,-Chicago Tribuae.
