

BRIGHTER DAYS FOR FINLAND.

Announcement of Return to a Constitutional Regime Is Made.

ARBITRARY CONDITIONS TO GO

All This Follows Proclamation of Civic Liberty in Russia—Newspapers Uncensored.

St. Petersburg, Oct. 31.—The proclamation of civic liberty in Russia was followed today at Helsinki by the announcement of the return to a constitutional regime in Finland, and the abolition of the arbitrary conditions under which Finland has been governed since the accession as governor-general of Count Bobrikoff, who, in June of last year, was killed by Eugene Schaumann, son of Senator Schaumann, the assassin afterward committing suicide.

Before the news of the manifesto was received, came the workmen's committee which had been urging co-operation with their Russian comrades had declared in favor of a general strike, which commenced today. The entire train service east of Helsinki was stopped after midnight, and a general industrial strike began this morning. The students joined in the movement, urging that all the schools be closed.

The telephone and postal service and the higher educational establishments are closed. The Senate has suspended its sittings and the public offices and banks are shut. It is reported that the members of the senate intend to resign in toto.

The newspapers appeared today uncensored. Big crowds throng the streets. Some of the crowds sang Finnish songs, but no violence has been reported up to the time this dispatch was filed.

The garrison of Swenborg is reported to be disaffected.

Special editions of the Warsaw newspapers containing the text of the manifesto were in the hands of everybody this morning. The streets were filled with crowds earnestly discussing the news. Many persons were unable to realize its significance.

There were public rejoicings at Moscow today over the emperor's manifesto, and the strikers resumed work. Many meetings were held in the streets and one at the university, where Prof. Ivanov addressed the students. The crowd formed a procession in which there were 10,000 persons and paraded through the streets singing patriotic songs, proceeding toward the residence of Gov.-Gen. Bobrikoff, for the purpose of demanding the liberation of political prisoners. On the way they met a force of policemen escorting a body of prisoners whom the crowd wanted released. A conflict ensued in which there was firing on both sides, and two persons were killed.

The factories and many shops are still closed. The Socialists are trying to maintain the strike until full amnesty is granted to political offenders and Gavriloff is removed. There is no hope for the railroads resuming traffic. Cossacks and infantry patrols are still in the streets.

The Hospital

Thankful are They Who Escape the Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases, literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and womb. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

NOBODY IS EXEMPT.

A New Preparation Which Everyone Will Need Sooner or Later.

Almost everybody's digestion is disturbed more or less, and the commonest thing they do is to take some one of the many so-called "bad" purifiers, which in many cases are merely strong cathartics, with violent and injurious effects. These purifiers are in a constant condition of "over-work," so that they will irritate themselves. Cathartics irritate the sensitive organs of the stomach and bowels, and often do more harm than good.

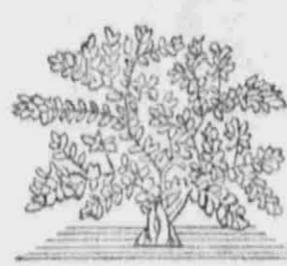

It is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do just this. They put the food in condition to be easily digested and assimilated. They stimulate the secretion and excretion of the digestive fluids and relieve the contraction of the intestinal membranes. They put the whole digestive system in condition to do its work. When that is done you need nothing more than to give the food that does not agree with you. Then take one or two tablets—give them needed help, and you will have no trouble.

It is a common-sense medicine and a common-sense treatment, and it will cure every time. Not only cure the disease but cure the cause. Does about it in a perfectly sensible and scientific manner.

We have testimonials enough to fill a book, but we don't publish many of them. However, Mrs. E. M. Faith of Bay City, Wis., says:

"I have had tablets of Stuart's Dyspepsia Tablets curing all of my dyspepsia, flatulence, etc., for years. As I am a sufferer myself, I wish you to send me a package."

are especially proud. They claim the railroad strike decided the fate of the country.

MURDER AND ROBBERY.

W. J. Hayes and Wife Slain in Their Camp.

Fresno, Calif., Oct. 30.—Three miles east of Fresno this afternoon the mutilated bodies of W. J. Hayes, a pioneer justice of the peace of this camp, and his wife were found dead by the roadside. Hayes was evidently getting supper in his camp which was made beside the road last night, when the trouble occurred that ended in his death and the death of his wife.

Hayes was shot through the back at close range by a shotgun and a terrible blow left the head with a three-cornered instrument left his brains in view. His body was stretched face downward across a shotgun which had not been discharged. A few feet away the wife was dead from a blow on the head similar to the one inflicted upon Hayes.

There was a shotgun found in the brushy short distance from the camp. The old model weapon had been turned wrong end out. It is believed some one came to the camp with the intention of robbing Hayes and that Hayes resisted.

Seattle, Wash., Oct. 30.—A boxing exhibition here tonight was suddenly terminated by the death of a local boxer, who was knocked out by a blow on the heart delivered by Fred Northup of St. Johns. O'Regan died within an hour.

It is reported that a company of relatives of Patriakoff refused to obey an order to fire on the demonstrators there today, but that the officers emptied their revolvers and several workmen were wounded.

The news of the granting of a constitution to Russia caused the greatest joy at Sozopolis. Crowds everywhere in the streets and squares are demonstrating their satisfaction. The railway men

are still closed. The Socialists are trying to maintain the strike until full amnesty is granted to political offenders and Gavriloff is removed.

BERNARD SHAW

IS ALL PUT OUT.

Gots Sarcastic About American People, Tom McAdoo and His Own Nasty Play.

HE KNOWS HIS OWN BUSINESS.

He is Extremely Proud of Having Written "Mrs. Warren's Profession."

New York, Nov. 1.—A cable to a morning paper from London says:

Your correspondent yesterday interviewed George Bernard Shaw in reference to the suppression by the New York police of his play "Mrs. Warren's Profession." Mr. Shaw said:

"If police Commissioner McAdoo has earned by his public services the confidence of the American people as a man of highest character and deepest insight into social and moral questions, greater concern for the good of the community than I. It is not for me to question his qualifications or to reflect on his authority. I have a certain reputation in the world which will not be altered by Mr. McAdoo's conviction that I am a blackguard. The New York police have a certain reputation in the world and that also would not be altered by my conviction. I know my own business better than they do."

I am extremely proud of having written the play. It has made me more friends than any other work of mine, especially among society women.

Mr. Daly offered to abide by the verdict of the New York press. For my own part I would prefer a jury of public spirited women with experience in rescue work and slum life to any other jury whatever. They know how virtuous women live by refusing to pay virtue depreciable."

SHAW'S PLAY SUPPRESSED.

New York, Oct. 31.—The police today stopped the production of George Bernard Shaw's play, "Mrs. Warren's Profession," by arresting Samuel Gumpertz, manager of the Garrick theater, in which the play made its first New York appearance last night, on a charge of offending public decency in sanctioning the performance. Police Commissioner McAdoo ordered that all further performances of the play be stopped.

Manager Gumpertz was arrested on his promise to bring with him to court tomorrow all the members of the company, including Mary Shaw, Arnold Hall, Chrystal Herne, John Findlay, Fred Taylor and George Warren, and also former State Senator W. H. Reynolds, owner of the Garrick theater.

Police Commissioner McAdoo himself saw the play last night and conferred with Mayor McCallan before issuing his order. He warned the company that anyone participating in further performances of this play would be arrested.

The money will be refunded for seats purchased, many persons will be losses through having purchased tickets from speculators at exorbitant prices. Arnold Daly made the following statement this afternoon at the office of his counsel:

"I announced in the beginning that

I would constitute the dramatic critics of New York as a jury to pass upon the fitness of 'Mrs. Warren's Profession.' Their verdict was rendered today. It was against the piece, and I will stand by my word. I will make no attempt to repeat the performance to-night."

I do not consider it dignified on my part to seek an injunction, in view of my announcement made before the opening performance. The Garrick will be dark tonight."

It is said that Mr. Daly spent \$19,000 preparing "Mrs. Warren's Profession" for production.

FAMILY WIPE OUT.

PANAMA CANAL.

Consulting Engineers Discuss Preliminary Reports.

Washington, Oct. 31.—The board of consulting engineers of the Isthmian canal committee held a meeting today to discuss the preliminary reports of the three joint committees, formed for the special study of the lock canal, the sea-level canal and the unit prices for both of these. It is expected that these three committees will be able to submit their reports to the board by the middle of next month, and that the board will be held only once or twice a week and that those points on which special information is desired, will be referred to the committee which makes the best of its opportunity to speak. The decision probably will be reported about five weeks hence.

Clark Inquest Resumed.

Pittsburg, Oct. 31.—The inquest into the death of Le Clark, cashier of the Enterprise National Bank of Allegheny, which was adjourned yesterday on account of illness of Mr. Clark, chairman of the dead cashiers, who was examined by the principal witness, was resumed today. It had been believed that the investigation by the coroner would result in disclosure of the fact that he was a member of a secret bank, but it is now understood that it will not extend further than establishing the fact that Mr. Clark committed suicide.

Days of celebration began Sunday

at the bride's residence. Last night, in the sound of heavy brass gongs and the discharge of fireworks, the bride, heavily veiled, was seated up the front steps of the Clark street, where the final ceremony was performed in less than an hour.

More than 40 guests were present, and the bride received green gifts. Judge W. W. of Indianapolis and Justice Caverly of the Harrison street police court, were the only "foreigners" who saw the ceremony. The bride and groom will live in Indianapolis after a month's celebration in Chicago.

Missionary Work in Rome.

New York, Oct. 31.—No educational work, which is being carried on in that society has more uniformly succeeded or has achieved a more brilliant record than our girls' school in Rome, was the good news to Miss M. E. Holt, president of the members of the Woman's Foreign Missionary Society of the Methodist Episcopal church yesterday. The members listened to reports of the work in Rome by Cardinal Giacomo Sartori, among which was that of this Methodist school for girls in the "Eternal City."

Miss Curnahan reported splendid success in Puebla, Mexico, where she has been working for the past six months. The prospect is good for 1906. In Mexico City 1,200 boys and girls attend the Methodist Institute, not counting the kindergarten. Speaking for South America Miss M. E. Holt reported 87 girls in the

missionary work.
