Correspondence.

Salt Lake to Switzerland—The Elders—Preaching in Berlin, etc.

BERN, Switzerland,
October 7, 1876.

Editor Deseret News:

At the last April conference I, with many others, was called as a missionary to Europe. On the 21st of May Elders N. M. Peterson and Theodore Braendli and your correspondent left Salt Lake City in an unusual snow storm. Our journey to New York was a pleasant and speedy one, being interrupted by a twenty-six hours' "rest" in Chicago. We arrived in New York about 7 a.m., May 27th, and having no particular business nor desire to stay there, and learning that a steamer would sail in about an hour, we concluded to embark at once and not wait three days for the *Idaho*; secured tickets, had to hurry up, went on board the *City of Berlin*, of the Inman Line. In our bustle and hurry we all forgot to leave any word of our sailing, hence the anxiety concerning us, as mentioned in the NEWS in June. Had a very pleasant voyage, neither of us was sea-sick an hour, always ready at meal-time, and did justice to the abundant supply of eatables provided for us.

We landed in Liverpool about noon of June 5th, hearty and well. Found President Carrington and party, who had just returned from their continental trip, and other brethren at 42 Islington, all well. Learned from President Carrington that Elder Peterson was to go to Denmark, while Elder Braendli and I were to come here, and that the Elders whom we should release were preparing to start home with emigrants and were anxiously awaiting our arrival. Consequently our stay in Liverpool was short—on the following morning we separated. Bro. Braendli and I came, *viz* London, Harwich, Rotterdam, Cologne and Basel, to Bern, where we arrived at 10 a.m., June 8th; were received as "hail fellows well met" by Elders Stucki, Eyring, Theurer and Lenzi, who were very busy. Elder L. Writhlin arrived on the 7th. Thus the entire journey from Salt Lake City to Bern was made in eighteen days, of which we spent nearly two in Chicago and Liverpool. This is from three to five days quicker than our letters come.

The mission was in good condition, with over a hundred persons just ready to emigrate. Bro. Stucki had lately been prosecuted for publishing and distributing a small pamphlet; he was fined fifty francs and the pamphlets were to be confiscated. On being recommended by his lawyer (Mr. Steck), he appealed to the Supreme Court, where the decision was in our favor, and we received the glad news just before the brethren started home, which made all hearts rejoice.

Elder Braendli has spent most of his time in the neighborhood of Ludwigshaven, on the Rhine, Germany, where a young and thriving branch was organized last Spring. Elder Lenzi is laboring as President of Zurich Conference, Elder Wirtlin as President of the Bern-Jura Conference (he is now visiting relatives and friends in Canton Argan); Elder R. Maeser arrived (after visiting relatives in Meissen) on the 21st of August, and is laboring as travelling Elder in the Bern-Jura Conference; Elder R. S. Wells presides over the East Swiss Conference. All the Elders are well, enjoy the Spirit of their missions, and are zealous for the cause of truth.

We have much prejudice and many lies to oppose. People generally seem to have very little interest in regard to religion; though there are a few who realize that something unusual is pending, they know not what, and try to show the necessity of some kind of a reform. We find a few who are willing to listen to and embrace the Gospel. One hundred and thirty persons have been baptized in this mission since Jan. 1, and many are now investigating.

Under the present situation of affairs, political and otherwise, in Europe, business is dull, distrust characterizes the actions of all parties, and truly "men's hearts are failing them." There would be no difficulty in getting people to go to Utah, if we only had plenty of money and would "pay their way" for them, notwithstanding all that is said and published about her people. But the inducement we offer is the gospel of life and salvation, the principles of the religion of Jesus Christ, calling on all to obey them.

Elders Braendli and Wells have lately made quite a lengthy trip in Germany, visiting a few scattered Saints and endeavoring to spread the leaven of truth in various places. In the City of Berlin, they obtained permission of the police authorities to hold meeting, rented a hall, published an invitation for all to come and hear them in two of the widest circulated papers, and on the evening of Sept. 30 had the pleasure of speaking to eighty or ninety persons, among whom were two ministers, police authorities and many influential and business men. After one hour's preaching, several wanted to hear something about polygamy. Bro. Braendli asked permission to discuss that subject, which was granted by the police, and for half an hour came questions from all sides, which were answered, and after the meeting the few pamphlets the Elders had with them were soon gone. They wrote to me for more, which I promptly forwarded. Although they baptized none on their trip, the brethren feel sure that good has been done, and rejoice to think they have sown good seed where we hope the ground is not barren.

I am very respectfully,
Your brother in the Gospel,
JOS. S. HORNE.

THE SUGAR-BEET INDUSTRY.—Fremy and Deherain have conducted a series of experiments to test the reasons of the decrease of richness of sugar-beets grown several years in succession on the same soil. They find two chief causes of the deterioration—the bad selection of stock or variety, and the excess of nitro-genous manures. They conclude that argillaceous, alliceous and calcareous soils differ but little in their effects upon the sugar in beets. A sterile soil, with no other manure than phosphate of lime and nitrate of potash, was able to produce normal roots weighing 700-800 grams (1½-1¾ pounds), and containing a large amount of sugar (16 per cent.). Excess of nitro-genous manures injured the formation of sugar.

The outlook for the sugar-beet industry in this country seems to be quite promising. It has already attained great importance in California, is reported as successful in Illinois, and is engaging earnest attention in Maine. The governor of the latter State devoted considerable attention to the matter in his last message to the legislature, and a company near Portland has already begun a thorough investigation of the probabilities of successful sugar-beet culture in that State.—*Harper's Magazine.*

TO CALIFORNIA.

We don't give this for an *idle accomplishment*, but it is very strongly rumored that Cedar Rapids is to be the *half-way* station between Chicago and Council Bluffs.

If this is to be, and some experiments have been made to that end, we suppose it is on account of the superior condition of the road. A trip on the steel railed and well ballasted road, is not any more now, if as much, wear and tear on the employes and machinery to a train, from Chicago to Cedar Rapids, 215 miles, as it was on the iron rails from Chicago to Clinton, 138 miles, in the olden time.

It is not necessary for us to say that the C. & N. W. Ry is a first-class road in every particular, that it rides as easy as sitting in a "rocking chair," that its coaches are parlors, that its employes are the most polite and affable gentlemen the traveling public can meet or will meet in a lifetime of travel—the *esprit de corps* of the employes, if we may so say, is at a high standard; we say we need not say this in a newspaper, it is self evident to every traveler on the road. *But in the future these are to be increased; we suppose the speed will be increased; if possible, the superb trains will be more superb; there is to be no train more complete, either for comfort or safety, leave the world's commercial metropolis for the* GOLDEN GATE, THAN THE GREAT TRAINS ON THE CHICAGO & NORTH-WESTERN RAILWAY—THE ONLY COMPANY RUNNING OUT OF CHICAGO THAT HAS A ROAD SO RELIABLE THAT THEY ARE NOT AFRAID TO RUN AT ANY SPEED CAPABLE OF BEING ATTAINED BY ENGINES OF THE MOST IMPROVED CONSTRUCTION, RUN WITH THE HAND OF IRON NERVE, AND A HEAD OF BRAINS, WITHOUT ANY FEAR OF ACCIDENT OR INCONVENIENCE.

Every employe on the road feels a personal interest in the North-Western Railway; it's the "crack" road in the West, and so far as anything he can do it will continue so to be.

THIS IS THE TRANS-CONTINENTAL LINK FROM THE GREAT LAKES TO THE GREAT MISSOURI RIVER.

The old time traveler speaks in high glee of the "ease and comfort" of these days of steel in contrast with the pioneer days of this pioneer road in the days of iron. *The comforts of travel on the North-Western Railway are in every traveler's mouth from the Atlantic to the Pacific.* It must be a proud compliment to the efficient management, and that is the reason every officer or employe feels so happy and obliging.

It is with pride we mention these things, and join the general shout along the line, Hurrah for the "OLD RELIABLE."—*Cedar Rapids Republican, Aug. 14, 1876.*
