Our Legialature has before it to-day a conspiracy or rather a coer-cion bill much severer and much more crushing than that propesed by the tory ministry of England, but there is aothing about providing solvent and reliable receptacies for the people's savings. There is no thought given to any measure that would benefit the whole community. If a clique or a rang wants measure putthrough there is not difficulty in this. However that may be Mr. Blaine is here, and it is supposed he is sick, though he has not read a Murray message, a Field lecture, nor dictated a Mulligna letter in six months. His alster-in-law, Miss Biddy Fudge, is also in Chicago. She is the lady who is charged with writing the "Arthur Bichmond" letters, a series of libels on the public men of the day who don't happen to be in har-mony with the magnet from Maine. Mr. Blaine received a delegation of patriets, co-religionists of his mother's, and the sick man who could stemach that delegation will not die in Chicago. The delegation was com-posed of the members of the Irish Re-publican Club, some 60 of them. The leaders, John F. Finerty and M. P. Brady, presented the raink and file. In this delegation there was not one busi-ness man, nor one person engaged in "LEGITIMATE INDUSTRY." complainant (Maria Higginson) re-ceive a good share of the property. Oriando Herrin and William Wadley, indicted for unlawful cohsoltation, pleaded not guilty upon arraignment. Mr. Thurman will argue a motion, for a new trial in the case of the U.S. vs. Jos. Clark to-day. The jury have twice found him guilty.
