

## NO COMPROMISE FOR GUERRERA

Rebel Leader Says Under no Circumstances Would He Entertain Any Offer.

### INSURGENTS MEET A REVERSE

Insurrection Believed to be in a Very Shaky Condition—Amnesty Offer Criticized.

San Juan de los Rios, Aug. 27.—An Associated Press correspondent spent last night in Pinar del Rio, the insurgent camp. Proceeding as a league from town the correspondent encountered the insurgents' outposts and asked to be taken to the general, which was finally done after sending letters of identification. Guerrero said he was willing to talk for the American people, and said:

"I want it understood that I will not accept any offers of compromise with the Cuban government, but I would be glad to arbitrate with properly accredited representatives of the United States appointed by President Roosevelt on the basis only of a new presidential election in Cuba. Otherwise we shall stay out indefinitely. We could trust the promise of the Cuban government in any case."

Guerrero gravely charged the Cuban government with trying to send spies to his camp, and said:

"While near San Luis an individual called Andres Agramonte presented himself and stated that the government had named eight men, whose names he gave, to join my command. After much questioning he was released. Later he appeared again, was taken by a council and proved to be a traitor to our cause. He was hanged Aug. 23 before the entire force drawn up in a hollow square."

"I can assure you," Guerrero said, "my information of movement of troops is as perfect as that obtained by Palma, the illegal president of Cuba."

Guerrero is all-powerful at present with the people of this country. He believes he could take San Juan de los Rios, any night or any day. He charges President Palma, Secy. Montalvo and Freyre Andrade with all manner of official and personal dishonesty. Until Sunday Guerrero had money, but this is completely exhausted and today he began issuing orders in payment for supplies on the "Cuban government," which he assures the people eventually will be paid.

Guerrero said he would not object to a foreign government's guarantee of inspection of new elections, with the object of enforcing a fair deal, but he would not trust the Palma government. He also regretted that he had released Llanes, Ascu, who was captured in the San Luis fight since Ascu had reappeared against him now.

Guerrero not only is popular with his command, but the people appear to be devoted to him.

### REBELS MEET REVERSE.

Havana, Aug. 27.—At the moment today when the government was issuing its proclamation offering pardon to rebels who would lay down their arms, its forces were dealing the most telling blow that has yet been struck against the insurgents in the field. For several days it had been stated that Gen. Guzman's force of insurgents, which was variously estimated at from 200 upward, had been completely destroyed on Cienfuegos, Col. Valle, with a detachment of rural guards, was dispatched to Cienfuegos for the purpose of engaging Guzman and breaking up the band. The battle of the two forces today resulted in the disaster which the insurgents have sustained up to this time. They lost 17 men killed and many wounded, while the loss to the government force was one man killed. The government is without further particulars of the fight.

That the insurrection is in a shaky condition seems to be a fact, although the end may not be as near as members of the government profess to believe. Ex-Congressman Faustino (Pino) Guerrero, the insurgent leader operating in the province of Pinar del Rio, in a signed statement telegraphed to the Associated Press tonight, declares that he is not deterred by the fact that the last presidential election shall be annulled before there can be peace in Cuba.

That Guerrero's force of 2,000 men is well armed and supplied with ammunition and food is amply verified. Their greatest drawback now is the lack of money, but the people of the western part of Pinar del Rio are furnishing them with all the supplies needed, taking in return therefor an attack on the "Cuban government," and in many cases refusing to accept any consideration.

The government's offer of amnesty, which was issued this afternoon, was variously received. It is impossible to say what its effect will be upon those to whom it is addressed. Alfredo Llanes, president of the senate and leader of the Liberal party, stated that he was unable to express any opinion as to whether the insurgents would grasp the opportunity offered them of surrendering, but said in his opinion as a lawyer Secy. Montalvo could not legally issue such an order, for the constitution provides that only the president may make such a proclamation, which must be countersigned by some member of the cabinet. Secy. Montalvo, on the contrary, stated tonight to the Associated Press that the offer of clemency was issued by the direct order of President Palma and also gazetted officially. The secretary added that the document was in reality an order of the secretary of the interior, issued by direction of the president to Gen. Rodriguez, commander of the rural guards.

The foreign element, including many Americans, criticize the offer of amnesty as a weak and disappointing action, showing a desire for peace at any price and a willingness to sacrifice the possibility of future security to a present expediency.

Secy. Montalvo's order does not provide for the relief of alleged conspirators who are now in jail in Havana, and the question has arisen as to what shall be done with them. A considerable number of insurgents are known to be returning quietly to their homes in the provinces of Havana and in the eastern part of the province of Pinar del Rio. In the latter province the situation remains unchanged. Guerrero

### knows nothing of the Montalvo order, and if he did not rather unlikely that it would affect his course materially.

At present there is every reason for expecting that Guerrero will hold out for some time to come. The district in which he is operating is inhabited by Liberals, who are practically all tentative if not active sympathizers with the insurrection. Then, too, Guerrero has hilly fastnesses to which he retires nightly and from which it will be practically impossible to rout him. A favorable feature of the situation in Pinar del Rio is that Guerrero will not fight if he can help it. He insists that he must remain in the vicinity in protest against the subservience of the Palma administration.

The Associated Press is reliably informed that Ascher's force, the main insurgent body now in the province of Havana, amounts to 120 men, and that there are not exceeding 200 more in small parties. The eastern part of the province of Pinar del Rio is practically unprotected, but there have been only two depredations there by small bands.

There is some question whether the Santa Clara band calling themselves Mendez's party were actually commanded by the captured leader, but undoubtedly he was with them most of the time.

The Mantanzas insurgents cut little figure, and Cuba province remains quiet.

### ENLISTMENTS STOPPED.

Havana, Aug. 28.—The enlistment of volunteers by the government has been suspended until the effect of President Palma's offer of amnesty to the insurgents can be determined. At the palace confidence is felt that the great body of rebels who have been carried away with the idea that they were to have a conspicuous part in the overthrow of the Palma administration, will seize the present opportunity to return to lawful pursuits rather than jeopardize their liberty by further supporting what the government characterizes as a hopeless cause.

Senator Dolz, the Moderate leader, following his conference with President Palma, declared early today that with the exception of Pino Guerrero, all the insurgent leaders were prepared to disband their men if assured of immunity. Guerrero is yet to be reckoned with. It seemingly reliable reports can be credited, he has with him a formidable body of men, but his recent inactivity leaves the impression that he desires rather to make a display of force than to do any serious fighting. His promises to capture Pinar del Rio and then to march upon Havana, followed by a period of inactivity, has apparently injured his prestige among insurgents and sympathizers who had expected him to make a bold dash against the government forces.

President Palma's peace expressions of yesterday have made a good impression, particularly among the business men whose interest are seriously threatened by the disturbed condition of affairs. President Palma's son has joined the army and his daughter has become an army nurse. These enlistments have also had a good effect.

### INDEPENDENT DEMOCRATS.

Will Meet in Albany and Are Against Hearst.

New York, Aug. 27.—The Evening Post today announced that a number of independent Democrats have signed another circular calling a conference at Albany Sept. 5, at which every county in the state will be represented. The circular announces that an address will be made at this conference by Diet. A. J. Jones, and that others have been invited to speak, including Mayor J. N. Adam of Buffalo, Edward M. Shepard of Brooklyn, and D. Cady Herick. The Post says it is evident from the wording of the call that the independent Democrats who have issued it are against Hearst and that their attitude towards Jerome is indicated by the fact that they will address them. The circular says also that there is danger that the party will fall a prey to "either to selfish corporate influences, to some unprincipled demagogue without fixed political principles or to some clique of unscrupulous politicians without political principles whatever."

### SPANISH SHIPS SOLD.

Three Captured by Dewey Bring One Hundred and Three Dollars.

Washington, Aug. 27.—Three Spanish ships captured by Admiral Dewey in Manila bay, May 1, 1898, were sold by the navy department today for \$103. These ships were advertised at several local newspapers at a cost of advertising being \$28 and the navy department is quite well satisfied that the bids were sufficient to cover the expense of advertising. The three ships are the Abay, Manilana and Mindanao. They have been stripped of everything movable and are simply old hulks practically useless for any purpose of the navy.

### UNPRECEDENTED RAINFALL.

Meteorologists Are at a Loss to Explain It.

Washington, Aug. 27.—The unprecedented rainfall throughout the east and south is interesting the meteorologists of the United States, but thus far they have not found a satisfactory answer to their scientific inquiries as to the causes. The average rainfall for August in the vicinity of Washington heretofore has been less than four inches, but thus far this month more than 12 inches have fallen.

### PROPOSED REPRESENTATION SCHEME FOR IRELAND.

London, Aug. 27.—The Daily Chronicle this morning forecasting the government's proposed representation scheme for Ireland, says legislative union will not be touched, and that Irish representation at Westminster and the powers of imperial parliament will not be changed. The chief feature will be the establishment of an Irish council at Dublin, directly elected, consisting of 100 members, the same as the Irish representation in the house of commons, with the addition of councillors directly elected for larger areas by electors having rateable value exceeding \$100, peers and clergymen being eligible. This is almost the same as the legislative council and legislative assembly of Gladstone's bill, only they form one body and not two. The Nationalist party as now organized would not easily gain a large majority in the council. The chief secretary would under the new scheme be ex-officio chairman of the Irish council, and, as representing the lord lieutenant, would consult with the leader of the majority in the council requiring the appointment of the chief heads of departments, the head of the finance department occupying a position analogous to that of premier, who, with his colleagues,

would hold their posts dependent upon the vote of the council.

The scheme includes the reorganization of the Irish government into well defined departments, such as finance, land, education, etc. The judiciary will not be molested. The chief secretary will be spokesman for council, and its ministers to parliament. All Irish legislation would still come before the house of commons, bills being sent there by the council.

Financial arrangements will be the crux of the scheme. Simplicity will be aimed at, the elaborate provisions of previous home rule bills not being revived. The Daily Chronicle seems to intimate that Irish members of the house of commons will be members of the council, which would sit when the imperial parliament is not sitting. The whole scheme will be open for revision after five years.

### ALABAMA DEMOCRATIC PRIMARY ELECTION.

Montgomery, Ala., Aug. 27.—The Democrats of Alabama today elected state officer by a primary and also voted for two candidates for United States senator. Owing to the great age of the present senators from Alabama, who had no opposition to re-election, two candidates for alternates were voted for.

These alternates will be appointed by the governor or elected by the legislature in case of death or disability of the present incumbents.

For Governor—B. B. Comer, of Birmingham, was nominated over Dr. R. M. Cunningham of Easley, by a majority estimated at from 5,000 to 5,500. For Lieutenant Governor—H. B. Gray of Birmingham and D. J. Meador of Milledgeville are in the lead, the returns at hand being insufficient to name the winner.

For United States Senators—John T. Morgan and Edmund W. Pettus had no opposition. For Alternate United States Senators—Joseph F. Johnstone, John H. Bankhead and John A. Knox are in the lead.

O. W. Underwood of the Ninth congressional district was renominated and Will B. Craig of Selma was nominated to succeed S. J. Hovoe as congressman for the Fourth district.

### REACHES FT. RENO.

Guthrie, Okla., Aug. 27.—A special to the state capital from Ft. Reno says that the Twenty-fifth colored infantry reached Fort Reno last night from Brownsville, Texas, following the instructions of army authorities as a result of the recent trouble at Brownsville.

Orders were issued today at Reno that no troops are allowed to visit Ft. Reno without a pass. The camp is quiet tonight.

### KILLED BY LIGHTNING.

Two Brothers Found Dead Sitting up In Their Wagon.

Roswell, N. M., Aug. 27.—J. S. Merriam, traveling overland from Portales, discovered two men sitting upright in a wagon dead of near lightning. In his journey near Kenna, the men have been identified as Victor and Thomas Simpson, brothers who lived on farms near Elida. They were killed by lightning when driving from Roswell to their farms.

### LANE'S PAROLE REVOKED.

Los Angeles, Cal., Aug. 27.—Albert E. Lane, the young butcher convicted of manslaughter for the killing of John A. Smith, a chauffeur, was today ordered to serve five years in San Quentin. Lane's parole granted by the state board of parole was revoked by the state board of parole.

### FREE STORAGE OF FLOUR.

New York, Aug. 28.—The flour mill committee of the produce exchange has received a letter from the trunk line roads requesting a meeting to discuss reduction in the time of free storage of flour on their docks in this port from 20 to 10 days for the domestic trade and from 60 to 10 days for export, and to raise the rate per car from \$4 for 10 days storage to \$1 per car. This is made necessary by the roads claim, under the Hepburn law, which goes in force today under the present arrangement with the produce exchange the present rules will be a discrimination against other ports, which is forbidden and in favor of New York.

The members of the flour trade were much excited over this action and the flour trade committee propose to visit Washington and lay the case before the interstate commerce commission, to which they will protest against such action.

A. J. Hoomey said this change would kill New York as a flour export port and greatly injure local business, and no one but the mills, which have their own docks here, would be benefited.

On the other hand, the agent of one of the big Minneapolis mills said he was in favor of the change and that it would not hurt the local trade of New York, as it will compel buyers to do business on business principles. As it is now, many jobbers have only an office, and let their flour purchases lie on the railroad docks until it is sold, and have neither store nor warehouses, but make the railroads furnish them.

### RELIEF FOR VALPARAISO.

New York, Aug. 28.—The Chile relief committee has received subscriptions amounting to over \$20,000. The subscriptions yesterday to the Merchants' Association of New York Chilean relief fund amounted to \$3,575, bringing the total sum raised by the merchants association to \$5,080.

### GERMAN FIRE CO. SUE.

New York, Aug. 28.—Thomas C. Watkins filed yesterday a summons and complaint in the city clerk's office, Brooklyn. He has instituted a suit for \$38,500 against the Trans-Atlantic Fire Insurance company of Hamburg, Germany. He alleges that the company had failed to make good certain losses caused by the earthquake fire in San Francisco. He is assignee of several of the assured people who sustained the losses.

## PREPARING FOR BRYAN'S RECEPTION

New York is Filling up With the Welcomers and Excursionists.

### PROGRAM TO BE VERY SIMPLE

Will be Met at the Battery by Acting Mayor McGowan and Committee.

New York, Aug. 28.—The town is filling up with Bryan welcomers and other excursionists. From now on until the day of the reception delegations from all over the country will be arriving almost hourly and they will bring with them a lot of others.

Atty. Gen. M. J. Cunningham of Louisiana reported at the Victoria hotel headquarters yesterday that he expected a delegation of about 25 from New Orleans next Wednesday, and for whom he is looking up accommodations.

The West Virginians have begun to decorate at the Hotel Breslin, where they will have headquarters. The Missourians and Illinois men, who will lead the delegations in point of numbers were expected to arrive early today. The St. Louis Democratic club, 250 strong, will be at the Saratoga. The Illinois club of St. Joseph, Mo. will reach here on a special train on Wednesday morning. Iowa is sending a delegation of about 200 by special train. The Arizona men, about 15 of whom are expected, will stay at the Arizona.

Edward F. Goltz of St. Louis, upon whom Bryan will be received in the hotel by a committee of five distinguished Democrats from each state.

The proposal to have Mr. Bryan spend a part of the time before he lands at the Battery in a yacht does not meet with favor with the Nebraska delegation, it is said. Mayor James C. Dahlgren of Omaha, who has been made chairman of the delegation, had views of his own on that subject yesterday.

"We are going down to meet Bryan in a boat," he said, "and you can bet we will bring him back if I've got to lasso him myself."

Last night the Nebraska delegation went to a theater to see the play written by Mr. Bryan's daughter.

ILLINOIS DELEGATION.

Chicago, Ill., Aug. 28.—One hundred delegates of Illinois will leave Chicago for New York this afternoon to assist in welcoming William Jennings Bryan back to the United States. Charles Boeschelstein, chairman of the Democratic state committee, will be in charge of a party of 85 who will leave at 1:15 p. m. over the Lake Shore and Michigan Southern and Mayor Ed-

### ANGLO-AMERICAN SHOOT.

London Opinion is Very Strongly Against the Proposal.

London, Aug. 28.—The Daily Chronicle publishes this morning articles denouncing the suggested Anglo-American naval gunnery contest and says:

"The idea is one that should be nipped in the bud forthwith. It is to the last degree undesirable that any one should know too exactly how well or how badly we shoot in comparison with other navies."

The Daily Chronicle argues that gunnery emulation would be likely to produce a desire for a real test in war, and says:

"We do not want such honours in the British or American navies, but an international shoot would certainly produce them."
