## DISTRICT LODGE A.O.U.W. DISBANDS

## NEW MANAGER FOR SPRINGS.

Improvements to Extent of \$40,000 on  
Health Resort and Road—Latter  
To be Electrified.

Ogden, Nov. 2.—The Ancient Order of United Workmen's grand lodge of the jurisdiction of Utah, Idaho and Wyoming, has disbanded, taking effect yesterday. The disbandment of the lodge was caused through the heavy death rate of the past few years, making it impossible for the management to meet the obligations and now about 20 death claims for \$2,000 each are outstanding. These claims will be met, it is understood, by the supreme lodge of the United States, but only half of the amount due on the policies will be paid down, leaving a balance of \$1,000 which it is proposed to pay in installments of \$200 per month until the full amount due is paid. The grand lodge of this jurisdiction while an auxiliary to the supreme lodge, has conducted its business separately, receiving the fees and disbursing the same themselves. The lodge was very strong a few years ago in Utah, but when the change of rates came about five years ago, increasing the insurance charge, a large number of the older members dropped out. The present move on the part of the A. O. U. W. has again discouraged many, the rate which they would have to pay to the supreme lodge for insurance being much higher, making it impossible for many of the older members, especially, to meet the payments and after having paid into the order for perhaps 20 years, they lose every-

### MALES GIVE ENTERTAINMENT.

Three Thieves Taken and Held for Trial in District Court.

Special Correspondence.

Frisco, Beaver Co., Oct. 29.—Saturday morning last the "Rogues" gave a grand entertainment attended by most of the town's people. After the close Mr. Tom Jones, of the firm of James & Hearty, made a visit through his stable. He discovered two of the animals were missing and that one had been out, and while he was dripping with sweat, he saw a man named Duncan, a no-nonsense individual, spoke up and accused a man named Jenson of the theft. Duncan did not follow the fellow about eight miles, the whiskey ran out, Duncan's feet got cold and consequently he returned, and replaced the sweaty animal, which James found in the barn. Both men had a hearing and were remanded to the county jail pending trial in the district court.

## THATCHER, ARIZONA

### FUNERAL OF MRS. KIMBALL.

Impressive Services in Honor of Esteemed Woman.

Special Correspondence.

Thatcher, Graham Co., Ariz., Oct. 28.—The funeral of Sister Olive Woodley-Kimball, wife of President Andrew Kimball of St. Joseph's, was held in the meetinghouse at Thatcher Sunday, Oct. 28, 1906, at 2 p. m. Fully 100 friends and relatives of the deceased were gathered there to pay their last respects to the memory of the departed.

The sisters of the Relief societies decorated the house and bier. Mrs. Kimball was president of the Thatcher Relief society and first vice president of the state organization. After arranging the casket in the meetinghouse, each of her co-workers in the organization marched past the bier and placed upon the casket a bouquet of white chrysanthemums. The scene was very impressive and the floral decorations were, perhaps, the most beautiful ever seen in the Gila valley.

Bishop William A. Moody conducted the services. The academy choir sang, "He Knows," and President C. M. Layton offered the opening prayer.

Among the speakers, all of whom paid glowing tribute to the worth and character of the departed and of her faithfulness and devotion to the truth, were President William D. Johnson, Bishop A. B. Walker, Phil C. Merrill, and Wm. A. Moody, Sisters Elizabeth Layton, Selene Phillips and Inez H. Lee and Principal A. C. Peterson of the L. D. S. academy. The sisters, who had long been her fellow laborers in the Relief society, spoke of her power of leadership among women and of her fair and gentle nature. When others spoke in condemnation, Mrs. Kimball was always silent; when others were full of reproach, her heart was full of hope. She presided with an ease and dignity that was at once humble and commanding, and blended in such unselfish love that all must follow her good example.

"Some have longed for words and eloquence to describe the beauty of the gospel, but Sister Kimball has pictured Jesus, the Lord, speaking the grand truths that ever fell from lips, but they stand insignificant beside the mightier sermon of His life."

The service was followed by six bishops on foot, ballhears, and 60 carriages, making a train half mile long. After the casket had been lowered into the grave, Wm. Moore Clayton sang, "O My Father," assisted by a quartet of accompanists, which was followed by the dedicatory prayer offered over the grave by Elder Heller Larson.

Sister Kimball was the mother of 11 children, eight of whom, with her husband, survive her.

## OCTOBER INCORPORATIONS.

### Fifty Per Cent of Them Connected With Mining Industry.

New York, Nov. 2.—Fifty per cent of all the big corporations chartered in this country during October, says the Journal of Commerce today, are connected with the mining industry in one or other of its phases. But for the abnormal activity in this direction, the statistics of new organizations would show a decided falling off. The grand total for the month is \$370,376,000, against \$242,035,000 for September. To last month's total million dollar companies formed in the eastern states contribute \$128,350,000, compared with \$129,950,000 in the corresponding month of last year. Western and other states are represented in the principal list by \$191,128,000. The chief contributor was Chicago and Northwestern with an authorized in capital of \$100,000,000.

## STEEL RAIL ORDERS FOR 1907.

The total capacity of the steel mills for a year is about 3,000,000 tons, so all of them are assured their capacity orders for 1907.

Never before, it is stated, have so many orders for rails been placed by

The mandolin club and glee club discoursed sweet instrumental music, after which a social hour was spent and delicious refreshments were served.

## LARGE IRON BOLT TAKEN FROM MAN'S BODY.

New York, Nov. 2.—A Times special from Middletown, N. Y., says that a physician who examined Edward Green, an inmate of the Middletown state hospital for the insane, found a large swelling in his right side in the region of the vermiform appendix. He called a surgeon, who operated and found an iron bolt five inches long in the body. It apparently had been there a short time.

Young Green had a mania for swallowing iron and steel. It is doubtful if he can recover.

## IRISH EXPOSITION.

New York, Nov. 2.—A London special dispatch published here today says next May will see the opening of the great Irish international exposition. The guarantee fund now amounts to \$1,000,000. Lord Iveagh leading the list with \$50,000.

The buildings will resemble in scheme those of the late Paris exposition. A prominent feature will be a great dome, the elevation of which will be equal to half that of St. Paul's cathedral, London. If King Edward does not open the exhibition he will at least honor it with his presence at a later date.

## A MUCH WANTED MAN.

### Chicago Police Arrest William Burt in The Palmer House.

Chicago, Nov. 2.—In the arrest of William Burt in the Palmer House last night by Central station detectives the police believe they have in custody the last of the men indicted for operating one of the biggest "swindling schemes known in police circles."

With Burt indicted are Edward Baumgardner, James L. Charles, James and "Tommy" O'Neill. The five men were indicted by the March grand jury. All but Burt were arrested soon after their names were made public.

Advertisements were placed in daily papers asking for a loan of sum of money ranging from \$50 to \$400. Security would be given by one of the three men in the form of a check for \$100. Many persons, it is said, loaned the three men money and accepted the check. When the holder of the tickets was unable to collect the amount he had loaned, he immediately sent to the pawnbroker, paid the amount due on the article pawned, and accepted the goods, worth less than the amount of the loan.

New York, Nov. 2.—Burton Fiedell, a resident of Manors, N. Y., committed suicide in the public square yesterday. He rushed into a store, and flourished a bottle of poison. He said excitedly: "It is all up with me. I am through, Good-bye."

Then he dashed out into the square and while the villagers looked on, he swallowed two ounces of carbolic acid. He fell unconscious and was dead before a doctor could be called. Sudden insanity is believed to have been the cause of the suicide.
