SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent greyness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

C. P. Earnings.

NEW YORK, 7.—The Central Pacific earnings for February, come up to $1,093,000, a gain on last year of $112,500. For the first two months of the new year the figures are $2,236,000, against $2,091,500 in January and February of 1788.

A Denial.

Goodspeed denies the report of the 14th of February, attributing to him the statement before the Bullion Club that he did not think the Old Telegraph mine, of Utah, would net a hundred thousand dollars in thirty years. He did say it had already cleared a million dollars, and that the mine is producing more ore than ever before. The misapprehension apparently arose from his failure to respond categorically to a suggestive inquiry whether he did not know the mine was not worth a hundred thousand.

A Grand Reception.

On Monday evening a grand reception will be given at the house of Cyrus W. Field, to commemorate the twenty-fifth anniversary of the formation of the first company to lay a cable across the Atlantic. The list of invited guests includes a number of prominent gentlemen in the western states. From Washington will come the British and Russian ministers, the Secretary of State and members of the Supreme Court, while the army and navy representatives are General Hancock, Commodore Nelson and other conspicuous officers. It is expected that not less than 1,000 persons will be in attendance, and among them many distinguished in the arts, sciences, literature, and public life.

A Forged Telegraphic Message.

James R. Keene states, to-night, that his name was forged, on Thursday night, to a half-rate telegraphic message to J. K. Fisher & Co., grain merchants of Chicago, directing them to sell 3,000,000 bushels of wheat on Mr. Keene's account. This caused a decline in wheat at Chicago, to-day, from 96 to 93. Keene knew nothing of the transaction until this afternoon, and repudiates the entire sale, which will compel the repurchase, by Fisher & Co., of the amount sold on his account to-day. Keene says he had no intention of making any sales of grain at present, and certainly not at 93c. per bushel. The message was sent through the Atlantic and Pacific company, and Keene states that it was evidently the work of an agent, in New York of Chicago parties. Steps have been taken to discover the author of the telegram. Keene says suspicions are strong against persons short of provisions who hoped, by this means, to depress the market and cover shorts. A large reward will immediately be offered by Keene for the discovery of the forger and his associates. The original copy of the dispatch is now in Keene's possession.

National Board of Health.

WASHINGTON, 7.—The cabinet has decided to appoint the following members of the national board of health: Surgeon General Woodworth of the marine hospital service, represents the treasury department; Medical Director Francis M. Gunnel, the navy department; Solicitor General Phillips, the department of justice, and Assistant Surgeon John S. Billings, he war department.

The Speakership Canvass.

The canvass for the speakership progresses very quietly, to-day. Speaker Randall has gone to New York serenely confident to all outward appearance that his re-election is secured. The friends of Colonel Blackburn, however, figure up 84 votes for their candidate and therefore assert that he is certain to receive the caucus nomination. Multifarious speculations continue to be based upon the possibility that the democrats will fail to concentrate a sufficient number of votes to elect their caucus nominee for speakership. This contingency is claimed to be not only possible, but probable, in view of the fact that several democratic members elect are ill, and by reason of current assertions that Morrison and one or two others will bolt the caucus if Randall be nominated. These prognostications are largely based upon an assumption that a majority of the whole number of 293 members of the full House will be required to determine its organization, instead of 144, which would be a majority of the members actually chosen when the House assembles, there being four vacancies for California and two caused by the deaths of Representatives elect Smith, of New York, and Schleicsher, of Texas. Whichever be considered the requisite majority, the probabilities, in the opinion of the best informed observers, still strongly indicate that a sufficient number of democratic members will be on hand to effect a prompt organization of the House, in accordance with whatever may be the caucus' decisions.

Rumors of a combination between the republicans and a few dissatisfied democrats to elect Gen. Garfield as Speaker, have gained considerable currency, but are destitute of any respectable foundation. The republicans have no desire to elect any one to preside over a house which he could not control, and for the legislation of which the republican party does not want to be responsible. The talk of a republican coalition with the greenbackers of the House seems to have little if any better foundation, for an overwhelming majority of republican members have already planted themselves upon the hard money platform and expect to make the success of specie resumption one of their principal claims for popular support during the next presidential campaign.

The prospects for the termination of the extra session early in May are not now as promising as they seemed to be a few days ago, but nothing has since been developed to warrant the extravagant predictions put forth in certain quarters that Congress will remain in session throughout the summer, and perhaps until next December. There will, undoubtedly, be a contest of considerable duration in regard to the repeal of the federal election law and very probably, though not certainly, a majority may be obtained in the House of Representatives to attach it to the general appropriation bill, but in this event the President will veto the appropriation bill and all members of the House will then be confronted with the certainty of having to do without their own salaries, to say nothing of the need of money for all other legislative expenses and for carrying on the indispensable operations of many departments of the public service throughout the country, unless a majority consent to send the bill again to the President, divested of the proposed political requirements. The result will be either alternative by the 1st of July, if not much sooner.

Senator Sargent has accepted an invitation tendered by the Secretary of the Navy, to take an extended sea voyage for the benefit of his health, on the school ship *Saratoga*, which will leave Annapolis about the 1st of April with the graduating class of the naval academy, for a cruise of four months to Madeira, Cape Verde Islands, Gibraltar, etc. His return to California will therefore be deferred until late in the summer.

The Suez Canal.

The United States consul general at Cairo, Egypt, furnishes the department of state facts from authentic sources regarding the Suez Canal. He says the entire cost of the canal was $92,273,907. The stock in the company consists of 400,000 shares at 500 francs each. These have sold as low as 100 francs each. At the opening of the canal they had advanced to only 300 francs. They are now quoted at 717 francs, and are probably worth more. The revenues of the canal increased from 5,000,000 francs in 1870, to over 30,000,000 francs in 1877. The expenses, including interest, sinking fund, and land; have been a little over 17,000,000 francs per year, and while the revenues are steadily increasing, the expenses are decreasing. The saving of distance to British ships going to India is nearly 5,000 miles. Two-thirds of the vessels passing through the canal carry the English flag. Ferdinand Lesseps expresses the opinion that the Panama canal must be constructed without locks to be successful or remunerative.

The Hayti Revolution.

Kingston, Jamaica, news to Feb. 24, says: The revolutionary party in Hayti still threatens the overthrow of the Carai. The whole northern portion is in arms. The president thinks he will save his government.

$75,000 Fire.

CEDAR RAPIDS, Iowa, 7.—A fire, to-day, destroyed the slaughtering house, fertilizer, and boiler and engine rooms of T. M. Sinclair & Co.'s establishment. Loss, $75,000; insurance light.

Smith Released.

TOPEKA, 7.—By order of the House, Smith, the Western Union telegraph manager who refused to give up certain messages supposed to show bribery in the recent senatorial election, and who, for such refusal, was taken in custody and has been a prisoner two weeks, was released to-day without action being taken.

Verdict of Acquittal.

NEW ORLEANS, 7.—The jury in the Natchitoches election case rendered a verdict of acquittal.

The Renegade Cheyennes.

ST. PAUL, 7.—Fort Buford advices say two detachments were sent from Keogh to the Yellowstone country to intercept the rest of the renegade Cheyennes. The chances of success are good, as the Indians cannot cross the river on account of high water.

WESTERN

Another Suspension.

SAN FRANCISCO, 7.—Blum Sons & Co. have suspended. They had endorsed Godchaux & Co., to the amount of $65 000. The suspension is believed to be but temporary.

Damage by Storm.

Considerable damage was done in Napa, Solano and Sonoma counties from the storm. Bridges were washed away, grain flooded, etc.

FOREIGN.

FRANCE.

The Impeachment Question.

PARIS, 7.—The report recommending the impeachment of the ministry of the 16th of May, and the Piochebout ministry will be presented to the chamber of deputies on Saturday, and the ministry will demand that the debate be fixed for Monday or Tuesday. The committee arrived at its decision, notwithstanding the remonstrances of ministers Waddington, Leroy and Lapere, who attended the last sitting, and declared they were more than ever opposed to the impeachment.

La Francais, radical, says it is generally supposed they will adopt the committee's reports, as a number of the members of the left centre have been requested by their constituents to support it. The *Moniteur* has reason to believe all the French ambassadors abroad will resign if the cabinet is overthrown.

SPAIN.

The New Cabinet.

MADRID, 7.—General Martinez Campos has submitted the following names for the new cabinet to the king for approval: General Martinez Campos, minister of war and president of the council; Molano, foreign affairs; Silvela, interior; Ayala, colonies; Admiral Pavia Maria Toronto, minister of public works; Marquis D'Orovio, finance; Orioles, justice.

Correspondence.

ST. GEORGE, Feb. 12, 1879.

Editors Deseret News:

Please find enclosed clipping from "The Leather Register," Sedalia, Mo. Is the Rev. Jacob Duche right who says the Lord "reigns with power supreme and uncontrolled over all the kingdoms, empires and governments," or O. J. Hollister, Esq. who says "the Lord is a foreign power to this government?"

How American sentiment has changed!

Respectfully, J. O.

THE FIRST PRAYER IN CONGRESS.

In "Thatcher's Military Journal" under date of December, 1877, is found a note containing the identical "first prayer in Congress" made by Rev. Jacob Duche, a gentleman of great eloquence. Here it is, an historical curiosity:

"O Lord our heavenly Father, high and rightly King of kings and Lord of lords who dost from thy throne behold all the dwellers on earth and reignest with power supreme and uncontrolled over all the kingdoms, empires and governments, look down with mercy, we beseech thee on these American states who have fled to thee from the rod of the oppressor, and thrown themselves on thy gracious protection, desiring to be henceforth dependent only on thee, to thee they have appealed for the righteousness of their cause; to thee do they now look up for that countenance and support which thou alone canst give: take them, therefore Heavenly Father, under thy nurturing care: give them wisdom in council and valor in the field: defeat the malicious designs of our cruel adversaries; convince them of the unrighteousness of their cause, and if they still persist in their sanguinary purposes, O let the voice of thine own unerring justice, sounding in their hearts, constrain them to drop the weapons of war from their unnerved hands in the day of battle! Be thou present, O God of Wisdom! and direct the councils of this honorable assembly, enable them to settle things on the best and surest foundation, that the scene of blood may be speedily closed, that order, harmony and peace may be effectually restored, and truth and justice, religion and piety prevail and flourish among thy people. Preserve the health of their bodies and the vigor of their minds, shower down on them and the millions they here represent, such temporal blessings as thou seest expedient for them in this world, and crown them with everlasting glory in the world to come. All this we ask in the name and through the merits of Jesus Christ, thy Son, our Savior. Amen."

MARSHALL'S HUMBUG OIL, when used freely internally and externally, will positively cure Diphtheria, even in its worst form; thousands can vouch for the truth of this assertion. The raw Oil may be used freely on the tenderest infant, leaving the parts exposed to the air to avoid blistering. For internal use, the Oil must be diluted with water. Four tablespoonfuls of water to one teaspoonful of the Oil—sweeten to taste; bathing the throat and chest freely and often. Dose, one teaspoonful, repeating frequently.
