AMERICAN.

A Singular Case.

WASHINGTON, 18.—Wm. Wil-
liamson, formerly of Newburyport,
Mass., once chief clerk of the de-
partment of justice, was arrested
here to-day, on the charge of
larceny, and is now lodged in a
police cell to await a hearing.

The charge is that he has been endeavor-
ing to pilfer and sell a large number
of autograph letters of prominent
men, which were taken from old
files at the Attorney-General's
office. Among the letters found in
his possession were those of Wm.
Wirt, Daniel Webster, Geo. W. Wil-
liamson, and of most of the men
prominent in the history of the re-
public. Some of the friends of Wil-
liamson's better days say that the
charge is greatly exaggerated, and
was a great antiquarian, and was
once a man of some means and had
an exceedingly valuable collection
of autographs and rare books.

Williamson came here as private
Secretary of Charles Sumner, when
that Senator first came to Washing-
ton. He was a friend of most of the
anti-slavery leaders and much re-
spected. His last official position
was that of confidential clerk to
Gen. H. Williams, when the latter
was Attorney-General. In the
capacity he re-arranged the archives
of the Department of Justice. He
was an intimate friend of Sam-
uel Hurd and was in the employ of that
gentleman when he was king of the
lobby. Williamson's fall is due to
strong drink. He is about 30 and
without a family. He is charged
with a pecuniary offense.

Hawaiian Trade.

Minister Conley, of the Hawaiian
Islands, has made a report to the
State Department, on the trade of
the islands, especially in relation to
its bearing on the reciprocity treaty
between the islands and the United
States. He gives the total value of
the exports for the year 1881 as
\$7,742,326; imports, \$1,847,974; the
value of imports free by treaty from
the United States, \$2,440,677; grand
total of imports, \$4,288,651. Among
the principal articles exported to the
United States were sugar, \$2,276,824
pounds, value \$614,000; rice, \$640,
570 pounds, value \$1,000; and other
articles, \$1,371,757. Against this is
placed the value of goods sent to the
islands, \$4,755,085. Conley
writes: I will ask the Secretary of
State to remember that there would
not have been any such large pro-
duction of sugar on the island
except for the treaty, and that
much of this increased production is
result of capital and energy of
American citizens, who are truly
and wholly our own people as citi-
zens of Louisiana or any other State.

Confirmations.

Among the confirmations by the
Senate to-day are the following:
Edwin Ellis, Indian Agent at Mi-
qually, W. T.; Robert H. Milroy,
Indian Agent at Yakima, A. T.;
Dr. J. B. Briggs, Register and
Land Office at Blue City, and Lot
Livermore, Postmaster at Pendle-
ton, Oregon.

Reduction in Revenue.

The Republicans of West Vir-
ginia consulted with the President
day with reference to the federal
appointments in the Treasury. The
Secretary estimates that the pend-
ing bill reduces the revenue from
sugar and steel nearly \$100,000.

No compromise.

PHILADELPHIA, 18.—The execu-
tive committee of the Republican
State Committee have been appoint-
ed to aid Chairman Cooper in con-
sideration of power to act in the
matter. A proposition was submit-
ted by the independent to meet
this afternoon. Chairman Cooper
made no secret in advance of meet-
ing that the proposition of the inde-
pendent would be rejected. He re-
fused to send a declaration
and a letter from the regular
candidates in which they say they
are in the hands of the people and
of the committee, and decline the
proposition for the candidates on
both sides to withdraw and not be
candidates before the new Conven-
tion. It is understood that this
officially ends negotiations for com-
promise.

Rapid Transit.

NEW YORK, 18.—The train with
the Australian mails arrived at Jay
City at half past six this morn-
ing. The Arizona which was to
have taken them left at the same
hour. By a previous arrangement
the train was to be delayed at
the extreme end of the wharf and
the entire 237 bags of mail hurriedly
shipped on the tug Fletcher, which
afterwards overhauled the Arizona
and conveyed the mails to Sandy
Hook. This piece of work will save
two days in the time to persons re-
ceiving mail on the other side inde-
pendent of the fact that the over-
land route is much shorter from
New South Wales and New Zealand
and includes in it the Fiji and
Sandwich Islands. It will be of
double advantage at the present
time, while there is a doubt as to
the security of the Suez Canal
route. In time of perfect tranqui-
lity the mails from Melbourne or
South Australia can be delivered in
London by overland route as quick-
ly as by the Suez Canal route, and
at a lower cost, and with a steady
flow for all the goods.

General Sheridan's Trip.

It is probable that General Sheri-
dan will leave here, on his annual
northwestern tour, about July 25.
He will first go to Washburn, on the
Big Horn; then to the southern part
of the National Park, and from there
to Yellowstone. He will be accom-
panied by some able assistants.
It is not yet known who they will
be. The party will be gone about
six weeks.

Wood.

Boston, 18.—The market for wood
is unusually quiet, with a steady demand
for all the kinds.

FOREIGN.

Pilgrimage Continues.

ALEXANDRIA, 18.—Several Arabs
were killed last night for incendiar-
ism. Three of the Khedive's grooms
were killed by the English guards
at the El T
