

GOV. YSABEL'S STATEMENT

Tells Dispassionately and Impartially Cause of Trouble at Cananea.

HOSE TURNED ON MEXICANS.

Not Started, General Disorder Followed, Several on Each Side Killed—All Quiet Now.

Los Angeles, Cal., June 6.—Gov. Rafael Ysabel of Sonora, and Gen. Louis E. Torres, commander of the northern army, have united in the following statement to the Associated Press:

On the first day of the month a group of women, all Mexicans, abandoned their work, declaring a strike. Going through various departments of the town, they induced other workmen to join them, and went to the lumber yard, where entrance was denied them by the superintendent of the office, Mr. Metcalf, their animosity being inflamed by this denial, a stream of water from a hose upon the Mexicans, and in the riot the American, Mr. Metcalf, was killed, the office and lumber yard were burned, and two Mexicans died. The American employees of the concern armed themselves and their partners on one side, and the strikers on the other, the result being three Americans killed and 11 Mexicans. The night was passed in comparative tranquility.

On the second day hostilities were renewed, the announcement of the coming of Gov. Ysabel contributed somewhat to calm the minds of all. The governor came at 10:30 a. m. and went through the town, accompanied by Col. Torres, president of the mining company, and two other persons representing the government. They found a number of groups of excited Mexicans, who were armed with knives and firearms, but kept on their arms. In the name of the American employees of the company remained around. In the afternoon, and without any known reason, there was a new disturbance, and firearms were discharged in various parts of the town, as a result of which two Americans and six Mexicans were killed and a number were wounded. Gov. Ysabel endeavored to suppress their disorder, but he did not have the forces to do it, inasmuch as among the Americans and Mexicans there were more than 5,000 men, many of them armed. The local police were unable to discharge their duty, but it was small in number.

In the afternoon of the same day at 2 o'clock there arrived 43 rurales and 10 guards of the fiscal department. The night was passed in relative quietness. On the morning of the third day 70 men of the federal forces arrived and the national guard, Gen. Louis E. Torres came on the third day at 7 a. m., having proceeded from Fortin Rio Yacoma, where he received the news. Immediately after his arrival he joined in the work of the government, seconding all its efforts.

We repeat that order has been established and public tranquility is more firmly established each moment. Since the night of the 2nd inst. an order was issued that disarmed everybody who was carrying arms, American and Mexican alike, and some arms have been seized. Yesterday and day before yesterday passed without the slightest sign of disturbance. Business has been resumed and more workmen are returning to the mines and shops. For the information of persons whom you serve, we state that the population of Cananea is something more than 20,000 people scattered in villages stretching over the valleys and foothills for a length of six miles.

WEDDING FESTIVITIES AT MADRID NEARLY OVER.

Madrid, June 5.—The visiting prince and princess are preparing to depart. Yesterday, when the American ambassador, Mr. Ysabel, paid his farewell visit to King Alfonso at the palace this morning.

The festivities continue. The main feature today will be a luminous cortege in the evening.

A number of anarchists, including the director of the modern school, have been arrested at Barcelona on suspicion of complicity in the bomb outrage on May 31.

The director, it has been ascertained, was in communication with Manuel Morales, the would-be regicide, and received from the latter translations from works on chemistry. The prisoner, who has been subjected to a rigid examination, will be detained pending further investigation.

The police have discovered that the attempts on the life of King Alfonso in Paris May 21, 1905, and in the Calle Mayor were organized by the same person.

LIQUOR DEALERS' ADDRESS TO THE PEOPLE.

Louisville, Ky., June 5.—The National Liquor Dealers' association, which opened its annual convention here today, issued an address to the people of the United States in which the belief of its members in temperance is expressed; obedience to the law is urged; the work of the various temperance societies is commended, and the statement made that intoxication should be considered a crime. The address says in part:

From time to time during the past 75 or 100 years waves of public sentiment have been directed against the manufacture and sale of wine and spirits and other alcoholic beverages have passed over this country, leaving in their train state, county and municipal legislation of a more or less drastic character, legislation entirely out of sympathy with the spirit of American institutions; legislation that was bound to fail in practically every instance, and this because the sentiment that compelled it was engendered by agitation and totally unripe for its enforcement.

"Experience has shown that when a man votes for prohibition it is invariably for the benefit of others and not for himself, for no man seems to realize that the society can order his life more wisely than he can order it, and for this reason all prohibitory laws, be they passed by the people of Maine or of Kansas or of Iowa have in each and every instance become dead letters, and with common sense and good citizenship."

SEVENTEENTH MINERS' INTERNATIONAL CONGRESS

London, June 5.—The seventeenth Miners' International congress opened here today with 119 delegates present, representing the United States, Great Britain, Germany, Austria, France and Belgium. The American delegates are John P. White, president of the Miners' association, and T. D. Nichols, a district president of the United Mine Workers of America. Many members of the house of commons, the French chamber of deputies, the reichstag and the Belgian parliament are delegates.

After a vote of sympathy with the sufferers by the Courrières mine disaster, Allen Clement Edwards, member of parliament, delivered the address of welcome, to which Mr. White replied in behalf of the United States, emphasizing the opinion, which he said, is prevalent in America, that trade unionism will make little progress unless conducted on international lines.

The delegates discussed proposed amendments to the acts governing mining, as moved by British, German and Austrian delegates. The suggestions include provisions for the greater safety of miners, stricter work by inspectors chosen from among the miners, and the prohibition of woman and child labor in mines.

The congress will continue in session until June 8, and will discuss among other things the adoption of a uniform international card, to be issued when members of the federation leave one country to visit another. The international resolution stands in the name of the United States.

BATAN ISLAND.

Chairman Townsend Succeeds in Defeating Bill to Lease It.

Washington, June 5.—Chairman Townsend of the appropriations committee directed a successful fight today against the bill leasing the Batan Islands, Philippine islands, military reservation for the United States and the Philippine government at a price not to exceed 10 per cent above the cost of mining. A military expert has estimated that the coal could be thus mined and sold at \$2.50 per ton, as against \$5 per ton, which it now costs the government for Japan or Australian coals.

Mr. Townsend attacked the principle of giving away the property of the United States without a royalty. Mr. Clark of Missouri insisted that if we are going to keep the Philippines we ought not to alienate a single island or anything produced on the islands, for in time of war we would need every facility afforded. The measure was opposed also by Messrs. Lusk, Keifer of Ohio, and C. B. Landis of Indiana.

Mr. Cooper of Wisconsin and Mr. Hill of Connecticut labored zealously for the measure, which had the recommendation of the secretary of war, but insisting that it was a good business proposition. The vote to pass the bill on suspension of the rules was overwhelmingly hostile.

SENATE PROCEEDINGS.

Washington, June 5.—The senate today took up and passed the naval appropriation bill. There was no discussion until the provision for a new monster warship was reached. Senator Hiram Bland, of Missouri, moved that the provision for new ships in that makes no limitation of cost be stricken, and the provision is loosely drawn.

It would take six months to make plans for the vessel. He also said that the final cost of the vessel, armor and armament included, would be about \$10,000,000, or twice that of the Oregon.

Senator Tillman thought it time to call a halt in the increase of cost and size of vessels.

"We are getting bigger and bigger, like the frog that tried to swallow the ox," he said, "and if we don't look out we will pop."

Mr. Hale said that with present plans realized our navy would be the second best in the world—more effective if not so large as the French navy, and he did not believe that hereafter more than one ship a year would be necessary.

The Consumption Death-rate in New York

has decreased 33 1/3 per cent in the past seven years.

This is due to corrected public opinion and enforcement of laws in regard to the spitting nuisance; also compelling physicians to report consumption, just as they report scarlet fever, diphtheria and small-pox.

INSURANCE INVESTIGATION.

Congressman Babcock Summoned Before N. Y. Grand Jury.

New York, June 6.—Dist. Atty. Jerome has, according to a morning paper, summoned Congressman Joseph W. Babcock of Wisconsin to appear before the special grand jury, which is investigating insurance cases. The paper adds:

Mr. Jerome telegraphed Representative Babcock on Monday, but Mr. Babcock did not get the telegram until yesterday. Mr. Jerome would like to have him before the grand jury tomorrow, but it is a question whether Mr. Babcock will be able to appear on that day. From Washington last night came word that Mr. Babcock was very busy with his legislative work, and that while he would answer the summons and appear as a witness, he might not be able to get here until Saturday.

While there was nothing in Mr. Jerome's telegram telling Congressman

CATARRH, FOUL BREATH

If You Continually K'hawk and Spit and There is a Constant Dripping From the Nose Into the Throat, If You Have Foul Sickeness Breath, That Is Catarrh.

CURED THROUGH THE BLOOD BY B.B.B.

Is your breath foul? Is your voice hoarse? Is your nose stopped? Do you snore at night? Do you sneeze a great deal? Do you have frequent pains in the stomach? Is there a constant bad taste in the mouth? Do you have a hacking cough? Do you cough at night? Do you take cold easily? If so you have catarrh. Catarrh is not only dangerous in this way, but it causes ulcerations, death and decay of bones, loss of thinking and reasoning power, kills ambition and energy, causes loss of appetite, indigestion, dyspepsia, raw throat and reaches to general debility, blood and insanity. It needs attention at once. Cure it by taking Botanic Blood Balm (B.B.B.). It is a quick, radical, permanent cure because it rids the system of the poison germs that cause catarrh. Blood Balm (B.B.B.) purifies the blood, and (B.B.B.) sends a rich, tingling flood of warm, pure blood direct to the paralyzed nerve, muscular membrane, bones and joints, giving warmth and strength just where it is needed, and in this way making a perfect, lasting cure of catarrh in all its forms.

DEAFNESS.

If you are gradually growing deaf or are already deaf or hard of hearing, try Botanic Blood Balm (B.B.B.). Most forms of deafness or partial deafness are caused by catarrh, and in curing catarrh by B.B.B. thousands of men and women have had their hearing completely restored.

Botanic Blood Balm (B.B.B.) is pleasant and safe to take. Thoroughly tested for 30 years. Composed of Pure Botanic Ingredients. Strengthens Weak Stomach, cures Dyspepsia. Price 25¢ per large bottle. Take as directed. If not cured when right quantity is taken, money refunded. Sample sent free by B.B.B. Blood Balm Co., Atlanta, Ga. Beware! your trouble and special free medicine advice to all your eyes, also sent in a sealed letter.

"First Aid" to the Bowels

Then he works them (through the nerves) till they get so strong from that Exercise that they don't need any more help to do their duty.

But Dr. Cascaret wants to bring on the spot, in your Pocket or Purse, where he can regulate these Bowel-Muscles all the time, in health, and out of health.

Because, even the strongest Bowel-Muscles may be overworked.

Heavy dinners, late suppers, whiskey, wine, or beer drinking, nervous excitement, sudden exposure to cold or heat and a dozen other every day likelihoods tire the Bowel Muscles.

In such cases a little Cascaret in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Old Dr. Cascaret carried constantly in your Vest Pocket, or in "My Lady's" Purse is the cheapest kind of Health-Insurance, and Happiness—Promotion, that ever happened.

Little thin enamel Cascaret Box, half as thick as your watch, round-cornered, smooth-edged, and shaped so you don't notice its presence.

Contains six Candy Tablets—Price Ten Cents a Box at any Drugstore.

Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "COC."

IF FREE TO OUR FRIENDS!

We want to send to our friends a beautiful Free Sample of GOLD-PLATED BOWEN BOX, half-enamel in color. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascaret, with which the B.B.B. is sent.

When Heartburn, Sour Stomach, Headache, Bad Breath, Coated Tongue, Belching of Stomach Gas, or any of these forerunners of Indigestion appear, Old Dr. Cascaret wants to be right on the spot in your pocket.

He wants to check the coming trouble instantly before it can grow into a habit of the Bowels to be obstinate.

Ladies, who extend to Dr. Cascaret the hospitality of their Purse or their Dress Pockets, will be rewarded with a fine complexion, and healthy Happiness.

These will about fifty times repay for the trifling space occupied, and the ten cents per week at cost.

Dr. Cascaret guarantees to cure the most obstinate cases of Constipation and Indigestion, without discomfort or inconvenience.

His medicine does not gripe nor purge, nor cause a drug habit.

Because it is not a "Bile-driver," nor a Gastro-Julio Waster, but a direct Tonic to the Bowel Muscles.

It exercises naturally the muscles that line the walls of the Intestines and Bowels.

Want of Exercise weakens and relaxes these Bowel Muscles, just as it weakens Arms and Leg muscles.

Old Dr. Cascaret goes directly after these Bowel-Muscles. He wakes them up just as a cold bath would wake
