

LOCAL AND OTHER MATTERS.

Correspondents writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

**THEATRICAL.**—Last night the performance of "The Road to Life" and "A Roland for an Oliver" gave much satisfaction, the playing being good in both. Messrs. McKenzie, Lindsay and Harrie, as Lockwood, Mortlake and Derby, played with much taste and discrimination in the drama; Messrs. Margets and Graham kept the risibles of the audience in a condition of excitement. Miss Adams played with much force and feeling, and Miss Platt did justice to the part of Thelma. Messrs. Hyde, Merrill, Crowther and Haines, and Miss Evans completed the cast, and each did well. The petite comedy was well rendered.

To-morrow evening the fine, stirring, romantic drama of "Wanderer Steenie," or the "Rose of Ettrick Vale," will be repeated. The fine playing of Mr. McKenzie in the title role, and Mr. Margets' very laughable characterization of Guy, made of this piece a success on Tuesday night, though some of the other parts were not well played; but there is no doubt that it will be much more lively and better performed on its second presentation. It is a sensational and stirring piece. It will be followed by the fine play of "Naval Engagements," well cast.

Miss Clive will appear in a dance between the pieces.

**THIS EVENING.**—Professor Bosco gives his entertainment, at the Theatre, and from the novelty of some of the tricks which he performs, and the artistic manner in which all are done, we have no doubt but those present will be highly gratified and entertained. We expect a large audience will be in attendance.

**WELLSVILLE.**—From Bro's Rice D. Jones and John Deakin, of Wellsville, we learn that about one-half of the men from that city, with Bishop Wm. Maughan, are on the railway west, on Benson, Farr and West's contract, and expect to get through the job they are engaged on in less than three weeks. The men in that quarter believe in furthering the great national highway, and go at the present time of the work with vim. The most of the thrashing has been done in Wellsville, and the wheat harvest will average about ten bushels to the acre, which, considering the damage done by the grasshoppers, is looked upon as a very good yield. The barley and oat crops were destroyed; and but little corn was grown. Fall wheat is being liberally sown. There is some sickness among children, principally whooping cough, and more than usual among the adults, yet, though the mortality is above ordinary, it is not very heavy. Co-operation matters are progressing in a lively manner, under the spiritual teachings and action of President Benson and Bishop Peter Maughan.

**FROM RICH CO.**—A communication from Montpelier, Rich Co., informs us that notwithstanding the grasshoppers which paid them a visit in the latter part of July, and a three nights' frost in the latter part of August, there has been quite an abundant harvest for that region, and the potato crop is very good.

**TELEGRAM.**—The following telegram to President Young, has been courteously handed to us: Echo, Oct. 22, 1898.

**Pres. BRIGHAM YOUNG:** Will camp near Grass Creek to-night. We expect to reach the city on Saturday.

**F. C. ANDERSON.**—HUN INTO.—About half-past two this afternoon, as the wagon of John Gubler, of Santa Clara, with his team, was standing in front of Bassett & Roberts' store, his wife and child being in the wagon, the Boise stage drove down the street, and although the wagon was close by the water set, the stage ran into it, smashing the running gear, tearing the tire of two of the wheels, and sending the whole to the ground with a crash. Mrs. Gubler and child were injured, although we believe not seriously. Mr. M. Lockwood has the contract for running the mails from the Dalles to this city, and his agent, John A. Culver, is, we understand, in the city; but we understand that he has sub-let the contract from Bear River to the city. This wild and dangerous driving is being carried to an extent that will not brook of being much longer borne with. The lives of the woman and child may have been sacrificed, but the driver—reckless of consequences—clashed his stage against a rickety wagon, and must be satisfied that it was sufficiently heavy to bear the fall thing to the ground.

We have to put the brake on in thinking or writing on such occurrences, or we would use language that probably would be better left unsaid.

**FOR THE U. P. R. R.**—The Omaha Herald states that during the last twenty days of September there were shipped across the river by the transfer boats of the Union Pacific Company, 1,056 cars of railroad material and six new locomotives of the largest pattern, and all sent west for use on the U. P. R. R.

The same paper of the 16th, says that "An additional Paymaster's car is now nearly finished at the car works in this city. It is about the same dimensions of a caboose, but it is finished in a very superior manner, having a sleeping saloon, with accommodations for five persons, a splendid office and an ante-room for the accommodation of the employees of the road, which have the pleasure occasionally of stepping up to the Captain's office to settle. This car will be used on the road from Cheyenne to Salt Lake."

**AN OVATION.**—From the Helens, M. T., papers of the 18th, we learn that Madam Scheller's Benefit, on Wednesday night week, was an ovation, the house being densely crowded in every part, and the demonstrations of applause most enthusiastic.

Mr. Methua and Madam started for this city yesterday, and will likely be here in the beginning of the week.

**POLICE.**—On Wednesday night a gentleman whose patronymic—real or assumed—is the same as that of the great Scottish bard—Bard, having imbibed beyond the bounds marked by any well regulated fiddler, was taken in charge, and yesterday he was requested to present \$10 to the City Treasury. He did so.

Last night Charles Holley, of Lamanite descent, indulged overmuch, and this morning had to hand over an X.

J. B. Johnson, who has a rheumatism somewhere in his neck which leads him to frequent and diurnal potations, partook too largely of the fluid which most he patronizes, and this morning he also was called upon for one of Uncle's pictures representing \$10.

Isaac Matthews was overhauled and hauled up, on the charge of stealing pants, and an opportunity offering he "slipped his cable," and "cleared out," leaving his coat and hat for the missing pants. The police will probably look for him to return him the article of clothing which he so liberally left behind.

**BURNT DOWN.**—On Thursday, 1st inst., as Edward F. Munn, of Montpelier, Rich county, was gone after the last of his hay, and his wife was gone to the creek for water, their little boy Joseph, four years old, got a match and went into the stack-yard, where he lit it, setting a stack of barley and oats on fire, and half an acre of Sonora wheat, which were destroyed. The united efforts of the few men in town—most of them being engaged in building a bridge over the outlet from Bear Lake—aided by the sisters, succeeded in saving a stack containing six acres of wheat and the hay. After Mr. Munn got home, he watched all one o'clock, lest the fire should not have been totally extinguished. About an hour after he went to bed the wheat stack was in a blaze. All the available assistance in the place was soon on hand, but their united efforts were unable to save the grain, the whole being burnt to the ground. Fortunately the wind was favorable, and the hay, corn, clover and sheds were saved. The loss is a serious one to Bro. Munn.

By Telegraph.

GENERAL.

Wheeling, 22.—The returns come in very slowly; those received so far show that the Democratic gains in Wheeling city are very close, yet the Republicans concede that it has gone Democratic.

Buffalo.—Notwithstanding the inclement weather an immense crowd assembled to hear Horatio Seymour make his opening speech of the campaign; fully eight thousand people assembled in the rink.

San Francisco, eight in the morning.—There has been no further earthquake demonstrations since 2.15, except a very slight shock at 7.30. No additional damage is yet ascertained, and it is thought that none has occurred by the shocks during the night. The excitement among the people has abated and business is proceeding as usual. The weather is very thick yet a slight rain is falling.

Another severe shake of earthquake was felt this minute, 2.15 a.m.; it has sent the people shrieking with terror into the streets; it is impossible to tell at present, whether any more damage is sustained by shattered buildings, or lives lost. The streets are thronged with people in their night clothes, fearful of what may come next. The atmosphere is thick and the weather warm and sultry.—Three in the morning. The excitement has somewhat abated since the shake at 2.15, but the people evince no desire to retire, but remain in the streets discussing the probability of the recurrence of another disaster similar to the one of Oct. 21.

Wheeling, 22.—The returns show a largely increased gain in favor of the Democrats, who claim to have carried the State by 2,000 majority; while the Republicans claim that they carried the State and elected all the Congressmen.

New York.—The Tammany convention, to-night, nominated the following city ticket: Register, Michael Connelly; City Judge, Gunning S. Bedford, Jun.; Supervisor, Wm. M. Tweed, Justice of the Supreme Court, Judge Blandard.

Buffalo.—Governor Seymour speaks at Cleveland on Friday evening, Chicago on Saturday, Columbus on Tuesday, Pittsburgh on Wednesday, and Philadelphia on Friday evening.

Washington.—A letter from one of the highest officers in rank in Texas says the rebels, in several counties in northern Texas, are organizing regiments, pretending that it is done under the authority of Gen. Reynolds, and it is ostensibly for the purpose of fighting Indians, but is really for the purpose of driving out the Federal troops. Ex-Governor Throckmorton is among the leaders of the movement.

Chicago, 23.—The Republican's Washington special says the *Intelligencer* has an editorial, admitting that the Democrats will undoubtedly be defeated under the present leaders, and demanding a change in the nomination, either for Chase, Hancock, Johnson or Hendricks. Montgomery Blair is furious, and declares that the *Intelligencer* has been bought by Radical money. It is reported on the streets that the *Intelligencer* will come out for Grant.

Considerable indignation is expressed with regard to the address of the Democratic National Committee, and it has transpired that several members of the committee knew nothing of the address till after it was published.

**FOREIGN.**—Madrid.—The Central Provisional Junta held its last session, yesterday; resolutions were adopted, urging the abolition of capital punishment, and for removing convicted persons from Spain to Africa and the Philippine Islands, and for forming a volunteer rifle association throughout the country. After recommending all the local provisional Juntas to follow this example the Central Junta dissolved.

London, 22.—The Prince and Princess of Genoa have arrived at Brighton, the Queen of Spain is also expected there.

New York.—A Panama letter states that all the ports of that state are declared closed, and that the government could not raise twelve thousand dollars to hire a steamer to take troops to Chiriqui to put down the rebellion there.

An armed force took possession of an American newspaper, the *Chronicle*, and they were supposed to be looking for the Spanish editor.

Some three thousand stand of American arms, the property of a New York firm, were seized by the authorities on the 11th, and carried off to the barracks.

THEATRE!

Lessee & Managers—H. B. Clawson & J. T. Cairne.
