

SOLUTION OF CUBAN TROUBLE

Gen. Menocal, Head of the Veterans, Feels That Secy. Taft Will Find One.

GOVERNMENT "STANDS PAT."

Holds Strength of the Insurgents is Due to Its Being Wholly Unprepared.

Havana, Sept. 20.—The leaders of the revolutionary movement have called all the generals in the field to a conference in Havana. They are safe from molestation during the truce.

The taking of testimony was continued today at the home of American minister at Mariano, Gen. Menocal—the head of the veterans, said to the Associated Press that he believes Secy. Taft was bound to find a solution of the difficulty. He is delighted with the secretary's forceful tact in securing all basic facts bearing on the matter. Gen. Menocal considers his own work at an end and has turned over his reports to Secy. Taft. Government officials maintained the same attitude today as yesterday, saying that there is no reason to recede from that position. They hold that the present situation is not due so much to the strength of the rebels as to unpreparedness of the government which now is in a fairly good position.

Secy. Taft spent the morning in receiving callers who are seeking to influence the actions of the mediators.

Gov. Nunez of Havana province has been telling Secy. Taft that the elections of last year are perfectly constitutional and there does not exist sufficient reason for cancelling them. He urged strongly that the present government be upheld.

Congressman Florencio Villanueva, a brother of the member of Congress who was killed at Cienfuegos a year ago, set forth that the killing of his brother was one of the causes of the present trouble and endeavored to show that the government was responsible for this murder. Vice President Mendez Capote continued his testimony before the mediators, and after him Alfredo Zayas, the Liberal leader, has heard.

As the testimony is given, Messrs. Taft and Bacon listen carefully, and stenographers take notes. The mediators, however, do not voice the slightest opinion or suggestion or in any way explain their presence or their policy. It is evident that the hearing will be a long one.

THE REBEL ATTITUDE.

Havana, Sept. 20.—Dr. Figueroa Zayas, the governor peace commissioner, reached the Santa Clara rebels under Guzman just in time to prevent the continuance of the attack which had begun on Santa Clara city.

Guzman, Ferrera and other insurgent chiefs prepared with Dr. Zayas a document in which they set forth their willingness to suspend hostilities provided the government would not ship troops or war supplies over the railroad. Like Gen. del Castillo, the rebel commander in Havana province, Guzman will not consider anything but the annulment of the last general elections.

GUERRA WAITING.

Havana, Sept. 20.—The rebel leader Pino Guerra has left Artemisa for Guanajay, 21 miles southwest of Havana. He is reported to have 5,000 men with him. He will camp at Guanajay awaiting the result of peace negotiations.

FUNSTON TO JOIN TAFT.

Washington, Sept. 20.—Gen. Frederick Funston arrived here from American Lake, Wash., and has been in consultation with Mr. Bell, chief of staff and other officers preparatory to departing tonight for Havana to join Secy. Taft's party.

WON'T ACCEPT PEACE.

New York, Sept. 20.—That the Cuban Insurgents are not ready to accept peace on any terms was proved yesterday, says the Tribune, by the arrival here from Havana on the steamer Mexico of three prominent members of the Liberal party, who came as emissaries of the insurrection. These men are Vicente Roche, one of the wealthiest men in Matanzas; Julian Ayala, secretary general of the Liberal party, and Octavio Zubizarreta, a member of the house of representatives from Savanna province. The trio came here to work in the interests of the insurgents.

GEN. CASTILLO'S VIEWS.

New Orleans, Sept. 20.—A dispatch to the Picayune from Cuba gives an interview with the insurgent leader in Havana province, Gen. Enrique del Castillo, in which he says he would like to see a commission of Americans appointed to negotiate peace.

"I believe there is no reason to expect American intervention immediately," Gen. Castillo said, "but it will come. I would like to see the United States negotiate peace. We have great confidence in President Roosevelt. We

believe that if he intervenes, he will cause his representatives to remain in Cuba just long enough to make peace and then withdraw them."

The correspondent, who arrived at Gen. Castillo's camp at night and found 500 men there, gives the following description:

"In a strict sense there is no camp here. One searches the landscape in vain for signs of tents or camp fires. Instead, the soldiers slept on the ground wherever they wished, without protection from the dew. The cavalrymen did not even use their saddles for pillows. We were impressed with the mature character of the troops with Castro. They averaged considerably older than the government troops and most of them were veterans of the Spanish war."

CONNECTICUT REPUBLICAN STATE CONVENTION.

New Haven, Conn., Sept. 20.—The Republican state convention named its state ticket today as follows:

For Governor—Rollins Woodruff of New Haven.

For Lieutenant-Governor—Everett G. Lake of Hartford.

Secretary of State—Theodore Bodewein of New Britain.

State Treasurer—Freeman F. Patton of Stafford.

Comptroller—Thomas D. Bradstreet of Thomaston.

Attorney General—Marcus H. Holcomb of Southington.

Congressman-at-Large—George L. Lilley of Waterbury.

The platform, contrary to early forecasts, took up a number of state issues that were the strong points in the Democratic platform and stated the party's attitude upon them.

"We heartily endorse the administration of Theodore Roosevelt, which, with the co-operation of the Republican majority in Congress, has secured the construction of the Panama canal free from intervention, the pure food bill and the meat inspection bill; the denatured alcohol bill; the railroad rate bill with adequate powers to prevent rate discrimination; and amendments to the anti-trust laws to prevent and punish unlawful combinations in restraint of trade.

"Adopting the language of our president, we stand unequivocally for protection tariff and we feel that the phenomenal industrial prosperity which we are now enjoying is not to be lightly jeopardized; for it would be the last degree of foolishness to secure here and there a small benefit at the cost of general business depression."

The remainder of the platform is devoted to state issues.

UNION PACIFIC COAL COMPANY HEARING.

Omaha, Sept. 20.—When the interstate commerce commission hearing before Commissioner Prouty today, D. O. Clarke, general manager of the Union Pacific Coal company, who also is vice president of the Superior Coal company, resumed the stand. The methods of securing the mining lands now owned by the Superior Coal company and the reasons for securing it were under consideration. Mr. Clarke said it was the intention to secure all the valuable coal lands in the Horse Thief Canyon district and also to secure such other lands as would prevent anyone else getting an outlet to the Union Pacific railroad from that district.

Mr. Clarke named other districts in territory tributary to the Union Pacific railroad in which coal has been found but not developed. He said that practically the only independent coal company operating on the line of the Union Pacific Railroad was the Central Coal & Coke company.

H. T. Lemist, an Omaha coal dealer, was called to testify regarding a meeting between President Saunders of the Sioux City and Rock Springs Coal company and General Manager Clarke of the Union Pacific Coal company, in connection with the former's application for permission to cross the land of the latter company with a spur track. He said Mr. Clarke made conditions to his consent that W. F. Abbott be turned out of the Sioux City company and that the Union Pacific company be allowed to fix the selling price of coal. Mr. Lemist said that less than 5 per

cent of the coal sold in Omaha is from Rock Springs.

William L. Ritter of Cheyenne, Wyo., an employee of the Union Pacific Coal company, testified regarding a quarter section of coal land transferred by him to D. O. Clarke. He said he knew nothing of the entry when informed that it had been made, and he was asked to transfer it.

TEN PEOPLE KILLED ON AN ENGLISH RAILWAY.

London, Sept. 19.—The crowded Scotch express train on the Great Northern railway leaving London last night, was wrecked outside of Grantham at midnight. The train should have stopped at Grantham, but failed to do so. Shortly after passing the station the train left the rails and then jumped a bridge. The engine and several coaches were dashed over the embankment, the engine turning turtle. Several coaches immediately took fire.

There are many passengers beneath the debris. Of 10 extricated five have died. The number of lives lost is not known, but is believed to be large. Many were injured.

At last account the coaches were still blazing and the fire brigade had been called out.

The dead and injured as yet have not been identified.

At the spot where the express was derailed there is a curve and it is supposed the brakes failed to act. The train appears to have gone upon a siding, smashing the parapet of the bridge, which was completely shattered.

At 5 o'clock this morning it was officially stated that 10 persons had been killed.

A dispatch from Grantham stated that the fire was well under control. A later report states that the engineer and fireman are dead under the engine, that the superintendent of mail car is missing and that seven injured persons have been taken to the hospital.

W. H. RITTER ARRESTED.

Is Ex-Member of St. Louis House of Delegates.

St. Louis, Sept. 20.—William H. Ritter of Denver, a former member of the St. Louis house of delegates, who wrote Gov. Folk last week volunteering to come here and testify regarding the handling of the money when he was municipal lawbreaker, was arrested last night at Hannibal, Mo., while on the Burlington train en route back to Denver. The arrest was made at the instigation of Circuit Atty. Sager, who charged that Ritter attempted to extort money from H. M. Snyder of Kansas City by threatening to testify against him. Ritter was taken to the St. Louis jail and placed in jail. Eugene Sweetner, who was identified with the Central Traction deal as a promoter, and who conferred with Ritter previous to the latter's departure yesterday, was also arrested and placed in jail. They will be held pending inquiry into the case.

PACIFIC N. W. CONVENTION.

Portland, Ore., Sept. 20.—Theodore B. Wilcox of the Portland Commercial club and B. Dennis of the Spokane chamber of commerce have issued a call for a Pacific Northwest convention to be held at Spokane, Sept. 25. From favorable reports received, it is believed that practically every commercial organization in the Pacific Northwest will be represented. The object of the convention is to bring together those bodies interested in the commercial prosperity of this section of the United States to unite upon a plan to advertise the entire district as a whole and not to exploit the peculiar advantages of any one city.

BANDITS HOLD UP A MICHIGAN BANK.

Grand Rapids, Mich., Sept. 20.—Eight masked and heavily armed men held up the people of White Cloud, a town of 4 miles north of here, at 10 o'clock today while they rifled the Howard county bank and attempted to rob the bank of R. Gannon & Son. The eight men rode into town shortly after midnight and surrounded the two banks. Guards were posted outside while other members of the gang entered the banks.

The interior of the Newago county bank was completely wrecked by the explosions, and the robbers secured between \$2,000 and \$4,000. While the robbers were at work in the Gannon bank several citizens, attracted to the scene by the explosions in the Newago bank, gathered. The guards called out the men working in the bank before they could get the safe open and covering the citizens with guns, rode out of town on horseback.

MORE ANTI-JEWISH OUTRAGES.

Odesa, Sept. 20.—In spite of official assurances that no anti-Jewish attacks would be permitted, a series of anti-Jewish outbreaks today by firing on a crowd of Jews. They met with energetic resistance, however, and dispersed.

MOTION DENIED.

Boy Must Stand Trial in District Court—Mother Fainted.

Judge Armstrong today denied the motion of the attorney for the defense in the case of the state against Roy E. Bailey, charged with the murder of a juvenile, and Bailey will have to stand trial in the criminal division of the district court. Testimony was introduced to show that Bailey is under the age of 18 years and hence the case should be handled by the juvenile court. The father and mother of the defendant testified that he is only 17 years and 6 months old. Several other witnesses testified that the defendant gave his age to them as 21 years.

At the conclusion of the evidence Atty. Ashworth moved that the case be transferred to the juvenile court. Judge Armstrong denied the motion on the ground that the juvenile court does not have exclusive jurisdiction of the cases of minors but its jurisdiction is only concurrent with that of the district court.

When the decision was announced Mrs. Bailey fainted and had to be carried into the private office of Judge Armstrong and cared for until restored to consciousness. Her son is charged with burglarizing the May pharmacy at 301 east Second South street on the night of Aug. 20, and, if convicted, will have to serve a term in the state prison.

TOOK TIME TO PLEAD.

COURT NOTES.

Judge Lewis has rendered judgment in the case of the state against C. N. Brown and Hugh L. Thomas for \$22,400.53, the amount found to be due on a promissory note executed on May 21, 1905.

An action has been filed in the district court by Lillian Schneider against the Bingham Consolidated Mining & Smelting company to recover damages in the sum of \$1,500 for injuries received by being thrown from a horse on Aug. 12 while riding near Bingham canyon. Plaintiff came in contact with a trolley wire, which was strung too close to the ground by defendant, and was thrown and received bruises and cuts over the right eye which will permanently injure the sight of the eye. Plaintiff's husband yesterday filed suit against the same company for injuries received in the same manner.

N. N. Norton, the robber who was shot in the back by M. Donna while attempting to hold up Harry Hilton, a bartender in Donna's saloon at Sixth West and Second South streets on Sept. 11, appeared before Judge Armstrong today for arraignment and pleaded guilty to the charge of robbery. He waived time for sentence and was sentenced to serve 10 years in the state prison. Norton got \$20 from Hilton and, after being shot, made his escape but was later captured on Commercial street. He is still in a crippled condition from the effects of the wound inflicted by Donna.

HOBDAY RATED AS A RENEGADE

Fight Being Made on Him in Committee on Credentials This Afternoon.

BRANDED AS AN "AMERICAN."

Republican Committees All in Session At Press Time Preparing for Convention Work.

The Republican convention was apparently a long way from reassembling at 3 o'clock this afternoon. The committee on platform and resolutions was reported as having an earnest time of it. The committee on organization had not fully agreed on its recommendations as to permanent officers of the convention, and the committee on credentials was listening to a fight by straight Republicans on Congressman Hobday, who passes as a member of the party but who trains and votes with the "Americans." He denied that he was an "American" and claimed a right to sit in the Republican convention. He is for Christensen for Congress and the Howel men were combatting him as a party renegade.

The outlook is that the convention will get together about 2:30, but it will be a long time after that before there will be any nominations. It is rumored that Dan Harrington, an off-time candidate for Congress, proposes to "set the convention on fire" with an anti-Smoother resolution.

ORDER OF BUSINESS.

It was 3 p. m., when the committee on permanent organization and order of business had agreed on its report, which recommended:

First—That the temporary officers be made permanent.

Second—Report of the committee on credentials.

Third—Report of committee on permanent organization and order of business.

Fourth—Presentation of platform and resolutions.

Fifth—That nominating speeches be limited to 10 minutes, and seconding speeches to five.

Sixth—Nomination of supreme court candidate.

Seventh—Adoption of party emblem.

Eighth—Naming of congressional nominees.

A PUITE PROTEST.

It is Issued Against the Republican Party as Now Organized.

The document brought forth yesterday by Democratic County Chairman Cunningham, arraigning the Republican party in Utah, is today followed by another denunciatory document from Plute county. The Plute paper comes from a committee of independent citizens, said to have been chosen at a mass meeting not on party lines. It is addressed to the voters, and reviews political affairs during the past few years, mentioning the activities of present Republican leaders and of James H. Clowe of Provo in that county. The appeal goes forth from the committee for a mass meeting at Circleville Oct. 1 to further protest against the Republican party as at present organized. It is to be nonpartisan and open to all people. The protest is signed by Samuel L. Page, a Democrat, William E. White, a Republican, Sidney Black, a Socialist, Miles Durkee, a Republican, and J. F. Gibbs, a Democrat.

The mass convention called for has as a secondary purpose the nomination of an independent county ticket.

HARRIMAN STOCKS WERE MARKED UP

Took Upward Turn When Reading's Fall Amounted to Two Points.

THEN IT HAD A REBOUND.

Some Movement of Steels But Little or No Heed Was Paid To It.

New York, Sept. 20.—There was but little movement in the opening stock market, a number of prominent issues selling unchanged from last night. Prices showed a sagging tendency but there was a small sprinkling of gains. Reading fell 1 1/2 on the sale of 5,000 shares; Great Northern preferred lost 1/4 and Louisville & Nashville 1. Business was in moderate volume.

When the fall in Reading had amounted to 2 points the Harriman stocks moved upward as a counter-acting influence. Union Pacific and Southern Pacific were marked up 1/4 and their strength permeated the entire market. Reading rebounded to 1 1/2 above yesterday's closing, and other eastern stocks began to show strength. St. Paul, Baltimore & Ohio, Northern Pacific, Erie and International Pump gained 1/4 and New York Dock preferred 1/4. Atlantic Coast Line receded 1/4, and Western Union, Linsend Oil preferred and Brooklyn Transit 1. The last named substantially recovered fully.

The market sagged in sympathy with a 1-point reaction in Reading, but rose strongly when that stock advanced again over 2 points. Great Northern preferred 1/4, Atchafalca 1/4, International Paper preferred 1/4, Delaware & Hudson, U. S. Steel, Smelting, Lead, American Car, Colorado Fuel and Hide and Leather preferred 1/4. Western Maryland declined 1/4, and People's Gas 1/4. Prices fell back a fraction before noon.

Bonds were steady. The market in the afternoon paid little heed to the movements of the stock market. Reading ran off at one time to the extent of a point and Pennsylvania subsequently went up as much, but neither movement disturbed the sluggishness of the general list. American Ice sold up to 80.

Reading lost all of its rise in a sharp reaction from which a rally was led by a 3-point rise in Southern Pacific. Union Pacific rose 2 and Amalgamated Copper 1. The general list was moderately affected, but the general level rose to the highest of the day. U. S. Railway recovered 3/4 of yesterday's decline, Reading was sold again in the late dealings. The closing was irregular.
