Commissioner Upsam, of the
Bureau, has awarded the con-
tract for furnishing 235,000 pounds of
and 110,000 pounds of flour to the
Cheyenne Indians to Thomas
Jewell, of Chicago: the former at
and the latter at \$2.70 per 100
pounds.

ominent official of the Treasury
Department said to-day in regard to
complaint of the bankers and min-
men of Salt Lake City against the
order regulating the distribu-
tion of silver dollars, that the order in
question was made necessary by the
expense attending the transporta-
tion of that coin from one point to an-
other. As an illustration, he said it
cost over \$8 to ship \$1,000 from
San Francisco to Salt Lake City, and
much more to ship it back, which
would deprive the government of the
entire profit realized from the coin-
age. The difficulty at Salt Lake
City, in the official's opinion, be-
lieved if the bankers were willing to
fractional silver coin instead of
silver dollars. The former would
be delivered to them at their places of
business without delay and without
loss of standard dollars. He said
that the efforts of the present
administration to promote the circu-
lation of silver coin is meeting with
success, especially in the case of
fractional coin, which, until the pres-
ent movement began, was wholly un-
usable and a dead weight.

WASHINGTON, 19.—The full text of
the decision of Judge Crease of the
Circuit Court of British Columbia,
in the Hibbs extradition case, has been
received at the Postoffice Department.
The preamble Judge Crease says: "It
is a case of considerable importance,
because the complaint is for an offense
which has no exact parallel in the his-
tory of extradition cases, and the dan-
ger would arise of a repetition should
it prove to be an extradition of-
fense. That will be easily understood
if it is considered that there are
fifteen thousand postmasters,
using the same facilities as the pris-
ons in the issuance of money orders
in the United States, and if one such
with impunity unblushingly con-
tinuing to abuse his trust by em-
bezzling \$20,000 in three days, and then
his punishment by skipping across
an imaginary boundary line, it is easy
to understand the mischief such an ex-
ample would do to even a few of that great
army of postmasters, might do."

Judge Crease pays a high compliment
to the late General Goode and to the
men who traced Hibbs and brought
him to justice. He concludes as fol-
lows: "I cannot conclude without
acknowledging the assistance rendered
by the court by Solicitor General
Crease. I trust it will not be inappro-
priate if I echo the words of the learn-
ed judge in the Windsor case. While I
am with the law as it is I may wish
that the Government of the United
States may see its advantages in ad-
hering to the catalogue of extradition
cases, all those offenses which have
been for some time pressed upon its
attention from this side of the line and
which with the object of saving end-
less time and expense to both coun-
tries. It would be especially welcome
if these magistrates on both sides,
in duty it is under the Washington
treaty to carry out the law."

NEW YORK, 19.—A dispatch from
the Commissioner Raymond, of
New York, warned the sanitary au-
thorities to-day to be on the lookout
for the disease, 24 years old, a sailor
on the schooner John Gibson, who had
been sick with symptoms suspiciously
like those of yellow fever. The John
Gibson came into port from Cienfuegos
August 6th and was detained at
Quarantine till August 15th, when all
well on board she was allowed to
proceed to her dock.

It is reported now that her captain
and crew on the voyage from the fever.
The report has it that there was no
disease on board, which if true, can-
not be ascertained at the present stage.
The ship left yesterday and it
was found that he had crossed the city
of New York. Search was at once
made for him. Before it was begun a
man had found Ryders lying very ill
in Battery Park, and had helped him
to State Street, where he fell in
the hallway unable to go further. Here
Conant, sanitary inspector, found
him and had him at once removed to
Riverside Hospital. During the
night he developed well known signs of
the dread disease. This morning he
was removed to quarantine. The
nurses in State Street were disin-
fected.

The Brooklyn health officials are
watching after the ship and its party
very closely. The health officers
are charged to not believe yellow fever

could become epidemic in New York in
its present sanitary condition.

SARATOGA, 19.—The American Bar
Association assembled here to-day in
its eighth annual session. The annual
address was made by the president,
Hon. John W. Stephenson, of Ken-
tucky. He spoke in favor of advanc-
ing the science of independent juris-
prudence and promoting the thorough
administration of justice, and urged
the necessity of a uniformity of legis-
lation throughout the several States.

Members of the general council, one
from each state, were chosen. A resolu-
tion was passed for the appointment
of a committee to report what action
if any, the association should take in
view of the contingent necessity for
legislation for the relief of the Sup-
reme Court of the United States from
its overplus of business. At the even-
ing session David Dudley Field sub-
mitted a paper on judicial delays and
uncertainties, and a paper by Reuben
C. Benton, of Minnesota, on the dis-
tinction between legislation and judicial
functions, was read.

WILMINGTON, Del., 19.—Capt.
Wiley and Pilot Curry have been over-
hauling the plaster and other debris on
the steamer Felton this morning, and
have found fragments of a metal be-
longing to a caddy, a bunch of bright
twisted wire and a piece of tin believed
to have been the lid of a dynamite
canister. The canisters to which such
a lid would belong are one inch in di-
ameter and three inches in length, and
it would require several of them to do
the work of the explosion. The find-
ing of the caddy clasp is considered as
important, as corroborating the state-
ment of the colored passenger, Hiram
R. Miller, of Morrisville, N. J., that he
saw a man, whom he described, un-
hook the companion-way door, place a
caddy behind it, and rehook the door.
Government Inspector Frank Hand and
Master Machinist Callahan examined
the boiler this morning and found the
tubes behind the indentation bent in-
ward, but sound and unbroken.

FORT WORTH, 19.—A startling rumor
spread through this city to-day to the
effect that the late John Nichols, vice-
president of the City National Bank,
whose death occurred suddenly last
Monday at the bank, was a defaulter to
the amount of about \$30,000, but the
committee consider the bank sound.
The outside indebtedness of
Nicholson's individual notes amounts
to but \$20,000, although rumors are
current that his private indebtedness is
much larger. His funeral yesterday
was the largest ever witnessed in this
city. The body will probably be ex-
humed to settle the question whether
or not he suicided.

PHILADELPHIA, 19.—The National
Association of ex-United Prisoners of
War began its twelfth annual session
to-day. The following committee on
credentials was appointed: Comrades
Button, Rippe and Stark. Before this
committee concluded its labors, the re-
ports of officers were handed in. In
his report President Shanklin said:
"There has been no very marked pro-
gress in the advancement of our orga-
nization during the past year. While
our hopes of extending our organiza-
tion so far has been fully realized, much
practical work has been done that must
produce results in the immediate fu-
ture. We have now regular chartered
associations, either State or local, in
fifteen States as follows: Pennsylvania
9, Michigan 7, Ohio 5, Indiana 3, New
York 2, Colorado 2, Massachusetts,
Connecticut, Illinois, Wisconsin, Mary-
land, Virginia, California, Kansas and
District of Columbia, each one making
a total of 37 organizations in all.

The treasurer was absent and his
place was occupied by Dr. G. A. Gesler,
of Fremont, Ohio, and his report
showed that \$311.16 had been received
during the last term. The meeting then
adjourned, and the members were es-
corted through the U. S. Mint by com-
rades of the Pennsylvania State Asso-
ciation.

CEDAR RAPIDS, Iowa, 19.—The Dem-
ocratic State Convention reassembled
at 2 p. m., and after a sharp debate on
the amendment to the increase of the
license to a \$500 minimum, passed the
following

RESOLUTIONS:

"The Democratic party of Iowa an-
nounces the following platform of
principles:

We declare in favor of the repeal of
the prohibitory liquor law of the State
of Iowa as being unjust and hostile to
temperance.

We pledge ourselves to favor and use
our best endeavors for the enactment
of a license law of \$250 with power to
increase the same from \$250 to \$1,000,
as may be deemed best for the public
interests in the various localities of the
State, as expressed by the legally con-
stituted authorities of such location.

We pledge ourselves to use our best
efforts for the enactment of a law
which shall punish as criminal the
manufacture and sale of all adul-
terated liquors, such adulterations be-
ing the direct cause of intemperance
and destructive to the health of the
people.

We urge upon Congress the prompt
enactment of appropriate legislation
to open for settlement the forfeited
railroad lands in the State.

That, while we oppose all monopo-
lies, we recognize the right and duty of
the Government to give the greatest
possible liberty to every citizen con-
sistent with the rights of every other

citizen, and we believe in and an-
nounce as one of the fundamental
principles of the democratic party that
labor is the foundation of wealth, and
that the laborer should be the special
object of care of the Government.

That in President Cleveland the
country has found a man of solid judg-
ment, conscientious integrity, unswerv-
ing fidelity, patriotism and courage
equal to that of Andrew Jackson, and
in his efforts for economy, for the ex-
posure of the criminal acts of the re-
publican party and its officers, for his
unflinching firmness in dealing with
the cattle kings, for his zeal in behalf
of reform, for his efforts to restore the
public lands to settlers, for his efforts
to enforce the law against polygamy,
and for his constant watchfulness of
the public welfare, he has conducted
himself in such a way as to receive our
unswerving support."

The first formal ballot for Governor
resulted in the nomination of Hon.
Charles E. Whiting of Monona County,
Hon. W. F. Brannan of Muscatine
County was nominated for Justice of
the Supreme Court. A spirited debate
resulted on the nomination of Hon. E.
H. Gillette of Des Moines, the Green-
back candidate for Lieutenant Gov-
ernor, and F. M. Moore of Davis Coun-
ty, the Greenback candidate for Super-
intendent of Public Instruction.

Adjourned.

JACKSON, Miss., 19.—The State Dem-
ocratic convention to nominate a state
ticket met to-day. Governor Lowry
was renominated. Lieutenant Gov-
ernor Shands was nominated. No
other nominations were made this
evening.

The following resolution, offered by
W. H. Hardy, of Meridan, was adopted
by a rising vote:

Resolved, That the Democratic party
of Mississippi, in convention assem-
bled, hereby express their apprecia-
tion of the honor conferred by Presi-
dent Cleveland upon the party and up-
on the State by the appointment to a
cabinet position of that illustrious
patriot, honored and beloved by Mis-
sissippi, Hon. L. Q. C. Lamar, and

Resolved, That in the policy of Presi-
dent Cleveland, so far as disclosed, we
see not only nothing to condemn, but
everything to inspire confidence in his
wisdom, integrity and statesmanship,
and we hereby express our unqualified
endorsement of the same.

The convention adjourned at 8.30
o'clock, until to-morrow morning.

SHENANDOAH, Pa., 20.—Miners and
laborers employed at Lents, Lilly &
Co's colliery here were recently noti-
fied that a 5 per cent. reduction in all
wages would go into effect at once.
The men held a meeting and resolved
not to accept the reduction. On Tues-
day Hungarians and Poles were put
to work about the mine, and al-
though the striking miners watched
their movements closely, no distur-
bance occurred until late in the evening,
when the foreigners were attacked.
The excitement brought to the scene
crowds of persons, and in less than ten
minutes

THE FIGHT BECAME GENERAL

and was participated in by 100 men and
boys. All sorts of missiles were used,
stones, clubs and fence rails. From 15
to 25 persons were seriously, and several
Hungarians fatally injured. As
soon as one man became injured he was
carried away and the battle renewed.
The Hungarians fought desperately
and showed a determination not to
leave the place. Yesterday morning
they returned to the colliery and went
to work and have not been since inter-
fered with. Another encounter is ex-
pected, however.

COLUMBUS, O., 20.—The Democratic
State convention was late in assemb-
ling this morning owing to the difficulty
in getting seats for delegates and vis-
itors. The sub-committee on resolu-
tions remained in session until five
o'clock this morning and then, being
unable to agree, turned the subject
over to the full committee, which was
still in session at ten o'clock. It will
probably be ready to report before
noon. Other proceedings promise to
be of a routine nature and to be readily
disposed of.

COLUMBUS, O., 20.—The Democratic
convention has just nominated Hoad-
ley for governor and Warwick for
lieutenant governor.

The convention was called to order
at 10.15 a. m. and the committee on
permanent organization reported the
Hon. Jno. Follett, of Cincinnati, per-
manent chairman. The principal fea-
ture of the short speech made by Fol-
lett was a strong endorsement of the
present national administration and
complimenting the convention on the
favorable auspices under which it had
met with the national government
democratic, and the States promising-
ly so. The committee on credentials
reported all the delegations full and no
contest.

A scene was created in the conven-
tion at this point by the introduction
of W. A. Miles of Columbus, a mem-
ber of the committee appointed at the
late meeting of the State voters in
unison to memorialize the State con-
ventions of two parties for the re-sub-
mission of the second amendment to a
vote of the people. The report asked
the re-submission of the second
amendment, closing saloons on Sun-
day as a general remedy of existing
evils from drink traffic.

GREAT UPROAR WAS CREATED IN THE
CONVENTION

by a glass of water being handed to
Miles while reading the report. It
was referred to the committee on res-
olutions under the rules. The commit-
tee on resolutions not being ready to
report, the convention proceeded to the

nomination of a candidate for gover-
nor.

Congressman Geo. W. Geddes was
first to appear and offered the name of
Gov. Hoadley in quite a lengthy speech
recounting his brilliant record as gov-
ernor and in his administration, and al-
so paying a high compliment to Judge
Thurman, and announcing that he
could not allow the use of his
name before the convention. Geddes
concluded his eloquent effort by
moving a suspension of the rules and
the nomination of Hoadley by acclama-
tion. This was received with long ap-
plause, and no word of objection was
heard to the motion.

Gen. Michael Ryan, of Cincinnati,
followed, seconding the motion and
defending the Governor at length
against the charges that he had made
mistakes. When the motion was put
the voice was unanimous and enthusi-
astic with the exception of a few voices
from the Hamilton County delegation.
After the committee had been appoint-
ed to wait on Governor Hoadley and
bring him before the convention, W. V.
Marquis, of Logan County, in a short
speech presented the name of John G.
Warwick, of Massillon, for renoma-
tion for Lieut.-Governor. The motion
was immediately put and carried
unanimously amid great applause.

FOREIGN.

LONDON, 20.—The Standard's Berlin
correspondent says: An eminent
Turkish diplomatist declares that the
Sultan and Grand Vizier oppose the
alliance of Turkey with England
against Russia.

TURIN, 20.—A valuable collection
has been stolen from the royal armory
here, including four collars of the
order of Annunziata, which were
studded with diamonds.

LONDON, 20.—The majority of the
reports received here gives the number
of deaths from cholera at Marseilles at
almost double that already announced.

A dispatch to Reuter's says the sani-
tary condition of the city is alarming
and that the epidemic is extending
northward.

Madrid, 20.—The only cleanly per-
sons who have been attacked by the
cholera scourge are public officials who
are compelled to visit the hot beds of
the infection. Many people are return-
ing to the city, which they consider
safer than the provinces. Tuesday's
returns show there were 322 new cases
and 150 deaths in the city of Granada,
and 348 new cases and 125 deaths in the
province. Two doctors who went from
Madrid to Genoa have died of the dis-
ease. A doctor who has

SAVED 14 OUT OF 15 PATIENTS

in the second stage of the infection by
administering an enema of ether has
been authorized to apply that remedy
in the hospital.

Paris, 20.—Government has ordered
Admiral Courbett's remains to be
landed at Brest instead of at Toulon,
owing to the prevalence of cholera at
the latter place, extensive preparations
had been made at Toulon for the recep-
tion of the body.

Toulon, 20.—There were three deaths
from cholera in this city yesterday.

Madrid, 20.—There were 4,109 new
cases of cholera and 1,541 deaths in
Spain yesterday.

LONDON, 20.—Phelps, the American
minister, is suffering from cold and a
slight attack of lumbago. Better this
morning. He will to-day go to the
country with his wife and take a short
rest from his official duties.

LONDON, 20.—The Standard urges the
great importance of securing an alli-
ance between England and Turkey. It
expresses a hope that Sir Henry Drum-
mond Wolff will be successful in se-
curing the desired alliance.
