

H. V. PLATT AFTER SHORT LINE MEN.

Secures J. H. Dodds of Pocatello As Trainmaster at Los Angeles.

PRESENTED WITH GOLD WATCH

Former Associates Here Spring a Big Surprise on Popular Railroader And Wife.

H. V. Platt, formerly superintendent of the Utah Division of the Short Line is here for the ostensible purpose of taking his family back with him to Los Angeles. There are indications, however, that Mr. Platt is keeping his eye open for a few good men from his former scenes of operation. Among the latest captures is reported to be J. H. Dodds of Pocatello, who has been with the Short Line for a number of years in the capacity of dispatcher and conductor. Mr. Dodds goes to Los Angeles on trainmaster on the Southern Pacific under Mr. Platt.

PRESENTATION LAST NIGHT.

Last evening Mr. Platt got a great surprise when accompanied by Mrs. Platt he walked into the Kenyon, quite a number who were posted on the plot, earlier in the day were on hand to listen to the eloquence of E. C. McElroy, the veteran conductor who told Mr. Platt a number of nice things in a very brief speech and concluded by handing the popular official a gold watch and fob bearing a double E.K.K. emblem. Mrs. Platt was also presented a handsome silver tea service. This token of esteem and affection represented the gift of 350 men who worked under Mr. Platt prior to his going to the Southern Pacific a month ago. Mr. Platt tried his best to respond, but was decidedly hindered owing to the emotion under which he was laboring.

It was a jolly crowd at the Kenyon, among those present being Division Superintendent H. V. Hilliker and his assistant, H. J. Roth, trainmaster E. N. Thorndike of Kenyon, acting superintendent Duddleson and others.

TALE OF A DOG.

How H. M. Cushing Got His Damaged Eyebrow.

H. M. Cushing's cocker spaniel is in disgrace again, and the genial traveling passenger agent of the Rio Grande is nursing a bruised face in consequence. It appears that this dog has a great reputation for catching chickens, thereby disturbing the contents of a picnic among neighbors. Mr. Cushing took his family for a drive last evening in Liberty Park, and of course the family dog went along. Once inside the park the animal flushed up one of the park keeper's prime roosters. The race that followed was decidedly spectacular, especially as the rooster ran himself out of his wits and gave chase with a will. Just at the critical juncture, however, Mr. Cushing crossed his legs and stood on his eyebrows. During the process he managed to bruise himself up considerably and lose several buttons from his summer suit. These explanations are duly given to save Mr. Cushing's job of answering questions on the part of thoughtful friends, also to still the voice of those scandal that has roared its malignant head.

BIG BUSINESS.

Travel Over Salt Lake Route Continues To Be Heavy.

The Salt Lake Route is continuing to do a very heavy business in travel to southern California. This morning there were no less than 19 names listed to take their trip for recreation. Among those leaving for Los Angeles this evening are A. E. H. Peterson and Mr. and Mrs. George Q. Morris, Col. Wall and a party of six are booked for the same destination only in the week. John E. Bradford left last night for Los Angeles with Mr. and Mrs. Wallace Thompson and Mr. and Mrs. L. A. Evans have secured berths for Sunday night.

EXCURSION TO BIG HORN.

Burlington and Rio Grande Figuring on a Special Rate.

The Burlington and the Rio Grande are making preliminary arrangements to run a homeseekers' excursion into the Big Horn basin, Wyo., early in the fall to meet the demands of a number of Utah people who are anxious to go into that section and look over the country. There are quite a number of Utah people settled in that section who have friends and relatives here desirous of visiting with them. It is the intention to put in practically the same rate that prevails of conference time from the basin to Salt Lake and return.

SPIKE AND RAIL.

The Salt Lake Route invited to Los Angeles carried four hundred parties out of Salt Lake last night.

Arrangements are being made to bring a thousand homeseekers from the Pacific Northwest on one of the opening dates of the Utah excursion, it is definitely settled.

Los Angeles has just awake to the fact that the Salt Lake Route is planning to install an automobile service to Goldfield, which will be established early in July.

No. 5 on the Rio Grande arrived yesterday with 14 cars, containing 200 passengers, 30 of whom were transferred to the train for Los Angeles over the Salt Lake Route.

H. E. L. Shores of Nampa, auditor and traffic manager of the Deseret road, has severed his connection with that company and moved to Boise, where he has entered the insurance business.

General Agent Hoyt Sherman of the Colorado & Southern is due to land in New York on Saturday and will return to Salt Lake at the end of next week after a leave of absence of six months.

Major Reed, the pioneer of the new town of Butler, has reached a distasteful end of time and now there is a rumor on the market named after him. A box by way of a name reached several railroad offices in this city this morning.

MUTUAL ASKS INVESTIGATION

President McGurdy Wants It to Allay Distrust of the People.

New York, June 29.—It was announced at the office of the Mutual Life Insurance of New York today, that Board of Directors has made arrangements to investigate that company along the same lines as he has investigated the Equitable Life Assurance society. The investigation is at the request of Richard A. McGurdy, president of the company.

An official of the Mutual company who was authorized to speak for President McGurdy gave out the following statement: "The investigation of this company will be as thorough as it is possible to make it. The request for the investigation was prompted by a desire on the part of the officers of the Mutual Life to have the exact status of the company made known to the public. The life insurance atmosphere has been so bogged by the troubles in the Equitable that many persons are laboring under the impression that others of the big companies are in the same position as the Equitable. Since the spring of the troubles in the Equitable we have received many communications from our agents in various parts of the country telling us that it was becoming more and more difficult to secure business on account of the growing distrust of the people, against all life insurance companies and we decided that the best and quickest way to do away with this distrust would be by an investigation. No matter what the outcome is the public shall be fully informed of it."

No One But Yourself If You Don't Get Well When Sick.

All we can do is give advice. Of course that's easy. But our advice is really worth a little more to you than most people's, for we offer to give you the first bottle of our medicine free, if it fails to help you. We could not afford to do this unless our medicine was good. Each an offer, on the wrong kind of medicine, would put a man in the poor house.

Dr. Miles' Nervine, however, as years of experience have proved, is a medicine that cures the sick. Those whom it cannot benefit—less than one in ten thousand—we prefer to refund their money.

All we ask of you is to try Dr. Miles' Restorative Nervine for your comfort. If you suffer from sleeplessness, nervous exhaustion, business headache, muscular twinges, melancholy, loss of memory, weak stomach, poor blood, bilious trouble, epilepsy, St. Vitus' Dance, etc., we will guarantee to benefit you or refund your money.

You are the doctor.
"My son Bert, when in his 17th year, became subject to attacks of epilepsy, so serious that we were compelled to take him out of school. After several physicians had failed to relieve him, we gave Dr. Miles' Nervine and, after ten months' treatment with Nervine and Dr. Miles' Restorative Nervine, he is perfectly cured. Write for our free book 'How to Cure Epilepsy' and tell us what you think of it. It is absolutely free. Write to Dr. J. C. Miles, M.D., LABORATORIES, ELKHART, IND."
