Catarrh, Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries. That medicine is Hood's Sarsaparilla.

It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberiain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusive-ly that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.
