

The Pinance Committee Must Raise \$60,000 Which the Executive Committee Will Have to Disburse.

The definite work which Salt Lake has to do to "put her house in order" to receive the largest annual gathering that occurs in 1909 at any spot on the American continent, will begin with the appointment next week of a supervisory executive committee for the forty-third annual encampment of the Grand Army of the Republic.

Mayor John S. Bransford is at pres ent the only official member of this committee. He was designated to be chairman by the Commercial club board of governors, and upon his shoulders has been put the task of calling a meeting of those he wishes to help him in the work of producing a successful encampment. This meeting he will call in the very near future, probably early next week, and the peoole of Salt Lake will then know just Now they are to prepare for the Grand Army encampment, and just what there is to be done. The executive committee will have no merely honcommittee will have no merely hon-orary task of receiving the honors and plaudits of the occasion. Theirs will be the task of preparing every detail, of supervising absolutely all expendi-tures, and of appointing all other com-mittees to participate in the arrange-ment of particular features of the en-component work. - Under them will serve Salt Lake's young army of 300 "soldiers of the

young army of 300 "soldiers of the common good" who will be employed as guides, committeemen, and in other capacities tending to the general success of the encampment. By them will be appointed 21 committees, each chargeq with important reconsibilities, to be created by the executive committee. How some things will be handled is already known. They are fixed by reg-alation of the G. A. R. One of these is how the parade is to be run. No lo-cal efficial has any authority over this cal official has any authority over this parade. It is the commander's parade, and the commander of the Grand Army has power over every feature of it to the last float that may be allowed in the line.

# PROPOSED PARADE.

Through Col. Sterrett he has made known some of the limitations on the plarade. 'One is that it absolutely must Not be more than two miles long, and another is that it must end the min-ute the old soldiers pass the reviewing afte the old soldiers pass the reviewing stand. Experience, Col. Sterrett states, show that a parade longer than two miles is too long for the old veterans, and that a parade less than this length cannot accommodate the demands for space in 11. Salt Lake's big parades have had 2,000 or less people in them. For this parade 15,000 veterans alone are promised, with a possibility that are promised, with a possibility that there will be 25,000. The parade must pass the Commercial club, a grand stand, a children's stand, and the com-

Of the best quality, coupled with promptness, civility and reasonable prices, have made our store one of the most popular in the city. Everything you would expect to find in an up-to-date drug

there isn't someone in the city who will try to do that it will be the first will try to do that it will be the inst-city in which someone of that class hasn't arisen to an opportunity. But he will be well policed, and I think his career will be brief. In Toledo the police stopped all such people—and there were some—and afterwards their licenses wave evolved

The hotels committee in Salt Lake must get the signature of every hotel man and every restaurant man, guar-anteeing that he will charge only his week. Then it will be charged with the special duty of sseing that all vio-lations of this signed agreement are promptly reported, and that all prac-ticable means are exhausted to pre-vent such violations vent such violations.

# THE FREE QUARTERS.

The free quarters problem is occa-sioned by those veterans who come from far and near to march with their and in the international to march with the add comrades regardless of seeing that hey have change in their pockets with which to return. Only those in uniform will be cared for publicly, but for such veterans a committee on free quarters must secure a list of schoolhouses, public buildings and halls where cots can be placed, and must secure cots and mattresses-(without pillows and bed covers) for such buildings. Also they must provide guides to show the veterans to these quarters, and towe's and

vash basins for them. The committee on grand stands will have an important work before it of providing a reviewing stand, which will be built at the sight selected for the parade's finish, a grand stand for the general public, somewhere along the line of march, and a "living flag" stand, to be filled with children, provided the school board decides to undertake this feature of the pageant day. As carried out elsewhere the "living flag" has consisted of 2,500 school children, draped in the national colors, singing patriotic airs, and so moving with the music that they have made a huge flag, "waving with the regular-ity of ocean billows."

For the parade itself a special com-mittee will be named, which will have the authority, with the approval of the

commander-in-chief of naming the grand marshal of the day. This official will probably be a Grand Army man as the old soldiers still like to follow behind one of their veteran members, rather than any young officer, whose spurs have been won in the Spanish war or other recent disturbance. To secure the lists of private home

where Grand Army men may be quar-tered at a proper price, the committee on "private accommodations" will go to work on the task of listing all available rooming houses.

ARMY NURSES.

And as most important of the committees there will be that one which will do a thing in which all of the old veterans take a tender personal

Intolerable Stage. A committee of citizens from Sevier county consisting of W. H. Clark of

Richfield, R. W. Lowe of Monroe and C. B. Greenwood, of Central, spent several days in Salt Lake during the present week, interviewing officials of the Utah-Idaho Sugar company on matters of deep importance to Sevier county beet growers.

On Monday afternoon, by previous appointment, the committee held a session of several hours with Directors John R. Winder, W. S. McCornick, John C. Cutler, C. W. Nibley, General Manager Cutler, and Secretary and Treasurer H. G. Whitney, George Aus-tin and Parley Austin of the agricul-tural departments of the sugar com-nany also being present.

The committee representing the Sugar county represent the sugar county farmers, made an extended statement of the conditions prevaiing in their county especially along the line of the D. & R. G. railway, where the inability of the company to handle the best crops reached the intolerable stage during the fall. The committee reported that a mass meeting of the Sevier county people had authorized them to lay the conditions before the Sugar company and to state that if pany also being present.

them to lay the conditions before the Sugar company, and to state that if the company would erect a sugar fac-tory in Sevier county at any time within the next one, two or three years, the farmers would sign con-tracts to raise all the beets needed and if necessary, would invest \$100,000 in the capital of the enterprise. The committee represented that they had laid their grievances before the railroad so often that they felt that no redress there was possible, and their

had laid their grievances before the rallroad so often that they felt that no redress there was possible, and their only hope now was in obtaining a sugar factory. They felt sure they could supply it with all the -beets needed. As it now stood the railroad was not equipped to carry the beets so long a distance as that from Sevier county points to the cutting stations in Utah county. All the committee agreed that the Sevier county farmers were thoroughly converted to the fact that beets formed the one and only crop for their county. They were so remote from the usual markets that their products, such as hay, grain, etc., did not bring them remunerative prices, but if something could not be done to assist the farmers in delivering their beets, many would stop planting. Con-ditions now were simply excruciating as all the wagons in the different towns had been held for days loaded with beets and no cars had been obtain-able. The committee also requested that

able. The committee also requested that when cars could not be had the farm-ers be given the privilege of unloading their beets in bins close to the railroad track, as had been done in other loalities

Many questions were put to the committee by the sugar officials, and a great deal of interesting information was obtained. The committee was uswas obtained. The committee was as-sured of the sympathy of the Sugar company, and Manager Cutler fully verified the reports of the hardships to which the farmers had been subjected, owing to the unpreparedness of the railroad company to handle the beet

crop. The discussion was at all time friend-ly and frank, and the conditions surunding the sugar industry

BANKS' --Millinery--116 Main TWO BOYS INJURED **COASTING DOWN HILL** 

Harold Child and Douglas Wiest Receive Fractured Skulls in Similar Accidents.

Coasting accidents are more or less numerous these days, and the wonder is that fatalities have not occurred, as every hill in the city is covered from early morning until late at night with boys, girls and sleds. In two instances yesterday boys had their skulls fractured, by coming into contact with trees while speeding down slippery hillsides.

The first victim to meet with a seri-ous accident thus far during the coast-ing season was Harold Cuild, who is now in the hospital, with only fair chances for his recovery. He is some-what improved today, having passed of fairs good night

what improved today, having passed a fairly good night. Young Child was coasting on Fourth South between Tenth and Eleventh East, when he lost control of his sled and ran into a tree. His head struck with great force, the skull being frac-tured in two places and one arm was broken. The boy was not rendered unconscious at the time, but a haif hour later fell into that condition after being taken into the residence of J. B. Miller, 401 Tenth East. When discov-ered, he was bleeding profusely. Mrs. Miller cared for him as best she could while one of her sons was sent for a Miller cared for him as best she could while one of her sons was sent for a doctor. Drs. Middleton and Thome re-sponded and the boy was taken to the Groves L. D. S. hospital where an operation was performed to relieve the pressure from the brain. He is 13 years old, and is a son of Mr. and Mrs. Thomas B. Child, of 149 Seventh East street.

Mrs. Thomas B. Child, of 149 Seventh East street. The victim of the second accident was Douglas Weist, the 9-year-old son of Mr. and Mrs. Carl L. Wiest, of 129 F street. By his siled coming into contact with a tree, the lad's skull was fractured above the right eye. He was taken to St. Mark's hospital where an operation similar to the one under-gone by young Child was performed. He is progressing favorably, with good chances for recovery.

WELCOME FOR

# NUMEROUS WATCH PARTIES.

# Churches, Clubs, Hotels and Organiza tions Generally Will Observe Old Time Customs and Features.

Old Father Time will look into his glass for a few hours longer today and then the last grain of sand markng the passing of the year 1908 will have dropped. Then he must turn over his glass that the sands of time may again mark the hours and the days of e new year. When the bearded old nan with the scythe chalks up another tally to mark the flight oft he years he must select a crayon of bright hue, for the year that is now dying has been a good one. In retrospection he must be optimistic. And though the year is dying, there is no bereavement. There must be no sorrow for in the future is the promise and in the past the realization of accomplishment. The year 1908 has been a long one. It was one day longer than the coming twelvemonth will be. The accomplish-ment of each day in the years of the present era is heroic in proportion and to crowd into the shorter year a great is going with the approach of the year that is going with the approach of the mid-night hour means that effort must be doubled. In each day the sentiment must be: Today is short, yesterday is

gone, tomorrow may never come. In the bright lexicon of youth the word fall has been erased in consequence of the many times the schoolboy Richl-lieu has written the copy-book favorite and in its place in the modern American favorite stands out in gay colors "Do It Now." It is this spirit which must mark the days of the new

## WATCH PARTIES.

To properly usher in the smiling and sparingly clad boy who since time and sparingly clad boy who since this immemorial has typified the new year, despite the cold weather which is called seasonable at this time, much prepara-tion has been made. Watch parties, dance and other social affairs formal and informal have been arranged. The clubs of the city will hold open house tomorrow and at many of them tonight gay parties will assemble to speed the parting with the old and to welcome in the new according to the custom of the forefathers. Those who would so neglect this duty and seek repose will be reminded of their dereliction at while be reinitided of their detention at midnight by the merry din of horns, whistles and the firing of guns. Those merrymakers who watch the passing of the time believe it their duty to so rend the air with appropriate noise and custom has acquiesced.

# AT THE HOTELS

Hotels harboring travelers far from their homes have prepared for the eve ning's entertainment programs which will serve to acquaint them with the passing of the event. Watch parties with music as an accompaniment and galety prevailing will be held in all of the leading hostelries. In addition to the night's pastime, the menu of each of the hotels has been varied to pro-vide stomachical diversion. According to established custom busi-

ness houses generally will be closed and the holiday observed by the banks and at the postoffice the usual holiday

# thinking things which bode no good to the seducer, should he ever meet him. For reasons which must be apparent, the name of the unhappy mother is withheld by the officers of the juvenile court, as are those of the couple who have offered to adopt the offspring. The name of the man in the case is not known, as the "erring girl has reason to believe that the name he gave her was an assumed one, and even the state-ment that he is the representativ of a Duluth, Minn., hardware firm. is looked upon with suspicion. The main facts of the story, so far as they have been confided to Matron Young, are that the man found his vic-tim in a little Wyoming town, paying court to her with the results now no longer possible to conceal, and then, in about is unknown.

longer possible to conceal, and then, in her extremity, descrited her. His where-about is unknown. The girl, when unable longer to face the small world she had always known, came to Sult Lake to cenceal her shame from all but strangers, and was fortu-nate enough to find a home with a broadminded family, who showed her the kindness and consideration, dictated by a cimmiseration for her plight. Her father, on learning the extent of his daughter's misfortune, came hers to see her, and, forgiving hor mistep, did everything possible for her, and upon her recovery will take her home and care for her as if nothing had ever hap-pened.

care for her as if nothing had over any pened. The child, as stated will be adopted by a family living near the city, who, having felt the bereavement of the loss of five little ones, is anxious to receive it as their own, and, as such, they de-cline to have their names appear as its foster parents, for the reason that in later years, it would be a great pity if the child should be compelled to bear the stigma arising from the folly of its mother and the perfidy of its coward-ly father.

# BANQUET FOR EMPLOYES.

The Salt Lake Hardware company gave a banquet last evening at the

Commercial club to 35 leading represen tatives of the company. Music was furnished by an orchestra. there was an ex-cellent menu, and speeches were made by many of the officials and guests. Those present were: B F. Bauer, H. A. Sch-weikhart, M. H. Sowles, C. L. Crock-well, W. S. McCarthy, H. L. Lambrecht, G. W. Wragg, Walter Green, S. C. Snyder, S. E. Pier, W. P. Fowler, E. H. Dorman, W. H. Thornton, G. H. Boyn-ton, T. R. Black, S. E. Baxter, Jacob Garn, Val Shorb, C. F. Burnham, W. H. Couchman, R. B. Wofford, O. W. McGill, D. B. Mudgett, P. J. O'Carroll, J. A. Cedarlad, J. C. Hooper, A. Eggertson, O. A. Lunt, J. W. James, C. D. Cheney, C. M. Merick, C. A. Moberg, George Hirschvogel, and J. W. Lierley. nished by an orchestra, there was an ex-

# NEW INCORPORATIONS.

mander-in-chief reviewing stand. And then it must end the minute it has passed this latter stand, by the wish of the commander-in-chief as already expressed.

The week of the encampment will be from Aug. 9 to Aug. 14. The execu-tive committee, which will have in charge the spending of all money raiswill also appoint the 21 sub-committees.

#### GETTING \$60.000.

GETTING \$60,000. The finance committee, which will be the most important of these, will have the duty of raising exactly \$60,000. This is the sum it was estimated would just carry the encampment before Salt Lake got into the game of working for the encampment. It will raise this money by soliciting a legislative ap-propriation, a civic appropriaton, sub-scrptions from puble citizens, and in all other practicable ways. Once rais-ed, the sum will be placed to the credit of the executive committee, to be checked against only by checks signed by its chairman, and approved by its by its chalrman, and approved by its auditing committee.

#### THE SIDE TRIPS.

THE SIDE TRIPS. To care for all side trips there will be a transportation committee. Its in-formation on all available lake trips, resort trips, canyon and mining camp trips, must be furnished Col. Sterrett at once, with signed statements from those in charge of transportation that their rates will be as stated. Then in a booklet to be issued March 1, to be sent to every Grand Army member, these trips, with their cost, will be described. described.

Besides this work, the transportation committee will have charge of secur-ing the best rate it can on the railroads to the encampment.

ONE PRICE HOTEL RULE.

"Don't think the Grand Army will be mortally offended if somebody in your city tries to make four prices off one meal or one hotel room," said Col. Ster-rett this morning, when asked about the duties of the hotels committee. "If

interest. This will be the committee on "army nurses." "You will be sur-prised," said Col. Sterrett, "how many of these gray haired old veterans of the hospitals will be here. They are the special guests of the men whom they special guests of the men whom they nursed after disasters on the battle-fields, and at every encampment care is taken to see that they are well housed, that they secure lickets to everything in the line of enterthismant and that in the line of entertainment, and that guides are furnished to show them about. The committee on army nurses must select a hotel and reserve it especially for them, and must provide tickets to the public entertainments, and furnish guides to take them there. the work will be delightful, and I am ure will please all who participate in

A final committee will arrange the "campfires" which will be held in many for regimental and other re-. All of these committees, it is halls, unions. suspected, will be appointed at once, and will be on duty before the end of the month. The progress of their work will month he told for all Grand Army men in an encampment bulletin to be issued March 1.

Kenneth Kerr of the Salt Lake Route To Return to Salt Lake Offices Promotion for Manderfield.

Kenneth Kerr, well remembered in this city as a newspaperman and later of the passenger department of the Salt Lake Route, will return to this city to morrow to take up his duties in local offices of the company as district passenger agent. This pending change has been rumored for some time, but confirmation was not at hand until this afternoon. J. H. Manderfield of the same line is in line for promotion and effective Jan. 1, he will change his title to district freight agent with offices in this city. These two impor-tant changes are announced simultau-coust will be read with intereously, and will be read with inter-est not only in railway circles, but among Salt Lakers generally.

# RANSOM'S ORDEAL.

For almost the entire forenoon to day H. P. Ransom, the man who was run over by a train on the Salt Lake Route, was on the operating table at St. Mark's hospital. At a late hour this afternoon he was still more or less under the influence of the anesthetic administered, and it was difficult, the attendants say, to determine just how well he stood the terrible ordeal. It is thought, however, that he has sufficient vitallty to successfully withstand the loss of his limbs.

# MAN AND WOMAN ARRESTED.

Incarcerated in the city jail are Mrs Lee, aged 60 years, and Bert Bertholl aged 35 years, charged with a statutory aged as years, charged with a statutory offense. The pair were arrested at 1.05 o'clock this morning by Sergeant John J. Roberts and Patrolman Kelly, escorted to police headquarters and locked up on the charge named. The woman claims to be the widow of Join D. Lee, and although she is 60 years of age, she has been under the eyes of the police for some time.

5-

standpoint of the stockholders and in-vestors, was laid freely before the vis-iting committee. The questions as to the uncertainty of tariff legislation, the Dbullers and the stockholders and the stockholders are stockholders. the uncertainty of tariff legislation, the Phillippine question, etc. were explained and all the sugar people were unani-mous in stating that the present was a very inopportune time to agitate the erection of a new factory: the deci-sion was, therefore, that this question should be held in abeyance for the present time; it was stated that it might be taken up later, because Mr. Cutler said frankly that, in his opinion, it was only a question of time, and a Cutler said frankly that, in his opinion, it was only a question of time, and a short time, at that, when the people would grow enough beets to warrant the erection of a factory in Sevier, and possibly Sanpete county, as well. Mr. Cutler also gave it as his opinion that the special session of the coming Con-gress to be called by President-elect the special session of the change con-gress, to be called by President-elect Taft in March, would settle the tariff question as far as it affected sugar, for a long term of years. He also said that he had assurances from the rail-

that he had assurances from the rail-road company that conditions would be improved next season. On Tuesday, the Sevier county com-mittee held another extended meeting with Manager Cutler and Agricultural Superintendent George Austin, at which an amicable arrangement was made in respect to heading the beets

made in regard to handling the beets next season, when no cars were obtain-able. At the request of the commit-

tee, the sugar company agrees to allow the farmers of Richfield to pile their beets on the ground, under the direction of the company's agents, after Oct. 20, when no cars are obtainable. The farmers, on their part, are to agree to reload these beets for 20e per ton. The farmers of Sevier county are also to agree to silo beets on their own lands, as directed by the sugar company, after Oct. 15, to an amount not exceeding 25 per cent of their entire crop, and to deliver these siloed beets aboard cars not later than Dec. 10, for which the

not later than Dec. 10, for which the farmers are to receive 50c a ton addi-tional to the contract price of \$4.50 per ton. In addition to this, the sugar company agrees that it will advance the farmers \$2.50 per ton on all siloed beets, the estimates to be made by the agents of the company. agents of the company.

# WOOL STATISTICS.

Secy. G. S. Walker of the National Woolgrowers' association writes Secy. Stewart of the Utah association, urging that Utah growers compile statements showing the cost of their clips and get-ting them to market for use in pushing the interests of the sheepmen before Congress. The statements ought to show the amount of hay needed to feed the sheep, and the cost of putting' ft up; the cost of building sheds for win-ter; of complying with the quarantine regulations: of shearing and sacking; of herders, labor wagons and horses; and of getting the wool to market. These statements will be tabulated and com-pared with the cost of wool production in Australia, Argentine, and other wool producing countries. Woolgrowers' association writes Secy.

STAYED HERE; NOW IN JAIL.

A few days ago John Wilson, colored. and Charles McDonald were arrested on and Charles McDonald were arrested on the charge of vagrance. They pleaded guilty before Judge Dichl and were giv-en "floaters." They were supposed to get out of town and when time for sentence came were ordered confined to the city juli for a period of 30 days. Had they left town when they promised to all would have been well with them, hut last night they were seen on the streets by Patrolman McCormick and with now have to serve out the 30-day sentence.

FIFTY TWO STATE CASES DISPOSED OF

Some Old-Time Criminal Actions Cleaned Off the Docket in Judge Diehl's Court.

In the criminal division of the city court this morning, before Judge C. B. Diehl, 52 state cases were on the docket and disposed of. Of this number 49 were cases of long standing and some of them dated back as far as 1995. On motion of Assistant County Atty, Myers, 49 cases were or-dered dismissed. The other three were those of the state vs. Henry Bates, charged with burglary in the third degree, but reduced to petit lar-ceny. He pleaded guilty and was given six months in the county jall. He stole some clothing from a room in the American house. B. Bingely, charged with assault with a deadly weapon, pleaded not guilty and the case set for next Wednesday. Joseph Pader, charged with an attempted criminal assault, pleaded guilty to the charge of battery and was sen-tenced to 30 days in the county jall. The complaint charging a more seri-ous offense, one committed upon a Mrs. Pickles, was dismissed upon mo-tion. ber 49 were cases of long standing

Court this morning was held in Judge Diehl's private office because the courtroom is being repainted and thoroughly cleaned.

# LOSS WILL REACH \$15,000.

## Tenants Are Now Cleaning Up After Yesterday's Bad Fire.

The work of getting the water out of the Walker building, the scene of yesterday morning's fire, is almost comyesterday morning's fire, is almost com-pleted, and the task of making repairs and adjusting the losses will soon be under way. The fire department of-ficials are still in doubt as to the cause of the fire, but maintain that had the alarm been sent in promptly when the blaze was discovered the loss would have been slight. While it is doubted if the losses will reach \$20,000, fire depart-ment officials say they will come very close to \$15,000. They take into consid-eration the damage done to the building, the furniture destroyed by fire, the dam-age done by water and smoke and the stock ruined in the stock exchange, the saloon and cafe.

FOR INSURANCE BUREAU.

Secretary of State C. S. Tingey, in his annual report strongly recom-mends the establishment of a new bureau, or department to be known as the insurance department. The writer sets forth the fact that there are 160 foreign companies, and three local inforeign companies, and three local in-surance concerns doing business in the state at present, and that the care of the business from these is sufficient to warrant the establishment of a new department to care for it, the revenues to the state having doubled from this source during the past two years. Under the present system of caring for the business of the insurance com-panies by a member of the secretary's staff, there is no way by which the work can be checked up, which Mr. Tinger believes is a fault needing sorrection.

correction

hours will prevail. One delivery will be made in the business district, car-riers, leaving the postoffice at 8:30. Carriers' windows will be open from 11:30 to 1 o'clock, and all other win-dows from 11 o'clock to 1 o'clock. The departure of outgoing mail will not be interrupted by the holiday. Holiday rates have been announced by all railroads and many tickets are being sold to outside points. Travel from town to spend the day in other parts of the state will be consider-ably heavier than it was last year. MARKETS SUPPLIED. hours will prevail. One delivery

### MARKETS SUPPLIED.

The markets are well supplied to-day with attractive offerings. Fowl is to be found in plenty at prices slightly lower than prevailed for Christmas. Shopkeepers report a light trade as compared with that for Christmas and for the New Year one year ago.

compared with that for Christmas and for the New Yoar one year ago. Lest there be those in the community whose watches or clecks are not re-llable, the Western Union Telegraph company has announced that the ex-act second when the year 1908 becomes defunct will be registered on its clocks by direct wire from the United States observatory. All business will be stop-

defunct will be registered on its clocks by direct wire from the United States observatory. All business will be stop-ped and time signals transmitted at 12 o'clock midnight and at 1, 2 and 3 a. m. All electric clocks in the city, of which there are 150, will be started on their way through the new year with the correct time. The New Year's child, like the ordl-nary mortal offspring, cannot well be in more than one place at the same time, so that in his trip over the globe in which he traverses a little more than 25,600 miles his schedule of ar-rival has been arranged to accommo-date him. When the time ball in Wash-ington falls and tells America that the New Year has reached the capital, Salt Lake will have 1 hour and 52 min-utes to wait according to the stand-ard time computation. London is over five hours on its way into 1909 and in Melbourne the people will have a day and a few hours the best of the dweller within the gates of Zion.

Day-Old Baby Discussed in Juvenile Court Today and Home Secured by Matron.

In the juvenile court today there was dark-cyed baby boy, who opened his eyes on this world yesterday morning in a local hospital. He did not come before the court as an offender, as the fact that he was born without the heritage of a name, can in no way prejudice the blindfold goddess, however much wise ones may dwell on the sins of the par-

ones may dwell on the sins of the par-ents. His presence in the court is due to the fact that he was taken in charge at the time of his birth by Mrs. A. L. Young, the court matron, who has al-ready succeeded in finding a home for the little waif. As usual, the story of this unwelcome child, contains much that is pathetic; much that is weak, and more that is depraved and cowardly. While the young mother, secretly longing for her baby which she may never claim, is slowly recovering in the hospital, some-whore the guilty father is carrying about the knowledge of his crime, and the father of the girl, who lives in a small Wyoming town, is waiting for the return of the erring daughter, whom he has forgiven the transgression, and

bill insures its continuation the throughout the week.

GUNDRY.-In Silver City, Utah. Dec., 28, in his thirty-eighth year, Fred H. Gundry. Funcral services were held from the S. D. Evans' mortuary chapel, 43 south State street today at 2:59 p. m. Inter-ment in Mt. Olivet. Colonial-The much talked of play of "The Devil," continues to be as widely discussed as ever. While the play it-self is universally condemned, its ren-dition by the company at the Colonial is generally conceded to be artistic. BYWATER.-Dec. 31, 1908, Ruth By-water, daughter of W. J. and Annetta Bywater; born July 23, 1907.

Grand—New vaudeville features will be given tonight. The Scott company will also appear for the first time in "Thelma," and at tomorrow's New Year's matinee, souvenirs will be given

each lady in attendance. Lyceum—The presentation of the melodrama entitled "Too Proud to Beg," continues throughout the week.

Lyric-Mgr. Clark was much grati-fied yesterday to receive compliments from the head of a prominent family testifying to the clean record of the pictures shown at the Lyric theater.
