**MERCHANDISE and MACHINERY** of all descriptions purchased or imported for UTAH TRADERS on the most favorable terms and at lowest current rates.

The near approach of the CENTRAL PACIFIC RAILROAD to the principal business points in Utah, affords an opportunity to merchants to quickly and frequently replenish their stocks at any season of the year.

Many articles of general consumption, both of Foreign production and California manufacture, can be obtained at less cost from San Francisco than elsewhere.

California and Oregon-made Woolen Goods, Blankets, Cassimeres and Clothing, such as underwear and Hosiery, are superior to anything imported and intrinsically cheaper. Making

**STAMPED  
IRON  
WARE**

WE ARE NOW MANUFACTURING, IN CONNECTION WITH THE

**ST. LOUIS STAMPING COMPANY,**

A new line of

TINNED and POLISHED WROUGHT IRON WARE, suitable alike for

**HOUSEHOLD,****MINERS' OR CAMP USE.**

And take pleasure in calling the attention of Stove, Hardware and general dealers to the many desirable qualities of this NEW WARE, not only as an article of trade, but of UTILITY, combining as it does, NEATNESS, CONVENIENCE and LABOR SAVING in the care of utensils that are in every day use, in the most important of all HOUSEHOLD DEPARTMENTS. We desire and request every house-keeper to see our Tea Kettles, Sauce Pans, Dippers, Dish Pans, Wash Basins, Polished Stew and Fry Pans, as we are sure they have only to be seen to be appreciated.

Many of the articles are made entirely of one piece of wrought iron which, during the process of manufacture, receives several coatings of black tin; this leaves a surface, when finished, perfectly smooth, easily kept clean and entirely protected against rust. The cost is but little more than common tin ware, and every article will do ten times the service. The shape enables us to pack the various sizes in nests so as to occupy but little space, and being but a little heavier than tinware, the cost of transportation is very small. At present our assortment consists in part of

Tea Kettles, Camp Kettles,  
Mess Pans, Dish Pans, Sauce Pans,  
Dish Kettles, Fry Pans,  
Fadles, Dippers, &c., &c.

We are now preparing a new Catalogue and Price List, and we believe Stove and Hardware Dealer will find it to their interest to send for a copy of each before purchasing elsewhere. Address

**By Telegraph.****GENERAL.**

St. Peter, Minn.—There was a terrific tornado on the Minnesota River on Friday night; houses and barns were blown to fragments, grain and stock were scattered in every direction and a number of persons injured, one fatally.

The New York Herald says a political earthquake swept over Maine yesterday. The Times says the Maine election shows that the people have made up their minds to elect Grant and Colfax, and is important as indicating the draft of popular sentiment. The Tribune considers the Maine election is the commencement of the tidal wave on honesty, which will sweep over the country. The World says the Republican majority is reduced and congratulates the Democrats of Maine on yesterday's fight. The Sun says the Democracy have met a serious reverse in Maine, and considers its influence on the elections will be great. The Express says nobody expected Maine to go otherwise than it did, but if the Democrats remain as heavily as they have at other places, several of the States may be carried sure for the latter. The Post considers the election as complete a triumph for the Republican party as was ever before attained. The Commercial says the thanks of the nation are due to Maine for her victory yesterday.

Washington.—The President directs that Gen. Rousseau, commanding the department of Louisiana, be assigned to duty according to his brevet rank of Brigadier General.

New York.—Washington specials say the reduction of the customs expenses will be made along the whole northern frontier.

There is not more than half a dozen congressmen at Washington.

The result of the Maine election strengthens the sentiment against a September session.

New York, 15th.—The iron steamer Dumbarton, which was fitted out at various piers in this city, and which sailed six weeks ago under very mysterious circumstances, it is supposed, from information in the hands of the United States Marshall Murray, intends to take a cargo of slaves from Africa to Brazil or Cuba. Another vessel is fitting out here, it is believed for the same purpose.

Philadelphia.—The print works attached to the Washington Manufacturing Co's. mills, at Gloucester, N. J., were completely destroyed by fire yesterday. Loss about a quarter of a million. Fully insured.

Chicago 15th.—Later from Maine says the vote is the largest ever polled, almost all the larger towns and cities show republican gains as compared with last year's vote. Representative Blaine estimates the total Republican vote at 75,000; the Democratic vote 53,000.

The Republican special says that Secretary Stanton has gone to Ohio to take the stump for the Republican ticket.

Solicitor Binckley has tendered his resignation.

The Tribune's Columbus, O. Special, charges large numbers of men with being imported into Ohio and Indiana from Kentucky to vote on the Democratic ticket.

No further survivors from the Hippocampus disaster have made their appearance, and all hope is now abandoned that any more were rescued; 26 are known to be missing.

Rochester, N. Y.—A locomotive exploded last evening in the depot of the Erie Railroad, killing the engineer and brakeman and two young ladies standing near the engine. Another girl was killed by the falling walls of a house near by, and still another was badly injured. The depot, and the buildings in the vicinity were badly shattered. Pieces of the boiler were thrown a mile distant.

Washington.—Senators Morgan and Schenck have issued the following:—The President of the Senate and the Speaker of the House of Representatives were, by a resolution of Congress directed to adjourn their respective Houses until the third Monday in September; and from that day, unless they were otherwise directed, to further adjourn their respective Houses until the first Monday in December. In accordance with a request of the Republican members of the 40th Congress, the undersigned decide and respectfully recommend that there be a full attendance of both Houses of Congress on Monday, the 21st day of September, promptly at
