

his scores, and said to Sitting Bull, "Look, I have killed so many of your hostile riders." Sitting Bull drew his revolver, a movement imitated by Culverson, but before either could shoot, Major Welch, with his revolver drawn, sprang between them and told Culverson to put his pistol away. Turning to Sitting Bull he said, "I want you to understand that you cannot commit any of your deviltries here as you do in the United States. I will give you and your tribe five days to leave this country. If you are not gone then, or if you ever return, I will fight you. If you are ever caught here again, or if you shoot this man, I'll have you hanged by your neck until you are dead." Sitting Bull took the hint, and left next morning.

A letter from Lactacunga, Peru, gives the story of the eruption of the volcano of Cotapaxi, which took place on July 25. A stream of water poured from all the craters at once, on the Calva side, sweeping away everything in their course. Another irresistible torrent followed the course of the Saguerma river. The hacienda of Signor Donosa is in ruins. The very soil is gone off the place of Signor Larrea; nothing is left. The river carried off 500 head of cattle at pasture in the fields. The Abaque river overflowed and caused great damage. The Cutchico overflowed carrying everything before it. The splendid machine shop went down like a card house at the first rush of the waters; so did various mills. The entire district is like a sea, and the inundation would have destroyed the city had not the course of the flood been timely diverted into the river channels. The total loss of life will reach, if it does not exceed, 1,000 persons. At least 2,000 head of cattle have been destroyed, and of smaller animals the loss is much greater. In the midst of the roar of the waters and crashing of houses the volcano poured out an enormous quantity of cinders, which gradually darkened the whole face of the heavens, and left Lactacunga in the profoundest obscurity from one in the afternoon until ten at night.

The Tribune says, Tweed's exposures will ruin Senators Fox, Bixby, John Morrissey, and assemblyman Hayes.

In the ruins of Hale's Piano Factory, a skull, burned and twisted, was dug up, to-day. The remains of five persons have been recovered.

A circumstantial story is published of the death, by violence, of Amy Fawcett, an English actress, who died at her rooms in Eighth Avenue, being drugged and fatally beaten by her paramour, who is known only in the story as "Billy."

On the night of August 11, a fight took place in Santos, Brazil, between seamen of the German corvette *Vineta*, and the police. One policeman and a sailor were killed, and several on both sides wounded. The German officers took refuge in the Germania club, pursued by the populace. The cause of the difficulty is unknown. It is said that the Germans intend to ask satisfaction because the Brazilian authorities invaded the German clubs.

LONG BRANCH, 11.—The swimming match of five miles, between Wade, of Brooklyn, and Prince, of St. Louis, was won by Prince.

CINCINNATI, 11.—Advices from Richmond, this morning, are to the effect that Senator Morton has recovered from the temporary relapse of yesterday, but his friends are very anxious about him. President Hayes will visit the Senator next Thursday.

ST. LOUIS, 11.—A burglar was arrested at St. Elmo, Ill., on Sunday, but escaped from his captors and took refuge in a corn field. When brought to bay he shot and instantly killed two of his pursuers, and wounded a third. It is believed he will be lynched when captured.

PHILADELPHIA, 11.—In wool a little better feeling prevails, and more is doing at the following quotations: Colorado, fine and medium 23 @ 27, coarse, for carpets, 17 @ 19, extra and Merino pulled 33 @ 35, No. 1 and super pulled 33 @ 36. Texas, fine and medium 22 @ 28, coarse 17 @ 19. California, fine and medium 27 @ 33, coarse, 22 @ 27.

CHADDSFORD, Pa., 11.—About 1,000 people attended the celebration of the Centennial Anniversary of the Battle of Brandywine. Speeches were made by Senator Bayard and others.

HAZELTON, Pa., 11.—A passenger train on the Lehigh Valley road ran over a cow, this morning. The baggage and passenger cars were thrown from the track, and four persons severely injured.

PORTLAND, 11.—The Senate stands 28 republicans, 3 democrats. The house 9 republicans, 29 democrats, 2 greenbacks, and 26 not reported. Regarding the constitutional amendments, that limiting the elective franchise received 2,587 votes for, and 3,097 votes against; that limiting municipal indebtedness, 582 for and 685 against.

NEW YORK, 12.—The members of Daly's Fifth Avenue Company are very bitter in their denunciation of Daly, on account of being thrown out of employment at a period when engagements for the season had to be concluded. Daly is in considerable arrears to the members of his company for salary. Fisk, the business manager, estimates Daly's liabilities at \$20,000. Other authorities put them at \$40,000, exclusive of \$120,000 which Daly owes his father-in-law.

After the services in the Russian Church, yesterday, the occasion being the feast of St. Alexander and the name day of the Czar, the American gentlemen present resolved themselves into a committee to raise funds for the relief of the wounded Russian soldiers, regarding them as being at present common defenders of Christianity. Mr. O'Connor was elected chairman, and Mr. Strong, Secretary for home, and Mr. Priess for foreign correspondence.

The World's Washington special says, the State Department has received a preliminary report of the decision of the Fishery Commission, which is unanimous against the Dominion Government. The amount of damages first claimed were equal to the entire Geneva award. This was subsequently reduced half, and now the evidence taken shows that the fishing privileges deemed valuable by the Canadian authorities are of such little importance as to require little if any compensation.

The board of directors of the Western Union Telegraph Company met to-day, and the executive committee presented the report for the quarter ending Sept. 30th. The net profit for the quarter ending Sept. 30th was \$792,000. A dividend of one and a half per cent was declared, payable on the 5th of October. The annual meeting of stockholders will be held on Oct. 10th.

The third annual convention of the American Bankers Association was held to-day. About 100 members were present. Charles H. Hall, of Boston, spoke of the time of panic, which had depressed business interests and caused great shrinkage in values. He thought the dark period was past, and that with the splendid crop and the large surplus which will be wanted by Europe, the country was again on an incline plane to prosperity. The time had come when some legislation was required, when the burdens with which the banking business was trammelled should be dispensed with forever. The treasurer reported the dues received from members to be \$17,000, expenses \$16,000, remaining \$1,000. Chas. B. Hall, of the National Bank of Boston, was elected President.

CAMP SHERIDAN, 10, via Camp Robinson, Neb., 12.—Lame Deer's band of Indians arrived here, to-day, which completes the surrender of all the hostile Sioux, clearing the Black Hills and Big Horn country, as Sitting Bull and his party are in the British possessions. The number surrendering, to-day, is between 200 and 400. About 175 of this band had previously arrived. The final party were accompanied by the Indian couriers sent out by Major Burke.

CREEDMOOR, 12.—The inter-State match, in which the California team participates, takes place to-day instead of Saturday. Teams of twelve from New York, Connecticut, California, and New Jersey, are competing in the inter-State military match at 200 yards range. The second Connecticut regiment lead with a score of 505 out of a possible 600 points; the California team follow with 433; New York with 480, and New Jersey with 411. Connecticut has won the inter-State match twice previously.

CHICAGO, 12.—The Tribune's London report of the fall of Plevna, which is traced to Roumanian sources, has not yet been confirmed from any side. As there has been no Russian bulletin for the last

forty-eight hours, it may be assumed to be at least premature, and we are reduced to suppositions and conjectures.

Governor Hampton says, the people in his State are giving little attention to politics, but a great deal to their private business and material interests of the state. He denies that there is any political motive in the proceedings against some of the carpet baggers who so shamefully plundered the state in past years, and in proof of this he mentions the fact that the majority of the grand jury which returned the indictments were republicans. The people of South Carolina, he says, are almost a unit in support of Mr. Hayes, and he believes the same statement may be truthfully made concerning the other southern states. If the northern democrats intend to make war on Hayes, or offer any factious opposition to him or his measures, the governor is confident they will have no assistance from the Confederate brigadiers.

LYNN, Mass., 12.—Woodbridge's Block, occupied by Luther Johnson as a shoe factory, was damaged by fire to the amount of \$25,000; insured.

INDIANAPOLIS, Ind., 12.—Advices from Richmond at noon, to-day, says, Senator Morton is resting very well; no cause for alarm.

WASHINGTON, 12.—There will be no surplus in the district treasury with which to reimburse the U. S. for payments of interest on the 3 85 bonds of the district. If any money were taken from the treasury for this purpose, it would perhaps prevent the maintenance of the district government, so say the commissioners.

DETROIT, 12.—A fire at Osceola, this forenoon, destroyed Smith, Gratwick & Co's saw mill, salt block, cooper shop, blacksmith shop, and office, and about 300,000 feet of lumber. The fire originated in the fire room of the mill. The loss is estimated at about \$125,000.

HYDE PARK, 12.—The Hotel at Hyde Park, Ill., was burned this morning; loss \$100,000, insured \$50,000. The guests lost about \$10,000. The fire originated in a defective flue.

SAN FRANCISCO, 12.—Yung Pak, a prominent Chinese merchant, leaves for Hong Kong, to-day, by the City of Peking. He goes to carry out the request made by Col. Bee, and endorsed by the Chinese companies, to visit the districts from whence his people emigrate to California, for the purpose of checking or limiting any further emigration.

FOREIGN.

LONDON, 10.—The Daily News correspondent, under date of Biela, Saturday noon, says: We broke up camp at Banitzka at sunrise this morning, and marched direct to Biela, in hopes of being able to reach Giurgevo by Biela, the Rustchuk road, and Pyrgos ferry. I rode among the line of the forests down the valley of Banitzka Lom to Buzovatz. I found the town deserted, except by a few Cossacks, who reported that the Turks had taken the Damoglia part of the road and occupied Pyrgos, breaking up ferry communication. Turning back to Biela to make the trip by way of Simniza, I found confirmation of this unwelcome tidings, and also the fact that the Czarowitch, who has been at Kopriutza, on the Banitzka Lom, whither he had retired from Koplac when it became impossible to hold Polomarka and Gaborova, was expected at Biela, this afternoon, Saturday. The town is full of troops. Supply trains are crossing the bridge. Some are retiring as far as Pavia. The army of the Czarowitch will hold the line of the Yantra, near Biela, with the 13th corps. The 11th corps apparently still holds its position east of Tirnova. The 12th corps has retired across the Biela and Rustchuk road, holding Terstenik and Metchka. The camp at Terstenik has been fortified within the past few days, and is situated on a hill overlooking the Danube.

A correspondent at Vienna says, it is not what occurs on the front so much as what occurs in the rear of Plevna which will give to the fight there its significance. The movements of two Roumanian divisions from the north, and of the column of Lovatz from the south, leave no doubt that the Russians, whatever may be the success of such plan, are preparing a sedan for Osman Pasha, and he will probably have to trust to his own resources to extricate himself. The opera-

tions of Mehemet Ali and Suleiman Pashas are probably too far off to be of use to him.

Intelligence has been received here that the Turkish forces on the frontier have been ordered to enter Servia immediately if she takes part in the war.

A Vienna dispatch repeats the rumors that Osman Pasha was retreating from Plevna. There is, however, absolutely no trustworthy information on this point from either side.

ATHENS, 10.—The council of ministers during the last few days has been discussing the Russian cabinet's proposals for common action for insuring protection of Christians in Turkey, and it may now be considered certain that a definite agreement has been arrived at between Greece and Russia.

QUEBEC, 10.—D. D. Spencer, the absconding President of the Illinois State Savings Institution, is believed by Quebec detectives to have sailed from this port on the 1st instant by the mail steamer.

VIENNA, 10.—It has been ascertained that simultaneously with the Kavarna massacre Circassians committed atrocities in eleven villages of Eastern Bulgaria. In the village of Injuk, inhabited by Greeks, 150 houses were burned and 300 inhabitants massacred. One hundred corpses of women have been discovered at Samaela. A letter says these facts are verified by consuls.

PARIS, 11.—Gambetta and Murat, publishers of the *Republique Francaise*, were to have appeared this morning before the tenth chamber of correctional police, to answer respectively for delivering and publishing the former's Lille speech. Neither, however, responded. Gambetta's counsel lodged a petition for an adjournment of the trial for one week. An entry of default was thereupon made against Gambetta and Murat, and Gambetta was condemned, in default, to three months' imprisonment and a fine of 2,000 francs. The public were excluded from the Palace of Justice where the tribunal is sitting.

A fire is reported raging in Defoe, and already one quarter of the town has been demolished; loss \$55,000.

LONDON, 11.—No reliable advices of the Russian capture of Plevna have yet been received. The latest dispatches, giving the details of heavy fighting on Saturday, show that the Russians are gradually improving their positions covering Plevna, but fail to confirm the story of the Turkish defeat and flight. The decisive assault was then contemplated for Sunday.

The capture of Nicies is of great value to the Russians because it deprives Turkey of her hold upon Montenegro, and frees her mountaineers for effective co-operation with the Russian invaders. It tends also to encourage Servia to enter boldly into the war against the Moslems.

A Miss Buchanan, once rallying a brave soldier on his courage said: "Now, Captain—do you really mean to tell me that you can walk up to a cannon's mouth without fear?" "Yes," was the prompt reply "or a Buchanan's either." And he did it.
