

## ORANGES FOR THE SALT LAKE ROUTE

The San Pedro Road Will Haul  
About Five Special Trains  
Daily.

7,000 CARLOADS IN 75 DAYS

Sirens Times in Store for the  
Operating Department on and  
After Jan. 1 Next.

Business is picking up on the Salt  
Lake Route in great shape in both  
freight and passenger traffic and the  
improvements that commenced Decem-  
ber 1 the operating department will  
be required to sit up and get busy.

At present there is but one freight  
train through to Los Angeles daily  
and one into Salt Lake from southern  
California. Business on this train has  
become, however, so heavy, that it is  
being run in two or more sections.

Announcement was made this morn-  
ing that the operating department will  
put on another daily freight through  
each way December 1. This train is to  
be a fast one and is due to cover the  
distance in something like 40 hours.  
With this train and the new limited  
going on the same day the operating  
department will have four more  
through trains to look after.

On top of this the Salt Lake Route  
has already received commissions to  
haul close to 7,000 carloads of oranges  
between Jan. 1 and March 15, which  
will average up close upon 100 cars a  
day during the season. It is safe to as-  
sume that this number will be in-  
creased as soon as it is demonstrated  
that the Salt Lake road is sending the  
special fruit train through on schedule.  
It is not anticipated that the Salt Lake  
Route will haul more than 22 cars to  
the train unless the specials are dou-  
bled, when 35 or 40 cars will pre-  
vail, as is the case on the Santa Fe.  
Business brings business and it is  
safe to say that by next spring the Salt  
Lake Route will be a very lively road  
from a traffic point of view.

### SPIKE AND RAIL.

H. W. Thies, city passenger and ticket  
agent of the Burlington at Dubuque,  
Ia., is in Salt Lake today.

The Ogden Standard proposes to move  
the offices of the general auditor of the  
Oregon Short Line to Ogden.

General Manager R. E. Wells of the  
Salt Lake Route is here from Los An-  
geles on one of his regular trips.

Vice President and General Manager  
W. H. Bancroft of the Oregon Short  
Line has returned from a trip east.

The regular fall movement of pota-  
toes to Texas is now in full swing. The  
Colorado & Southern is handling some  
10 cars a day.

J. H. Manderfield, traveling freight  
agent for the Salt Lake Route, has re-  
turned from a Salt Lake loading expedi-  
tion to Milford and Lund.

S. W. Eccles, traffic manager of the  
American Smelting & Refining com-  
pany at New York, is in the city look-  
ing into the local situation.

The Salt Lake Route announces special  
excursions for Thanksgiving, in-  
cluding a rabbit hunt in Tooele coun-  
ty at a point yet to be designated.

The Salt Lake Route is cutting into  
the Saltair tourist business with its  
new schedule and reduced fares to Gar-  
field beach and the big smelter site.

The new limited train on the Salt  
Lake Route will be furnished with a  
bulletin news service along the lines  
of that in vogue on the Overland lim-  
ited.

The Colorado School of Mines football  
team arrived over the Colorado Mid-  
land and Rio Grande No. 5 this morn-  
ing. They will return by the same  
routes.

The Rio Grande announces that one  
fare for the round trip between Al-  
buquerque and Salt Lake will be 10c  
that has not been in order in past years.

The best rush is in a measure over,  
and the railroad companies are now  
concentrating energies on getting coal  
shipments distributed along the sys-  
tem for domestic use in the various  
towns and cities.

Edgar M. Helgoh, vice president and  
general manager of the "Pin" road  
emailed faintly yesterday when it was  
suggested to him that J. J. Hill was be-  
hind the extension which is now being  
pushed north from Council, Ida.

Frank Groesbeck, traveling passen-  
ger agent for the Rio Grande has re-  
turned from a trip to Tintic. He re-  
ports that that district has not looked  
better for years, and that the merchan-  
dise increases of from 50 to 40 per cent  
in their sales over last year at this  
time.

Passenger travel west has again  
reached normal conditions, and all regu-  
lar trains are now dispensing with  
additional sections to take care of the  
tourists. The ticket agents are also  
taking a breath or two now the rush is  
over.

The new map of the Harriman system  
is decidedly up to date. Among other  
lines it shows the Malad branch as it  
will appear when completed. From first  
to last the map is a good one, and

Miss Freda Erickson, stenographer  
in the Salt Lake Route general agency  
here, has returned from Colorado, where  
she went to witness and report at the  
football game at Boulder. When she  
returned she found her desk decorated  
with bunting, craps, boulers and some  
original poetry(?) by the messenger boy.

### VALUABLE HILL LOOMS.

Local Drugist Has Unique Collection  
Of Antique Publications

J. J. Judson, the well known whole-  
sale druggist, has a rare and very  
unique collection of antique publica-  
tions and manuscripts, which have been  
handed down to him as heirlooms.  
They include a copy of the Columbian  
Gazette, published in Utica, N. Y., in  
1813; a copy of the Boston Gazette,  
printed April 29, 1776; deeds to property  
dated in 1731, 1732 and 1734; a map of  
an official survey of a township in  
Herkimer county, N. Y., in 1801; two  
medical dictionaries, dated London,  
1743 and 1745, and the famous dispatch  
sent to General Cornwallis on Sept. 26,  
1781, by John A. Dix, secretary of the treasury  
at the time, to William Hemphill Jones  
at New Orleans. This dispatch reads:  
"Tell Lieutenant Caldwell to arrest  
Captain Beechwood, and assume con-  
trol of the cutter, and obey the orders  
I gave through you. If Captain  
Beechwood, after arrest, undertakes to  
interfere with the command of the cutter,  
tell Lieut. Caldwell to consider him  
a mutineer and treat him accordingly;  
and if any one attempts to haul down  
the American flag, shoot him on the spot."  
Mr. Judson is particularly  
proud of this document, as it is the  
original, signature and all.

### EARLY SETTLER DEAD.

C. B. Robbins, Utah Pioneer, Passes  
Away at Home in Logan.

News reached Salt Lake today of the  
death at his home in Logan early this  
morning of C. B. Robbins, a well  
known Utah pioneer and one of the  
original settlers of that section of Cache  
valley. The cause of death was ty-  
phoid pneumonia, from which he had  
suffered for about a week. Mr. Rob-  
bins was for many years the "News"  
agent and correspondent at Logan, and  
was highly respected by all who had  
the pleasure of his acquaintance.  
The deceased was 71 years of age. He  
came to Utah in 1848, living in Salt  
Lake for a time and going to California  
during the gold fever. On returning to  
Utah he went to Cache valley and be-  
came one of the first settlers of the city  
of Logan. For many years he was  
one of the leading business men of that  
locality and was widely known for his  
honesty and business integrity. At one  
time he owned considerable property  
there, but in late years his business  
holdings had gradually diminished. He  
was a faithful member of the Church  
of Jesus Christ of Latter-day Saints  
and was constantly doing good to those  
with whom his labors brought him in  
contact. He was one of the volunteer  
firemen of Logan, and chief of the fire  
department up to the time of his de-  
mise.  
Mr. Robbins leaves a family of 13  
children, five of whom are residents of  
Salt Lake. The funeral will take place  
at Logan on Sunday.

### FALL KILLED HIM.

Elmer Grant Succumbs to Injuries Re-  
ceived at Orpheum.

Elmer Grant of Salem, the young  
iron worker who broke his neck by a  
fall from the second floor of the Or-  
pheum building, died last night at St.  
Mark's hospital. The surgeons had set  
his neck in plaster, and up to yester-  
day the symptoms were such as to en-  
courage them in the hope that the pa-  
tient might recover. But the severe in-  
ternal injuries so complicated the case  
that Grant finally gave way and died  
in a collapse.

### BIDS TOO HIGH.

Those for Improvements on Salt Lake  
And Jordan Canal Rejected.

Only two bids were received by  
the board of public works yesterday after-  
noon for the improvements on the Salt  
Lake & Jordan canal from Fifth South  
and Ninth East to South Temple and  
Third East streets. Both of the bids  
were above the estimate of the cost  
of the improvements as made by the  
city engineer hence they were rejected  
and the work will be readjusted.  
The bids received were: A. P. Mick-  
elson, \$16,566; P. J. Moran, \$17,390. The

### WELL KNOWN TALENT TO PRESENT WAR DRAMA.

Tonight and tomorrow night the  
Granite stake dramatic club will pre-  
sent in the stake amusement hall,  
Taylor's beautiful war drama, "The  
Line Beautiful." The play is said to be in-  
teresting, and as the players are  
young people of well known histrionic  
ability, the performance will doubtless  
be greatly appreciated by those who  
sufferers from the war. The cast is as  
follows:  
Mr. Joseph Gill  
Harold King, of Alabama  
Mr. C. H. Taylor  
Austin Brooks, of Virginia  
Mr. Carlos Danford  
Frank Powers, of Connecticut  
Mr. David Smith  
Homer C. Cooke, of South Carolina  
Abner P. Decker, of Massachusetts  
Mr. Ernest Kimball  
Miss Constance Burwell, of Mary-  
land  
Mrs. Bell Savage  
Miss Lulu Osborne, of Philadelphia  
Miss Nettie Boulton  
Mrs. Adelphia Harbort, of Virginia  
Mrs. A. B. Richardson  
Miss Kate Barbour, her daughter  
Miss Leah Farr  
Soldiers and Citizens.

## TWENTY YEARS AGO TODAY.

### (DO YOU REMEMBER?)

Kate Field began a lecturing tour against the "Mormons."  
War was declared between Burma and the Indian government.  
Andrew D. Burt was arrested for slapping Deputy Marshal Collins  
for applying to him a vile epithet.

Valentine Sanford, aged 14, of Clay county, Tex. shot and killed his mother.  
He intended to kill his father and then sell their belongings, but was ap-  
prehended before an opportunity presented itself.

### TEN YEARS AGO TODAY.

Lin Dock Dunn, a Chicago Chinese laundryman, was shot and killed by  
a prominent citizen, for an assault made upon the latter's daughter.  
A monument in memory of President Wilford Woodruff was dedicated in  
the city cemetery.

### FIVE YEARS AGO TODAY.

Major-General MacArthur, in a report as military governor of the Philip-  
pines, gave a heavy list of American casualties, owing to Filipino treachery.  
Mrs. Evelyn Pollock, wife of James A. Pollock, the stock broker, died.

### DELIGHTFUL MUSICALS.

That Given at Y. M. C. A. Was an Ar-  
tistic Success.

Last evening's musicals in the Y. M.  
C. A. auditorium had a fair attendance.  
It deserved a full house, and probably  
would have had but for numerous at-  
tractions elsewhere. With a few minor  
changes, the program was carried out,  
and the artistic merits of the perform-  
ers were presented in a manner that  
gave deserved satisfaction. Miss  
Clayton's reputation as an artist at the  
piano was fully sustained in the Chopin  
Valse Opus 42, and the Twelfth Hun-  
garian Rhapsody of Liszt. Though  
radically different in temperament and  
structure, these two works bristle with  
technical difficulties that tax the tal-  
ent of a pianist, and only skilled per-  
formers attempt them. Miss Clayton  
carried her audience with her so that  
an encore was insisted on after the  
rhapsody. She also accompanied most  
of the vocal numbers on the piano.  
Miss Dwyer's rich heavy contralto  
voice was one of the pleasures of the  
evening, and her dramatic powers were  
well presented. She is always a favor-  
ite with Salt Lake audiences. Mr.  
Donagall's fine baritone voice was dis-  
played to advantage, especially in the  
Wagner number of "The Evening Star"  
from "Tannhauser," and in the subse-  
quent numbers he made a pleasing im-  
pression. He declined an encore to the  
first appearance. Mr. Nettleton is one  
of the best viola players in this part  
of the country, and his appearance was

### TO AID THE JEWS.

Fund Started in Behalf of Sufferers in  
Russia.

At this evening's service in the Jew-  
ish Temple, Rabbi Freund will speak on  
"A Timely Word About Russia," and  
afterward there will be a special meet-  
ing of the congregation in connection  
with the appeal from New York of  
Jacob Schiff for aid to the Jews in  
Russia.  
The appeal, as received last evening  
by Rabbi Freund from New York is as  
follows:  
New York, Nov. 9.—Rabbi Charles J.  
Freund, Salt Lake City:—On behalf of  
half of national committee for relief  
of sufferers by Russian massacres of  
which I have been appointed treasurer,  
we urge you and your associates to  
call meeting of Jewish community to  
form branch committee and collect im-  
mediate fund. Necessities are very  
great and conditions appalling.  
JACOB H. SCHIFF,  
32 William Street.

### QUOTES ESTRAY LAW.

Attorney General Says Animals May  
Become Property of the State.

The following opinion on estrays for-  
feited to the state, has been given out  
by Atty.-Gen. Breiden, in response  
to a question from County Atty. I. G.  
Cutler of Kanab:

Your communication of the 25th ulto.  
relative to wild horses is before me.  
Sec. 13 of the Rev. Sts. of 1895 as  
amended by Chapter 48 Session Laws  
of 1903, provides among other things  
"that all animals runnings at large  
without brands, unless sucking animals  
with their mothers, and all other ani-  
mals that are branded, and the owners  
of which can not be ascertained after  
reasonable search be found, and which have  
been running at large on any range within  
the state for two years or more, shall  
be declared to be estrays and forfeited  
to the state."  
This law does not require that any  
owner should declare such animals as  
are therein described forfeited to the  
state. The law is self acting and when  
the conditions are complete, the title  
of the animals is transferred to the  
state and the proper officers should sell  
the same and turn the proceeds into  
the state treasury. After the forfeit-  
ure no one ought to be permitted to  
prove ownership against the state for  
the reason that the former ownership  
is extinguished by the operation of the  
statute and the property is vested in  
the State of Utah.

### A GREAT SUCCESS.

Charity Ball Netts Hospital Association  
The Sum of \$3,500.

Last night's charity ball in Armory hall  
was a success in attendance, from a social  
standpoint, and financially. The proceeds  
were \$3,500, a sum that will provide for  
the necessities of charity patients at the  
hospital for some time to come. The  
function was eminently one of beautiful  
gowns which made the scene a brilliant  
one, and was well as that of an  
actual participant. The orchestra struck  
up the grand march at 8 o'clock, when  
nearly 400 people present in the Armory  
hall. The decorations were rich, settings  
of flags and national colors with peo-  
dants and flowers which added greatly to  
the scene.

Gov. John C. Cutler, with Mrs. Wm.  
Litchner, president of the St. Mark's hospi-  
tal association, led the march with Dr.  
F. B. Peaty, secretary of the state board  
of health, and Mrs. Cutler, Mrs. Litchner  
were a beautiful gown of black spangled  
net with touches of real lace, and Mrs.  
Cutler was gown in a costly robe of  
cream lace over silk of the same shade.  
Twenty dances made up the program,  
with orchestral music at the very best  
quality, and it was some time after mid-  
night before the last strains of the music  
had died away.

There were present at the hall to re-  
ceive guests in the reception room mem-  
bers of the hospital staff and their wives,  
members of the St. Mark's hospital asso-  
ciation, and directors of the hospital and  
their wives. The reception room was  
fitted with comfortable sofas, Indian blank-  
ets, plants and flowers and the musicians'  
stand was accented in with a semi-circle  
of lights.

Through the courtesy of Manager Har-  
ris of the Commercial club, the committee  
was able to secure a room in the dining  
room of the club, where guests were  
comfortably seated. The dining room was  
filled from 8 p. m. until after midnight,  
and much was served in one of the re-  
ception rooms. The function was such a  
success that there is a good chance of its  
being made an annual affair.

### NEW BUILDING FOR MURRAY.

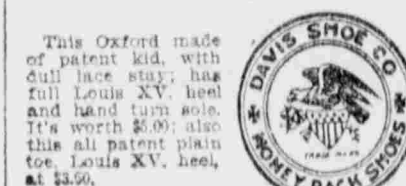

A \$5,000 two-story brick store and  
office building, 20x50 feet of brick and  
stone, is to be erected at Murray for  
the McMillan Bros., the architects be-  
ing Erskine & Lillenberg. The same  
architects have plans drawn for a 2x25  
four rooming house, two stories and  
basement, brick and stone, to cost \$4,-  
000 for Mrs. Olive Durand of Murray.

### TEA

The modestest thing in the  
world is tea. It is only tea!

Everybody danced for sweet  
charity last night. Those who  
didn't dance in the hall danced in  
attendance— and Charity was  
glad. Here's a coincidence: Char-  
ity and Davis shoes always go  
hand in hand. Either cause sat-  
isfaction after indulgence, or  
your money back. At last night's  
soiree many were the beautiful  
examples of Davis's evening dress  
oxfords. For instance:

This Oxford made  
of patent kid, with  
dull lace stay, has  
full Louis XV. heel  
and hand turn sole.  
It's worth \$5.00; also  
this all patent pin  
toe, Louis XV. heel,  
at \$3.50.

# BEECHAM'S PILLS

Never permit yourself to become constipated. When-  
ever the bowels fail to act regularly, the clogging and  
stoppage generate poisons that sicken and endanger the  
whole body. It is vitally important to guard against a  
condition that will soon wreck the health unless the cause  
is promptly removed.

When troubled with costiveness or constipation do not  
resort to violent purgatives or cathartics which only injure  
the delicate lining of stomach and bowels, and have no  
constitutional effect.

## A Safe Laxative

for men and women, old and young, is found in Beecham's Pills.  
They regulate the bowels more quickly and effectually than any  
other medicine. They gradually tone the digestive organs, gently  
stimulate the liver, soothe the mucous membrane of the stomach  
and bowels, increase the natural secretions and soon establish a  
complete cure. Unlike other laxatives it is not necessary to  
constantly increase the dose to get the desired effect.

Beecham's Pills are a natural laxative and may always  
be depended on to restore normal action to the bowels,  
liver and kidneys. Buy a box.
