SHOCKING SUICIDE OF YOUNG GIRL

Miss Ada C. Butler of Hooper in Fit of Despondency Kills Herself.

SESSION OF CITY COUNCIL.

Reform Measures Discussed—District And City Court Affairs—Funeral Of Erick Larsen—Briefs.

Ogden, April 14.—Despondent because of ill health, Ada C. Butler, 18 years of age, daughter of Mr. and Mrs. Alma Butler of Hooper, committed suicide yesterday morning by cutting her throat with a butcher knife. The rash act was committed shortly after 8 o'clock while the girl and a younger sister were engaged in washing the breakfast dishes.

The work of the morning was about completed when Ada picked up a butcher knife and, stepping into an adjoining room and while her small sister was watching her she brought the knife across her throat, completely severing the windpipe and the jugular vein. Members of the family were summoned by the cries of the young sister, and everything possible was done to stop the flow of blood. Medical aid was summoned and everything possible was done to save the young life, but to no avail, and she died about three hours later.

COOPER AROUSES INTEREST OF QUEEN CITY RESIDENTS

An adequate idea of the intense interest which has been aroused by young Mr. Cooper during the past year with his theories and medicines is given in the following article which appeared in the Cincinnati Post while Cooper was introducing his ideas to the people of that city. The article says: "The beginning of Mr. Cooper's second week in Cincinnati gives every indication that he is to enjoy the same astonishing success here as in other cities."

"From the first day of his visit the crowds that call to see him have steadily increased, until now it has reached a point where several thousand talk with him each day. The entire city seems to have become interested in his theory that the human stomach is degenerate, and he already has an army of followers in Cincinnati who seem positive that his claims are correct. "A number of Cincinnatians were interviewed at Cooper's headquarters on Friday, and several interesting statements showing their intense faith in Cooper's preparations, were secured. The following are selected from these statements and are characteristic of them all: Mrs. M. E. Emerson of 630 West Court street, said: 'I have suffered with stomach trouble and constipation for a year or so. When I ate I would have bloated spells, sour stomach, fermentation, had a taste in my mouth. In the morning I was as tired

The proprietor of a Portland, Ore. dry-cleaning establishment writes:

I have used Ivory Soap for over two years, for all kinds of cleaning and dyeing, with the most perfect results. As a dry-cleaning soap, it acts like magic and is far superior to any of the benzine soaps supplied to the trade. It removes dirt, without injuring the most delicate color or fabric.

FUNERAL OF ERICK LARSEN.

Ogden, April 14.—The funeral of Erick Larsen, who died last Saturday after an illness of 10 days, was held this afternoon from the Richey funeral chapel. According to the wishes of the deceased the funeral was simple yet most impressive, there being no flowers, this being one of the stipulations in the will of the deceased which was filed for probate yesterday afternoon. The interment was in the city cemetery.

The will of Erick Larsen as was filed for probate, bequeaths the greater part of his fortune to a brother and three sisters in Denmark and it was drawn by himself October 30, 1907. Robert Christensen of Wilson Lane, who is named as administrator to serve without bond, is instructed to send \$1,000 which is in a safety deposit box in the Ogden State bank, to a brother of the deceased in Denmark, who is to divide it equally among himself and the three sisters. To Joe Smith the sum of \$500 is bequeathed to be used for the purpose of defraying the funeral expenses of purchasing a monument for the grave. The will also adds, "No flowers should be brought or received from anyone. Make the funeral as simple as possible."

John Contos was appointed special administrator yesterday to take charge of the funeral and collect and conserve all goods, chattels and papers until the formal appointment of an administrator is made.

JUNCTION CITY BRIEFS.

Henry Y. Collar, field officer of the Ohio state reformatory at Mansfield, is in the city for the purpose of returning John Radcliffe, an escapee from the institution. Radcliffe was sent to the reformatory for attempt to take the life of his father-in-law. He was released on parole, but made his escape and was recently arrested by Deputy Sheriff Clark. He has employed an attorney and will probably resist the requisition.

A committee composed of J. C. Nye, Rev. P. M. Cushman, Rev. J. E. Carter, A. F. Parker and J. S. Lewis, representing the Ogden City Improvement league, visited the high school building and all the other school buildings for the purpose of ascertaining the need of a new high school. A report will be submitted by the committee to the league. Sup. William Allison and other school officials accompanied the committee on the tour of inspection.

The German car Protos in the New York-Paris race, which arrived in Ogden Friday night on a flat car from "Seattle" where it broke down, was shipped yesterday to Seattle, where a number of extensive repairs will be made and continue the race from that city.

Tomorrow the members of the Improvement league and the park commissioners and all public spirited citizens will gather at the various parks to assist in the planting of trees of which the city recently purchased a carload. This afternoon and tomorrow morning short exercises will be held in the public and private buildings for the purpose of planting trees and shrubbery and otherwise improve the property.

The Farrell foundry on Lincoln avenue has been purchased by M. S. Browning, Adam Patterson, R. B. Porter, John Pingree and J. M. Doran, who will immediately incorporate and launch a large industry. The purchase price was given as \$10,000. The purchase who will probably be named as manager, is one of the best mechanics in Ogden, and has had many years' experience with the great railroad systems of the country.

PROVO.

DEPOT FRANCHISE QUESTION.

Raises Furore in Council—Location Objected to by Many.

Special Correspondence.

Provo, April 14.—The council chamber last night was crowded to its fullest capacity, with citizens who attended the session of the council. The first order of business was the introduction of the ordinance granting the Rio Grande railway a franchise to construct a passenger depot upon the intersection of Third West and Sixth South streets. The bill having been read first for information passed to its second reading when petitions from William M. Roylance, George H. Brinhal, in behalf of the Y. M. C. A. university, numbering 75 members, President Rasmussen of the students' body, President J. E. Keeler, in behalf of the state presidency, Pres. J. F. Smith of the Z. C. M. L. of Salt Lake, Gov. Gutler of the state mental hospital board, Chairman L. E. Egertsen of the teachers and trustees association, from citizens of Pleasant Grove, by Jess. Knitch of the B. Y. university board, and by P. D. Cassidy, manager of the local branch of the Z. C. M. L., all protesting against the moving of the depots from the present site on Academy avenue to that designated by the ordinance. Each petitioner presented his argument with a great deal of oratorical enthusiasm.

When Judge Whitcomb arose to address the council in behalf of the location and in his introductory remarks said that he was the attorney for one of the railroads, was not bought body and soul by them caused Councilman Miller to object to the speaker, who in face of the objection and the gag rule sat down. Later Councilman Miller withdrew his objection and Mr. Whitcomb spoke again for the granting of the franchise. Logan, Holdaway purported to quote Senator W. A. Clark of the San Pedro railroad to the effect that if he turned down this chance it would never have another offer for a union depot. The gag rule was placed upon S. P. Egertsen of the west and faction by the east and councilmen of the west precinct, and which caused Councilman Miller to give notice that all further speaking would be objected to by him. The city attorney, D. H. Thomas, asked permission which was granted and in view of the fact that he had

not seen the franchise asked for by the railroads he scored those who were responsible for the introduction of the ordinance in a vain attempt to see the same. The bill, with all the petitions, was laid upon the table to be the special order of the business next Monday night, that the attorney may be prepared to suggest any changes that will be best for the city's interest. The council adjourned until Thursday night to consider regular business.
