W. P. DALE GOES TO THE RIO GRANDE.

Trainmaster for R. G. W. at Helper Is Transferred to Colorado.

SAN PEDRO CONTRACTS LET

Manager Herbert Also Announces That the Palmer Lake Improvements Will be Instituted at Once.

W. P. Dale, who for some time past has been trainmaster for the Rio Grande Western, was yesterday transferred to act in the same capacity on one of the divisions of the Denver & Rio Grande in Colorado. Mr. Dale is succeeded at Helper by E. H. Williams of this city, who has had a trick in under Trainmaster Cotter at the depot.

Mr. Dale has the record of being a very efficient man. Prior to coming to Helper he was joint agent for the Rio Grande Western and the Denver & Rio Grande at Grand Junction.

CUBAN RAILROAD.

Increase in Authorized Capital Stock From \$500,000 to \$2,000,000.

Trenton, N. J., Sept. 19.—The Cuba Railroad company, which was incorporated May 1 last with an authorized capital of \$500,000, today filed papers increasing its authorized capital to \$2,000,000, of which \$10,000,000 is to be preferred with six per cent cumulative dividends. The company has incorporated to build a railroad from a point on the bay of Nipe in the province of Santiago, Cuba, to a junction with the railroad of the Cuba company at or near Alto Cedro, a distance of 50 miles. The papers are signed by Wm. L. Bull, Henry S. Dimock, Franklin B. Lord, Chas. T. Barnaby and Geo. Crocker. The signers own all of the 1,200 shares of stock so far issued.

IMPORT RATES.

Committee of the Trunk Line Railroads Reports Healthy Conditions.

New York, Sept. 19.—At a meeting of the import committee of the trunk line railroads just held in this city, the agreement governing import traffic at the various Atlantic ports, which has been in effect during the past year was reaffirmed, practically without change. Frank Harriott, chairman of the committee, was reappointed for the ensuing year. Representatives of the trunk lines present expressed themselves as highly pleased with the practical operation of the compact during its first year's trial and present indications point to a greater measure of success during the coming year. Members of the committee say they have reason to believe that the agreement is now about as perfect as it can be made, and that import rates will be even better and more uniformly observed hereafter than was possible during the past year. How materially the import rate situation has been improved as a result of the committee's work was shown, it was stated, by the fact that where a year or so ago the established rates were being cut from 25 to 30 per cent, the regular tariffs are now being observed.

The agreement under which the committee operates, takes in all of the roads running to Atlantic ports, with the exception of Canadian ports. The latter lines, while not actually parties to the compact, agree to maintain import rates no longer as the other lines observe the agreement.

PALMER LAKE CUT-OFF.

A RARE BOOK READY.

First Volume of the History of the Church on Sale Tomorrow.

Tomorrow morning the long awaited "History of the Church," the book specially commended by the First Presidency, will be placed on sale at the Desert News Book Store. Volume one takes up the first period of the work and embraces the history of Joseph Smith, the Prophet, told by himself. The present intention is to issue about one volume a year, until the work is brought down to the present times. As is well known the book is issued by the Church authorities, having been prepared by the Historian's office, B. H. Roberts having written the introduction and the notations. The book is sure to excite widespread attention, not only on account of its subject, much of the matter now being printed for the first time, but for the reason that it is probably the largest work ever prepared in America at the price.

The book contains over 500 pages, is printed on heavy paper, bound in several styles, with an impression of the Hill Cumorah engraved in gilt on the front cover. It is such a work as in New York or Philadelphia would be placed upon the market at \$2.50 or \$3.00, but the desire of the First Presidency being that the book should have the widest circulation, it was decided to issue it at the bare cost of printing, and placing upon the market; the price of the work will be only \$1.50 (cloth bound), and it can be had in more expensive bindings at an increased cost.

All inquiries for the "History of the Church" should be addressed to the Desert News Book Store.

ANOTHER CONTINUANCE.

Eckstein's Preliminary Hearing Set For Next Wednesday Morning.

Another continuance in the Barney Eckstein murder case was made this morning at the request of the attorneys for the defense, Powers, Straup & Lippman. The preliminary hearing may now take place (unless otherwise ordered) on Wednesday morning in Judge Diehl's court.

The reason given for another continuance was the fact that Atty. Straup was in Provo and would not return until that time. In the meantime Eckstein is enjoying sweet liberty, but under \$3,500 bonds.

STUDENTS IN LAW.

L. D. S. University Giving First Year Of Law Course.

It has been decided to give to any qualified students that may apply for the work at the L. D. S. university this year, complete technical courses in contracts, sales, and bills and notes. This work will be precisely similar to the work given in the same subjects at the regular law schools, besides being exactly what is required by the man of business. The course is given from 8 a. m. to 9 a. m. in the morning, and any that take the course should apply not later than next Monday. Atty. Philip S. Maycock is the teacher. He is a practicing lawyer, besides being a teacher of many years' experience, and will give a thorough and practical course in these subjects. The student of law, moreover, will have the option of taking any other subjects offered in the school, especially such branches as civics, economics, history, Latin and English, essential in preparation for further study of the law. The university offers this course solely as an encouragement to ambitious students and not as a means of revenue.

GENERAL CHURCH NEWS.

Apostle George Tensdale will attend the Davis stake conference at Farmington next Sunday.

The headquarters of the Samoan mission have been removed from Fagala to Pesega, Upolu, where a fine two-story meeting house is being erected. The new building will cost \$15,000 and is to be ready for the October conference. Its dimensions are 55 feet by 25 feet, and it will be made a model of modern architecture.

President Joseph H. Merrill of that mission writes that the Church building at Tuasivi is being pushed forward to completion, and that the work generally on the island is in good condition. There are now 23 Elders and two sisters in that field, but as this number is not sufficient to meet existing demands, more will be sent out in November.

The Young Men's convention will be held in this city next Sunday, and not on Monday as erroneously stated in some columns.

GRANITE STAKE NOTICE.
