Schwenk's Mandrake Pills

Who he found to possess those qualities necessary to the total eradication of all bilious attacks, and to start the secretions of the liver, and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in medical science to have invented a remedy for these stubborn complaints, which develop all the results produced by a heretofore free use of cathartics, a mineral justly dreaded by mankind, and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific research; and those who use the Mandrake Pills will be fully satisfied that they are not medicines as those provided by nature in the common herb, and roots of the fields.

These pills open the bowels and correct all bilious derangements without irritation or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these pills as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue.

Simple directions for use accompany each box of pills. Prepared only by J. H. Schwenk & Son, at their principal office, corner Sixth and Arch Streets, Philadelphia, and for sale by all druggists and dealers.

Price 25 cents per box. Deodim

Wednesday - January 2, 1878

PRICE OF GOLD.

Overland daily by Denver National Bank, Salt Lake City, January 1, 1878.

Buying at 10.90; Selling at 11.00.

LOCAL AND OTHER MATTERS.

Thermometer 37 degrees F. in the shade at 1 p.m. to-day. Clear.

Call and Get It—There is a message at the Western Union Telegraph Office for Mrs. Maggie Jones.

Wash—Water is frozen solid in pipes in many of the houses, stores and other buildings.

City Council.—The Council met last evening and adjourned, without doing any business, till next Tuesday, at 8:30 p.m.

New Year's Day.—Probably the holiday season has not passed over in this city so quietly for the last ten years. During a portion of yesterday the streets had almost a Sunday appearance. The police had occasion only to make an arrest in one case of intoxication.

Ordeal Yet—Last night, was decided the coldest of the season. From the facility with which lights were solidified the mercury must have been considerably below zero. The new year opens up rather sharply, so far as weather is concerned.

Y. Grubbs, of O'Connell, Ontario County, Canada, writes to a friend in this City that it is quite a number of people in the part favorably disposed to the gospel and apparently ready for baptism. He thinks that if an efficient elder were to visit Canada he could do a good work.

Theatre.—The toy matinee yesterday was a big thing, and the attending juveniles made things lively with all the noise that squalling toys can impart. The excitement was extreme.

Good house, welcomed the performers in the evening, and the audience was as pleased with the presents as the plays. It was all according to programme.

Subscription Loan.—Mr. J. H. Cleaveland has opened a subscription loan for the purpose of re-establishing his trunk, value and has factory. He states that it is his intention, as soon as practicable, to refund the money to subscribers. Subscriptions will be received at the Deseret National Bank, Deseret News Office, Herald Office and Provo Commercial Store, Constitution Buildings.

Medal Match.—The eighth medal match of the Amateur Rifle Club came off yesterday, at 10 a.m. When the firing commenced, the target was partially obscured by a light mist, making the shooting extremely difficult. Notwithstanding, a very fair score was made. A. Grimaga carried the medal.

The following is the score as shot by the contestants:

A. Grimaga, 45; J. H. Cleaveland, 44; J. W. Woodman, 43; J. B. Lawrence, 42; W. H. Hill, 41; J. C. Carter, 40.

Fishes.—The city watermaster reports, with a good show of reason, that when the people of the 17th and 18th Ward Bench, or any other part of the city, discover an absence of water in their ditch, it would be a good plan for them to ascertain the cause of the stoppage. When ditches are out of repair, the watermaster is a duty of the property owner, to put them in good condition. It is not necessary to suppose that it is the duty of the city watermaster, but it is not so.

Excommunicated.

FARMINGTON, U. T., Jan. 1, 1878.

This certifies that, L. A. Anderson, Christina Anderson, Alfred Wharton, Margaret Wharton, and Thomas Hunt have been cut off from the Church of Jesus Christ of Latter-day Saints for Apostasy.

JOHN W. HARRIS, Bishop, ARTHUR STANLEY, JACOB MILLER, Counselors.

A Good Time.—The people of the 21st Ward had a gala time yesterday. They took to the meeting house, vials of every description, the best the market afforded, in quantities that almost made the tables groan under the load. After 400 partook of the feast. After dinner there was singing, reciting and other amusements and a good, genial spirit prevailed.

In the evening the younger folks enjoyed themselves in the dance until 11 o'clock.

The large quantity of viands left from the picnic was distributed among the needy to-day.

A Burlesque.—Yesterday three young fellows of the 20th Ward caused considerable merriment by getting up a burlesque on the New Year's calling business. They had an old sled with a dry goods box for a vehicle, drawn by an old horse and mule, rigged out in sorry looking harness. They were costumed in Mulligan guard fashion, and had make-up on their faces. Their visiting cards were about six by nine inches. They went about town making calls, and some of the "young bloods" out on the errand, in earnest, appeared to be the only ones who didn't relish the joke.

Juvenile Criminality.—A young girl named Barrett was arrested yesterday for stealing clothing, food and other articles from the Cliff House. On being placed in jail she kept up a succession of loud screams, which could be heard a long distance off. On telling where some of the stolen goods were secured she was released for the time being.

She is the same girl who told a story some time ago about being carried forcibly in a wagon several miles south of the city and violated by the person who took her. The general character of the girl causes a good deal of doubt to exist regarding that matter.

Scandinavian Mission.—Elder A. W. Carlson writes from Copenhagen to the *Millennial Star*, under date Nov. 23—

"The missionaries arrived here yesterday, and felt rather tired after a rough passage across the German Ocean, but this morning they have partly recovered, and feel a good deal better. They have been appointed to labor at Copenhagen, in the following order: J. A. F. Fossell, John Ekman and John Larson, in Stockholm Conference; John A. Quist, J. E. Lindberg and J. F. Olson, in Gothenburg Conference; Wm. Peterson in Copenhagen Conference; R. Nielsen in Aalborg Conference; Wm. Christensen and Jens Christensen in Aarhus Conference; and A. Handrikson will visit his relatives in Jutland for the time being. Three of the brethren will leave for Stockholm to-morrow, and the remainder will take steamer for Sweden respectively on Friday or Saturday next. They were all at meeting last night, and we had a good time in hearing from them all. I think they are a desirable party, and will, no doubt, do a great deal of good. Brother Liljenquist intends to spend the winter in Jutland with his family, where some of Sister L.'s relatives are living."

North American Review.—The January-February number of the *North American Review* contains the following articles: "Charles Sumner," "Senator Hoar," "A Crumb for the Modern Symbolism," "Prof. John Fiske," "The Art of Dramatic Composition," "Dion Boucicault," "General Amnesty," "J. Randolph Tucker," "The English Aristocracy," "W. E. H. Lecky," "Resemblances of the Civil War," "General Richard Taylor," "The Origin of the Italian Language," "W. W. Story," "Epheus, Cyprus and Mycenae," "Raymond Taylor," "Capture of Kane," "Fall of Havana," "General G. B. McClellan," "Currency, Quota and the Silver Bill," "Manton Marble," and notices of Woolsey's "Political Science," Proctor's "Myths and Marvels of Astronomy," Gaskie's "Life and Words of Christ," Sullivan's "New Ireland," Bowen's "Modern Philosophy, from Descartes to Schopenhauer and Hartmann," A. S. Chapman's "California Pictures in Prose and Verse," Linderman's "Money and Legal Tender in the United States," Victor Hugo's "Histoire d'un Crime," Cook's "Home Beautiful," Trowbridge's "Book of Gold and other Poems," "Klunzinger's 'Upper Egypt,' and Habberton's 'Budge and Toddlers.' For sale by bookellers and newsmen generally.

Priests and Teachers.—David O. Calder and Joseph E. Taylor, of the Presidency of the Stake, met with the Priests and Teachers of this city on Monday evening, Dec. 31st, 1877, when the following brethren were unanimously elected to the Priest's Quorum in Salt Lake City.

Herbert J. Foulger and Wm. L. N. Allen, Counselors.

James Yates, President of the Teachers' Quorum, composed of the Teachers in the Fifteenth, Sixteenth, Seventeenth and Nineteenth Wards; George Tall, Jr., First Counselor.

The Bishopric being the presidency of the Priests' Quorum, Bishop Barr and Counselors duly organized the appointment to act as the Presidency of the Priests' Quorum, for the city, being already the Presidency of the Priests in the Ward over which they preside. They only preside over the Priests (other than in their own Ward) in a quorum capacity, each Bishop presiding over the Priests, as he does over the members in his Ward of every other quorum, when not acting in a quorum capacity.

The Teachers' Quorum not being fully represented, a partial organization only was effected.

Night School.—William M. Egan, son of Major Egan, a young gentleman who is attending the normal department of the University, purposes opening a night school for young men and boys, in the 19th Ward School-house, on Monday evening. He has been solicited to do so by several young men desirous of attending his class.

Sugar House Ward.—On Sunday, Dec. 30th, a Deacons' Quorum was organized in Sugar House Ward, by David O. Calder and Joseph E. Taylor of the Presidency of the Stake, with the following brethren as the Presidency thereof: James McGhie, Jr., President; William Eldredge and Moroni Hodgson Counselors.

New Year's Wedding.—A large number of the personal friends of Mr. Richard B. Margette, the well-known brewer of this city, met at that gentleman's residence in the 19th Ward last evening, to celebrate the new year and witness the union of a young and loving couple in the sacred bonds of matrimony. At 6 p.m. Miss Sarah Jane Margette, familiarly called "Cittie" by her intimate acquaintances, was married to Mr. Herbert Pembroke, the ceremony being performed by Judge Alex. Pyper.

Congratulations followed, and a merry party which was prolonged till early morning. A number of valuable and elegant presents were made to the bride, and all united in showering a very good wish upon the newly wedded pair. We join in every sentiment breathing hopes of their life-long felicity, and trust that their happiness may increase with their years and experience.

Exponent.—The Woman's Exponent, first number for the New Year, is out on time, and is full of excellent reading matter for the ladies. The gentlemen would not be hurt a particle by perusing its columns. It is a good paper, growing in interest and ability. May the new year bring it increased success and usefulness.

District Court.—Wednesday, Jan. 2d.

James E. Mathews vs. Class Hamilton et al.; time for filing exceptions and statement on motion for a new trial extended 60 days.

Wells, Fargo & Co. vs. E. Davis et al.; motion for a new trial overruled; defendant excepts.

Orville D. Ford vs. L. E. Holden; arguments on motion for a receiver in progress.

Notice.—The Central Committee of the Y. M. M. I. Associations will meet in the Council House, Friday evening, January 4th at 7 o'clock.

It is expected that Hon. George C. Cannon will address the meeting.

An invitation is extended to all the young men of the city.

JUNIOR F. WELLS, President. B. F. CUMMINGS, Jr., Secretary.

The "Juvenile Instructor."—We are requested to announce that the first issue of the new year (volume 18) of this valuable magazine will unavoidably be delayed for about ten days. A supply of paper ordered from the east, which should have arrived the early part of last month, has, owing to the breaking down of the paper mill, not yet come to hand. Care will be taken in the future to avoid any such delay by keeping a larger supply of paper on hand.

A New Paper.—The first number of the Salt Lake Independent was issued this morning. It contains a good deal for a small sheet, and gives evidence of considerable ability. The material is evidently the same that was used on the *Corinne Record* and the former editor of that paper is managing editor of the *Independent*. The intention of the projectors of the new candidate for public favor is, as announced, "to help build up a good citizen party in this Territory." We suppose they mean to induce a fusion of the various opposing elements here, so as to make them all pull together. The object is worthy, but we must be pardoned if we doubt its accomplishment. We shall be pleased to see a gentlemanly, respectable paper devoted to the interests of the Territory, with views in opposition to our own. And if the *Independent* preserves a tone which will entitle it to recognition and reply, it will be always welcome, and will receive support from a large number of persons who, while delighting in opposition, despise scurrility and the low blackguardism which diagnoses some aspirants to journalistic fame. We hope the *Independent* will maintain its dignity and uphold its integrity, if not we cannot be inauthentic wish it that success which its promoters desire and anticipate.

Section's Report.—Section's report for December. Males 22, females 17. Of these, adults 14; children 25. Causes of death as reported: Diphtheria 11; lung disease 5; scarlet fever 5; typhoid fever 5; heart disease 2; still-born 2; old age 2; dropsy 2; convulsions 1; cancer 1; tetanus 1; pericardial fever 1; convulsions (infantile); 1; nervous exhaustion 1; effects of eye poisoning 1; bilious fever 1; inflammation of bowels 1; total interments 50.

JOSEPH E. TAYLOR, Section.

Total interments during the year, 508. Deducting those brought from country places, 97; transients, 24; would leave the total resident mortality 387.

J. E. TAYLOR.
