

MOB SPIRIT NOT ENTIRELY SUBDUED

Sporadic Outbursts of Lawlessness in Various Parts of Springfield Last Night.

GOV. DENEEN OFFERS REWARD

For Evidence Leading to Conviction in Each of the Cases of Violent Death During Recent Rioting.

Springfield, Ill., Aug. 18.—That the mob spirit has not been entirely subdued in Springfield was evidenced last night and early today, when, despite the presence of thousands of militiamen, there were sporadic outbursts of lawlessness in many sections of the city.

None of them was serious, however, being confined to disturbances caused by groups of two or three men.

The center of the trouble was Harvard park, a suburb, where twice during the night, patrols were fired upon from ambush. Troops were rushed to the scene both times, and during the second hunt a shot fired from an alley struck the sword scabbard carried by Lieut. Ridgeway of Company E, first infantry. The shooter escaped.

The first disturbance followed an attack on Tom Richardson, a brother of George Richardson, the negro suspected of having assaulted Mrs. Mabel Hallam. Richardson, who was a driver for a packing firm, left his wagon standing in the street and escaped to the Illinois Central station, where he took a train for Mississippi.

Late the guards picked up James and William Richardson, also brothers of George Richardson, and locked them in the jail. It was stated that they had been inmates of the Jacksonville asylum, and that their arrest was a measure taken for the public safety.

Five men were arrested at Eighth and Ash streets. Two hundred dollars reward for evidence leading to conviction in each of the cases of violent death during the rioting in this city is offered by Gov. Deneen.

The governor, who is determined to punish all proven to have participated in the deeds of violence, last night issued six proclamations, one covering each of the cases of death resulting from the race outbreak. The same reward is offered in each instance, and it is hoped to secure the evidence necessary to convict the leaders responsible for the crimes.

Plans for the prosecution of all who had anything to do with the riots have been completed by the city and state officials. There will be no half-way measures taken, and the law's action will be swift, certain and impartial. The task which the authorities face was increased yesterday by two more deaths and news that a third victim of the riot of last Friday night is dying.

G. W. Scott, a white man, who was shot through the lungs during the riots Friday night, died last night. The other death was that of the 3-weeks-old daughter of Mr. and Mrs. Lawrence Palmer, negro refugees, at Pittsfield. The child died from exposure as the result of a night fight in Springfield.

W. H. Bowe, chief clerk of the county treasurer's office, who was attacked and shot by negroes Saturday while walking through the burned district, is reported dying at St. Johns hospital.

NO LYNCHING POSTAL CARDS.

Chicago, Aug. 18.—A dispatch to the Tribune from Hopkinsville, Ky., says:

Souvenir collectors of postal cards will be forced to complete their albums with other views than those depicting a southern lynching, according to instructions received from the postmaster general at Washington. Postmaster Beatty was officially informed that postal cards mailed out of Hopkinsville and other towns recently, showing the four bodies of negroes lynched at Russellville, Aug. 1, have not been allowed to pass through the mails. The postcards showed the gruesome sight of four blacks strung up to a tree, and were genuine reproductions.

KILLING OF ANNIS BY CAPT. P. C. HAINS

Two Men Were on Very Friendly Terms at Least as Recently as May 29.

THEIR WIVES WERE INTIMATE

Letter From T. Jenkins Hains to His Brother Seems to Have Precipitated the Tragedy.

New York, Aug. 17.—Of far more interest than the formal arraignment in a police court today of Capt. Peter C. Hains, who shot and killed William E. Annis, advertising manager of a magazine, on Saturday, at the Bayside Yacht club landing, while his brother, T. Jenkins Hains, held at bay a crowd of yachtsmen who sought to prevent the tragedy, was evidence which came into the hands of Dist. Atty. Darrin bearing upon the motive for the shooting.

MEN WERE FRIENDLY.

It was established that Capt. Hains and Mr. Annis were on such friendly terms that they went automobile touring together as recently as May 29 last. Two women were in the party and the police believe the women were Mrs. Hains and Mrs. Annis. A motor cycle policeman arrested the party for speeding on Ocean parkway. The case was postponed in court and is still on the calendar.

The party were in Mr. Annis' automobile and the police held Annis in \$100 bail. Annis only had \$20, so the police were about to lock him up when Capt. Hains stepped forward and handed the prisoner four \$20 gold pieces, thus obtaining his release.

"I have been told by friends of both Capt. Hains and Mr. Annis that this friendship ceased after a talk Capt. Hains had with his brother, T. Jenkins Hains," said the district attorney. "I intend to have T. Jenkins Hains tried as an accessory before and during the fact, as I believe he is as guilty as his brother. It was his letter to Capt. Hains that made the latter hurry home from the Philippines and question his wife regarding her alleged conduct with Mr. Annis, and it was T. Jenkins Hains who prevented any one from stopping Capt. Hains from shooting Mr. Annis."

WIVES INTIMATE.

Another remarkable feature of the case is the friendship which exists between Mrs. Annis and Mrs. Claude Hains, Capt. Hains' wife. Mrs. Hains called upon Mrs. Annis yesterday afternoon. It was learned today, and remained with her until nearly midnight. Mrs. Annis, who witnessed the shooting of her husband, has been prostrated since the tragedy. It is said she has several letters written by Capt. Hains to her husband threatening his life.

One of these letters, it is said, was received by Mr. Annis the day before he was shot. The letter warned him, it is reported, that Capt. Hains would shoot him on sight. Mrs. Annis says that she does not believe Capt. Hains intended to shoot her husband, but that he wanted to serve him with papers in a divorce proceeding.

Mrs. Annis frequently entertained Mrs. Hains and several times Mrs. Hains was taken on automobile rides with Mrs. Annis and her husband. Gen. Hains is in New York, stopping at the Hotel Astor, so that he can be near his sons. He was asked today if he had seen his son and replied that

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Salt Lake City women know how the aches and pains that come when the kidneys fail affect the system. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Salt Lake City woman's words:

Mrs. Joseph Slater, 552 West Third South Street, Salt Lake City, Utah, says: "The recommendation which I gave Doan's Kidney Pills about a year and one-half ago was true in every particular and I can recommend them. I had attacks of backache and other symptoms of kidney trouble which were very annoying and distressing. A friend advised me to try Doan's Kidney Pills and I procured a box at the F. J. Hill Drug Co. They acted up to their representations in my case and in a short time I was rid of every symptom of the trouble. Whenever I feel any symptom of a return I appeal to Doan's Kidney Pills and they always give me relief."

He had not. He told of an arrangement which had been reported as existing whereby Mrs. Hains could visit her children every two weeks, and stated emphatically that he would not permit her to take charge of the little ones unless his son, Capt. Hains, agreed to let her have them. Gen. Hains declined to discuss the shooting of Annis by his son, saying his son's lawyers had advised him not to talk about the case.

The district attorney was interested when he learned that T. Jenkins Hains killed a man at Porters, Monroe, Va., 17 years ago, and will secure a copy of the court proceedings during his trial, at which he was acquitted. Ned Hainegan, the man Hains killed, was his friend and it is a striking coincidence that he shot him in a sail boat.

ANNIS' DYING STATEMENT.

While Mr. Annis was lying on the floor of the Bayside Yacht club after he had been shot, C. Rockwell scribbled on an envelope these words:

"Shot by Capt. Peter C. Hains, U. S. A., Aug. 16."

This was handed to the dying man, and in a firm hand he signed his name. When the Hains brothers were taken to a police station at Long Island City this morning they had to wait until a lot of petty cases had been disposed of before their case was called. They were locked in the prison pen, and when arraigned stood on the bridge, handcuffed together. Their father was in the courtroom, but he had no chance to speak to his sons.

Their counsel, William C. Percy, asked for an adjournment of a week, and it was granted. Then the brothers, handcuffed to detectives, were taken through the streets to a trolley line five blocks away, followed by a big crowd. Photographers took pictures of them, and when one of the detectives told the photographers that they had taken enough pictures, T. Jenkins Hains spoke up, saying:

"Let them take all they want; give them a chance. They'll get them anyway."

Later the prisoners were taken to Brooklyn police headquarters, a trip of 15 miles, in a patrol wagon, and a photograph taken for the Bertillon records.

Dist. Atty. Darrin, in the afternoon, announced that he would convene a special grand jury in an effort to have an early indictment of the brothers. He says he expects to have them on trial by the middle of September.

The coroner's inquest has been set for Wednesday morning.

The funeral of Mr. Annis will be held tomorrow morning from his apartments in the Malvern, on Clairmont avenue.

L. C. Page, a Boston publisher, who is stopping at the Hotel Breslin here, and who has published a number of T. Jenkins Hains' stories, made public today a letter which he says he received from T. Jenkins Hains more than a month ago, in which the writer said that he was in great distress, due to a family trouble; that his brother was heart-broken on account of his home being broken up by a man, and that he wished very much Page would come and help him.

MRS. HAINS TALKS.

Mrs. Peter C. Hains, Jr., is quoted as having declared that she will visit Port Hancock on Thursday to get possession of her children who are with their grandparents.

"I have a perfect right to see my children," she is said to have declared. "I am their mother, and I have the right to care for them."

"I was not old enough to know what real love meant when I first met Capt. Hains. Now I see what a terrible mistake I made. He was an army officer, and like many other girls, the glitter of it all caught my fancy."

"As I said, I did not know what real love meant, but I was all a wife should be to a husband. I knew Mr. Annis, and I liked him; he was a very fine man, and his wife and I were very good friends. He always tried to have some little surprise ready for anyone he liked, and I am proud and glad he liked me, but, oh, that I should be the innocent cause of his death. That is the terrible thing to me. What can I say to Mrs. Annis? She knows the real truth. She knows that the terrible stories circulated were mean, terrible lies, every one of them. This is some comfort to me, but it does not make up for her loss or suffering."

PREDICTS WAR BETWEEN JAPAN AND AMERICA

Montreal, Aug. 17.—Mr. T. Hamer Green, one of the most prominent Canadian in the British parliament and a member of the executive committee of the Liberal party of Great Britain, who is visiting Canada, predicts a conflict between Japan and America. He says: "Japan is preparing to resist the overflow of her people into countries where they are not wanted, but it does not require a prophet to foresee the feeling between these swarthy John Bulls of the Pacific and the white races of America may soon become acute and may mean war. Just now Japan is having a struggle to make both ends meet in national finances and has cut down her naval and military programs by large amounts. I have no doubt myself, however, that when she gets over the enormous losses the late war with Russia there will be trouble. If she can stir up and force an alliance with half-awakened China the yellow peril will be a reality."

BURNING OIL WELL.

From Eight-Inch Hole Has Widened To a Hundred Meters.

Mexico City, Aug. 17.—The great fire which has been raging in the Dos Boques oil well, near Tampico, for 43 days, has baffled all attempts which have been made to extinguish it and it is now greater in volume than ever before. From a hole eight inches in diameter the well has widened into a volcano with a crater 100 meters across. It is estimated that the flames reach a height of over 500 feet, while the black column of smoke continues into the clouds. The reports received today from the students sent to the scene by the Mexican government estimated the amount of oil consumed to be at least 20,000 gallons per minute.
