Public Buildings in Chicago. Ret. each.

A bill was introduced by Trumbull and referred, providing for public buildings in Chicago.

The house bill appropriating money for taking the last census passed.

Anthony offered a resolution for a standing investigating and retrenchment committee of seven. Trumbull moved to amend, that the committee be required to report what offices should be abolished and what salaries reduced, with leave to sit during the recess.

A lengthy debate occurred on the resolution. Trumbull, Casserly and Conkling favored the bill. Morton and Edmunds opposed it, the latter eulogizing the present as a most perfect administration, which would compare favorably with that of Washington.

The Senate adjourned without taking a vote.

HOUSE.

Claim Commission. Land Privileges in Utah. Public Buildings. House of Labor. Territorial Delegates on Territorial Committee.

Banks reported a bill appropriating \$25,000 for the expenses of the British-American claims commission. Referred.

Hoar, from the committee on education and labor, reported a bill for the appointment by the President of three members of three persons, to hold office not over two years, who are to investigate the subject of labor and hours of labor, and the division of the joint property of labor and capital, and the social, educational and sanitary condition of the laboring classes of the United States, and show how the same are affected by existing laws regulating commerce, finance and currency. The commission is to receive a salary of \$5,000 each, and they shall report the result of their investigations to the President to be transmitted to Congress.

Hoar moved the passage of the bill, Kerr and Wood opposed. Hoar then proceeded to speak at length in explanation and advocacy of the bill, saying it was quite sure that the measure, when understood, would receive the unanimous support of the House.

Working men, an organization which favored the bill, and which was making its voice heard and its power felt, where, where, it was asked of Congress this special measure. Referring to the Paris Commune, he said but one side of the story had been told, but he did insist that a cause which had inspired such heroism was deserving of the respect of Americans everywhere.

Dwight expressed surprise that Kerr and Wood should have objected to the bill, and hoped the objection would be withdrawn. Kelly, from Penna., favored the passage of the bill. At conclusion of his remarks, the morning hour having expired, the bill went over.

Bandall, on the committee of rules, reported a rule that the speaker appoint one territorial delegate on the committee on territories and the party pledge in the District of Columbia on the committee for that district, such delegates however, not to have a right to vote in committee. The speaker appointed Charles of Colorado on the committee on territories, and Chapman, a member of the committee on the District from Columbia. Adjourned.
