

Idaho News From Her Main Cities and Towns.

BORAH TRIAL SET FOR SEPT. 23

How Boise Enjoyed Labor Day.
Biggest Celebration in Its History.

BIG HOTEL BEING PLANNED.

Young Man Hurt by Falling Under Car—Youngster Injured in Runaway—Week's News.

Special Correspondence.

BOISE, Sept. 6.—Beginning with the early dawn on Monday morning, Boise presented a busy scene. Members of the different labor organizations were up early, all bent on making Labor day's program a success. The parade was a large one, it being estimated that over 1,000 men took part in the march. The parade started promptly at 10 o'clock from the corner of Idaho and Eleventh streets. The exercises at the Pierce park in the afternoon were attended by a large number of people, many coming from all points down the valley. Caldwell was represented by over 500 people. Nampa and Weiser also contributed a large number.

The program at the park consisted of speeches by Chairman M. S. Parker, L. W. Grubb, president of the Boise Trades council, and one of the leaders among union men in Boise, Rev. C. E. Holman of Caldwell, and Judge K. I. Perry of Boise. Sports, racing and other amusements followed. In the evening the Idaho and Caldwell bands joined in an open air concert on Main street. A dance at Forest park under the auspices of the labor union, and a dance and the last performance of a theatrical company at Riverside park closed the day's program.

The new fire engine for the city fire department ordered some weeks ago from Cincinnati, arrived yesterday. The engine has a pumping capacity of 500 gallons per minute, 200 more than the one now in use.

LABOR DAY ACCIDENT.

A young man by the name of Ralph Holden, came almost losing his life in his car when it was struck by a heavy load of lumber on Labor day.

As one of the heavy loaded lumber cars was about to make the start at about 1:20 o'clock, young Holden, who was attempting to swing on to the slowly moving car he missed his footing and his weight wrenched his hand loose. He was thrown under the car and was being rolled in front of the wheels when he was grabbed and drawn to safety by spectators. The motorist stopped his car as soon as possible. Dr. W. D. Springer found the bones of the ankle broken in two places and a very ugly scalp wound. The patient was taken to the St. Luke's hospital by Dr. Springer and W. E. Pierce of the Boise Interurban. Holden came to Boise about a month ago from Napa, California.

DANGEROUS RUNAWAY.

Yesterday afternoon between 2 and 3 o'clock a serious runaway occurred on Warm Springs avenue. Mrs. W. F. Munday, accompanied by her two children, and Mrs. Hill of Barber Dean were driving up the avenue when, without warning, the horse shied and began to run. He had not run far when he turned the buggy over the side of the occupants to the ground. The 5-year-old boy was caught in the buggy and dragged some distance by the horse and seriously injured. An ambulance was called and the boy taken to the hospital, where he was resting quite easy last night. He was cut quite severely on the back of the head and about the legs. Miss Munday, who was thrown out when the carriage upset, was also bruised. Mrs. Munday and Mrs. Hill both escaped injury. When the buggy was upset the horse broke away, where the horse broke away. This probably saved the life of the little boy. The buggy was smashed into kindling.

RIO HOTEL PLANNED.

A company is being formed to buy the Pimmy property, situated between Jefferson and State streets, of one entire block. It is claimed that the price of \$100,000 asked for the property has been agreed upon, and that within a few days the deal will be closed. It is intended by the company to build a new hotel, the cost of which is estimated to be between \$250,000 and \$300,000. The deal has been under consideration for over six months.

A meeting of the stockholders to the fund was held yesterday afternoon at the Commercial club. At this meeting, of which J. E. Clinton, Jr. was chairman, and Leo J. Falk, secretary, a committee composed of W. E. Pierce, J. H. Hawley, J. F. W. Smith and George Fletcher was appointed to enter into the organization of a company to carry out the project. Before the adjournment of this meeting arrangements were made for the meeting of the committee Wednesday night, and a call for a meeting of the stockholders was set for Friday night, when further plans will be considered. The closing of this deal, which is now thought cannot fail of successful consummation, will also mean that Boise will have a new theatre to be erected by former Mayor James A. Pimmy as a part of the vacant lot exactly opposite his Columbia theatre on Jefferson street. The theatre will cost at least \$15,000.

BORAH TRIAL SET FOR SEPT. 23

In chambers yesterday there was a further conference as to the date for the trial of Senator Borah and it was finally fixed for Sept. 23, at a session in the morning Judge March for the government, agreed that the date be fixed for the 18th or 19th of October. They failed to get together and adjournment was taken until 3 o'clock to give time for further conferences. Judge March ordered that 25 new men be drawn to serve as jurors in the case, and also directed that the men drawn from on Sept. 22, Senator Borah was furnished with a copy of the indictment against him. It is a joint indictment in which he and others are charged with conspiracy to defraud the United States government by inducing persons to enter into a loan with an understanding that the

BORAH TRIAL SET FOR SEPT. 23

Further conference as to the date for the trial of Senator Borah and it was finally fixed for Sept. 23, at a session in the morning Judge March for the government, agreed that the date be fixed for the 18th or 19th of October. They failed to get together and adjournment was taken until 3 o'clock to give time for further conferences. Judge March ordered that 25 new men be drawn to serve as jurors in the case, and also directed that the men drawn from on Sept. 22, Senator Borah was furnished with a copy of the indictment against him. It is a joint indictment in which he and others are charged with conspiracy to defraud the United States government by inducing persons to enter into a loan with an understanding that the

COAL BINS AND SCALES.

ber lumber company would take them. Those named in the indictment are W. E. Borah, J. T. Harker, Sumner Moot, John I. Wain, Frank Martin, P. H. Downey, John Kinsdale, L. M. Prichard, William Sweet, Albert E. Palmer, H. S. Hand and others whose true names are not known to the grand jurors.

This indictment charges that these men conspired with a large number of persons to enter timber lands and turn them over to the defendant. The indictment is voluminous, setting forth each act in the entry of the land and the various steps necessary to secure title to the land. It is charged that title was passed to the Northern Lumber company for a large number of tracts of timber land, in possession of the alleged conspirators. This case is one that will be watched with much interest by the people of Idaho as Senator Borah is a man in whom the people have much confidence.

LABOR DAY DOINGS AT IDAHO FALLS.

Special Correspondence.

IDAHO FALLS, Sept. 6.—The people of this place thoroughly enjoyed the holiday on Labor day. The Madera Woodmen, with a number of invited friends, 250 in all, provided themselves with picnic and went to Highland park where the day was spent. There were games, races and contests for old and young.

Other people went to Timpahua park and there had an enjoyable time. At the latter place, the Idaho Falls brass band was in attendance.

Wednesday was old folks day in the southern half of Hingham county, and Willow Creek was the scene of the gathering. The carriages conveyed the Idaho Falls veterans, 45 in number, to the scene of festivities. A splendid time was enjoyed by all who participated.

John Parley, Captain, a 20-year-old son of Mr. and Mrs. John Catval, died Wednesday night. He had been ill a long time and death was a relief. Judge S. C. Crowley has gone for a month's visit with relatives in Kentucky.

BATCH OF BURLEY ITEMS OF INTEREST.

Special Correspondence.

BURLEY, Ida., Sept. 15.—Homer Call of Willard, Utah, passed through Burley Tuesday to take the train for Rigby, Ida. He has been visiting his daughter at Elba during the past week.

Miss Lucille Fern left Burley for Sioux City, Iowa, where she will remain during the winter.

Elmer Meacham and Sadie Elson of Oakley went to Salt Lake Monday where they will be married in the temple Wednesday.

Miss Sadie Whittle of Oakley went to Portland Monday to meet Jack McBride of Parker, from there they will go to Salt Lake to be made man and wife in the temple during the week.

Lloyd Solomon of Abilene left Thursday for Okinawa, Okla. where he will attend school during the coming year.

L. M. Souderman of Abilene also left Thursday for San Francisco, where he will enter school and study pharmacy.

Mrs. Rhoda Peterson, formerly of Oakley, went to Ogden Tuesday where she will meet her husband, Prof. J. O. Peterson. They will then proceed to Provo, where they will make their future home.

Prof. Peterson is a recent graduate from Chicago and has accepted a position as an instructor in the U. S. university of Provo.

SEVERAL CASES OF TYPHOID AT MALAD.

Special Correspondence.

MALAD CITY, Sept. 6.—Halpitha Little son of Mr. and Mrs. R. J. Harding, is sick with typhoid fever. Two other cases of typhoid fever are in the town. Mr. David Halpitha and John Thomas being ill with the disease. Mrs. Lewis J. Thomas, who has been very sick for some time past with Bright's disease, is gaining rapidly.

The convention of the Malad Stake Y. M. C. A. will be held at Burley next Sunday.

It is feared that the excessive rains will injure the second crop of wheat, that is, the first crop already destroyed by the first of the season.

The Y. M. C. A. is endeavoring to get a large number of men to the Malad Stake Y. M. C. A. at Malad and Mrs. Lewis J. Thomas, who has been very sick for some time past with Bright's disease, is gaining rapidly.

WEEK'S HAPPENINGS IN AND AROUND REXBURG

Special Correspondence.

REXBURG, Sept. 5.—The first ward Sunday school took an excursion out to Western's farm Monday. The youngsters and the older folks had a very pleasant outing.

The Y. M. C. A. of the town, which

gave a very successful dance on Monday night. The proceeds will be used for the purchase of books.

Miss Rebecca Watson who has been a teacher in the local district school for several years and a prominent worker in the Mutual improvement societies will leave next week for Salt Lake City to take up a course of nursing at the L. D. S. hospital.

Miss Watson's associates in the Mutual improvement work will give a party in her honor on Friday night at the home of Mrs. Robert Tempest.

Miss Mary Cook, daughter of James M. Cook was recently elected queen of the Fremont Stake carnival which will be held next week at Rexburg under the auspices of the stake Sunday school board.

Some of the Rexburg militia have been in quarantine this week. When they returned from the encampment last week one of the boys had diphtheria, and the county physician placed those under quarantine who volunteered to take the patient from camp to the depot. Capt. Robert Tempest of the Rexburg company was among the number placed under quarantine. While in camp the case was isolated so that there is no danger of the disease spreading. Julius Larsen, the patient, is still seriously ill. No new cases reported among those quarantined.

Mrs. R. J. Comstock, wife of Cashier Comstock of the First National bank has returned from an extended visit to the east.

A child shower was given Tuesday evening in honor of Miss Jessie Winter, who will be married to William Smith the latter part of this month.

Mrs. Robert Archibald left a few days ago to visit her parents, Mr. and Mrs. Hyman Denman at Gardnerville, Nev. Mrs. Myra Hendricks and daughter, Pauline of Richmond, Utah, were visiting relatives at Rexburg and Sugar City this week.

Officers of the Young Men's Mutual of the First ward held an open air meeting Sunday night. The meeting was similar to those held by elders in the numerous fields. There was a large attendance.

Pres. Albert Heath will move his family from Plano to Rexburg in a short time. Some time ago he purchased the Hober Sharp residence, which is one of the best residences in town. Pres. Heath has large business interests here.

Miss Annie Spori is visiting friends in the "basin." She went up there on Thursday.

Mr. Claude Downum is taking a month's vacation from his position as a teacher in a pleasant and much warmer than it was in the latter part of August.

FRUIT CROP AT ELBA—STORMS HINDER HARVEST.

Special Correspondence.

ELBA, Ida., Sept. 6.—The weather for the past week has been very stormy and the farmers are unable to get their grain cut. Much that is cut, it is feared, will spoil in the shocks if the wet weather continues. Lightning struck and set fire to a shock of wheat in John Livingston's field, but as it was raining at the time little damage was done.

Mr. and Mrs. Abraham Zundel of Willard and their children, Mrs. Zundel and children of Brigham City, have been here visiting relatives.

Homer Call and daughter, Mrs. Edna Pettigall of Willard were here visiting relatives when Mrs. Pettigall was hastily summoned home on account of serious illness of her husband.

Miss Taylor of Salt Lake and some of the young people here gave a musical recital last evening, the proceeds to go towards the purchasing of an organ for the Young Ladies' association. After the recital a dance was given.

A baby girl came to the home of Mr. and Mrs. Lorenzo Habbitt last week.

The fruit crop is fairly good but some of the trees are affected with blight.

BISHOP FAIRBANKS SOON GOES ON MISSION.

Special Correspondence.

BIGGS, Ida., Sept. 5.—The retiring bishop, comprising S. B. Fairbanks and his first counselor, Jas. M. Sewell, was given an entertainment in the stake house. The bishop was presented with a gold watch and chain, and Mr. Sewell received a walking cane. Bishop Fairbanks has been released from his office to fill a mission to the Northern States. He has always been faithful in his labors at home, and will make a zealous and energetic missionary for the cause in the Northern States. All hearts were touched when he made his farewell address, giving evidence of the strong bond of union and love existing between him and his people.

CASTORIA For Infants and Children.

The Kind You Have Always Bought Bears the Signature of *Wm. D. Galt*

SURVEYORS START FROM ASHTON, IDA.

Will Go Over Proposed Route to Teton Valley Coal Fields.

SHORTER THAN SUGAR LINE.

Grade May Pass Through One of the Best Farming Districts in the Gem State.

Special Correspondence.

ASHTON, Ida., Sept. 5.—Busy Ashton is all agog over the railroad developments of late, as the indications now point that the much talked of Teton Basin railroad will be built from Ashton, which is easily the most logical of all routes discussed. A large corps of surveyors will be here the end of the week to take another survey and which will practically settle the question. Taking the Ashton route there would be a saving of five miles of road to build with a far lighter grade than the proposed Sugar City line.

The Ashton route passes through one of the best farming districts of Idaho, the Squirrel creek country, whose rapid growth is amazing. Over 1,000 people are now in this part, with every train bringing in additional settlers. Hundreds of acres of fine land that have lain open along the ditch creek on this route have been taken up recently and settlers are pouring in every day until this area waste section is now the scene of activity and progress. When one considers that 100,000 acres of good land lies between Ashton and Teton Basin, even the most sceptical will admit that the chance for a great commonwealth lies here, awaiting but the magic touch of brain and capital.

Ashton is now becoming the winter terminus of the Yellowstone road. The one train could make the same route without the expense of another, which would be a great saving in operation to the railroad. With its natural position, the Ashton is sure to become a railroad center.

The Odd Fellows building, one of the largest and finest fraternal buildings in the state, is nearing completion, and the Odd Fellows are now in the process of the fast growing little city. It is a commodious two-story building of brick and sandstone.

The Western Elevator company is preparing to build one of the largest elevators in the state at this point, which will make the second for Ashton and will partly take care of the immense grain crop.

HON. JOS. HOWELL INVESTS \$4,000 IN TETON LANDS.

Special Correspondence.

LAURENCE, Sept. 2.—The Oregon Short Line Ry. Co.'s surveyors in charge of locating Engineer Gray have moved camp from West's Bridge on the Teton river, to the Victor Hester ranch at the mouth of Horse-shoe canyon, and are actively at work surveying to the Brown Bear mine. The accompanying photograph shows the primitive coal bins at the mine. The day your correspondent visited this mine the roads were lined with young, green and coming for coal, but Mr. Ruben N. Bell, state mine inspector for Idaho, informs me that they are unable to mine coal in sufficient quantity to supply the demand.

The new developments in Pack saddle canyon, which heads in the same range as Horse-shoe canyon, are the talk of the hour. Mr. Chas. H. Rammell, who discovered and located the first seams in the mountains, opened up what proves to be a continuation of the Brown Bear, Horse-shoe, and other seams. The later discoveries are in the interest of Fletcher R. Burrows and Dr. Benn of Bonanza, Chas. Waldron, John Spiers, Wm. Gibson, Edward Larson of St. Anthony, with Chas. H. Rammell of Haden. These gentlemen have formed a partnership and will begin active mining at once; the survey for entry having been made on the last day of August.

But perhaps the most interesting fact to record is the purchase by Congressman Joseph Howell, of Utah, of several tracts of land, one near Lawrence and one near Haden, paying upwards of \$100; he expressed the opinion that Teton valley lands were good purchases, especially as with the railroad, location and the coal development, which he had examined personally before the purchase was closed up.

The farmers are now getting their hay under cover, and the many acres of cultivated land show the ravages of the reaper; the chilly evenings helped a change that requires all the help they can muster to labor in the fields.

A new creamery is in operation here, turning out an excellent quality of butter and cheese. All the butter is sent to the Virgin dairy at Salt Lake, although Lawrence is 40 miles from rail connection.

THE NEW PURE FOOD AND DRUG LAW.

We are pleased to announce that Pure Food and Drug law as it contains no special or other harmful drugs, and we recommend it as a safe remedy for children and adults. For sale by P. J. Hill Drug Co., "The New Substitutions."

THE CHAMBERLAIN MUSIC CO.

LORILLARD MONUMENT IN LEGAL ACTION.

Mrs. Lillian Barnes Allen Livingston has again come into notoriety as defendant in a suit brought by the bulldozers of the late Pierre Lorillard, which the tobacco king's proteges had erected in Kensico cemetery, N. Y. The bulldozers claim that she owes them \$1,637 for their work.

It will be recalled that a great uproar was created when it was learned that Pierre Lorillard has willed to Mrs. Allen his famous Ranocas farm, at Johnstown, N. J., worth more than \$1,000,000. For a time, after taking possession of the farm she dropped out of sight but in February of last year married George Livingston, one time commissioner of public works for New York City. She is now living on the Ranocas farm.

DOLLARS FOR YOU

There are Dollars waiting for you here, Sir—Come in and get the advantage of the deeply cut prices on our BOYS' SCHOOL SUITS. The more you buy the more you save.
