

## TO THE MERCHANTS OF UTAH!

**A. T. GREEN,**

Successor to

**JAMES LINFORTH,****Commission Merchant,**

3 FRONT STREET, near Market,

**SAN FRANCISCO, CAL.**

**MERCHANDISE and MACHINERY** of all descriptions purchased or imported for UTAH TRADERS on the most favorable terms and at lowest current rates.

The near approach of the CENTRAL PACIFIC RAILROAD to the principal business points in Utah, affords an opportunity to merchants to quickly and frequently replenish their stocks at any season of the year.

Many articles of general consumption, both of Foreign production and California manufacture, can be obtained at less cost from San Francisco than elsewhere.

California and Oregon-made Woolen Goods, Blankets, Cassimeres and Clothing, such as underwear and Hosiery, are superior to anything imported and intrinsically cheaper. Making

**SAN FRANCISCO**

Unquestionably

**The Market for Utah!**

And ahead of all others in the advantages offered.

Actual market quotations and all necessary information furnished to merchants on application.

Having been for the last sixteen years engaged in the Wholesale Trade of this city, and acquired a general knowledge of this Market, and the wants of the Country Merchants, through direct intercourse with them, I feel justified in saying that all orders for Goods, of any description, or any other business intrusted to my care will be attended to with satisfaction to my patrons.

Respectfully soliciting a continuance of the business, as heretofore confided to Mr. Linforth, I beg to refer (by permission) to the following gentlemen.

**A. T. GREEN,**

No. 3 FRONT STREET, SAN FRANCISCO.

WE ARE NOW MANUFACTURING, IN CONNECTION WITH THE

**ST. LOUIS STAMPING COMPANY,**

A new line of

TINNED and POLISHED WROUGHT IRON WARE, suitable alike for

**HOUSEHOLD,****MINERS' OR CAMP USE.**

And take pleasure in calling the attention of Stove, Hardware and general dealers to the many desirable qualities of this NEW WARE, not only as an article of trade, but of UTILITY, combining as it does, NEATNESS, CONVENIENCE and LABOR SAVING in the care of utensils that are in every day use, in the most important of all HOUSEHOLD DEPARTMENTS. We desire and request every housekeeper to see our Tea Kettles, Sauce Pans, Dippers, Dish Pans, Wash Basins, Polished Stew and Fry Pans, as we are sure they have only to be seen to be appreciated.

Many of the articles are made entirely of one piece of wrought iron which, during the process of manufacture, receives several coatings of block tin; this leaves a surface, when finished, perfectly smooth, easily kept clean and entirely protected against rust. The cost is but little more than common tin ware, and every article will do ten times the service. The shape enables us to pack the various sizes in nests so as to occupy but little space, and being but a little heavier than tinware, the cost of transportation is very small. At present our assortment consists in part of

Tea Kettles, Camp Kettles,  
Mess Pans, Dish Pans, Sauce Pans,  
Dish Kettles, Fry Pans,  
Fadles, Dippers, &c., &c.

We are now preparing a new Catalogue and Price List, and we believe Stove and Hardware Dealer will find it to their interest to send for a copy of each before purchasing elsewhere. Address

**Correspondence.**

We have been favored with the perusal of the subjoined letter from Elder Albert Carrington, President of the British Mission, to his family in this city. The letter was not written for publication, but it contains so many items of interest connected with his feelings, his labors and the Mission, that we know it will be perused with interest by our readers.

42 ISLINGTON, LIVERPOOL,  
England, Oct. 31, 1868.

Mrs. R. M. CARRINGTON, Salt Lake City, Utah Territory:

Dear Wife:—I returned from a trip to Wales on the 26th inst., and found letters from you, Zebulon and Caly, and you may be assured that I was greatly pleased in perusing them. In my Oct. 2 letter I gave you the items that I thought would interest you up to that date, and that I should start to London on the 3d to meet with the Saints in Conference there; I did so, and we had excellent meetings on the 4th, an account of which you will see in the *Star*. I occupied all the speaking time of the evening meeting, when the hall was crowded, and spoke one hour and twenty minutes to a very attentive congregation, who expressed much gratification in the remark; I hope they will be edified and strengthened thereby.

On the next day, 5th, we visited the Tower, Westminster Abbey and the Zoological Gardens, and on the 6th the brethren wished me to visit the Crystal Palace, but I told them that one day's sight-seeing was all I could afford then, so I returned to Liverpool on the 6th, where I found Bro. Teasdale and the rest all doing well. On the 17th inst. I started for Wales; met with the Saints in Conference in Aberdare on the 18th, and occupied most of the time in the afternoon, and I think all the evening, speaking to large and attentive audiences; attended a concert in Merthyr on the 19th, and met with the Saints there on the evening of the 20th, using all the time allotted to speaking; on the 21st met with the Saints in Cardiff, and again used all the time; on the 22d met with the Saints in Swansea, and used all the time; on the 23d met with the Saints in Llanelli, and spoke part of the time, followed by Bro. W. C. Thomas and Bro. Elias Morris in Welsh, as there were several who could not understand much English; on the 24th returned to Swansea, and on Sunday, 25th, spoke thirty minutes in the forenoon, and used all the time in the afternoon and evening, and returned to Liverpool on the 26th, about 9 p.m., having been absent ten days, and found all going on finely. Bros. Morris and John S. Lewis, who traveled on the round from Aberdare to Swansea, got more weary than I did, and caught some cold, while I caught no cold, felt like running a foot race in Swansea, and scarcely got tired at all, though I spoke every night but three while I was gone, and twice one Sunday and three times the other. The reason of my speaking so much was because both the Elders from the Valley and the Saints wished to hear me, for the Valley Elders were with them, and they would have other opportunities for speaking to them, but they did not know when I could visit them again, so all wanted to hear me, and the Lord blest me in a wonderful manner, for I rode, walked and talked without tiring a bit, and was not as tired when I got home as I was when I started. The meeting rooms were uniformly quite full, and all the congregations were very attentive, and every one seemed pleased to see me, and all were ready to do anything for my comfort, and to carry out any requirement.

There are many good Saints in Wales, very anxious to gather, but they are generally very poor. When I saw the little Welsh girls hand the clerks their pennies (two cent pieces) to deposit towards their emigration, I may as well own it, for I could not help it, it made me cry; may the Lord God of Israel open the way for the gathering of His faithful Saints is my earnest prayer, and I trust that He will bless me and our brethren in the Valleys to help them all we can.

Bro. John S. Lewis, who lived above us on the hill and taught singing, I think you all knew him, presides over the Swansea Conference, and sent his kind regards to you all; Bro. Levi W. Richards (Dr. Levi's son) and Nephi Pratt also preside over conferences in Wales, and are doing remarkably well, just as well as they know how.

I start for Birmingham at 10.15 this forenoon, to meet the Saints in Conference there to-morrow, Nov. 1, where I

expect to see Chariton and several more of the Valley Elders. Bro. Frank H. Hyde paid me a visit the other day, on some business; he is well, appears well, and from all I can learn, is doing remarkably well; as is also Bro. Alonzo E. Hyde. Please inform Sister Hyde of their good health, good works, and my testimony in regard to their faithfulness and zeal in our good cause. Bro. Teasdale's health is pretty good, and he seems to enjoy his labors in the *Star* department, and is very ready and willing to do the very best he can; please so inform his wife should you see her.

On the 8th of Nov. I expect to hold Conference in Leeds, Bro. A. E. Hyde's region of labor; on the 15th in Manchester, Chariton's locality, on the 22d, not yet given out; on the 29th in North Wales; and on the 6th of December, not yet given out, because I want to arrange the 22d of Nov. and the 6th of Dec. so as to bring in Bro. James Needham's Conference and Glasgow, Dundee and Edinburgh in Scotland, to save time and traveling expenses. The Saints are anxious to see and hear me; and I wish to become acquainted with their condition and feeling as speedily as may be, that I may be the better able to plan for their welfare, unless the President should think I am traveling too much instead of too little.

Now please don't worry about me one bit, for I am greatly blessed of the Lord all the time. I had a fine ride to New York, and was not tired one particle; a fine passage across a smooth sea, and was not in the least sea-sick; have not had the least cold or sickness here; and all my duties are a pleasure to me, for I do my best to perform them to the acceptance and honor of my Father in heaven and those who sent me, and I have great joy and health in my labors, and every one treats me as well as they can. Pray that I may continue faithful and all will be well, and we will all soon meet again with great joy and rejoicing. I have not feared for the first time but what you will all be blessed in well. doing, so, I say again, please don't worry about me, for I am getting fat.

That the Lord our God may constantly bless you all with His Spirit, with health, strength and every needed blessing is all the while the prayer of your affectionate husband.

ALBERT CARRINGTON.

SALT LAKE CITY, Nov. 20, 1868.

To the Bishops and Presidents of Wards and settlements throughout the Territory of Utah.

Dear Brethren:—The establishment of Silk Producing Co-operative Societies in all the settlements in Utah, is the particular wish of our leaders. President B. Young has set a noble example, pointing to the introduction of this beautiful, light and profitable industry, among the people of Utah at once, by importing mulberry seeds from the continent of Europe, by planting many acres with trees for the purpose of feeding the silk worm, by building an extensive cocoonery, and by engaging in the business of producing silk. It is very necessary, and extremely to our advantage, that we organize at once in all the Wards in the settlements of the Territory, that valuable time may not be lost. The duty of assisting to bring to pass this greatly-to-be-desired combination, has been placed upon your humble servant, and his greatest wish now is to see it at once performed, if possible, in every settlement, which can be done by the aid of the Bishops and Presidents. It would doubtless be interesting to hear lectures on the subject, and see exhibited specimens of raw and manufactured silks previous to taking effective steps in the business, but to wait for visits from me would retard greatly our operations and be a serious pecuniary loss to the community. If the Bishops or Presidents would organize Co-operative Silk Societies in their Wards or districts as soon as possible, and make me aware of the fact, that it may be duly entered upon the pages of history, the introduction of this profitable industry would be greatly facilitated. The first duty of the societies will be to procure mulberry cuttings to be in readiness for early spring planting, that in 1870 greater or less quantities of silk may be produced in every settlement in Utah. The forming of co-operative societies in every district and ward, and the faithful carrying out of the purpose of such combination, will widely circulate practical information upon silk culture, and private individuals will soon see it to their interest, and to the interest of their families to devote a little corner of their possessions to the production of food for the silk worm. I earnestly solicit the influence and kindly feelings of the presidents of the people to aid me in
