LOCAL BRIEFS.

The Pan-Hellenic banquet will be held in the Ladies' Literary club rooms next Tuesday evening.

An open meeting was held at the Ladies' Literary club rooms this afternoon, at which Miss Goddard gave a short talk on the Louvre, and Rev. A. H. Henry delivered an address on the "Evangelism of Art."

W. L. Thomas, an employee of the United States Mining company at Bingham, died at the Keogh-Hosmer hospital yesterday afternoon, from cancer of the liver. The deceased man was 45 years old, and unmarried.

The following officers were elected for the Epworth League, at a meeting of the league last evening: President, A. E. Eberhart; vice president, Fred P. Jayne; secretary, Miss Besse Mayne; treasurer, Melvin Sawyer.

A Rio Grande Western train, while en route to Park City yesterday, ran into a horse and killed it. The animal was discovered by Deputy Land and Water Commissioner Young, who had it dragged away, and at his request, the company cremated the body.

Miss Helen Murphy died at Butte, Montana, Monday night, of pneumonia. Miss Murphy was recently conducted the Pleasanton hotel in this city, and about a month ago left for Butte, and on the day following her arrival there, she was attacked with the disease that caused her death. Her remains will be buried at Dunlap, Iowa.

Land and Water Commissioner Westerfield has received word that 400 head of cattle belonging to H. P. Peterson and others were being driven through Parley's canyon, near the creek. The cattle men were told to take the trail through Emigration canyon and to keep away from the arroyo which they did after considerable talk with Deputy Phineas Young and a couple of police officers.

Laramie Boomerang: Will Ringert, of Salt Lake, has been engaged as city editor of the Boomerang and will assume his duties within the next two weeks. Mr. Ringert is well known in Laramie and is an excellent writer. He learned the printing trade in this office. For some time he has been engaged as proof reader on the Salt Lake Herald. His wife, formerly Miss Corthell, will visit the old home in New York for two months, after which they will take up their residence in Laramie.

Last night Mrs. Charlotte Perkins Stetson delivered a most interesting lecture at the Assembly Hall, her subject being "Things as they are." Mrs. Stetson's bright, incisive thought and wonderful happy gift of expression were notably exemplified in her talk last night, and the only regret attending the evening is that there were not present to enjoy the treat. The bad weather undoubtedly kept many away who would otherwise have been present, and there were therefore but a comparatively small number in attendance in proportion to the notable attraction offered. Mrs. Stetson is one of the most remarkable and gifted women of the times and is an exceptional pleasure and honor to be given the opportunity of hearing her.

100 VOLUMES OF THE STANDARD DICTIONARY

This rare work of nearly 2,400 pages, each volume weighing 17 1/2 pounds, beautifully bound in embossed leather, issued by Funk and Wagnalls of London and New York, is now on sale at the Deseret News office. One hundred volumes have just been received. This is the work in the compilation of which Dr. James R. Talmage was engaged as one of the 200 editors. Its thoroughness is well illustrated by its treatment of the single word "Quorum," as follows:

"Quorum." 1. Such a number of persons of any deliberative or corporate body as is necessary for the legal transaction of business; unless otherwise ordered, a majority. 2. (Eng.) Certain designated justices of the peace commissioned as JUSTICES OF THE PEACE, without the presence of some one of whom the others could not act. 3. Mor. Ch. A council or organized body of the priesthood; as, an Elders' quorum; the quorum of the First Presidency. 4. Necessary constituents, all of whom, gen. pl. of "quill" (who) from the Latin words "quorum unum—A. B. esse volumus" (of whom we desire A. B. to be one) forming part of ancient commissions, as of justices.

This rare dictionary is offered at \$12 per copy. A limited number can be had for Church pay, and our schools and colleges are asked to correspond with us at once should they desire a copy.

THE DESERET NEWS.

DROUGHT BROKEN IN DIXIE.

Recent Snows and Rains Cause the People to Rejoice.

President Snow has received the joyous news that the dreadful drought that has well nigh destroyed vegetation in the southern part of the State has been broken, and that the dry and parched earth about St. George is now wet with recent rains. The people throughout that country are in a state of rejoicing, for it means the reclamation of their lands, and sustenance for their flocks and herds.

For three years the sunken sides of the cattle have panted for water; now they have water and green grass, and will revel in them.
The most beautiful fruit trees and vineyards had become barren, and beautiful meadows had been transformed into deserts of hot sand. Now their vineyards have been rejuvenated, and their green velvet meadows have been restored. Instead of that country now bearing the aspect of one over which a withering blight had passed, flowing fields of grain and fat cattle will greet the eye on every hand. A bounteous harvest is predicted, and the thanksgivings of the people of Washington county, and throughout the southern part of the State, will not be confined to one holiday.

FUNERAL TOMORROW.

Services Over the Remains of Elder Edward Peay.

The funeral of Elder Edward Peay of Provo, the Indian war veteran and senior president of the Thirty-fourth quorum of Seventy, will take place from the Provo Tabernacle at 2 p. m. tomorrow.

In the announcement of Elder Peay's death yesterday, the letter "i" was, through an unfortunate manipulation of the types, inserted in the name, making it read Peay instead of Peay. As a result there was some uncertainty as to who the deceased really was. The "News," however, hastens to correct the error and joins with the family and friends of Elder Peay in expressing regret over his demise and doing honor to his memory.

TOO YOUNG TO MARRY.

Mrs. Moser of Murray Files an Objection With County Clerk.

A lady named Moser, residing in Murray, called at the county clerk's office this forenoon and requested that a marriage license be refused her daughter, Rosalia, for the reason that she was not yet of proper age. The young lady is at present stopping with friends in the southwestern part of the city, and was betrothed to a young man yesterday that her daughter intended to marry James Yates of Mercer. "My girl is not yet seventeen," said Mrs. Moser, "and I object to her getting married at this time." "Very well, madam," said Mr. Seare, "we will see that no license is issued, for your daughter is no older than you say she is." The names of the parties were taken and a miniature bust photograph of Miss Moser stuck on one end of the memorandum.

CHOOSING THE TEACHERS.

List of Pedagogues Being Prepared by School Board and Superintendent.

The board of education committee on teachers and school work began the work last evening of making out the list of teachers who will be employed next year. Superintendent Cooper assisted in the work. A long session was held, and several others will have to be held, if the list is completed for Tuesday evening's meeting of the board. The list of prepared teachers and supervisors will be prepared until after the teachers' list has been completed and agreed upon. It is rumored that a number of changes will be made among the principals and supervisors, and the action of the superintendent in suspending Martin Trent, the high school student, who struck Principal Clark on Tuesday, pending an investigation of the matter.

A Testimonial from Old England.
"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Worthington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." It is a great pleasure to the manufacturers of Chamberlain's Cough Remedy to be able to publish testimonials of this character. They show that great good is being done, pain and suffering relieved and valuable lives restored to health and happiness by this remedy.

Adjutant General, N. G. U.

COURT MARTIAL.

Captain Hassing on Trial at the Army Last Night.

Captain O. H. Hassing was on trial by court martial last night before officers of the National Guard of Utah, the court being composed of Brigadier General John C. Cannon, Quartermaster General N. W. Clayton, Colonel H. L. Ritchie, Major H. M. Lund and Colonel Samuel C. Park. The case was prosecuted by Judge Advocate General Benner K. Smith, and the accused was defended by Assistant Adjutant General H. H. Smith.

The charge in the case cited alleged facts generally as follows: Company R in command of Captain Hassing, went out on a practice march on Sunday, April 22, going north in the direction of the Hot Springs. There had been a recent election of officers in the company, and according to custom the new officers stood treat. A one-gallon jug of port wine and a two-gallon jug of angelica were furnished, and these were taken along on the practice march. The entire command drank from these jugs at least four times while on the march, and when the boys got back to the Warm Springs late in the afternoon and drank there a number of times at the expense of Colonel Freewick, who happened to be there, they became hilarious to say the least. Capt. Hassing is said to have been a participant with his command in these reprehensible acts.

PLAINTIFF NON-SUITED.

Trial of the Case of Houston, Receiver, vs Ex-Sheriff Hardy et al.

The case of J. W. Houston, receiver of the Salt Lake Grain Company, vs Harvey Hardy, sheriff, et al., was tried before Judge Cherry yesterday resulting in the plaintiff being non-sued. The action was to recover the sum of \$4,000 as damages for the alleged illegal sale, under execution, of certain goods, consisting of grain, utensils, etc. The goods were seized by virtue of a judgment rendered in favor of George T. Odell and against the Salt Lake Grain Company, after the latter had assigned.

ELECTRIC COMPANY WINS.

Receiver of the New Mammoth Mining Company Loses an Engine.

In the case of the General Electric Company vs Theodoros Burback, receiver of the New Mammoth Mining Company, which was tried on Wednesday, Judge Cherry has rendered a decision finding the issues for the plaintiff. The action was to recover an electric motor valued at \$704 furnished by plaintiff to the New Mammoth Mining Company before it assigned and on which \$100 only had been paid. The contention of plaintiff was that it had never lost title in the property. The judge took the same view of the matter and rendered judgment accordingly.
