

DEADLY DUEL AT STATELINE.

Hedges, a Handy Man With a Gun, Shot Through the Heart Twice by an Intended Victim.

...the killing of Jim Hedges at State- line yesterday is the story of another man who went up and down the earth for trouble and finally found it. Jim Hedges, it is said, is a man who has had many a gun in his hand, and he is now a man with a gun. He is a man who has had many a gun in his hand, and he is now a man with a gun. He is a man who has had many a gun in his hand, and he is now a man with a gun.

SOLDIERS ARE COMING IN NOW.

General States Send Advance Guards to be on the Firing Line When the Skirmish Begins in Earnest—Opening Session Tomorrow.

The soldiers have commenced to arrive. An advance guard of a dozen men from Nevada dropped in this morning, although the reunion does not start tomorrow. As one of them remarked, "We wanted to be among the first on the firing line." Gen. Irving Hall, the first vice president of the National Society, Army of the Philippines, is scheduled to arrive at 10:30 p.m. tomorrow, and will be met by a delegation, and will be met by a delegation, and will be met by a delegation.

GOV. ROGERS' STATEMENT.

Has No Intention to Interfere With the Courts.

WANTSMURDERER PUNISHED

A Crisis Has Arisen in Affairs of Washington State—Why Legislation Was Called Together.

Seattle, Wash., Aug. 12.—A signed statement from Gov. Rogers appears in the Times today as follows: "Olympia, Washington, Aug. 12, 1901. "Editor The Times: "A recent editorial item in your paper regarding the Norstrom case causes me to say that under no circumstances will I interfere with the judgment of the courts in this case. As I view it, a crisis has arisen in state affairs in which the question is raised whether murder is to be punished in Washington or whether the law is to be made an instrument of jugglery for courts and lawyers.

DISCUSSION ON TUBERCULOSIS.

Dr. Brush Disagrees Somewhat With Professor Koch.

COWS PRODUCE THE DISEASE

No Reason Why Human Race Should Not be Free From Terrible Consumption.

New York, Aug. 12.—Dr. Edward F. Brush of Mount Vernon, N. Y., formerly professor of bovine pathology in the American Veterinary college, is especially interested in the theory advanced by Prof. Koch that the bovine tubercular germ is not of the same variety as the human tubercular germ, and there is no danger from milk and meat to men.

Dr. Brush said: "I cannot agree with Dr. Koch in everything he says. I am of the opinion that tubercular conditions in men and animals are identical after they are started. My occupation brings me in close contact with dairy cattle, and I have been compelled to devote my attention to the subject of tuberculosis afflicting dairy stock. One fact that strengthens my belief that human bacillary tuberculosis is all derived from the bovine species is that where this animal does not exist pulmonary consumption is unknown.

"The Kirghis, on the steppes of Russia, who have no cows, have indicated the germ, using its milk, meat and skin, and a case of pulmonary tuberculosis has never been known in the tribe. The Esquimaux has no cows, neither has pulmonary pathosis, and I think it can be laid down as a fact that where the dairy cow is unknown pulmonary consumption does not prevail. Let us treat this disease, especially among the cows, as leprosy was treated of old, and then we shall be saved from the painful necessity of treating the human race in like manner, for I am convinced that if we stamp out tuberculosis in the bovine race a few generations will eliminate it from the human family."

The Farm mill at the Lindsay and McCutcheon plants which was operated last week with a non-union crew, made a wavering start this morning and is in operation, although short handed. The Republic iron works is tied up and the fire started this morning in anticipation of a resumption of the company's work, closed on the first shift, is still smokeless. The steel people have planned its reopening for several days, but as far as outward appearance is concerned, nothing. The men of the Elgin or Fremont works, building and rolling mills have all joined the strikers and the works are completely crippled. All of the Carnegie properties and the mills of the American Sheet Steel company at Vandergrift, Apollo, Leechburg, Hyde Park and Saltsburg are in operation today and the manufacturers assert that they will not be the slightest trouble at any of them.

Reports from all the strike centers indicate that perfect order prevails, but it is believed here that clashes are inevitable at the more turbulent places. The strikers' attempts are made to put non-union men where the strikers have quit work.

President Shaffer, Secy. Williams and Vice President Tigh, National Trustees John Pierce and John Davis were in Salt Lake City today at Vandergrift, Apollo, Leechburg, Hyde Park and Saltsburg are in operation today and the manufacturers assert that they will not be the slightest trouble at any of them.

STRIKERS WANT FINANCIAL AID.

Issue a Call to Organized Labor—Claim to be Making Gains—Men in One or Two Works Go Out.

Pittsburg, Aug. 12.—The strikers made gains today at McKeesport and Bellaire and regard the situation as more favorable to them than on yesterday. At the former place they won the National rolling mill of the National Tube company. The men of the Boston rolling mill has already joined the strike but the impression had been created that the National would not go out. The tube works at McKeesport were started as usual today but it is not clear how long they can be kept going. McKeesport has developed into a stronghold of the Amalgamated association and the strike leaders assert that they are completely in control of the situation. At Bellaire more men of the National Steel company cast their fortunes with the strikers and it was admitted by steel officials that the mill would probably be closed down temporarily. The strikers claim they will completely tie up Riverside and other plants in the Wheeling district. The Riverside plate mill of the National Tube company was prepared for work this morning but none of the men appeared at the works when the time for starting the turn came. Organizers of the Amalgamated association are at work among the men in the steel departments and have plans for forming an Amalgamated lodge tonight.

MORAN TO BUILD NEW PIPE LINE

Board of Public Works Awards Him the Contract for \$46,988.50—Mayor Approves Agreement with Alcatraz Paving Company.

The board of public works held a meeting this morning and awarded the contract for constructing a pipe line from the brick tank in City Creek canyon to the intersection of Second and West Temple streets to P. J. Moran. Mr. Moran's bid was \$46,988.50, which is \$1,462.50 lower than the lowest bid received at the last meeting on July 28th, when Keifer & Rush bid \$48,451.00. The Alcatraz Paving company's contract for paving Second and Third South streets was approved by the mayor today.

DRAFT OF FINAL PROTOCOL DECIDED

Washington, Aug. 12.—The state department has received a cablegram from Mr. Rockhill at Peking reporting that the draft of the final protocol has been agreed upon. A tariff of five per cent ad valorem effective, will be put in force two months after the signing of the final protocol, excepting on goods shipped within ten days after signing and will continue until the conversion to specific rates has been effected by the expert commission. The Chinese free list will include rice, foreign cereals, and flour, and silver bullion and coin. This inclusion of flour in the free list is of much importance particularly to Pacific coast shippers.

WILL BUILD A DAM.

Weber County Farmers Going to Impound Water in Ogden Valley. [Special to the "News."] Ogden, Aug. 12.—Tomorrow morning a very important meeting will be held between the officers of the Utah Light and Power company and the representatives of various canal companies in Weber county. The object of the meeting is to perfect a project looking to the putting in of a dam in Ogden valley for the purpose of impounding water. A preliminary meeting was held Saturday afternoon in the academy at which President L. W. Shurtliff presided.

EMINENT DOMAIN SUIT.

Motion Permitting Condemnation of Right of Way. In the case of Salt Lake City vs the Salt Lake Water and Electric Power company Judge Hillery today made a motion for a temporary order allowing the power company to condemn a right of way over the city's property in order that it might take water from the city's canal. C. S. Varian appeared on behalf of the city. The temporary order is asked for pending the settlement of the condemnation suit which is brought under the right of eminent domain.
