SHERIFF BAILEY RESIGNS.

To Become Asst. Supt. of Ogden Rapid
Transit—New Companies Formed
To Buy Out Z. C. M. I.

Ogden, March 5.—The sugar beet raisers of Weber county who are opposing the signing of contracts with the Amalgamated Sugar company under the schedule of 1905, met again last Saturday afternoon to consider the two propositions made by David Eccles, viz.: that the company would either let the farmers sign the same kind of a contract as the Lehi factory uses, paying for the beets from \$4.25 to \$4.75 per ton, according to their sugar producing qualities, or they can sign the contract for a flat rate of \$4.50 per ton, the same as last year. The two propositions were thoroughly discussed by those assembled. The proposition to accept the Lehi contract lost by a vote of 15 to 8, and no vote was taken on the other proposition, the meeting being adjourned before any definite action was taken by the beet raisers.

As there remains but a very short time before the planting of the beet seed must be commenced, the farmers will have to get a move on them to decide on what they are going to do. It is believed the matter will resolve itself back to accepting the regular contract of the company.

SHERIFF BAILEY RESIGNS.

Efficient County Officer Retires to Become
Asst. Supt. of Rapid Transit.

Ogden, March 5.—Joseph W. Bailey, Saturday evening tendered his resignation to Chairman Joseph Stanford of the board of county commissioners, as sheriff of Weber county, which was today presented to the board in regular session. Mr. Bailey's resignation was to take effect at once, as he has accepted the position of assistant superintendent of the Ogden Rapid Transit company, which duties he assumed this morning.

In Mr. Bailey's departure from the sheriff's office, Weber county loses one of its most efficient and trustworthy officials. He was first elected sheriff in November, 1902, and was re-elected in 1904. He has served the people faithfully, being ever attentive to his duties. He was fearless and brave, and has done some excellent work in controlling the criminal element which frequents this city and county.

Mr. Bailey will not be new in the street car service as previous to accepting the nomination for sheriff he was assistant superintendent of the same company to which he returns.

SEBRING NOW SHERIFF.

Resignation of Joseph W. Bailey Received and Accepted.

Ogden, March 5.—At a meeting of the county commissioners here this morning, Chairman Stanford presented the resignation of Sheriff Joseph W. Bailey. Commissioner Wilson stated that he was sorry to see Sheriff Bailey leave the office he had so ably filled, a sentiment concurred in by the other commissioners.

In his resignation, Sheriff Bailey recommended the appointment of his chief deputy, G. A. Sebring, as his successor. Upon motion of Commissioner Wilson the appointment was made.

Sheriff Sebring at once filed his bond and took active charge of the office. He appointed Deputy Sheriff E. B. Wilson as chief deputy, S. H. Cave as deputy and court bailiff, and Robert Shaw as deputy.

At the request of County Assessor Dix, E. H. Orth and Miss Inez Y. Adams were appointed as deputies in his office.

A Test Will Tell

What Liquezone Can Do for You—and It Is Free.

You who are waiting—we ask you again to try Liquezone; to try it at our expense. You'll regret this delay when you learn what the product means to you.

Do as millions have done—stop doubting; give Liquezone a test. Then judge it by results. Germ diseases—and there are scores of them—call for a germicide. Those are the diseases to which Liquezone best applies. Don't cling blindly to old-time remedies, if you don't find them effective. Let us prove the power of the new.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases, by a process requiring large apparatus, and from 2 to 14 days' time. No alcohol, no narcotics are in it. Chemists of the highest class direct its making. The result is to obtain from these harmless gases a powerful tonic-germicide. The great value of Liquezone lies in the fact that it is deadly to germs, yet harmless to you. Germs are of vegetable origin; and this gas-made product, when absorbed by them, stops their activities. We publish an offer of \$1,000 for a disease germ that it cannot kill. But to the body Liquezone is exhilarating, vitalizing, purifying. It is helpful in the extreme.

That is its main distinction. Common germicides are poisons when taken internally. That is why medicine proves so nearly helpless in a germ disease. Liquezone is a tonic.

NEW CORPORATIONS.

Watson-Tanner Clothing Co., and Watson-Flygare Hardware Co.

Ogden, March 5.—Ever since the Z. C. M. I. management announced that that institution was going to close up its retail store in Ogden, a move has been on foot by some of the employees to secure the clothing and hardware departments, and now General Manager Webber has made the transfer.

The buyers of the clothing department are John Watson, (Chris Flygare, N. C. Flygare, Douglas Watson and Emil Ecklund, who are also going to incorporate under the name of the "Watson-Flygare Hardware company." They will conduct their stores for the present in the Z. C. M. I. building, but will move into new quarters just as soon as suitable buildings on Washington avenue can be secured.

CHECKETTS RE-ARRESTED.

Will Be Brought to District Court to Avoid Future Implication.

Ogden, March 5.—Frank Checketts, the 15-year-old boy who last week shot and killed his father, and was arrested immediately afterwards for the homicide, but was exonerated by the coroner's jury and released from custody, was re-arrested Saturday evening on complaint of County Attorney E. T. Hulaniski, on the charge of voluntary manslaughter. He was arraigned before Judge Murphy and his bond fixed at \$750, which was quickly furnished by his uncle, Henry and C. H. Checketts. It is understood the action against the young man was only taken as a precaution, so that in the future no complaint can be made concerning the case, as the subject can now be completed. The boy will be discharged by the district court, it is stated, and then no question can be raised respecting the case in the future. The shooting was justifiable as he had not shot his father, he would have most probably been killed, also his mother and sister.

NO MORE SEINE FISHING.

Fishermen Abused Their Privilege and The Practise Stopped—Other News.

Special Correspondence.

Provo, Utah, Co., March 5.—Fishing by seines in Utah lake has been stopped by order of State Fish and Game Commissioner Sharp, on recommendation of County Fish and Game Warden Jones. The permission was given about a year ago, by Commissioner Sharp, under a liberal interpretation of the law, under the general benefit provision of the law, it being conceded that it would be beneficial to the fish industry to have the carp removed from the lake. The fishermen eagerly accepted the privilege, and pledged themselves to return to the waters of the lake any game

L. Gault, deputy organizer for this state, was present and performed the initiatory service. About 22 charter members were initiated. The newly elected officers for this local are as follows: R. H. Wadman, president; William Summerville, vice president; B. Einley, recording secretary; A. Field, secretary and treasurer; J. Jensen, conductor; E. Miller, warden. J. J. Bell, William Bailey and A. W. Thedell are trustees and F. B. Williams, William Summerville and F. B. Evans delegates to the labor assembly.

TWO FUNERALS SUNDAY.

Funeral services over the remains of Mrs. Benjamin Ternes were held yesterday afternoon at the St. Joseph's Catholic church, where a large number of relatives and friends assembled to pay a tribute of respect to her memory. The casket was covered with beautiful floral tributes. Impressive and comforting services were conducted by Rev. Father Gushanahan, who testified to the noble God fearing life of the deceased. Interment took place in the Mountain View cemetery. A squad of eight policemen attended the funeral, out of respect to Mr. Ternes, who is desk sergeant.

The members of the Ogden & Salt Lake Hebrew associations conducted funeral services at 4 o'clock yesterday afternoon over the remains of B. Heller, the young man who died on the S. P. train Friday just before reaching Ogden. He was buried in Mountain View cemetery.

BRIEFS AND PERSONALS.

Joseph S. Peery returned from Los Angeles, where his wife is spending the winter for her health, which is gradually improving.

The action brought by Henry Wessler against District Atty. Halverson, to oust him for alleged dereliction in office, will come up for hearing Wednesday morning.

Miss Agnes Goats, who has been living in Ogden for several months has returned to her home at Lehi, Miss Zina Larkin will visit with Miss Goats for a month at Lehi.

Tommy, "Cap'n Debonnaire" will be played at the Grand Opera House by Paul Gilmore and a good company.

to be the best thing to do under the conditions. Today is the last day in which seining will be permitted, under the present law. Yesterday efforts were made to seine in order to get fish to supply dealers with whom contracts have been made by the fishermen; but a heavy storm on the lake—where it was much more severe than in the valley—accompanied by wind, made seining impossible.

INTER-COLLEGIATE DEBATE.

A series of intercollegiate debates between students of the B. Y. U., the A. C. U. and the B. Y. C., have been considered and a committee appointed to draft agreements and rules. The committee are Dell D. Boyer of the B. Y. U., F. D. Farrel of the A. C. U. and Parley E. Peterson of the B. Y. C. The work of the committee will be submitted to the several schools and without delay adopted. The program of debates for this year as provided in the committee's report is B. Y. U. vs B. Y. C., Logan, May; B. Y. U. vs U. A. C., Provo, April; B. Y. C. vs A. C., Logan, May.

SUIT FILED.

The Western Loan & Savings company has commenced a foreclosure suit in the Fourth district court against Nellie H. Robinson and Joseph H. Robinson to collect \$1,765.88 and \$150 attorney fees alleged to be due on a promissory note, secured by mortgage on Provo city real estate. William E. Basset has commenced a friendly suit against Reed Smoot and others, to quiet title to real estate in the east part of the city, for which an erroneous description of the land in a deed by the executors of the estate of the late Abraham O. Smoot.

JUDGE BROWN COMES TO RESCUE

Harold Carewell, aged 17, and Joseph Matthews, aged 16, left their home in Salt Lake some time last week to see the world. At Payson they were arrested, and efforts were made by the officers to get the boys' parents at Salt Lake to send money for their return home. This was unavailing, and the young travelers who had become satisfied that beating their way through the world was not so pleasant in practice as their imagination had led them to believe, walked to Provo on their way home. Here Sheriff Harmon telephoned to Judge Brown of the juvenile court and told the judge of the situation of the "kids." The judge talked to Carewell over the phone, and after wards asked Sheriff Harmon to give the boys a check for \$100 each, which he (Judge Brown) would send the sheriff a check for the amount. This was done, and the wanderers, no doubt, returned home in safety. Sheriff Harmon asked Judge Brown if he should go with the boys to the train and see that they got on, but Judge Brown did not want him to do that.

GARDEN CITY NOTES.

The pupils of the Franklin school have organized a reading club under the name of "The Franklin Reading Club," which meets every Friday evening at the home of one of the pupils. Books for the reading session are obtained from the Provo free library.

John H. Warner, who lives just outside of the city limits on the road to Provo, has had a side walk greatly damaged by reason of people driving over it. He was in the city Saturday interviewing the county attorney with a view to having prosecutions started. If he is successful in this he will bring civil actions against the offenders. Mr. Warner claims there is no excuse for the trespass, as the road, he says, is no worse than the streets in B.

Francis Hedquist entered a plea of not guilty Saturday in Justice Neen's court, to a charge of selling tobacco to minors. Time for hearing will be set later.

C. W. Barnes of this city went to Salt Lake yesterday to attend the funeral of his old friend, Walter C. Moss.

William Myers, who has had an extended experience as a fruit grower in Illinois and Missouri, is at the Grier House on his return from British Columbia. Mr. Myers will look into the conditions for fruit growing, especially apples, here, and may buy land and engage in the business. He is favorably impressed with the possibilities in this industry, and considers this section superior for fruit growing to many fruit regions he has visited in the west. Mr. Myers claims to have planted the first big apple orchard, 40 years ago, in the Ozark region, Mo., which is now one of the largest apple producing districts in the United States.

MITCHELL UNDERTAKES TO STOP THE PAY OF DOLAN.

Pittsburg, March 4.—Another meeting of the independent coal operators of the bituminous coal fields will, in all likelihood, be held in Indianapolis for the meeting on March 19. George A. Magoon, representing the Pittsburg and Western Coal company, and F. L. Robbins, chairman of the Pittsburg Coal company, operators, met in this city on Saturday and the latter agreed to call another meeting of the operators before March 15.

The meeting probably will be held the latter part of the week or early next week.

William Dodds, secretary-treasurer of district No. 1, United Mine Workers of America, has received a letter from President Mitchell informing the district secretary that he will be held responsible for the payment of all money out of the district treasury. The national leader asserts that President Dolan should not receive any more money from the miners of this district. Mr. Dolan says that he is still the district president, and he demands that \$110 be turned over to him each month as his salary. Dolan holds a \$4,000 bond furnished by Dodds, providing for a "faithful performance of duty" on the part of the district secretary.

Scranton, Pa., March 4.—Twenty-one independent anthracite coal operators met here Saturday in the office of W. L. Connell. The meeting was quietly conducted and it is understood those present were pledged to secrecy as to what transpired. Immediately after the meeting Mr. Connell went to Philadelphia, supposedly to confer with President Baer of the Reading company.
