THERMOMETER 44 degrees F. in the shade at 1 p.m. to-day. Rainy.

Religious Services To-morrow.
Religious services to-morrow afternoon and evening, beginning at two and six o'clock, at the several meeting-houses in the Ward, excepting in the 8th, 10th, 12th, and 17th, where evening meetings commence at half past six, and in the 14th, where evening meetings commence at seven.

Eighth Ward.—Elder Joseph E. Taylor, in the evening.
Twelfth Ward.—Elder George Treadwell, in the evening.
Seventeenth Ward.—Elder Isaac Groo, in the evening.

Eighteenth Ward.—Elder David McKenzie in the afternoon and Elder Thomas E. Hull and M. H. McAllister in the evening, at President R. Young's School-house.

New Office.—Brother Thomas is ensconced in his neat and cozy new office, near the east gate of the Temple Block.

Hook and Ladder.—There will be a special meeting of the Hook and Ladder Fire Company to-night, at half past seven, at Fireman's Hall.

Rain and Snow.—Last night there was more rain, with snow on the mountains and the least bit of snow in the valley. Raining slowly and steadily most of to-day.

Charged With Stealing.—A colored woman was before Justice Pyper this morning, at the instance of Mr. Maltese, who charged her with stealing some household utensils belonging to him. The accused was fined \$5.

Sickness.—We learn from a gentleman just from Iron County, that there has been considerable sickness in that portion of the Territory of late, especially among children, the complaints being mostly of the throat and lungs, several cases terminating fatally.

Dangerously Ill.—Vie regret to learn that a twelve year old son of Mr. Williams Taylor, of the 13th Ward, is considered to be in a very dangerous condition. The complaint from which he is suffering is internal, and is supposed to have been superinduced by a severe strain or sudden jar, when jumping, at play. He is quite an intelligent lad.

"The Gladiatorial Stone."—Mr. George M. Outing expects to have his new Mexican historical picture, "The Gladiatorial Stone," completed in about two months from now. He has been at work on it about one year, and has searched every work on Mexican history he could get hold of, with a view to having the painting historically correct in its details. He has been assiduously at work on the picture almost uninterruptedly for the last several months.

Sunday School Notice.—The regular monthly meeting of the Sunday School and Teachers will be held on Monday, April 2nd, in the 14th Ward Assembly Rooms at 7 o'clock p. m.

As several items of business will be brought before the meeting, all the Superintendents are requested to be present, and as many of the Teachers as possible.

The 12th Ward choir has kindly volunteered for the evening.

CHICAGO, 31.—The Times' Washington special says, Fernando Wood, in an interview, to-day, said he could not understand the mystery attached to this so-called southern compact business. He said it was hard to force the country to give public men credit for any motives above self-interest. He considered this whole sensation a bit of nonsense, as he considered himself in the past and still considered himself leader of the anti-filibusters in the House. Until the publication of the story of this compact, he had never heard a word of it. He said he had never heard of it until he saw it in the Times. He said he had never heard of it until he saw it in the Times. He said he had never heard of it until he saw it in the Times.

HARRISBURG, 31.—The State Bank of this city has gone into liquidation. Twenty per centum of all claims will be paid as they mature, and the balance as soon as the bank realizes upon its assets.

FOREIGN.

GREAT BRITAIN.

LIVERPOOL, 31.—The steamer Victoria, from Boston, March 17th, has arrived. A representative of the Associated Press, acquainted with A. Oakley Hall, on board the Victoria, said at two o'clock this morning a passenger, answering Hall's description, was aboard. This passenger was found a little later in the cabin, examining the log. Hall was immediately recognized as a passenger who was known on board as Mr. Sutcliffe. He has about a fortnight's growth of moustache and side whiskers, and was dressed in old clothes, dark blue shirt, red scarf, small common cap, and spectacles instead of his customary eyeglasses. The reporter adds: I asked to see him privately, and he led the way to his stateroom. I said, "A. Oakley Hall disappeared from New York a fortnight ago, and was believed to be on board the steamer Victoria." He replied, "Well, what of that?"

I told him that he was the man. He replied that I was mistaken. I told him that I knew he was Hall, and that his family were terribly anxious, and his friends in New York were much excited about him. He asked why they should be excited, and then made a remark about the weather in an unceremonious way, and went out to breakfast.

We left the ship, and as I helped him to the shore, he asked me if I had found my friend yet. He now was an old ulcerate overcoat. On landing he went to the office of Warren & Company, the agents of the Victoria, thence to the telegraph office, and finally to the North-Western Railroad station, where he took a second class ticket and left by the noon train for London.

WALLES, Sanpete Co., Utah, March 27th, 1877.
Editor Deseret News:
The Young Men's Mutual Improvement Association, which was organized here on the 28th of March, 1876, by Brothers Hardy and Young, has held its meetings weekly, with the exception of a short time last summer, and once in a while when something would come along unlooked for. There is a marked improvement in most of the young men since the association was organized, and it seems to be the determination of most to continue to improve.

There has been a Sunday school here for several years, but it has been re-organized according to the instructions of the circular issued by Elder G. Q. Cannon and G. Goddard. There is also a day school here.

We are having beautiful weather here, and the brethren are planting large crops of grain, &c. The faith of the Saints is as strong as ever, and the "Mormonism" is still strong.

Your brother in the gospel,
