lted the property, says that a shaft is being sunk on the contract between the quartz and porphyry and an 18-inch streak of ore is reported which assays \$11.60 gold 3 per cent copper ,and about 2 ounces silver per ton. The vein is bout 4 feet wide, and es one of its alls is porphyry, Mr. Wostenholme considers it very probable that the val-ues will go down, Messrs, Berger and Stewart of Ogden have a force of 4 men employed there.

Two Mills for Buffalo Hump.

The Spokane Review quotes Superintendent Theodore Parks of the Clarence Ray-Buffalo Hump company as saying that two new stamp milli are going into the Buffalo Hump country One of the new mills has been bough by Frank Brown for the Jumbo. Mr Brown is starting with a two-stamp plant. It is of the vesy latest pattern, and can handle ten tons or ore a day He wants it chiefly to prospect his property, so that he can tell by actual tests what his ore runs. He expects to put in more machinery later. He has six feet of ore in sight, that, assays \$25 or \$26, and it looks as if he has a great property. From eight to ten men are at work. Development has been by a tunnel 350 feet long. It taps the lode at a depth of 520 feet,

The Wise Boy people are getting a mill. Judge Moore, one of the owners. as left for San Francisco to buy the as hinery. They will get a 5-stamp lant, and it should be on the ground August. The Wise Boy, which is e of the big mines of the camp, has ledge 18 feet wide, and there is a 3foot pay shoot in it, that gives values of \$300 a ton. It lies about a mile and quarter northwest from the Vesu-

The Cariss, of Tintle, had two cars of ore on the market today.

Clarence McCornick returned from Tintic today after visiting the Carisa and Northern Spy mines.

Some fron-stained quartz impregnated with galena is being found in the drift from the 650 level of the West Ar-

gent at Stockton. The Taylor-Brunton sampler reported seven cars of ore from Tintic from Bingham and five from Pleasant

Grove today. Five cars of ore reached the market today from the Uncle Sam and Hum-bug properties in Tintic, belonging to Jesse Knight, of Provo.

A New York dispatch says: A meeting of the Amalgamated Copper company was held in Jersey City today. Nothing was made public concerning the business transacted.

Manager Jacobs returned from the Ben Butler last evening with samples of ore from the new strike. About five feet of clean galena is said to be in sight.

Superintendent George Z. Edwards of the Con. Mercur, was brought in

rom camp last evening and taken to the Holy Cross hospital. He is suffering from gall stones, and may have to go under an operation.

Transurer George H. Dern of the Con

The camp is fairly active. There are about 200 pcomle in the district, divided among the three little towns of the Hump, MINING NOTES.

Some of this ore is shipping grade, but a good deal of it is of mili-ing quality. Several sets of leasers are Uncle Jesse Knight, of Provo, was

in the city today. Regarding the new company which is taking over his Uncle Sam and Humbug properties Mr. Knight says he does not expect to subscribe for any stock in the company. Five cars of ore were reported today from Pleasant Grove. They were shipped by Mr. Wadley. No further particulars as to the nature of the ore R. G. Legg has just returned from a or the name of the property could be

learned. President Bothwell, of the Sacramenfomous Ferris-Haggerty copper to, announces that the regular monthly dividend of \$5,600 will be paid on the 1st inst., the books to close on the 26th. It is understood that dividends in the above sum will be paid monthly until further notice.

OBSCURE STOCKS WANTED

Recent Large Price Gains Call Attention to This Class of Properties.

St. Paul and Amalgamated Copper

Made Sharp Declines-Heavy Dealings in Wabash.

New York, June 21 .- Recent large price gains by obscure stocks directed more attention to this class of properties, and they begame the feature of the early trading. Canadian Pacific continued upward and touched 107 on the strength of its London buoyancy. Active stocks became heavy in sympathy with sharp declines in St. Paul and Amalgamated Copper, but the tone bettered somewhat towards 11 o'clock. Colorado Fuel sold ex dividend off 1%

and recovered the dividend. Unusually large dealings in Wabash stock and bond issues resulted in very material advances. No explanation David Evans returned to town this morning from the Uncle Sam mine on which be has an option for \$500,000. Mr. was made of this strength, but the absorption was so large that the profes-sionals unhesitatingly bought heavily. Evans hus been in camp since Monday. running sales of thousands of shares of the preferred stock being recorded. The He has been busily engaged in showing visitors through the property. Among other visitors have been Simon Bamprice rose 3% to 46%, where it halted. The common rose 1%, second mortgage berger, John A. Kirby, James Chipman, George Havercamp, Ed Sheets, W. H. bonds, 1% and debenture B bonds, 4% Other southwestern stocks reflected only feebly this exhibition of strength Melutyre and others. A number of them expressed themselves as being much pleased with what they Some are quite enthusiastic while and in general leading stocks made but little progress upward, although the best prices of the morning prevailed. There were several additions to the list thers are not so much so, but for all that more than enough money has been already subscribed to take up the of dormant stocks which are receiving bond given by Jesse Knight for \$500,000. attention, Des Moines and Fort Dodge being conspicuous for a gain of 4%. Preparations are now being made to new company with 500.000 the par value of \$1 each. The Manhattan was carried 214 over last night, the other local tractions follow not all been worked out, ing. The gains over last night for Union Pacific reached 3@1, and for the Missouri Pacific stocks, 21%. Amalgaithin the next few days the new mated Copper rallied to a fraction over last night. The general market was dull but slowly hardened. A number of Salt Lakers are inter-
