

JAPANESE MENACE AMERICAN WORKMEN

An Invasion of Industrial Field By Them Feared by Michael Donnelly.

HE WANTS THEM EXCLUDED.

Will introduce Resolutions in Federation of Labor Convention Calling for Legislation.

Chicago, Oct. 28.—The invasion of the American industrial field by Japanese laborers is feared by President Michael Donnelly, of the Butcher Workmen's union. To head off the Japanese, Donnelly will introduce a resolution at the convention of the American Federation of Labor in San Francisco next month, calling for the enactment of legislation excluding them from the United States.

The matter was brought to Donnelly's attention by a call made on him by K. Okajima, a Japanese, who was seeking information regarding conditions in the packing plants. Mr. Okajima showed letters of introduction to the packers recommending him as the proper person to furnish them with Japanese labor.

WANTED TO MARRY 13-YEAR-OLD GIRL

Perhaps the two most bitterly disappointed persons in Salt Lake today are Ralph Dawson and Edna McGowen, both from Butte, Mont., who came here to be married and were refused a marriage license this morning by County Clerk James.

Mr. Dawson is 24 years of age, and the girl is 13 years of age, and hence under the statutes of this state she cannot enter into a valid marriage contract.

Mr. and Mrs. O. R. Outler announce the engagement of their daughter, Mille, to W. P. Gillespie, the wedding to take place on Nov. 15.

The young friends of Lieut. Nelson E. Margetts, formerly of this city and now stationed in Washington, will be interested in the announcement of his engagement to a daughter of that state.

Mr. James questioned the girl as to when she was born and she replied that she did not remember exactly but that it was in 1890 or 1891.

MODERN WOODMEN CALL IT A TRICK.

Denounce the "American" Party Secret Order Methods Exposed By the "News."

The attempt of the "American" party to drag a fraternal order into politics, has raised a protest from the "Modern Woodmen of America," the members of which who read the circular, would be led to think it applied to them as well as to the "Woodmen of the World," of which its authors are members.

In your issue of Thursday, Oct. 27, under the head "A Secret Order Gets in Politics," you publish in full a circular letter said to have been printed at the instigation of the order of "Woodmen" and mailed to its members in this county.

There are two separate and distinct fraternal organizations in this state, commonly called Woodmen, and the members of both of said organizations are referred to by each other as "Neighbors."

Attorney E. M. Allison, who represented Mrs. Betts, raised a question of jurisdiction. He said that the election laws provide that the judges of election have original jurisdiction in regard to questions involving the right of persons to vote and that the courts have no jurisdiction until after the ballots have been canvassed.

Attorney David Evans, who with Samuel Russell appeared in behalf of the petition, said that he was sorry that the question of jurisdiction had been raised, because he had hoped for a judicial construction of the statute involved so that the people in that district would know the law on the subject.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy.

The young lady is Miss Mabel Ballard, of Seattle, and the wedding will take place early in the new year. Lieut. Margetts will receive the congratulations of a host of friends.

All Stuffed Up That's the condition of many sufferers from catarrh, especially in the morning.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since."

"I had catarrh in the head and throat. Had a bad cough and mixed blood. My husband persuaded me to take Hood's Sarsaparilla and it has done me so much good I advise all to take it. When I began its use I could scarcely walk and had headaches. It has cured and built me up so I can do all my own housework."

Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system. Sold by all druggists.

PAUPER VOTES CASE IS DENIED.

Judge Lewis Held That He Did Not Have Jurisdiction to Pass Upon It.

NO OPINION AS TO MERITS.

Consequently Court Did Not Attempt to Construe the Governing Statutes—The Arguments.

Without passing any opinion whatever upon the construction of the statute involved in the case, Judge Lewis this afternoon denied the petition of Samuel Russell, chairman of the Democratic committee of District 53, for an order compelling Mrs. Augusta W. Betts, registry agent of that district, to remove from her registration list the names of 35 inmates of the county infirmary which is located in that district, and to restrain her from registering other inmates when they apply for registration on next Tuesday and Wednesday.

The court held that it would not issue such an order, nor issue an injunction without a question being raised as to the voters involved to appear and show cause why their names should not be stricken from the list.

The question was raised in the petition of the right of the inmates of the infirmary to vote in District 53, and the petitioners raised the point under subdivision 2 of section 956 of the Revised Statutes, 1895, which states that a person must not be held to have acquired or lost his residence because of the fact that he is confined in a public almshouse at public expense.

Attorney E. M. Allison, who represented Mrs. Betts, raised a question of jurisdiction. He said that the election laws provide that the judges of election have original jurisdiction in regard to questions involving the right of persons to vote and that the courts have no jurisdiction until after the ballots have been canvassed.

Attorney David Evans, who with Samuel Russell appeared in behalf of the petition, said that he was sorry that the question of jurisdiction had been raised, because he had hoped for a judicial construction of the statute involved so that the people in that district would know the law on the subject.

GREAT LECTURERS COMING TO UTAH.

Men and Women of National and International Fame to be Heard Here.

The schedule of lectures to be given this winter under the auspices of the M. I. A. lecture bureau, has been prepared, and, as promised, it contains the names of some speakers of national and international fame, while there is not one of its dates but what is filled by a man with a substantial message to bear from some field of modern investigation.

The bureau members are working without financial compensation, and in the interests of the M. I. A. movement. They hope only to make the bureau pay for itself.

The schedule as arranged begins on Friday, Nov. 18, with a lecture by Jacob Rits on "The Battle with the Sun."

On Feb. 8, 9, 10, Bertha Kunz Baker, famous reader, appears in selections including "Parasol," "Arranged," "Cyrene de Bergerac" and one other, probably from Shakespeare.

March 4, a concert company appears in musical numbers. It is the Duff company, in grand opera selections and includes Carl E. Duff, basso, W. C. E. Seebeck, pianist, and Elizabeth Blum, soprano.

The concluding entertainment is scheduled for March 18, when Lieut. G. L. Carlson of the U. S. Revenue cutter service, talks on "American Invasion of Europe in the Race for Commercial Supremacy."

Season tickets are offered at \$2.50, which makes a price of less than 25 cents for each lecture.
