MARYLAND.

Big Tunnel commenced.
BALTIMORE.—The work has commenced on the great tunnel connecting the Baltimore and Potomac by the northwestern section of this city.

VIRGINIA.

The Mayorality decided.
RICHMOND.—The Supreme Court of Appeals, of Virginia, decided that the enabling act passed by the legislature was constitutional, and that Ellison, and not Cahoon, is the lawful Mayor of the City, and that all the acts of Ellison in accordance with the State law are legal and binding. Cahoon, under his formal agreement, will retire from the field, and Ellison remain Mayor. The Court was unanimous in this opinion, which is voluminous, and covers every point raised.

NORTH CAROLINA.

General Lee arrived.
WILMINGTON, N. C.—Gen. Robert E. Lee arrived on the southern train last evening; his health has been improved by his southern trip, but fears are entertained by his friends that he will never recover his former vigor. The excitement created by the newspapers from Richmond, yesterday, has not yet subsided. Many of the friends and relatives of the killed and wounded reside in this city.

ILLINOIS.

\$10,000 fire—Department of Justice, &c.
CHICAGO.—A fire at No. 20 State street, at midnight, destroyed property of the value of over \$10,000. Several persons narrowly escaped perishing in the flames.

The Times' Washington special says he has learned from official sources that the statements sent hence relative to the Indian troubles in the north-west are exaggerated and are not official. The information that 2,000 Sioux were on the war path the agent of the tribe denies emphatically.

The military committee has agreed to report a bill giving the city of St. Louis the arsenal grounds for a public park, providing only ground enough for a building for storage purposes.

The second Comptroller of the Treasury rules that the decision of the Supreme Court, relative to bounties, only applies to the thirty-nine regiments of infantry and one of cavalry called for by the proclamation of May 3rd, 1861, which regiments only are entitled to the bounties.

The House, in a committee of the whole, to-day, reduced the tariff on railroad iron, from seventy to sixty cents.

The Tribune's dispatch says a bill has passed the House for the establishment of a department of Justice, and is designed to reduce the expenses now incurred by extra legal services. It appears that the amount paid in 1867, exclusive of the Surratt trial, was, in the aggregate, nearly a hundred thousand dollars. During the period from 1861 to 1867, the amount paid Wm. M. Everts alone was over forty-seven thousand dollars.

NEW YORK.

New Taxes—How to be used—Vanderbilt arrested—Condition of the Sufferers at Richmond.

NEW YORK.—The Protestant Episcopal Mission Society held its annual meeting last evening. Rev. Dr. Potter was elected President. The missions were reported to be in a prosperous condition.

Among the appropriations authorized by the new tax levy are: half a million dollars for an increased supply of water; a hundred thousand for a foundling hospital; six hundred thousand more for the new court house; three millions for new docks; four thousand for a relieving fever hospital. The Mayor and Comptroller are to have fixed salaries; the civil Justices of the city are to have a new college.

Commodore Vanderbilt, Alderman Barker and several others were arrested for fast driving yesterday, and taken to the Manhattan station-house, from which, after two hours' detention, they were released by the Justice.

Despatches from Richmond up to midnight give further details of the appalling calamity and of the condition of the wounded. Nelson and Judge Meredith are improving and will recover; Hugh Burgess, successor of Gen. Mumford as intendant, a reserved collector is worse, and in agony indescribable. The following members of the Legislature are doing well: Kelly, of Spottsylvania, who was severely hurt, and Hurd, Senator from Spottsylvania. A messenger from Gov. Wells, at half past ten, says he is more comfortable. A large number of funerals took place this morning, the weather being warm, the bodies could be kept uninterred no longer.

FOREIGN NEWS.

FRANCE.

Turbulent Meetings.
PARIS.—The meetings held yesterday to discuss matters relative to the Plebiscite were more turbulent than ever. One, held by the opponents of the Plebiscite in this city, was dissolved by the authorities, on the accusation of the Emperor. It was proposed that the people separate without rioting, though they expressed their disapproval by cheering for the republic and singing the *Marseillaise*. Many other meetings were held in this city, which, however, were generally orderly. At some of

these it was resolved that all those in favor of a republic would vote "no." About thirty-five refugees who have been compromised in the late troubles in Spain arrived in France yesterday. Further demonstrations on the part of the students are expected on the opening of the medical college next Monday.

GREAT BRITAIN.

Ship Canal from Liverpool to Manchester.
LONDON.—The project of a ship canal from Liverpool to Manchester has again been revived.

The condition of the Archbishop of Canterbury is less alarming than reported.

SPAIN.

Popular outbreaks.
MADRID.—The journals deny the rumored withdrawal of Serrano to make way for the establishment of a regency composed of three persons.

Outbreaks occurred last evening, at Alcala, a province of Sorla, and at Santiago, though they were soon repressed. At the latter place over a hundred insurgents were arrested and imprisoned.
