## ANOTHER DAMAGE SUIT FOR \$2,500.

Dairy Company Cannot Stand—Kiesel Sues to Recover \$4,373 On Goods Sold.

## A YOUNG LADY ASSAULTED.

City Council Held Session—Section Foreman Killed—Contractor Dies—Winberg Arrested.

Suit has been filed in the Second district court by Pauline Griffin, administratrix of the estate of Herbert J. Griffin, deceased, against the Southern Pacific company, to recover damages for the sum of \$25,000 alleged to be due for the death of Mr. Griffin. The complaint alleges that the deceased was employed by the defendant company Nov. 20, 1903, as locomotive fireman, and while so employed a collision occurred between the engine on which deceased was riding and a train, killing Griffin. That the collision occurred on account of the carelessness of the railroad company in not putting out a flag to warn the approaching train that the engine was on the track at the Montell station taking water.

PASTEUR DAIRY COMPANY FAILS.—The Pasteur Dairy company is evidently destined to be closed up and sold for what it will bring. A few days ago Fred J. Kiesel applied to the district court for the appointment of a receiver for the concern, claiming that it was being conducted at a loss daily. The president and secretary of the company sent a written statement setting forth the fact that the company had been organized only three months previously with \$25,000 capitalization. Judge Hopp appointed C. S. Murphy receiver for the company, and that gentleman has run the business only five days and has now sent a sworn statement to the court that the business has been conducted in a careful manner and has reduced the running expenses \$18 per day, but still it runs behind \$15 per day, and he therefore asks to be released as receiver, and F. J. Kiesel will furnish the company with money as now brought suit to recover the amount loaned and the business has been closed.

## SUIT TO RECOVER.

Fred J. Kiesel & Co. has brought an action against P. H. Cannon to recover \$12,000, alleged to be due for goods and merchandise furnished by the company to defendant, for which he has failed to pay. The account has been due since Oct. 23, 1903. Plaintiff asks for judgment in the sum mentioned and for costs of suit.

## ASSAULTED A YOUNG LADY.

Miss Tillie Hancock, who resides on

Jackson avenue between Twenty-fifth and Twenty-seventh streets, was assaulted by an unknown man about 10 o'clock Sunday night. The young lady was returning from church and when within a block of her home the fellow sprang at her and choked her to the ground. Her screams, however, attracted the attention of George Hill, who lives near by, and he came to the rescue, strangling the fellow off. A good description of the man has been secured and the officers hope to have him under arrest before long.

## ARRESTED ON SUSPICION.

No definite information has been secured of the miscreant who criminally assaulted Miss Tillie Hancock last Sunday night. Yesterday morning the officers secured a clue that they thought would lead to the capture of the culprit, but when the man was taken before the young lady she could not identify him. She alleges that her assailant wore a dark moustache and the suspect was smooth shaven.

One circumstance, however, was suspicious, and that was that the suspect's shoes fitted the footprints made by the girl's assailant.

## DISTRICT COURT MATTERS.

Judge Rolapp heard the case of Brown and Forum against Beaver and Lewis, wherein the plaintiffs claimed certain monies due for liquors furnished by them to Mr. Beaver. The court at the time the case was commenced issued an injunction against defendant taking certain monies out of a local bank until the case was settled. The evidence introduced showed that Mr. Beaver bought the goods before he went into partnership with Mr. Lewis and was personally responsible for them. On being heard, the evidence ordered the injunction dissolved. The money tied up by the injunction belonged to Mr. Lewis' wife.

In the matter of the estate of C. Ingelbrosen, deceased, the court made an order allowing the family \$100 per month out of the estate for their support.

It is thought that this will be of advantage to these small districts as they do not have sufficient school population to obtain the best educational results in separate district organizations. It is also thought probable that Mount Necha district will be attached to Gosden district for the same reason.

## Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are diseased. Nervousness, headache, puffiness or dark circles under the eyes, pain in the back, are signs of kidney trouble that should not be ignored, for a serious malady will result. Foley's Kidney-Cure has restored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. ABUNDANT SNOWFALL.

New Manager for Co-op. Store—Well Digging Operations—Amusements.

Special Correspondence.  
Carey, Blaine Co., Ida., Feb. 27.—From the 9th to 15th of February there were several quite heavy falls of snow until the beautiful snow cover was two feet on the level in the valleys and from three to five feet in the mountains, insuring a bounteous harvest.

Well digging operations are quite active now as those who have had no wells, have had to experience much inconvenience in hauling water or melting snow for domestic use, while the stock has had to be content with licking snow. Many wells will be dug in the coming two weeks or so. Wells must be dug from 60 to 75 feet, and be cased with two-inch plank as the formation is clear gravel all the way down.

Dancing and home dramas have been the principal amusements here this winter.

On the 17th of March, the Relief society and the whole ward will hold a general reunion comprising all the people of the valley who wish to attend, in the large Phippen hall.

On the 15th inst. the water users of the valley met and elected Ira Eldridge for water master for the Little Wood river irrigating district.

This lateral will tap the people's canal just north of this place, and will bring under cultivation somewhere near 100 acres more land.

The idea of our citizens are imbued with the thought that dry farming will be profitable and have filed on some of the most

valuable tracts and are now engaged in sinking a well by which they may obtain water for arable purposes.
