The Great Country Paper of the West.
Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Friday Smoker.—The cigar makers union will give a smoker Friday evening in Federation hall. There will be refreshments and a musical program.

Meeting at State Prison.—The state board of correction is holding its regular monthly meeting at the state prison today.

Eison Art Display.—The Eison Art collection will be exhibited by the Home and Education section of the Ladies' Literary club Feb. 26, in the club house.

Post Sentinel.—Fort Douglas is to have a weekly periodical March 1, called the Sentinel, published under the auspices of the 29th Infantry and with Lieut. Point as editor.

Deserting Soldier.—Private John King, aged 26, of G. company, 15th Infantry, was arrested last night, by Officer Phillips on charge of desertion from his post at Monterey, Cal.

First Free Social.—The Industrial Workers of the World will give their first free social in Federation of Labor hall tomorrow evening, with a special program.

Married in Salt Lake.—A marriage ceremony was performed in the county clerk's office yesterday afternoon in which Edward Miller and Edith Rosen, both of Ogden, were the contracting parties. The ceremony was performed by Deputy County Clerk David A. Smith.

Raided Black Cat.—Officers raided the Black Cat saloon, 43 South West Temple, last night, and placed a number of women under arrest for visiting bar rooms during the restricted hours—7 p. m. to 1 a. m. Those arrested were: Mrs. M. J. Olsen, Mabel Grayson, Helen Sanders and Ida Hudson, and they are booked on a charge of vagrancy.

In Helpless Condition.—Scott-Elliott, who was once a well known character here, and ran a ranch down near Grassy Trail on the Rio Grande Western, and was a member of the Alt club, is reported a helpless cripple in Ceylon, where his father has a large estate. An elephant was moving some lumber, and rammed the end of a bunch into Scott-Elliott's back.

Long Lost Brother.—Samuel Hutton, of No. 30 South 7th street, Minneapolis, Minn., writes to the "Deseret" inquiring as to the whereabouts of his brother, Thomas Hutton, whom he has not seen for twenty-two years. The latter is described as having black hair and dark brown eyes. Whether he is married or not is unknown to the inquirer. It is thought that the man sought for is in some of the western states.

Expectorator Fined.—Being of the opinion that the public had been sufficiently warned through the public press that the ordinance against expectorating on the sidewalks and in public places was being enforced, Judge Dehl yesterday afternoon imposed the first fine for infraction of that law. Will Grigg pleaded guilty to the charge against him, and was taxed \$2 for the offense. Those who come before his honor charged with unlawful expectoration from now on may expect to have to pay for their folly.

Conscience-Stricken.—A conscience that was not thoroughly "sing-ed" with a hot iron, caused its possessor, although a thief, to try to make partial amends for his wrong-doing. Chief of Police Sherris has received a letter, in which the writer confesses to having held up and robbed T. R. Cunningham last December, and telling where the watch taken from his victim could be recovered. Mr. Cunningham was notified, and upon going to a pawn shop, he was enabled to get back his \$50 time-piece by the payment of \$7.50. The robber secured a sum of money from Mr. Cunningham at the time of the holdup, but the remorse of the culprit apparently did not go deep enough to reach the pocket where the money was placed. The watch was evidently beyond his power to redeem.

Deported to France.—James McCabe, inspector of immigration, left on the Overland limited yesterday afternoon with Irene Petello, the unfortunate French girl who was imported to this country for immoral purposes. The girl will be taken to Portland, Me., where she will be placed in the custody of the steamship company which brought her to America and deported to her home in France. Gaston Smith, the man who was found guilty of the crime, is now serving his sentence in the state prison. The girl was distinctly unwilling to return and, so claims Mr. McCabe, married a man named Petello here so that she would not have to be deported. However, yesterday investigation it developed that Petello was not an American citizen, so the girl is to be deported in any case.

SUFFRAGISTS THANK GOV. J. C. CUTLER

For Granting Request to Appoint Women to Serve With Men On Divorce Question.

MRS. MEAD ON WORLD CRISIS.

Miss Susan B. Anthony's Eighty-Sixth Birthday to be Properly Celebrated.

Baltimore, Md., Feb. 13.—Today's session of the Women's National Suffrage association was devoted to the reading of reports of state presidents and the transaction of miscellaneous business, including action on the report of the committee on resolutions. The report which was adopted was, in part:

"Resolved, That we rejoice in the decision of the men of Finland to extend full suffrage to women and in the unprecedented growth of public sentiment in many European countries in the direction of equal rights for women and men.

"That we rejoice in the success of the women of Oregon in obtaining the signature of one-eighth of the legal voters to a petition for the admission of women suffrage under the initiative and referendum law of that state."

The resolutions urge the introduction into the action of the American Federation of self-government known as the "School city," also to secure juvenile courts for the reformation of youthful offenders, express grateful appreciation of the action of the American Federation of Labor in passing every year a resolution endorsing full suffrage for women, and continue:

"Whereas, for the first time in history women have been invited to form part of an official commission to investigate matters of vital importance to women and children.

"Resolved, That we express our hearty thanks to the governors of Wyoming, Colorado, Utah, Idaho, Louisiana, Michigan, Florida, Washington and Alaska, for granting the request of the California Woman Suffrage association, to appoint women to serve with men on a committee to investigate the laws of marriage and divorce.

"Whereas, the second Hague conference will soon convene, therefore

"Resolved, That all suffragists be urged to enlist the co-operation of influential persons in securing a strong and intelligent public sentiment regarding the tremendous possibilities of the coming conference."

At the night session Mrs. Lucia Ames Mead of Boston spoke on "The World's Present Crisis," saying, in part:

"The United States, protected by two oceans, with not a nation on the hemisphere that dares to attack her, with not a nation in the world that is her enemy, rich in natural resources, this most fortunate nation is the one of all others to lead the world out of the increasingly intolerable bondage of armaments."

The singing of the "Star Spangled Banner," by the chorus and audience, all standing, brought the thirty-eighth annual convention of the association to an end.

All of the delegates will go to Washington, where on Thursday the eighty-sixth birthday of Miss Susan B. Anthony will be celebrated.

At this celebration addresses will be made by Representative W. P. Hepburn of Iowa, Senator Fred T. Dubois of Idaho, Secy. of War William H. Taft, Representative Frank W. Mondell of Wyoming and W. A. Keeler of Kansas and others, and a letter from President Roosevelt, Senators Dooliver, Warren, Beveridge, Fulton, Patterson, Platt, Depew, Allison and others.

BETTERMENT LEAGUE.

Meeting and Banquet Held at the Morris Detention School.

A meeting of the Juvenile Betterment league was held last evening at the Morris detention school, at which the officers of the league were chosen. Before the business session of the league, the 41 members present partook of a banquet served by the boys of the school, under the supervision of the house committee. The boys were attired in white coats and aprons and displayed much interest in their work.

The first matter attended to in the business session, was the report of the nominating committee, composed of Mrs. Hugh Park, Mrs. A. J. Gorman, Mrs. C. H. McMahon, Oscar L. Cox and Bishop Joseph Christensen. The following nominations were presented and the report was adopted unanimously:

President—Benner X. Smith.
Vice President—J. A. Greenwald.
Second Vice President—Benjamin Young.
Secretary—L. P. Judd.
Treasurer—J. H. Paul.

The directors are Bishop Joseph Christensen, James Ingvaldsen, M. M. Woods and Willis Brown.

After explaining the purpose of the organization, Judge Brown moved the adoption of the following resolution:

"Resolved, That the mission in recommending the appropriation by the city council of \$200 per month for the support of the detention home. The next meeting of the league will be held at the Y. M. C. A. on Tuesday evening, March 6, at 8:30 o'clock, and those attending will be served with dinner in the cafe."

A VALUED TRIBUTE.

The Clayton Music Company Sends an Unsolicited Testimonial to the "News."

A highly prized tribute from the Clayton Music company of this city, all the more valued because it was totally unsolicited, has been received at the office of the Deseret News. Joseph J. Daynes, Jr., manager of the Music company, informs us that he placed an advertisement in the Semi-Weekly News on Dec. 29, offering cabinet organs at a special rate. Up to this date he says he has received 46 inquiries and sold 12 organs as a direct result of the advertisement. As illustrating the wide circulation of the Semi-Weekly News, he says that his answers came not only from Utah, but from points in Georgia, Idaho, Wyoming, Montana, Oregon, Arizona and New Mexico.

ITCH—RINGWORM.
E. T. Lucas, Wingo, Ky., writes, April 25, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable, and tried for years to relieve it, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on all kinds of skin diseases, for ring worm and it cured completely. 25c. and \$1.00 bottle. Sold by E. C. M. I. Drug Dept., 1214-14 South Main Street. B."

REQUISITION FOR PLANT.

Gov. Cutler Issues Amended Papers For Davis County Man.

Amended requisition papers have been issued by Gov. Cutler for the return to this state of Cecil G. Plant, who is wanted in Davis county upon the charge of polygamy. Plant was arrested in San Francisco several weeks ago, and the first papers issued did not correctly state the date of his first marriage nor the name of his first wife, hence County Attorney L. E. Willey of Davis county presented the amended papers for the signature of the governor. Plant is making a hard fight against extradition and it was not thought advisable to take any further proceedings until after the papers were corrected.

OLD TIME RELIGION.

Subject of Sermon Preached Last Evening by Evangelist Coburn.

Evangelist Coburn preached last night in the First Presbyterian church, as the Y. M. C. A. auditorium was in use for other purposes. His theme was the old time religion, and he took the occasion to call especial attention to Christian mothers and their influence over their children. In the testimony part of the meeting many people rose to state that they had had Christian mothers and had been brought up in Christian homes, and their influence, according to schedule, the new prayer meeting in the Y. M. C. A., the 3 p. m. meeting at the First Presbyterian church, and this evening's union service at 7:30 in the Y. M. C. A.

ONE MORE BURGLARY.

Home of F. W. St. Clair Entered and Valuables Stolen.

The home of F. W. St. Clair was burglarized last evening, while the family was at the theater. Entrance was doubtless gained by means of a skeleton key, as no traces could be found of windows or doors having been forced. Silverware, opera glasses and other like valuables were passed by the thieves, who were evidently bent upon seeking jewelry and coin of the realm, which could be more easily carried away and concealed. A small savings bank, containing \$5 or \$6 was appropriated, with a lady's gold watch, several rings, a solid pin and other articles of considerable value. The city officers were promptly notified of the theft, and detectives are making every effort to apprehend the guilty parties. Mr. St. Clair lives at No. 25 Fourth East street.

CIVIL SERVICE WORK.

There will be civil service examinations in this city, March 7, for the position of brass worker in the state, war and navy department building at Washington; also, for the position of laboratory assistant in the bureau of standards at \$1,000 salary. On March 21 there will be an examination for position of marine fireman at Fort Morgan, Ala., at \$540 a year and rations.

LAME BACK.

This ailment is usually caused by rheumatism of the muscles and is cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the balm over the affected part. Application of this does not afford relief, but on a piece of flannel slightly dampened with Pain Balm and quickly relief is almost sure to follow. For sale by all druggists.

This Day In History.

FEB. 14th.

1775—Captain James Cook, the pioneer navigator of the Pacific, killed by the natives of Owhyhee (Hawaii). Captain Cook combined with the skill of a navigator that of a discoverer in astronomy, geography and other sciences. The voyage on which he lost his life was undertaken for the purpose of discovering a northwest passage. After sailing to the seventh-tieth degree he returned to the Sandwich Islands to pass the winter. Some natives stole a ship's boat, which Captain Cook attempted to recover. Retreating in the face of superior numbers to the beach, he was killed before the ship's crew could land and succor him.
